ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper... 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 567-58-SA

Subject: All-Boro Gas Co., Inc., Tar Kettle Torch, Model 1 A.R.

Manes, Sturim, Donovan and Laufer for All-Boro Gas Company, Inc., Jackson Heights, N.Y., filed September 29, 1958 an application with the Board of Standards and Appeals for approval of their Tar Kettle Torch Model 1 A.R. for use in New York City in accordance with the regulations of the Fire Commissioners, dated August 5, 1958.

Purpose

A torch for use in tar kettles for melting tar, pitch or asphalt.

Description

The AllBoro Gas Company Tar Kettle Torch, Model 1 A.R., consists of a vaporizing chamber formed by a 3 inch pipe inserted into a shorter 4 inch pipe and welded together with ¼ inch ring spacers at each end. A ¼ inch by 1¼ inch mounting bracket is welded to the inside of the 3 inch pipe forming two segmental openings above and below the bracket for primary air intake. A #50 drill standard gas orifice is threaded into the bracket and is supplied with petroleum gas through a ⅜ inch standard pipe and ¼ inch

MINUTES

needle valve. The burner is welded to a 4 inch 5.4# steel channel which acts as the base for the burner.

Liquefied petroleum gas is supplied from a standard 1.c.c. cylinder which has an outlet tube inserted close to the bottom so that only liquefied gas is removed. This liquid gas passes through the cylinder shut off valve and a Fisher regulator set at between 40 and 50 pounds pressure and then through a 7 foot neoprene pressure hose which is secured by threaded fitting to a 1/4 inch copper capillary tube outlet. Liquid gas then passes to the vaporizing chamber and the gas formed is returned by a second capillary tube to the needle valve which is used to control the flow of gas to the orifice in the burner.

Inspection and Test

All details of construction were examined by Assistant Engineer G. F. Sklenarik, Committee on Test. A sample burner was inspected and operated at the premises of the applicant, 49-10-20th Avenue, Queens.

The burner functioned as designed.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the All-Boro Gas Company, Inc. Tar Kettle Torch, Model 1 A.R. for outdoor use when installed and used in accordance with this report and the requirements of the Fire Commissioner, dated August 5, 1958 provided that each such torch shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 567-58-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

APPLICANT—Hi-Lux Tape Corporation, lessee, Adhesive Tape & Pressure Sensitives Inc., proposed lessee for Kennedy Holdings, owner.

SUBJECT—Application May 15, 1958—Appeal from an order of the Fire Commission—re use of Beltran Drying Oven.

PREMISES AFFECTED—58-64 Seabring Street, north side, 150 feet east of Van Brunt Street, Block 508, Lot 3, Borough of Brooklyn.

APPEARANCES—

For Applicant: E. Goldstein and G. Bennett.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3

Negative—Commissioner Kleinert 1

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, Order #3146-8 issued by the Fire Commissioner, April 16, 1958, reads:

“RE: DRYING OVEN MANUFACTURED BY BELTRAN ASSOCIATES

An examination of Board of Standards and Appeals Resolution No. 650-52-SA approving above drying oven shows that same was approved only for drying of metals and other incombustible materials.

You are therefore ordered to:

1. Discontinue use of the Beltran Drying Oven for the drying of combustible material Resolution No. 650-52-SA and Rule 4.3.3 of the Board of Standards and Appeals Rules for Spraying and Drying of Paints, Inflammable Surface Coatings.”

and

WHEREAS, the applicant states that the building is 1 story, 35 feet in height, 90 feet front by 100 feet in depth, erected 1895, class 3 construction, located in an unrestricted use, A area, class 1½ height district, and used and occupied since 1954 for the coating of adhesives on cloth and paper and slitting finished products, with an occupancy of 7 persons; that it is proposed to be used without change and occupied by 10 persons; and

WHEREAS, the applicant states that this is an appeal from the Fire Commissioner Order to obtain a variance, to permit the use of a drying oven as approved by the Board under Calendar Number 650-52-SA, for drying of combustibles on inflammable material, such as paper and cloth; and

WHEREAS, the applicant states that the manufacturing process consists of the production of pressure sensitive tapes; that in the manufacturing of the pressure sensitive tapes, the paper or cloth is coated with a high solid rubber cement, consisting of rubber and resin for about 45% of the contents and the remaining 55% are solvent, consisting of a blend of textile spirits having a flash point of 80 to 104° Fahrenheit; that a standard 55 gallon drum of adhesive will coat approximately 1000 yards of paper, 42 inches wide; that since the coating speed is about 11 yards a minute, it takes 1½ hours to use up 55 gallons of adhesive; that during such time 20 gallons of solvent per hour are evaporated; that the cloth or paper unwinds over a rubber roll, equipped with an adjustable coating knife, where a ear-pump applies adhesive from the drum through a by-pass valve on to the paper in front of the coating knife; that as the paper moves on to the coating knife it picks up a predetermined amount of adhesive and then moves into the oven, where at a temperature of about 240° Fahrenheit most of the solvent is driven off, mixed with hot air and exhausted through the

MINUTES

12 inch ducts into the atmosphere above the building; that the remaining small amount of solvent goes back to the burner unit through the return duct, where it is burned; that after going 30 feet into the oven the paper or cloth moves over a return roll back to the front of the oven, where a second coat of adhesive is applied by the upper knife and the paper or cloth then moves back into the oven for curing of the second coat and travels the entire length of the oven and is pulled out by a rubber roll and wound up on a constant tension winder; that the preheated air is mixed with fresh air and heated in the burner unit, and is discharged through a series of adjustable dampers through a layer of perforated metal sheets, so as not to contact the paper or cloth directly; that there is a 8 inch space between the discharged duct and the perforated metal sheet and another 8 inch space between the metal sheet and the paper; that this total of 16 inches both sides of the paper prevents the paper from being hit by the hot air with sufficient force to flop it up or down; that to prevent skinning of the adhesive and dust trapping of solvent; that the whole system works on a heat exchange of principle, thus the hottest air hits the paper in the rear of the oven, where the least amount of solvent is left; that the oven is equipped with $\frac{3}{4}$ inch stainless steel diffusers, built into the burner to spread the flame in width and cut its length; that in addition two 40 x 40 mesh screens on the discharge side of the blower; that an additional separate exhaust system with the capacity of 4000 C.F.M. is mounted over the coating head in front of the oven; that the adhesive drum is grounded to the pump system as well as to the coating head; that there is a static eliminator to neutralize the paper before coating and to neutralize any static built up on the roll; that in addition there is a small gas-fired boiler supplies steam to the rubber coating rollers and the pull rollers through jet in $\frac{1}{4}$ inch pipes over the width of the paper to eliminate any static; that the oven is protected by automatic purging and safety equipment consisting of a Partlow Safety Flame Combustion Control, a McKee-Eclipse Diaphragm and Hand Reset Valve, a Partlow Temperature Control, a Partlow High Limit Control and a Vacuum Switch on each Blower; that blowers are equipped with solenoid controlled watercooled bearings, opening valves when blowers are started; that a solenoid valve controlled steam jets opening when machine is started; and

WHEREAS, the applicant states that the building is equipped with a one-source sprinkler system with central station connection; and

WHEREAS, records of the Department of Buildings indicate that the oven in question was installed under B.N. Applic. 974/54, approved by the Borough Superintendent, July 14, 1954; and

WHEREAS, the premises was inspected by a committee of the Board consisting of the Board's Engineer specializing in combustibles and inflammables and who submitted a report recommending favorable consideration and which is part of the record in this appeal.

Resolved, that the decision of the Fire Commissioner dated April 16, 1958, acting on Order #3146-8, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the use of the oven as approved by the Board under Cal. No. 650-52-SA for the use as proposed, consisting of coating of adhesives on cloth and paper, *on condition* that such fire-fighting equipment shall be maintained as the Fire Commissioner shall direct.

566-58-A

APPLICANT—George P. Ames, for George and Isabelle Nizich, owners.

SUBJECT—Application September 30, 1958—filed pursuant to section 35 of the General City Law re proposed erection of building in bed of mapped street—54th Road.

PREMISES AFFECTED—53-24 241st Street, west side 218.42 feet south of 53rd Avenue, Block 8176, Lot 18, Douglaston, Borough of Queens.

APPEARANCES—

For Applicant: George P. Ames, George Nizich and Joseph Hanney.

For Opposition: Bernard A. Helfab, Fred R. James, Lydia R. Kendall, Mrs. W. Araczewski, Mrs. D. LaBarbera, John LaBarbera and William Araczewski.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Sleeper 3

Negative: Commissioner Foley 1

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 8, 1958 on N.B. Applic. 71/58, reads.

"(1) The proposed erection of a bldg. in the bed of a mapped street is contrary to Sec. 35 General City Laws." and

WHEREAS, the applicant states that the building will be 2 stories, 27 feet 2 inches in height, 25 feet front by 55 feet 6 inches in height, of class 4 construction, on lot 50.13 feet front by 105 feet in depth, in a residence use, G area, class $\frac{1}{2}$ height district, used and occupied as a 1 family dwelling with accessory garage; and

WHEREAS, the applicant contends that the owner attempted to have the street acquired by the City or removed from the City Map without success; that no building space on the proposed street in question and no buildings require it for access or egress; that it is unjust to the owner to pay taxes on the premises and prohibit him from using it for its best use; that if the variance herein requested is granted it will enure to the benefit of the City in the increase in taxes on the proposed dwelling, the sewer tax and the saving maintenance and various service costs; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions; and

WHEREAS, the applicant was advised that he could request the Board to revise the amortization requirements of this resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 71/58, Objection No. 1, dated September 8, 1958, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use of the premises within the bed of the mapped street, as proposed and indicated on plans filed with this application, marked "Received October 23, 1958", and "September 30, 1958", 6 sheets, *on condition* that the cost of proposed building shall be amortized at the rate of 5 per cent a year and that in the event the City determines to acquire the premises for street construction, remuneration for the site and the building herein permitted shall be in accordance with the determination of the Court; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

(N. B. 638/56)

239-57-BZ

APPLICANT—Paul Friedman, for C & M Holding Corp., owner; Sun Oil Company, lessee.

SUBJECT—Application for consideration—reopening for extension of time to complete which expired December 3, 1958—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7e of the Zoning Resolution, permitting in a residence use district, the erection and maintenance of a gasoline service station, auto washing, non-automatic, lubrication, office, sale of auto accessories and parking of cars awaiting service, for a stated term of 15 years.

PREMISES AFFECTED—2342-2356 Cropsey Avenue, south side, 77 feet 11¼ inches west of 24th Avenue, Block 6925, Lot 61 (temporarily) part of Lot 80, Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 3, 1957, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work; and

MINUTES

WHEREAS, this matter was subject to court review which consumed about ten months and prevented the owner from proceeding.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 3, 1957 only as to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N. B. App. 198/57)

333-57-BZ

APPLICANT—Lama, Proskauer and Prober, for Esso Standard Oil Company, owner.

SUBJECT—Application for consideration—reopening for extension of time to complete—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7c, 7i and 7A of the Zoning Resolution, permitting in a business and residence use district, the extending of the use of the present gasoline service station by the erection and maintenance of a modern gasoline station, lubritorium, office and sales, storage, minor auto repairs, parking and storage of motor vehicles, with entrances, show windows and signs within 75 feet of the residence use district.

PREMISES AFFECTED—8769-8783 Bay Parkway and 2202-2212 Bath Avenue, southwest corner, Block 6448, Lot 26, Borough of Brooklyn.

APPEARANCES—

For Applicant: J. Vassalotti.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 3, 1957, on certain conditions; and

WHEREAS, the resolution was amended on July 22, 1958; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 3, 1957, as thereafter *amended* on July 22, 1958, only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N.B. App. 2498/56)

756-20-BZ—Vol. III

APPLICANT—Frederick A. Ketcher, for Loretta M. Ryan, James J. and Arthur C. Bergen, owners. S. M. Rose Corp., lessee.

SUBJECT—Application for consideration—reopening as Vol. III subject to regular procedure—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7i of the Zoning Resolution, permitting in a business use district, the addition of motor vehicle repair shop to existing storage garage, bowling alley and stores.

PREMISES AFFECTED—4741-4751 Park Avenue, northwest corner of East 189th Street and 2494-2500 Webster

Avenue, east side, 49 feet north of East 189th Street, Block 3033, Lot 4, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

ACTION OF BOARD—Application reopened as Vol. III, subject to the regular procedure.

THE RESOLUTION—

WHEREAS, this application was amended by the Board as

Vol. II, on July 25, 1950, on certain conditions; and

WHEREAS, the resolution was again amended on January

20, 1948; and

WHEREAS, time to obtain permits and complete the work

was extended on September 11, 1951; and

WHEREAS, the applicant requested an amendment of the

resolution.

Resolved, that the Board of Standards and Appeals does

hereby *amend* the resolution adopted on December 16, 1941,

as thereafter *amended* by resolutions adopted through Sep-

tember 11, 1951, only so far as it has reference to additional

gasoline storage tanks and pumps, so that as *amended* this

portion of the resolution shall read:

"that the number of gasoline storage tanks may be

increased by *four* to make a total of twelve such ap-

proved 550 gallon tanks, and to replace existing three

parkway type pumps with three approved low type

pumps, as acted on by the Borough Superintendent,

under Misc. App. 828/56, Objection 1 and as shown on

revised plan marked 'Received July 13, 1956', (1 sheet)."

* Correction—In the resolution wherein reference is made to permission for the increase in the number of gasoline storage tanks such number is corrected to read from "two" to "*four*", as indicated in italics.

PUBLIC HEARING

PROPOSED RULE FOR THE INTERPRETATION OF SECTION 19-A OF THE ZONING RESOLUTION OF THE CITY OF NEW YORK

(385-58-SR)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on Friday, June 27, 1958, at 10 A.M. in Room 1013, Municipal Building, Manhattan, on the following Proposed Rule for the Interpretation of Section 19-A of the Zoning Resolution of The City of New York.

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2, of the New York City Charter pertaining to Article IV, Section 19-A of the Zoning Resolution.

Purpose:

The purpose of this rule is to provide an interpretation of the words in the above section which read as follows: "... aggregate gross floor area so used," as a basis for determining the number of off-street loading berths required under this section.

Rule 1.

The words "aggregate gross floor area so used" contained in the first paragraph of this section shall be interpreted to mean the area of a building devoted to the use or uses which necessitate the installation of off-street loading berths; that is, the area devoted to hospitals, undertaking establishments and funeral parlors, hotels and offices, retail sales and services uses, wholesale, manufacturing and storage uses. In computing such area or areas for the purpose of determining the number of off-street loading berths required under this section, walls, partitions, areas devoted to mechanical equipment, exits and similar areas, the use of which does not contribute to the regular shipments to or from the building, shall not be included.

This Proposed Rule for the Interpretation of Section 19-A of the Zoning Resolution of the City of New York, as printed herein, is as suggested by The Real Estate Board of New York.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

RULES

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours

COURT DECISIONS

office of the board, or its publication in the bulletin.' As indicated above, the order was presented to a justice of the Supreme Court on the thirty-fifth day from the date when the decision of the Board of Standards and Appeals was published in the bulletin. Under the circumstances, the motion is granted, the order of certiorari is vacated and the petition dismissed. Submit order."

* * * * *

(N. Y. Law Journal, Dec. 31, 1956, page 9.)

Upon appeal of the Petitioner to the Appellate Division, the Order of Mr. Justice Kusnetz was reversed in the following decision:

Kohnberg, ap. v. Murdock, res (Pickman res)—Appeal from an order granting a motion to vacate an order of certiorari dated September 17, 1956, and to dismiss the petition on which said order was granted. On July 31, 1956, the Board of Standards and Appeals of the City of New York granted the application of the owners of certain real property for a variance. On August 13, 1956, the resolution of the board was published in the board's bulletin. On September 10, 1956, appellants, various property owners feeling aggrieved by the decision of the board, served a notice of motion under article 78 of the Civil Practice Act to review the determination of the board, together with a petition sufficient in form under both article 78 of the Civil Practice Act and section 668-e-1.0 of the Administrative Code of the City of New York for certiorari. On September 17, 1956, appellants, on the same petition, obtained an order of certiorari. On that day (September 17, 1956) a stipulation was signed by and between the attorneys for the board and appellants withdrawing the notice of motion and petition served September 10, 1956, and substituting nunc pro tunc the certiorari order for the notice of motion. On November 28, 1956, the owners of the property for which the variance had been granted, were permitted to intervene. By notice of motion, returnable December 20, 1956, the board and the intervenors moved to vacate the order of certiorari of September 17, 1956, and to dismiss the petition on the ground that the petition was not presented within thirty days after August 13, 1956, as required by section 668-e-1.0 of the Administrative Code. The motion was granted by order dated January 8, 1957, the order appealed from. Order reversed with \$10 costs and disbursements, and motion denied, with leave to respondents, if they be so advised, to serve and file a return within ten days after the entry of an order hereon. The form or label of the petition and notice to review, whether under article 78 of the Civil Practice Act or under the Administrative Code for certiorari, is immaterial (Matter of Muller v. Zoning Board of Appeals of Town of Ramapo, 270 App. Div., 824). It is important only that the time limitation and other procedures prescribed under the Administrative Code be followed (Matter of Fannuler v. Board of Zoning Appeals of the Town of Hempstead, 254 App. Div., 777; Matter of Nathan v. Murdock, 62 N. Y. S., 2d, 415). In this proceeding the petition was sufficient under both article 78 and under the Administrative Code. The papers served on September 10, 1956, were timely (Matter of Barns v. Osborne, 286 N. Y. 403); they sufficiently advised the board of the relief sought by appellants, and any irregularity or defect in the form should be disregarded (Matter of Lake Mahopac Heights v. Zoning Board of Appeals of Town of Carmel, 278 App. Div., 779). (N. Y. Law Journal, July 2, 1957, page 7).

* * * * *

Under the above decision of the Appellate Division, the Board was directed to file a return, which was filed and was brought on before Mr. Justice Stier and decision was rendered by him as follows:

Kohnberg v. Murdock—Separate motions by the respondents, constituting the Board of Standards and Appeals of the City of New York, and the intervenors, to vacate the order of certiorari obtained by the petitioners, dismiss their petition and sustain the determination of the respondent board which granted a variance of use regulation so as to permit the erection and maintenance of a gasoline service station and related uses under section 7(e) of the Zoning Resolution for a period of fifteen years. ¶There was a full hearing, at which those in opposition were afforded adequate opportunity to make statements and interpose objections. An inspection of the site and neighborhood was made by a committee of the Board, which thereupon unanimously granted the variance under review with certain conditions and safeguards, more fully set forth in the resolution embodying the determination under review. ¶Among the grounds urged for the reversal of the determination is the claim that the "granting of a variance should only be given sparingly and in exceptional cases where a hardship can be shown * * *." Petitioners overlook, however that an application under section 7, pursuant to which the variance herein was sought and granted, is different from that under section 21 of the Zoning Resolution. As was stated by the Court of Appeals in Reed v. Board of Standards and Appeals of City of New York (255 N. Y., 126, 134-135): "When the application is made under section 21, it must be shown that 'there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of the provisions of this resolution which justify a variance in a specific case, but the mere fact that the property may be put to a more profitable use is not enough to justify the board in granting the variance. * * * When the application is made under section 7 and the appropriate subdivision thereof, the field of inquiry is restricted. It is not necessary to allege or prove the facts required when

the application is made under section 21 nor for the board to make a decision thereon. The board must in each case act on some reasonable basis in harmony with the general purpose of the resolution. Nothing more is required." ¶The record shows that the board has acted upon a reasonable basis and on sufficient evidence to permit the exercise of its discretionary powers under subdivision (e) of section 7 of the Zoning Resolution. Since it acted within its jurisdiction, its determination cannot be set aside (Matter of Douglaston Civic Ass'n, Inc., v. Board of Standards and Appeals of City of N. Y., 278 App. Div., 659, 660, aff'd 302 N. Y., 920) and the court's judgment substituted for a body "of men with special qualifications of training and experience" (People ex rel. Fordham Manor Reform Church v. Walsh, 244 N. Y., 280, 287). ¶The fact that the intervenors have sold the property after the variance was granted does not affect this proceeding which under chapter 27 of the Administrative Code of the City of New York is directed to the respondent Board. Moreover, section 83 of the Civil Practice Act provides, in substance, that in the case of a transfer of an interest an action may be continued by or against the original party unless otherwise directed by the court. ¶The respective motions by the respondents are, therefore, granted, the order of certiorari vacated, the petition dismissed on the merits and the determination under review confirmed, without costs. Submit order."

(N. Y. Law Journal, August 28, 1957 p. 7.)

* * * * *

Upon further appeal to the Appellate Division, motion to dispense with printing of a certain transcript denied without costs with leave to renew on papers which shall include the transcript made by the Board, as to which appellants desire to dispense printing. (N. Y. Law Journal, October 22, 1957, page 9.)

* * * * *

At the Court of Appeals, Proceeding No. 539, Kohnberg et al., ap. v. Murdock et al., res. (Pickman an ano., intervenors-res), motion for leave to "broaden" the appeal denied upon the ground that non-constitutional questions may be argued, along with the constitutional issues, when the appeal is taken as of right under subdivision 1(a) of section 588 of the Civil Practice Act. Motion for a stay denied. (N. Y. L. J., November 24, 1958, page 11).

* * * * *

Matter of Jack Ryback vs. Murdock:—On April 12, 1955, the Board granted an application under Section 21 of the Zoning Resolution, to permit in a business use, B area district, the extension on first story of proposed structure, using more than the area permitted; Cal. No. 957-54-BZ; premises 524-532 Third Avenue and 163-167 East 35th Street, Borough of Manhattan.

At Special Term, Supreme Court, Mr. Justice DiFalco sustained the Board in the following decision:

Ryback vs. Murdock—Motions 21, 22, 23 and 24 of June 27, 1955, are consolidated and considered together. The record before the board amply supports its determination. It is neither arbitrary, capricious nor contrary to law. The petition is dismissed and the determination of the Board of Standards and Appeals affirmed, and the county clerk is directed to enter a final order herein accordingly. Order signed.

Ryback v. Murdock—Motion is disposed of in accordance with the decision in accompanying motion. Order signed.

(N. Y. Law Journal, June 30, 1955, page 4).

Upon further review, the Appellate Division, First Department, said, in part, as follows:

"....."

"The intervenor, in its application, for a variance, stated as the only substantial reason to show 'practical difficulty and unnecessary hardship' that 'it will not be possible to rent the store in question to a choice tenant unless the store has greater depth' neither in the application nor at the hearing did the intervenor disclose what efforts it had made to rent the store property to any other prospective tenant, choice or otherwise."

"We agree with the Board that the tests stated in *Otto v. Steinhilber*, 282 N. Y. 71, relate to a use variance and not applicable in their entirety to an area variance. It is elemental, however, that before the Board can grant a variance, the record must disclose some basis to justify the conclusion that there are practical difficulties or unnecessary hardships."

"....."

The court annulled the determination of the Board and remitted the matter to the Board for further proceedings, not inconsistent with its opinion.

On a resettled Order, the court remitted the matter to the Board for the purpose of recording the annulment and for further proceedings on March 16, 1956.

The Board on March 16, 1956, recorded the annulment of the Resolution adopted April 12, 1955, and reopened the matter for further proceedings not inconsistent with the opinion of the court and set it for hearing on April 24, 1956 at 10:00 A.M., for the applicant to present further arguments.

June 7, 1956.

Re: Cal. No. 957-54-BZ

Premises: 524-532 Third Avenue,

163-167 East 35th Street, Manhattan.

Section 12(b) indicates the intent to require a residence building when erected in a Business District, B area, to have the area of building coverage limited as therein set forth. No mention is made of a building when used only in part for residence use. A proper interpretation of this Section is that unless a building is used throughout for residence use, the Section does not apply to a building used only partly for residence. The building in question is only partly used for residence use. Part of this building is used for business and that part is permitted to be erected in compliance with Section 12 (a) and Section 17 (a). Under Section 17 (a), a building erected on a corner lot requires no rear yard except where it abuts a residence district, in which case a rear yard is required. Such rear yard to be built over to a height "not above the sill level of the 2nd story windows, nor in any case more than 23 feet above the curb level," nor is there any requirement where a building, such as the one in question, is partly used for business and partly used for residence must comply with Section 12 (b). That the residential portion of the building in question does comply with the requirements of Section 12 (b), while perhaps desirable, such compliance is not required and the owner was free to construct the residential portion as he chose, provided that such part of the building complied with the Sections of the Zoning Resolution relating thereto and the requirements of the Multiple Dwelling Law.

The Board finds that the building is in substantial compliance with the provisions of the Zoning Resolution and that the interpretation of the Department of Buildings—that the building should comply with the terms of Section 12 (b) is incorrect. Had the owner filed an Administrative Appeal to the Board, the Board could have made such a finding as hereinbefore set forth. But such a procedure, in view of the urgency, would have taken time. It is sufficient for this Board to find that practical difficulties and unnecessary hardship are caused due to "unique circumstances which reflect the unreasonableness of the Zoning Ordinance itself" as wrongly interpreted by the Department of Buildings. (*Otto vs. Steinhilber*, 282 N. Y. 71).

It is a salient principle of zoning that there should be a contribution to light and air by the owner and adjoining owners for the common welfare. It should be noted that the owner to the west, whose buildings exist lawfully or unlawfully for the full depth of his lot, contributes no light or air at his lot grade. Due to the sloping grade of the applicant's plot, the unbuilt-upon space at the rear, required under Section 12 (b), would be approximately six feet below even the street grade of the buildings of the owner abutting to the west. These facts precluded the use of the building throughout for residence purposes as any rear apartments on the ground floor, would have been unrentable, with windows opening upon a deep pit, with the sheer walls of the buildings on the lot line to the west hemming in the area and shutting off the light and air. Had the owner chosen to construct the building for residential use throughout, under the terms of 12 (b), he would suffer from practical difficulties and unnecessary hardship. If he considered using the space at the rear for unloading or garaging, as Section 12 (b) permits, an entering ramp from East 35th Street would itself use too much of the space as to make such use impracticable. An entrance from Third Avenue would obviously be wasteful and impracticable. Furthermore, an unloading space for a building residential throughout is unneeded. A garage permitted by Section 12 (b) would be a failure because it would be too small in area to be economically successful for operation by the owner or under the usual concession method.

It was apparent to the owner for the above reasons that a building, if residential throughout, under Section 12 (b) was impractical. He could have constructed a building for business throughout but believing that the correct development of the plot was a building part business and part residence, he proceeded on that basis, only to be blocked by an incorrect ruling of the Building Department. The Board has recognized the unique state of facts, including the lack

of even one square foot along the common lot line to the west for light and air, and in finding that there are practical difficulties and unnecessary hardship has corrected the error in interpretation.

(Sgd.) HARRIS H. MURDOCK,
Chairman.
EDWIN W. KLEINERT,
Commissioner,
SEAN P. KEATING,
Commissioner,
P. JOSEPH CONNOLLY,
Deputy Fire Chief.

The Board on June 19, 1956, granted a variance under Section 21 in accordance with above finding of the Board to permit the extension of coverage as now proposed for the purpose of erecting a one-story extension to the proposed building, as indicated on plans filed with this application marked "Received December 16, 1954" and January 6, 1955, on certain conditions.

At Supreme Court, Special Term, Mr. Justice Irving Levey, sustained the Board in the following decision, as appeared in New York Law Journal of April 11, 1957, (page 6):—

"Motions are made herein to vacate an order of certiorari obtained to review a determination made by the Board of Standards and Appeals of the City of New York, and for a dismissal of the petition and affirmance of said board's determination. The board by unanimous resolution, on June 19, 1956, granted a variance in the application of the area district regulations of the Zoning Resolution so as to permit a street-floor extension to a fourteen-story building owned by the applicant, located on the northeast corner of East Thirty-fifth Street and Third Avenue, Borough of Manhattan, City of New York. Heretofore, in April, 1955, the board had granted such a variance which was thereafter affirmed by Special Term. However, that determination was annulled subsequently by the Appellate Division (*Matter of Ryback v. Murdock*, 1 App. Div., 2d, 132) and the matter was remitted to the board for further proceedings not inconsistent with that court's opinion. In accordance with the mandate of the Appellate Division, further proceedings were had before the board which resulted in the resolution now sought to be reviewed. It should be noted that in addition to the twelve consents which had theretofore been obtained from owners of surrounding property, consents were filed in the second proceeding by an additional ten owners of sixteen parcels and only two objectants appeared in opposition. The record before the board contains sufficient proof to show that there are both practical difficulties and unnecessary hardships imposed by a strict application of the Zoning Resolutions. The findings of the board are predicated upon substantial evidence and should be accepted by this court. The return in the instant proceeding contains sufficient facts, findings and other material matters warranting the granting of an area variance. There was no error of law in accepting for consideration as part of the record the affidavits of three real estate experts. Apart from the fact that strict rules of procedure and practice do not apply at hearings before the Board of Standards and Appeals, it appears that the affiants were present at the hearing but no attempt or demand was made to cross-examine them concerning their statements. Whatever value the affidavits had as evidence was weighed unquestionably, by the members of the board who are recognized as experts in the field of zoning, in reaching their determination. I find no substantial reason for disturbing their conclusions. The order of certiorari is vacated and the petition is dismissed. Settle order."

Ryback v. Murdock—Motion to vacate order of certiorari and to dismiss petition is granted. See decision on companion motion made by Board of Standards and Appeals. Settle order.

Upon further appeal to the Appellate Division of the First Judicial Department, *Matter of Ryback vs. Murdock, et al. and Senville—35th Street Realty Corp'n., intervenor-rcs.*, (Proceeding No. 2), the order of the Supreme Court was unanimously affirmed, with \$20 costs and disbursements to the respondents. No opinion. (N. Y. L. J. November 26, 1958, page 11).

Minutes of Regular Meeting, Tuesday Afternoon, December 9, 1958, Affecting Calendar Numbers 789-55-A—Vol. II, 166-58-A, 229-58-A, 283-58-A, 414-31-A—Vol. II, 938-55-A, 613-58-A, 305-58-A, 28-58-A, 530-58-A, 19-26-BZ—Vol. V, 550-27-BZ—Vol. II, 302-36-BZ—Vol. III, 400-45-BZ, 475-45-BZ, 74-35-BZ—Vol. II,

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

CALENDAR

DOCKET

New Cases filed up to December 9, 1958

Cal No. Dept. Premises Affected

703-58-BZ—B.M.—65 West 55th Street, north side, 152.8 feet east of Avenue of The Americas (6th), Block 1271, Lot 7, Borough of Manhattan, Alt. 1633-58—re parking and storage of motor vehicles—restricted retail use district.

704-58-A—F.D.—33-17 37th Avenue, northwest corner of 34th Street, Block 602, Lot 1, Long Island City, Borough of Queens, Decision re Order No. 5319-8—re gas-fired drying ovens, etc.

705-58-A—B.Q. 35-01 Beach Channel Drive (Amstel Boulevard), southwest corner of Beach 35th Street, Block 312, Lot 7, Edgemere, Borough of Queens; under section 35, General City Law re proposed street widening not to be used in connection with Gasoline Service Station—Rockaway Beach Boulevard, N.B. 3915-57.

706-58-BZ—B.Bx.—307-309 East 148th Street, north side, 370.25 feet east of Morris Avenue, Block 2330, Lots 64 and 65, Borough of The Bronx, Alt. 930-58—parking and storage of more than five (5) motor vehicles, etc.—business and residence use district.

707-58-BZ—B.B.—858-862 Bedford Avenue, west side, 232 feet, 9 inches north of Myrtle Avenue, Block 1900, Lots 53 and 54, Borough of Brooklyn, Alt. 3558-58—re repair shop for motor vehicles, etc.—business use district.

708-58-A—B.B.—1286 Carroll Street, south side, 320 feet east of New York Avenue, Block 1291, Lot 24, Borough of Brooklyn, Decision—re Revocation of Permit.

709-58-SM—Gold Bond Gypsum Partition Tile or Block and Accessories manufactured by National Gypsum Co., Material.

710-58-BZ—B.Q.—25-70 Old Bowery Bay Road (50th Street), west side, 170 feet north of 28th Avenue and 25-81 49th Street, Block 745, Lots 10, 65-70 inclusive and Lot 72, Woodside, Borough of Queens, Alt. 2586-58—re parking of motor vehicles, etc.—residence use district.

711-58-A—B.Q.—25-70 Old Bowery Road (50th Street), west side, 170 feet north of 28th Avenue and 25-81 49th Street, Block 745, Lots 10, 65-70 inclusive and Lot 72, Woodside; under section 35, General City Law re premises partly in bed of a mapped street—50th Street, Alt. 2586-58.

712-58-BZ—B.Q.—190-17 33rd Avenue and 32-66 191st Street, northwest corner, Block 4941, Lot 5, Flushing, Borough of Queens, Alt. 2703-58—re conversion of one family dwelling to two families—residence and retail use, G-1 and D area district.

713-58-A—B.Q.—190-17 33rd Avenue and 32-66 191st Street, northwest corner, Block 4941, Lot 5, Flushing, Borough of Queens, Alt. 2703-58—re use of more than two stories for living quarters—frame building.

714-58-SA—Electro-Magic Motor Steam Cleaner, Model 100, manufactured by Electronics Inc., Appliance.

715-58-BZ—B.B.—2746-2748 Nostrand Avenue, west side, 100 feet north of Avenue N, Block 7665, Lot 79, Borough of Brooklyn, Alt. 3462-58—re furniture reconditioning and repairs, etc.; area excessive—business use, D area district.

716-58-A—B.B.—2746-2748 Nostrand Avenue, west side, 100 feet north of Avenue N, Block 7665, Lot 79, Borough of Brooklyn, Alt. 3462-58—re exits.

717-58-BZ—B.B.—244-262 Hendrix Street, west side, 105 feet, 11 inches south of Atlantic Avenue, Block 3962, Lot 24, Borough of Brooklyn, Alt. 2828-58—re parking and storage of motor vehicles—residence use district.

718-58-A—B.M.—244 East 60th Street, south side, 135 feet west of 2nd Avenue, Block 1414, Lot 30, Borough of Manhattan, Amendment to Alt. 1429-58 under section 35, General City Law re extension of building on bed of mapped street—approach to Queensboro Bridge.

719-58-BZ—B.Q.—139-22 Springfield Boulevard, northwest corner of 140th Avenue, Block 13029, Lot 45, Springfield, Borough of Queens, Alt. 2436-58—re extension of use to include lubritorium, car washing office, sales, and storage of more than 5 cars awaiting service.

720-58-SA—Per-Fab Heat Transfer System, manufactured by Per-Fab Co., Inc., Appliance.

721-58-SA—Evans Gas-fired Heating Units for Bottle Washing Machines, manufactured by G. C. Evans Sales Co., Appliance.

722-58-SA—Weldit Salamanders, Gas-fired, Model 1900, manufactured by Weldit Inc., Appliance.

723-58-SM—Uniweld—Bonding Agent for wet concrete, cement or plaster to cured concrete, manufactured by Permagile Corporation of America, Material.

724-58-BZ—B.Q.—218-18 Hempstead Avenue, south side, 150.16 feet west of 218th Street, Block 11106, Lots 43, 46 and 49, Queens Village, Borough of Queens, Alt. 2562-58—re sale and display, parking and storage of more than five motor vehicles—local retail use district.

Restored to Docket

414-31-A—Vol. II—F.D.—262-278 11th Avenue and 554-556 West 28th Street, southeast corner, Block 699, Lot 1, Borough of Manhattan, Decision re Order No. 1388-8—re omission of standpipe system.

938-55-A—F.D.—1733-1753 McDonald Avenue, east side, 245.6 feet south of Avenue O, Block 6608, Lot 77, Borough of Brooklyn, Decision re Order No. 5290-5—reopened and restored to docket re bars on windows.

301-38-SM—S. and F. Colonial Veneer Brick, manufactured by Sayre and Fisher Brick Company; reopened for test and report as to additional size, Material.

CALENDAR

505-56-SM—Acoustics Manufacturing Corp., A-M Metal Acoustical Tile, Sizes 12 x 24, 12 x 36 and 18 x 36, manufactured by Acoustics Manufacturing Corp.; reopened for test and report as to additional method of hanging, Material.

1037-57-SA—Hook Gas Boiler, Series 20,000 and Series 30,000, for heating and volume hot water supply, manufactured by Hook Manufacturing Co., Inc.; reopened for report as to change of Company name, Appliance.

405-56-SM—Vol. II—Flexalarm Coded Fire Alarm Stations (2 types); Flexalarm Fire Line Strap Key, manufactured by The Gamewell Company, Material.

969-57-BZ—Vol. II—B.M.—134-136 East 40th Street, south side, 87 feet east of Lexington Avenue, Block 895, Lots 67 and 68, Borough of Manhattan, Alt 1760-58—re proposed restaurant extension—retail and residence use district.

211-53-SA—Speed Queen Automatic Washer (domestic type), Models A10 and A11 manufactured by Speed Queen a Division of McGraw-Edison Company, reopened for test and report as to additional model clothes dryer, Appliance.

647-55-SM—Celotex Steelacoustic Ceiling Panels (ceiling finish that provides acoustical absorption), manufactured by The Celotex Corp.; reopened for test and report as to additional size of acoustical pans, Material.

65-47-BZ—B.B.—54-56 Tompkins Avenue and 712-720 Park Avenue, southwest corner, Block 1739, Lots 38 and 39, Borough of Brooklyn, Alt. 3450-58—reopened for consideration as to extension of term of variance—re funeral chapel, garage, seven families, etc.—local retail use district.

192-24-BZ—Vol. II—B.Bx.—2359-2369 Jerome Avenue, west side, 60.26 feet south of West 184th Street, Block 3198, Lot 81, Borough of The Bronx, Alt 932-58—re motor vehicle repairs with hand tools only, accessory welding for body and fender work, etc.—business use district.

874-52-BZ—B.Bx.—1774-1750 Zerega Avenue and 2403-2409 Fuller Avenue, northeast corner, Block 3997, Lot 1, Borough of The Bronx, Alt. 833-52—reopened for consideration as to extension of time to complete—re parking and storage of motor vehicles—residence use district.

18-37-BZ—Vol. IV—B.B.—2166-2190 Coney Island Avenue, west side, 100 feet 4 $\frac{3}{8}$ inches south of First Court, Block 6685 B, Lot 34, Borough of Brooklyn N.B. 1986-58—re parking of cars, auto showroom, offices, servicing of new and used cars, etc.—business and residence use district.

701-52-BZ—Vol. III—B.Q.—47-55 37th Street and 37-05 to 37-19 48th Avenue, northeast corner and 47-42 to 47-60 38th Street, Block 228, Lot 1, Long Island City, Borough of Queens, Alt. 1340-57—re accessory parking lot, etc.—business and residence use district.

630-38-BZ—Vol. III—B.M.—118-134 Park Avenue, west side, from East 41st to East 42nd Streets; 57-63 East 41st Street and 74-80 East 42nd Street, Block 1276, Lot 33, Borough of Manhattan, B.N.—re electric signs—retail and restricted retail use district.

367-51-BZ—Vol. IV—B.B.—50-72 Jamaica Avenue and 2-16 Pennsylvania Avenue, southwest corner and 1-7 Sheffield Avenue, Block 3659, Lots 1, 14 and 15, Borough of Brooklyn, Amendment to N.B. 1617-57—re brick pylon and sign—business use district.

797-54-BZ—B.B.—690-700 Utica Avenue and 818-828 Clarkson Avenue, southwest corner, Block 4636, Lot 6, Borough of Brooklyn, N.B. 122-56—reopened for consideration as to extension of time to complete—re gasoline service station, store, washing, greasing, parking and storage of automobiles, etc.—business use district.

206-42-BZ—Vol. II—B.Q.—91-92 63rd Drive, northeast corner of Alderton Street, Block 3104, Lot 208, Rego Park, Borough of Queens, N.B. 3403-58—re gasoline service station, lubritorium, auto laundry, parking lot, etc.—retail use district.

185-31-BZ—Vol. III—B.B.—1155-1161 Madison Street, north side, 75 feet east of Central Avenue, Block 3360, Lots 52 and 55, Borough of Brooklyn, Amendment to Alt. 691-44—reopened for consideration as to time to complete—re extension of time to complete—residence and business use district.

DESIGNATIONS: B.—Department of Buildings; B.B.—Department of Buildings, Brooklyn; B.M.—Department of Buildings, Manhattan; B.Q.—Department of Buildings, Queens; B.R.—Department of Buildings, Richmond; B.Bx.—Department of Buildings, Bronx; H.D.—Health Department; F.D.—Fire Department, and M. and A.—Dept. of Marine and Aviation.

Negative: 0
Absent: Vice Chairman Keating 1

397-58-BZ

APPLICANT—Henry Nordheim, for Juetta Lyscombe, owner; Bernard Jefferson, lessee.

SUBJECT—Application June 27, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the change in use of an existing building from stable with storage of hay and feed on mezzanine to motor vehicle repair shop and storage of parts on the mezzanine floor.

PREMISES AFFECTED—641 Coster Street, west side, 325.25 feet north of Randall Avenue, Block 2765, Lot 276, Borough of The Bronx.

APPEARANCES—

For Applicant: Joseph O'Mara.
For Opposition: None.
For Administration: John J. Saunders, B'd. of Education.

ACTION OF BOARD—Application withdrawn.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee found that the portion in the rear known as Lot 279 is held by the City Real Estate Department and the committee is of the opinion that the Department has no power to permit parking of cars on that lot; and

WHEREAS, the committee is of the opinion that the building is too small to use for parking or the repair work as proposed unless there is room permitted on Lot 279 for at least 2 cars which cannot be permitted unless there is an application filed with this Board for a zoning variance, so temporarily the committee recommends that the applicant should withdraw this application and file a new application to include parking within Lot 279.

Resolved, that the application be and is hereby withdrawn.

621-24-BZ—Vol. III

APPLICANT—Howard H. Snyder, for Terin Garage Corp., owner.

SUBJECT—Application reopened November 18, 1958 for

consideration as to extension of time to complete, expired May 22, 1957—decision of the Borough Superintendent, previously granted on condition, under section 7c of the Zoning Resolution, permitting in a business use district an existing three story garage, the additional parking of motor vehicles on the roof.

PREMISES AFFECTED—234-240 East 54th Street, south side, 100 feet west of 2nd Avenue, Block 1327, Lot 29, Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.
For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation on May 22, 1957; and

WHEREAS, this application was reopened on November 18, 1957 and set for hearing on December 9, 1958 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 5, 1958 acting on amendment to Alt. Applic. No. 142-55, reads:

"6. More than one year has elapsed since Bd. of S. & A. action—this application must be referred back to the Bd. of S. & A. Sect. 22-A Zon. Resol.

7. The Bd. of S. & A. approval was obtained when the Zoning Use was "Business". The Use District is presently Restricted Retail—Bd. action is req'd on this point.

Increase in height of garage bldg. and use of roof for parking for motor vehicles is an extension of a non-conforming use in a Restricted Retail Use district. Art. II Sect. 4-B of the Zon. Resol."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 22, 1956, only so far as it has reference to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution."

1423-39-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Taro Holding Corp., owner.

SUBJECT—Application reopened May 20, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station with accessory uses of lubritorium, minor auto repairs, car washing, office and sales and storage for a temporary term of fifteen (15) years.

PREMISES AFFECTED—2102-2124 Avenue Z, 2609-2615 East 21st Street, southeast corner, 2602-2604 East 22nd Street and 2101-2123 Jerome Avenue, Block 7441, Lot 371, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Theodore Tanner.
For Opposition: Samuel Z. Cohen.

MINUTES

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 20, 1958 subject to regular procedure, previously withdrawn; and

WHEREAS, a public hearing was held on this application on November 5, 1958 after due notice by publication in the Bulletin; laid over to November 12, 1958, at the request of an objector; then to December 9, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Avenue Z, Jerome Avenue, East 21st Street and East 22nd Street are in a retail use, D area, class 1 height district; that as of July 25, 1916 the premises were in a business use district and received the present retail use designation on April 8, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated April 14, 1958 acting on N.B. Applic. No. 409-58, reads:

"1. Proposed building and premises, in a retail zone, to be used for gasoline service station, lubritorium, minor auto repairs, car washing, office and sales, and storage is contrary to Article II, PP. 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 57 feet 7½ inches in depth, irregular, presently vacant; that it is proposed to erect and maintain a gasoline service station consisting of twelve 550 gallon gasoline tanks and three approved type dual gasoline dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, with a frontage of 54 feet 7½ inches, a depth of 30 feet and will contain the conjunctive uses of lubritorium, minor auto repairs, car wash, office and sales and storage; that the building will be Colonial in design and in keeping with the surrounding architecture; that the pumps will be set fifteen feet in from the street building lines, so that all cars being serviced will be kept off the sidewalk; and

WHEREAS, the applicant states that the subject premises were before the Board for a similar use in 1940 under Cal. No. 1423-39-BZ, at which time the application was withdrawn; that since then the previous owner lost its property to the City for back taxes; that the present owner acquired this site at a tax sale and took title on April 9, 1958; that the facts as stated above all tend to prove conclusively that this site cannot be used for a conforming use, and the change of use from business to retail further reduces the value of this land for a conforming use; that in 1939 there were three vacant parcels of business property, namely block 7441, lot 271; block 7441, lot 231 and block 7441, lot 439—now lots 439, 440, 441, 442 and 443, and of these vacant properties that existed in 1939, only one parcel was developed for store purposes—block 7441, lot 271; that block 7441, lot 231 is still vacant—block 7441 was subdivided and developed with dwellings; that the site is small and irregular in shape so that it cannot be put to a conforming use that would give the owner an equitable return on his large investment; that the new Bohack super market, erected across from the site on block No. 7441, lot 271, has provided this area with a large enough store to meet the needs of this neighborhood, so that there is no economic demand for additional stores; and

WHEREAS, the applicant states that the present owner has held title to the property since April 9, 1958 and that the assessed valuation of land is \$8,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that in view of the revised plans filed showing open portion

of proposed gasoline station facing stores and not residences, that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses lawful thereto, substantially as proposed and as indicated on plans filed with this application, marked "Received April 28, 1958", 3 sheets, as amended by revised plan marked "Received November 24, 1958", 1 sheet, on condition that all buildings and uses now on the premises shall be removed and the site leveled substantially to the grade of Avenue Z, and constructed, arranged and designed as indicated on such revised plan, marked "Received November 24, 1958"; that the accessory building shall be toward the west, with the wall on the building line of East 21st Street as shown, arranged and designed as shown; that the doors to toilet rooms shall be arranged so as not to be contiguous; that there shall be no cellar under the building; that the building in all other respects shall comply with the requirements of the Building Code; that along the Jerome Avenue building line from the wall of such accessory building to East 22nd Street and turning along East 22nd Street to Avenue Z, there shall be erected a masonry wall 3 feet in height with steel picket fence on top, and with masonry posts at intervals to a total height of 5 feet 6 inches; that at East 22nd Street, terminating at Avenue Z building line, there shall be a suitable terminating post; that in front of such wall as shown there shall be a planted area with suitable planting protected with a concrete curbing not less than 6 inches wide and 8 inches in height; that pumps shall be of a low approved type, erected not nearer than 15 feet to the Avenue Z building line; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that curb cuts shall be restricted to two on Avenue Z, each 30 feet in width, where shown; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to a permanent sign attached to accessory building, facing Avenue Z and East 22nd Street, and the illuminated globes of pumps, excluding all roof and temporary signs and advertising devices but permitting the erection at the Avenue Z building line of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend not more than 4 feet beyond the building line; that such sign shall preferably be toward the middle of the premises at Avenue Z; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i for a similar term there may be minor repairs and adjustments with hand tools only, maintained solely within the accessory building; that under Section 7e for a similar term there may be parking of cars awaiting service, provided that such cars are so parked as not to interfere with the servicing of the station; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

563-45-BZ—Vol. I

APPLICANT—Ingram S. Carner for Henry & Carmella Molodzi and Isaac Renert, owners.

SUBJECT—Application reopened April 8, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7c and 7A of the Zoning Resolution, to permit the rebuilding of the existing gasoline service station, office and greasing pits to a gasoline service station, office, sale and storage of auto accessories, car washing—non automatic, auto repairs with hand tools only and parking of

more than five (5) cars waiting to be serviced with show windows and curb cuts within 75 feet of a residence use district.

PREMISES AFFECTED—217-238 Hempstead Avenue, southeast corner of 217th Place, Block 11096, Lot 1, Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 8, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on November 12, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 217th Place and 217th Lane are in local retail and residence use, D and E-1 area, class ½ height districts; Hempstead Avenue is in a local retail use, D area, class ½ height district; 104th Avenue is in a residence use, E-1 area, class ½ height district; that as of July 25, 1916 the portion of the property within 100 feet of Hempstead Avenue was zoned as a business district and the remainder was zoned as residence; that the business portion was changed to its present designation on January 21, 1947; that as of July 25, 1916 the property was zoned as a one times height district and a D area district; that the present height designation became effective on June 30, 1952 and on the same date the portion of the property more than 100 feet from Hempstead Avenue was changed from a D area district to an E-1 area district; and

WHEREAS, the decision of the Borough Superintendent, dated May 13, 1958 acting on Alt, Applic. No. 289-58, reads:

"1. Proposed reconstruction of existing gasoline service station being partly in a local retail zone and partly in a residential use zone for use as a gasoline service station, office, sales and storage of auto accessories, car washing (non-automatic), lubritorium, auto repairs with hand tools only and parking of more than five cars waiting to be serviced, is contrary to Art. 2, Sec. 4A and Sec. 3 of the Zoning Resolution.

2. Ground sign in a local retail use district is contrary to Art. II, Sec. 4A.

3. Show windows and curb cuts within 75 feet of a residential use district is contrary to Art. 2, Sec. 7A."

and

WHEREAS, the applicant states that the premises consist of a plot, 115.22 feet frontage by 175.71 feet in depth, presently improved with a gasoline service station, erected in 1924 under FP. 1091-24; that the size of the plot has not changed since 1924 approval, and the property has been continually in use as a gasoline service station; that it is proposed to demolish the present one story buildings, fill in the open grease pits, relocate the pump island back 15 feet from the Hempstead Avenue building line, extend the curb cuts as shown, and substantially improve the premises as indicated on plans marked "proposed conditions", which calls for a new masonry, three-bay modern building, including five new 550 gallon gasoline tanks added to present; and

WHEREAS, the applicant contends that the reconstruction of this existing legal gasoline service station will enable the owner to continue to operate in an efficient, modern manner; and

WHEREAS, the applicant states that the present owners have held title to the property since May 16, 1956; that the assessed valuation of land is \$16,000 and of the building \$3,000 making a total of \$19,000; that the building was erected in 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c, i, h and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the lawfully existing gasoline service station to be reconstructed as proposed and indicated on plans filed with this application, marked "Received March 11, 1958", 3 sheets, "June 11, 1958", 1 sheet and "August 14, 1958", 1 sheet, *on condition* that all buildings and uses now on the premises shall be removed and the site arranged and reconstructed substantially as indicated in such plans; that the accessory building shall be faced on all sides with face brick and be located along the easterly lot line, where shown, and of the design and arrangement proposed; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line of Hempstead Avenue; that there shall be no pumps facing 217th Place; that curb cuts shall be restricted to two, each 30 feet in width, to Hempstead Avenue and one 30 feet in width to 217th Place within 40 feet from the intersection and with no curb cut nearer the residential zoning line as shown; that along the rear and side lot lines there shall be a planted area as shown, protected by a concrete curbing not less than 8 inches in height and 6 inches in width and extended where shown and along 217th Place for a distance of approximately 100 feet; that the balance of the premises shall be paved with concrete or asphalt; that the number of gasoline storage tanks shall not exceed the existing five tanks which shall be tested by the Fire Department and not used if not found in good structural condition, and five additional tanks; that signs shall be restricted to a permanent sign attached to the facade of the accessory building, facing Hempstead Avenue and the illuminated globes of the pumps, excluding all roof and temporary signs and advertising devices, but permitting the erection within the intersection of Hempstead Avenue and 217th Place of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to be at right angles to Hempstead Avenue and to extend not more than 4 feet beyond the building line; that under Section 7A any use in connection with show windows and curb cuts not in accordance therewith may be permitted, provided the requirements of this resolution are complied with; that under Section 7i for a similar term there may be minor repairs for adjustments only with hand tools, maintained solely within the accessory building; that under Section 7h for a similar term there may be parking of cars on such spaces as will not interfere with the servicing of the station; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing abutting the site shall be reconstructed or repaired to the satisfaction of the Borough President; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

915-48-BZ—Vol. III

APPLICANT—Joseph Torelli for Big Ten Super Service Station, Inc., owner.

SUBJECT—Application reopened July 15, 1958 as Vol. III—decision of the Borough Superintendent under section 7e of the Zoning Resolution to permit, in a residence use district, the extension to the present service building and extend the uses to include motor vehicle repair shop and sale of used cars.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on July 15, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on November 18, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 31st Avenue, 78th Street, 79th Street and 30th Avenue are in a residence use, D area, class 1 height district; that on July 25, 1916 the premises was located in an unrestricted use district, C area, class 1 height district; that on July 31, 1947 the use and area districts were changed to the present designations; that the height zoning has remained unchanged; and

WHEREAS, the decision of the Borough Superintendent, dated June 5, 1958 acting on Alt. Applic. No. 1050-58, reads:

"1. Proposed change in use from a gasoline service station, minor auto repairs with hand tools only, office, sales of auto accessories, lubrication, auto washing (non-automatic) and parking of cars waiting to be serviced, to a gasoline service station, motor vehicle repair shop, office, lubrication, auto washing (non-automatic), sale of auto accessories, parking of cars waiting to be serviced and sale of used cars constitutes an extension of a non conforming use in a residence use district and is contrary to Art. 2, Sec. 3 of the Z.R.

2. The proposed extension of a building which is used in conjunction with a gasoline service station on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R. and contrary to the resolution of the Board under Cal. #915-48-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 111 feet frontage by 161 feet in depth, presently developed as a gasoline service station pursuant to a zoning variance granted by the Board under Cal. No. 915-48-BZ; that under Volume II the Board amended its Resolution on February 26, 1952 so as to include automobile repairing as part of the permitted occupancy; that Certificate of Occupancy No. Q88486 is now in force covering this premises; that it is now proposed to construct a one story extension to the existing building; that this extension will consist of adding one bay to the side of the present building and constructing a rear extension approximately 49 feet wide and 58 feet in average depth; that the additional bay will be used for auto washing and the rear extension will be used for motor vehicle repairing; that it is also proposed to include the sale of used cars in the proposed occupancy; and

WHEREAS, the applicant states that the proposed rear extension will be constructed using existing foundation walls at the rear and east side; that these foundations were installed under N.B. Applic No. 132-39, on which a permit for the foundation work was issued June 16, 1939; that at that time the premises was zoned unrestricted and plans had been filed for the construction of a gasoline station, repair shop and garage; that this work never proceeded beyond the foundation stage and, when the present building was constructed, a zoning variance was necessary because a building of a different size and shape was proposed; that the proposed rear extension will be set some 4 feet 6 inches from the rear and east lot lines and some 42 feet from the west lot line; that the north and east walls will be constructed of unpierced masonry to provide a maximum of protection to adjoining occupancies; that the proposed overhead doors into the repair shop will face the west, facing an adjoining gasoline station on lot No. 46; that the repairing proposed will consist of engine, transmission, electrical and similar

mechanical repairs; that no body or fender work will be carried on, and no paint spraying, welding or burning will be conducted on the premises; that no outdoor used car sales area will be created, and the used car sales use requested is necessary in order to obtain a license to permit the occasional sale of a customer's motor vehicle; that the arrangement of the balance of the premises will remain unchanged; that the present building, fencing, curb cuts, gasoline tanks, pumps and shrubbery areas will remain as per the last Board approval; and

WHEREAS, the applicant contends that since the proposed extension will be located on a lot now approved for use as a gasoline service station, and since a permit had been issued when the property was in an unrestricted zone for a building larger in area than that now proposed, as well as the other facts above set forth, it is requested that this application be granted; that it is also requested that the term of the original variance, which will expire shortly, be extended for additional temporary term of fifteen years; and

WHEREAS, the applicant states that the present owner has held title to the property since July 11, 1955; that the assessed valuation of land is \$22,000 and of the building \$13,000 making a total of \$35,000; that the building was erected in 1949; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 5, 1949, and as thereafter amended by resolution adopted April 1, 1952, by adding thereto:

"that in the event the owner desires to extend the accessory building for the construction of an addition and planted area as proposed and shown on plans filed with this application marked, "Received June 26, 1958, 5 sheets, such extension may be permitted *on condition* that in all other respects the requirements of the resolutions above cited shall be complied with; that the accessory building extension as proposed for repair work shall be constructed of fireproof construction except that the roof may be of non-fireproof construction and there shall be no windows in the wall of such building except toward the west where there may be windows as shown, together with the access doors and pedestrian door; that there shall be no cellar under such extension and the floor shall be of concrete; that the motor vehicle repairing shall be as heretofore permitted and there shall be no collision work or fender repairing or any other heavy type of repairing; that there may be an additional use for the sale of used cars in the space to the East as indicated on plans for not over three cars; that the parking area as shown and proposed shall be maintained at all points with suitable planting material and properly protected with a concrete curbing 8 inches in height and 6 inches in width; that such fire-fighting equipment shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

78-52-BZ

APPLICANT—Howard H. Snyder, for 768 Corporation, owner.

SUBJECT—Application reopened November 18, 1958 for consideration as to extension of time to complete, expired October 24, 1956—decision of the Borough Superintendent, previously granted on condition, under section 7e of the Zoning Resolution, permitting in a residence use district, the extension of existing stores by converting living quarters in rear of stores to store use and permitting the alteration of one store front by the installation of new front door and show window.

PREMISES AFFECTED—66 East End Avenue, west side, 76 feet 8½ inches north of East 82nd Street, Block 1579, Lot 26, Borough of Manhattan.

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this appli-
cation and extension of time, to obtain permits and complete
the work, which had expired by time limitation on October
25, 1956; and

WHEREAS, this application was reopened on November
18, 1958 and set for hearing on December 9, 1958 at 10
A.M., subject to regular procedure, waiving all requirements
except a new decision of the Borough Superintendent and
two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application
on December 9, 1958 after due notice by publication in the
Bulletin; and

WHEREAS, the decision of the Borough Superintendent,
dated October 23, 1958 acting on amendment to Alt. Applic.
No. 1755-51, reads:

"A4. As the amended Board of Standards & Appeals
Case #78-52-BZ extended by resolution through Oct. 19,
1954 within the requirements of Sec. 22A has expired,
therefore the above request for an extension of time is
disapproved."

Resolved, that the Board of Standards and Appeals does
hereby *amend* the resolution adopted on June 10, 1952, as
thereafter amended by resolutions adopted through October
25, 1955, only so far as it has reference to the time within
which to obtain permits and complete the work, so that as
amended this portion of the resolution shall read:

"that all permits required shall be obtained and all
work completed within the requirements of Section 22A
of the Zoning Resolution from the date of this *amended*
resolution."

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this ap-
plication and extension of time, to obtain permits and com-
plete the work, which had expired by time limitation on
March 10, 1958; and

WHEREAS, this application was reopened on November 18,
1958 and set for hearing on December 9, 1958 at 10 A.M.,

subject to regular procedure, waiving all requirements except
a new decision of the Borough Superintendent and two pub-
lications in the Bulletin; and

WHEREAS, a public hearing was held on this application on
December 9, 1958 after due notice by publication in the
Bulletin; and

WHEREAS, the decision of the Borough Superintendent,
dated October 28, 1958 acting on amendment to Alt. Applic.
No. 181-55, reads:

"1. Change of use of 1st floor to iron works is con-
trary to Art. II, Sec. 4A, Zoning Resolution."

Resolved, that the Board of Standards and Appeals does
hereby *amend* the resolution adopted on September 10, 1957
only so far as it has reference to the time within which to
obtain permits and complete the work, so that as amended
this portion of the resolution shall read:

"that all permits required shall be obtained and all
work completed within the requirements of Section 22A
of the Zoning Resolution from the date of this *amended*
resolution."

482-57-BZ

APPLICANT—John Mashamesh, owner.

SUBJECT—Application June 28, 1957—decision of the
Borough Superintendent, under section 21 of the Zoning
Resolution, to permit in an E-1 area district, the exten-
sion of a one family dwelling that encroaches on the re-
quired rear yard.

PREMISES AFFECTED—46-14 316th Street, west side,
110 feet south of 46th Avenue, Block 7342, Lot 15, Bay-
side, Borough of Queens.

APPEARANCES—

For Applicant: John Mashamesh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application
on December 9, 1958 after due notice by publication in the
Bulletin; and

WHEREAS, the district maps accompanying the Zoning
Resolution show that the site, 215th Place and 47th Avenue
are in a residence use, D area, class 1 height district; 46th
Avenue and 216th Street are in D and E-1 area, class 1
height district; and

WHEREAS, the decision of the Borough Superintendent,
dated November 5, 1958 acting on Alt. Applic. No. 677-57,
reads:

"1. Proposed extension encroaches into the req'd rear
yard in a D district and is contrary to Sec. 14 of the
Z. R."

and

WHEREAS, the applicant states that the premises consist
of a plot, 35 feet frontage by 71.35 feet in depth, occupied
by a one family frame dwelling; that it is proposed to erect
an enclosure 11 feet by 9 feet 6 inches and one story in
height, to the rear of the dwelling for use as a porch, al-
lowing less than the required rear yard; and

WHEREAS, the applicant states that he is the third owner
of the property; that this application is being submitted to
legalize an existing rear extension, which was erected by
the original owner of the property without a permit; and

WHEREAS, the applicant contends that when he purchased
this home he filed a permit, on which he received an objec-
tion due to the fact that it protruded into the required rear
yard; that according to the Zoning Law, a fifteen foot rear
yard is required, but due to the extension there is a rear
yard of approximately 11 feet; that at present this exten-
sion is being used as a playroom for the children and also
a storing place for their bicycles and carriages; that the only

MINUTES

other place where these things can be stored would be in the basement, but there is no outside entrance therefore causing a great deal of trouble to carry these up and down and through the house; that this extension does not in any way hinder the appearance of the house or of the neighborhood, and none of the neighbors have any complaints against the extension; that in fact, they are trying to help in whatever way they can to legalize this extension; and

WHEREAS, the applicant states that he has held title to the property since July 1, 1957; that the assessed valuation of land is \$1,000 and of the building \$6,500 making a total of \$7,500; that the building was erected September 8, 1950; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the continuance of the existing enclosed porch as proposed and as shown on plans filed with this application marked "Received June 28, 1957", 3 sheets, and "May 14, 1958", 2 sheets, *on condition* that the porch shall be used as an integral part of the single family residence building and shall be used as a playroom and for the storage of play equipment; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

780-57-BZ

APPLICANT—Leonard F. Rothkrug and Anthony Salvati, for Carolina Di Sario, doing business as Artfloral Co., owner.

SUBJECT—Application October 22, 1957—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a retail use district, the maintenance and extension of an existing building and use occupied for the manufacturing of artificial flowers.

PREMISES AFFECTED—71-15 to 71-17 Grand Avenue, north side, 25.28 feet west of 72nd Street, Block 2505, Lot 79, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 18, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Grand Avenue, 71st Street and 72nd Street are in retail and residence use, D area, class 1 height districts; 54th Avenue is in a residence use, D area, class 1 height district; that on July 25, 1916 the premises was in a business use district and was rezoned to its present designation on March 25, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated October 7, 1957 acting on Alt. Applic. No. 969-55, reads:

"3. Proposed extension & change of store to factory use in a retail district is contrary to Art. II Sec. 4A of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 50.56 feet frontage by 101.25 feet in depth, irregular in area, on which are two frame buildings erected in 1909 for occupancy as retail stores and dwelling, and used and occupied since May 15, 1946 for the manufacture of artificial flowers; that it is proposed to maintain the buildings conjunctively for manufacturing of artificial flowers, and to erect a one story extension 14 feet by 24 feet 6 inches, irregular in area, to be used as a paint spray-room; and

WHEREAS, the applicant states that the premises was in a business use district until March 25, 1954; that the use was established in 1946 when the present owner assumed title; that business records, insurance policies and official documents are available to prove this use was established prior to the change of zone from business to retail and therefore constitutes a prior existing non-conforming use; that the neighborhood is almost completely developed; that all the buildings within the affected area were erected prior to 1954 when Grand Avenue was in a business use district and when the factory use was a permitted use; that the proposed extension is only one story in height, of small area and at the rear of the buildings; that the proposed extension cannot adversely affect any of the surrounding property, and will be used conjunctively with the use established in the existing buildings; and

WHEREAS, the applicant contends that there is no economic demand for use of the buildings as retail stores; that the neighboring area was developed many years ago and there has been little increase in the population to create a need for additional retail stores; that the existing stores more than adequately serve the needs of the community; that the manufacturing of artificial flowers does not constitute a use which would be objectionable to any surrounding property owners; that there are very few employees, no noisy machines and no undesirable odors; that further, it is proposed to repair the buildings and thereby improve the appearance; and

WHEREAS, the applicant states that the present owner has held title to the property since May 15, 1946; that the assessed valuation of land is \$10,000 and of the building \$4,000 making a total of \$14,000; that the building was erected in 1909; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which noted the condition of the frame buildings and also noted that the proposed extension will be of fireproof construction and recommended that the application be granted for such extension, under certain conditions; and

WHEREAS, the spraying material now being used does not appear to have been approved by the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of ten years, to permit the existing buildings to be extended and occupied for the manufacturing and storage of artificial flowers, as proposed and indicated on plans filed with this application, marked "Received October 22, 1957", 4 sheets and "April 17, 1958", 4 sheets, *on condition* that the present frame building shall be fire-retarded on the street floor as to interior walls and ceilings and that the proposed extension shall be of fireproof construction, as proposed and indicated on such plans; that all spraying of flowers shall take place in such extension; that the spraying material used shall be of a water base, non-inflammable type, as approved; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified by the Board this day under Cal. No. 19-56-A; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

19-56-A

APPLICANT—Dominick Salvati and Son for Carolina DiSario, owner.

SUBJECT—Application January 17, 1956—Appeal from a decision of the Borough Superintendent, re extension of frame building-factory.

PREMISES AFFECTED—71-15 to 71-17 Grand Avenue, north side, 20.28 feet and 25.28 feet west of 72nd Street, Block 2505, Lot 79, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 7, 1957 on Alt. Applic. 969/55, reads:

"1—Proposed extension of a frame building (the joining of two frame bldgs.) for artificial flowers assembly is contrary to 4.2.1 A.C.

2—No factory permitted in a frame bldg. located within 25' of a non fireproof building per sec. 270(2) Labor Law."

and

WHEREAS, the applicant states that the building has 1 and 2 stories, 10 and 20 feet in height, of class 4 construction, erected 1909, 43 feet front by 68.17 feet irregular in area at 1st floor, 25 feet front by 53.67 feet irregular in area at 2nd floor, located on a lot 50.56 feet front by 101.25 feet irregular in depth, located in a retail use, D area, class 1 height district, and used and occupied since May 1946 as follows: Cellar—ordinary use; 1st floor—2 stores; 2nd floor—1 family; that it is proposed to be increased in area on the 1st floor to 43 feet front by 74.51 feet irregular in depth, and used and occupied as follows: Cellar—ordinary use; 1st floor—manufacturing of artificial flowers, 7 persons; 2nd floor—dwelling, 1 family; that the building is provided with one 2 foot 8 inch wide interior wood stairs, enclosed in partitions of wood lath and plaster, equipped with wood doors, which are not self-closing; that stairhall leads direct to street but not to roof; and

WHEREAS, the applicant states that on this lot are 2 buildings, one 18 by 50 feet 6¾ inches irregular in area, 10 feet in height, occupied as a retail store until 1946 and the other 25 feet by 68 feet 2 inches irregular in area, 2 stories, 20 feet in height, occupied as a retail store on the 1st floor and dwelling for 1 family on the 2nd floor, erected 1909, class 4 construction, and now occupied since 1946 for the assembly and manufacturing of artificial flowers on the combined 1st floor of each building and as a dwelling for 1 family on the 2nd floor; and

WHEREAS, the applicant states that it is proposed to maintain for factory use on the combined 1st stories and to erect a 1 story extension 14 feet by 24 feet 6 inches in area, of class 3 construction, to be used as a paint spray room and to occupy the 2nd floor as a 1 family dwelling, for use of the owner; and

WHEREAS, the applicant states that according to the records of the Department of Buildings that in 1923 the building was used for the retail sale of dry goods and as a tailor shop; that the present owner purchased the premises in 1946 believing that the building was suitable for manufacturing artificial flowers; and

WHEREAS, the applicant contends that compliance with the requirements of the Administrative Code and the Labor Law would constitute unnecessary hardship and would require demolition of the buildings; that the buildings were erected in 1913 for commercial use on the 1st story; that the factory use is also a commercial use; that since the buildings were occupied and erected prior to 1913 and used for factory purposes prior to October 1, 1948; that the

provisions of Section 270 subdivision 2 are not applicable; that there is a cellar under the 2 story building, which will be used for ordinary use; that there is no cellar under the 1 story building; that it is proposed to comply with the live load requirements for the 1st story; that the cellar and 1st story ceilings will be fire retarded and the wall adjoining that of the building to the east similarly fire retarded; that the adjoining building is used as a bar and grill and is under constant supervision at all times when the factory is in operation; that to the west, there is a driveway used in conjunction with this occupancy and the adjoining building to the west has a side yard so that there is at least 10 feet vacant; that the exit facilities exceed the requirements of law; that the combined 1st floor area has less than 2500 square feet; that the horizontal opening between the buildings improves the exit facilities for both buildings; that the occupancy is limited to 7 employees; that the new extension will be of class 3 construction and used as a paint spray room in accordance with the Spray Rules of the Board and all painting will be limited to this area; and

WHEREAS, the premises was inspected by a committee of the board.

Resolved, that the decision of the Borough Superintendent, dated October 7, 1957, acting on Alt. Applic. 969/55, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall not be increased in height or area and that this variance shall continue only so long as the occupancy is as proposed with the second floor occupied as an apartment for the owner; and that the requirements of the resolution adopted this day under Cal. No. 780-57-BZ shall be complied with.

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 28, 1958 after due notice by publication in the Bulletin; laid over to November 18, 1958, for applicant to file new decision of the Borough Superintendent and revised plans—longitudinal section; hearing closed; then to December 9, 1958; for inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 109th Avenue, 223rd Street, 225th Street and 110th Avenue are in a residence use, G-1 area, class ½ height district; that as of July 25, 1916 it was a class 1 height, D area district; that on June 30, 1952 the height designation was changed from 1 to ½ and on May 1, 1925 the area was changed from D to F and on June 30, 1952 from F to G-1; that there are no present changes pending before the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated March 11, 1958 acting on Alt. Applic. No. 345-58, reads:

MINUTES

"1. The proposed change of occupancy from a one to two family dwelling in a G-1 district is contrary to Article IV Sect. 16c of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 80 feet frontage by 90.95 feet in depth, irregular; that it is proposed to install a kitchen and this entire floor occupied by one family; and

WHEREAS, the applicant states that although there are no records available in the Building Department for this building, the legal occupancy of which is one family dwelling; that the building has three floors—attic, first and cellar; that the first floor has a kitchen and bath room which will be used for the one family on this floor; and

WHEREAS, the applicant further states that the new partition work shown on the first floor plan of proposed conditions has already been accomplished, but this work was not shown as now existing; that this work was done before the owners realized that they could not legally convert this building from a one to a two family house because of zoning; that no changes in the exterior of the building or the remainder of the plot are contemplated; and

WHEREAS, the applicant contends that there are other two family homes in the area, but whether or not they are legal is not known to him, but they have previously been converted and are now being used as two family homes; and

WHEREAS, the applicant states that the present owners have held title to the property since June 27, 1957; that the assessed valuation of land is \$3,100 and of the building \$3,700 making a total of \$6,800; that the building was erected in 1936; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the change of occupancy of the existing one-family dwelling to a two-family dwelling substantially as proposed and indicated on plans filed with this application marked, "Received April 1, 1958," 4 sheets, and "November 14, 1958," 3 sheets, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with the requirements for a two-family dwelling as shown; and that all permits shall be obtained and all work completed and a New Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

246-58-BZ

APPLICANT—Victor G. Madonia, for Dominick Iandoli, owner.

SUBJECT—Application April 21, 1958—decision of the Borough Superintendent, under Section 7c and 21 of the Zoning Resolution, to permit on a lot partly in a local retail D district and partly in a residential G district, the extension of the local retail use into the residence use district, where a proposed building will be used as a cabaret, bar, restaurant and catering establishment with parking facilities for more than five (5) cars for patrons no fee. The proposed building will occupy more than the permitted area in a G district and located less than 15 feet from the rear yard line.

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 18, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 227th Street and 228th Street is in local retail and residence use, D and G area, class ½ height districts; Northern Boulevard is in a local retail use, D area, class ½ height district; 46th Avenue is in a residence use, G area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 3, 1958 acting on N.B. Applic. No. 4304-57, reads:

"1. The erection of a structure to be used as a Cabaret, Bar, Restaurant and Catering Establishment, parking of more than 5 cars for patrons (no fee to be charged) in the Residence portion of a lot partly in a Retail Use District and partly in a Residence Use district is contrary to Art. II Sec. 3 of Zoning Resolution.

"2. The erection of a building less than 15' to the rear line of the lot in a G area district is contrary to Art. III Sec. 16-B(d) of Zoning Resolution.

"3. The erection of a building in a G area district occupying more than 30% of area of the lot is contrary to Art. III Sec. 16-B(e) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 340 feet frontage by 159 feet in depth, irregular, presently vacant, having six sides and shaped so as to present practical difficulties in situating a building on it to conform to all requirements of the Zoning Resolution and still be able to build economically; that it is proposed to erect a one story structure of class 3 construction; that its shape is irregular, conforming to the shape of the plot and is set back from Northern Boulevard 160 feet and from 227th Street, 22 feet, the setback from Northern Boulevard being intended to locate the parking facilities nearest to the business area; that the building is 178 feet long, facing 227th Street and 55 feet deep along its north side, parallel with Northern Boulevard; that it is 135 feet long on its south side, which runs parallel to the south property line; that the rear of the building is 240 feet long, running parallel to the rear lot line and abutting it for 135 feet, thereafter setting back seven feet for 35 feet, and five feet for 70 feet; and

WHEREAS, the applicant states that the area in which this plot is located is a great swamp area through which Alley Creek flows into Little Neck Bay, and presents great difficulties, both practical and economic, to the development of the land for residential use; that the only part of the affected area now being used abuts Northern Boulevard on both sides; that this area is occupied by a luncheonette, a miniature golf course, auto repair shop and used car salesroom, a gas station, auto junk yard, a contractor's office and storage yard, two newly constructed stores and a bakery; that the extremely high cost of construction in this area, because of the necessity of land filling, pile driving and the use of reinforced concrete for foundation work, dictates that the site be used for a purpose which is economically sound; that the cost of residential construction would be prohibitive to prospective buyers because of the reasons mentioned above; that the location, unattractive not only because of its proximity to the type of business now in existence along Northern Boulevard, but also because of the hazards to children now in existence along Northern Boulevard, because it is a heavily trafficked thoroughfare; and

WHEREAS, the applicant further states that the proposed building will occupy 44% of the site, the amount of coverage allowed being 70% of 3,216 square feet, equal to 2,251 square feet, and 30% of 34,796 square feet equalling 10,439 square feet, or a total of 12,690 square feet, which is 4,010 square

MINUTES

feet less than the proposed size; that however, if the entire plot were located in the D area district, the permitted coverage would be 70% of 3,216 square feet, equalling 2,251 square feet, and 55% of 34,796 square feet, equalling 19,138 square feet, or a total of 21,389 square feet, which is 4,689 square feet more than the proposed size; that the building is long and narrow for the function it must serve; that the setbacks along its front are necessary not only by law, but also to permit sufficient landscaping of area to enhance its esthetic appearance, which is a necessity for the type of business it is proposed to conduct; that if the building is further narrowed by setting back a minimum of fifteen feet along its rear lot line, it would in effect make the building so narrow that it would be impossible to provide the proper size facilities which must be a part of the building in order to function as proposed; and

WHEREAS, the applicant contends that the owner has several times attempted to purchase property surrounding the affected plot in order to provide additional yard space to conform to the yard restrictions of the Zoning Law, but has been unsuccessful even though generous offers were made; that reducing the size of the proposed building would make it economically unsound for the owner to build, thus creating a severe hardship on him; and

WHEREAS, the applicant states that the present owner has held title to the property since December 16, 1957 and that the assessed valuation of land is \$4,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee is of the opinion that the premises are not of sufficient area for the purpose and necessary parking of cars which would require an area greater than proposed and the committee recommends that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 4304-57, Objections No. 1, 2 and 3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

268-58-BZ

APPLICANT—James E. Vassalotti, for Aufrichtig Brothers Dairy Products, owner.

SUBJECT—Application April 28, 1958—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a retail use, C area district, the erection of a one story extension to an existing two story building to enlarge the permitted area coverage and does not provide the required rear yard.

PREMISES AFFECTED—315 Brighton Beach Avenue (311A displayed), north side 60 feet west of Brighton 4th Street, Block 7284, Lot 1198, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 18, 1958, after due notice by publication in the Bulletin; laid over to December 9, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Brighton Beach Avenue

are in a retail use, C area, class 1 height district; Brighton 3rd Street and Brighton 4th Street are in retail and residence use, C area, class 1 height districts; that as of April 25, 1916 the premises were in a business use district and received the present retail use designation on June 22, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated April 9, 1958 acting on Alt. Applic. No. 952-58, reads:

"1. The proposed extension to the existing building on the first floor to cover 100% the area of the lot is contrary to Art. IV Sect. 13c of the Zoning Resolution.

2. The omission of a rear yard on a plot located in a "C" area district and in a "Retail" use district is contrary to Art. IV Sect. 17b of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 feet frontage by 100 feet in depth, presently developed with a two story building of class 3 construction, having a frontage of 20 feet and a depth of 84 feet 6 inches, and now occupied as follows: cellar—storage; first floor—store; second floor—one family; that it is proposed to erect a one story extension 15 feet 6 inches by 20 feet, of class 3 construction, to cover the entire open area at the rear of the present building; that the present store is now being operated as a small supermarket and the additional space is now required in order to meet present day competition; and

WHEREAS, the applicant states that the building was erected under N.B. Applic. No. 12327-21 for use as a store and two family; that the building was later altered under Report No. 889-23 and the use given as follows: cellar—storage; first floor—store and one family; second floor—corset showroom and one family; that the building was further altered under Alt. Applic. No. 3314-38 and the use given as two stores and one family, for which use Certificate of Occupancy No. 87704 was issued; that the last alteration on record was Alt. Applic. No. 3946-47, under which application the present one story extension 22 feet 10 inches in length was erected; that the work was accepted as satisfactory by the Department of Buildings on February 8, 1950; and

WHEREAS, the applicant contends that the omission of the rear yard cannot affect the adjoining properties inasmuch as the building on lot 1201 now extends to the rear lot lines, the buildings on lots 1200 and 1196 now extend to within five feet of the rear lot line and the shed on adjoining lot 1199 now extends to within three feet of the rear lot line; and

WHEREAS, the applicant states that the present owner has held title to the property since March 7, 1940; that the assessed valuation of land is \$10,000 and of the building \$8,000 making a total of \$18,000; that the building was erected in 1921; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions, one of which is as to reduction in depth of the extension so as to leave not less than five feet open to the rear lot line; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21, substantially as proposed and indicated on plans filed with this application, marked "Received April 28, 1958", 5 sheets, *on condition* that the proposed extension shall not extend nearer than five feet to the rear lot line; that there shall be no windows in the rear wall; that suitable fencing shall be constructed on the rear lot lines; that such extension shall be solely for the use of the tenant on the first floor of the building; as proposed; and that in all other respects

MINUTES

the extension shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

312-58-BZ

APPLICANT—Abraham Grossman, for Mary Geogas, Executrix for Estate of Thomas Geogas, owner; Michael Lifson, lessee.

SUBJECT—Application May 19, 1958—decision of the Borough Superintendent, under section 7A of the Zoning Resolution to permit in a business use district, in an existing five (5) story and cellar structure, the relocation of the illuminating sign, an increase in the size of the show windows and a wall sign for use by the store that occupies the ground floor, the show windows and sign are within 75 feet of a residence use district.

PREMISES AFFECTED—466 West 23rd Street, south side, 46 feet east of 10th Avenue, Block 720, Lot 80, Borough of Manhattan.

APPEARANCES—

For Applicant: Abraham Grossman and Michael A. Lifson.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 18, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Tenth Avenue are in a business use, B area, class 2 height district; West 22nd Street and West 23rd Street are in business, residence and retail use, B area, class 2 height districts; Ninth Avenue is in a retail use, B area, class 2 height district; that this property was originally zoned as an unrestricted use district until November 13, 1936 when the use district was changed to business; that the height and area designations have not changed; and

WHEREAS, the decision of the Borough Superintendent, dated May 9, 1958 acting on Alt. Applic. No. 529-58, reads:

"A1. Proposed enlarging of show window and proposed installation of signs as noted on plan in a business use district that is located within 75' of a residential use district is contrary to Sec. 7A of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 22 feet frontage by 98 feet 9 inches in depth, that the building was erected as a private dwelling, later used as a store and class B furnished rooms; that the existing store has been used as such for at least thirty years; that it is proposed to occupy the basement store in No. 466 West 23rd Street, and in order to occupy this store, it is necessary to increase the size of the display window and to relocate the present illuminated sign from No. 464 to No. 466 West 23rd Street; that it is also necessary to erect a wall sign over the display window; that all signs will comply with all requirements of the Zoning Resolution; and

WHEREAS, the applicant contends that an inspection of the neighborhood discloses the commercial character of the south side of West 23rd Street; that the site is 46 feet from Tenth Avenue, which is a commercial avenue, whereas the site is surrounded by stores—No. 464 is the location of the liquor store; No. 468—restaurant and bar, and No. 470—restaurant; that the neighborhood contains run down furnished room houses; that the enlarging of the display window with the construction of a modern store front will

enhance the neighborhood; that the building to the east of No. 466, known as No. 464, is completely within the business use district and the building east of No. 464, and adjacent thereto, known as No. 462, is partially within the business use district; and

WHEREAS, the applicant states that the present owner has held title to the property since April 5, 1944; that the assessed valuation of land is \$22,000 and of the building \$9,000 making a total of \$31,000; that the building was erected in approximately 1880; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommends to permit the removal of the existing approved illuminated sign on the building at 464 West 23rd Street, Lot 79, to a similar position on the front of the building as proposed on Lot 80; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7A paragraph d to permit the removal of the existing sign on the present building on Lot 79 to the position on Lot 80 as proposed and indicated on plans filed with this application marked, "Received May 19, 1958," 6 sheets and "October 22, 1958," 1 sheet, *on condition* that in all other respects the signs, building and occupancy shall comply with all laws, rules and regulations applicable thereto; that a sign flat against the wall over the show window may be permitted as indicated on plans above cited; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

343-58-BZ

APPLICANT—Ingram S. Carner, for Eliot Motors, owner.

SUBJECT—Application May 27, 1958, decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, office, sale of accessories, car wash—non-automatic, minor automobile repairs with hand tools only, lubritorium, storage and parking of more than five (5) motor vehicles waiting to be serviced for a stated term of fifteen (15) years.

PREMISES AFFECTED—1301 Jerome Avenue, and 1 Clarke Place, northwest of corner, Block 2856, Lot 56, Borough of The Bronx.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Burdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 5, 1958 after due notice by publication in the Bulletin; and laid over to November 12, 1958, for continued hearing after applicant has filed revised plans; then to December 9, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Jerome Avenue are in a business use, B area, class 1½ height district; West Clarke Place and West 170th Street are in business and unrestricted use, B area, class 1½ height districts; Inwood Avenue is in an unrestricted use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 5, 1958 acting on N.B. Applic. No. 385-58, reads:

"1. The proposed gasoline service station, lubritorium, car washing, non-automatic, auto repairs, hand tools

MINUTES

only, office, sales & storage of auto accessories & parking of more than five motor vehicles awaiting service in a business zone is contrary to Article II Sec. 4 of the Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 163 feet frontage by 64.5 feet in depth, irregular, now used for the free parking lot for adjacent market; that it is proposed to erect and maintain for a stated period of fifteen years, a modern gasoline service station, office, sales of auto accessories, non-automatic car washing, minor automobile repairs with hand tools only, lubricatorium, storage and parking and storage of more than five motor vehicles waiting to be serviced, all in accordance with plans of proposed conditions filed herewith and subject to such conditions, limitations and safeguards as the Board may deem appropriate; and

WHEREAS, the applicant states that there is an economic demand for the development of the subject premises as proposed, as the property is located along Jerome Avenue which is a wide and heavily trafficked automobile thoroughfare; that the premises could be developed substantially as proposed so as to yield a fair return on the owner's investment, and a major oil company has entered into a purchase and/or lease agreement of the premises, conditioned on its development as proposed; that the proposed use would not alter the essential character of the neighborhood as the premises is situated in a business use district and backs up to an unrestricted use district; that a grant of the instant application, subject to the numerous conditions and safeguards customarily imposed by the Board, will safeguard adjoining properties to a far greater extent than if the property were to be developed with a conforming use such as manufacturing, warehouse, bar and grill, drive-in refreshment stand, etc., in the business use district; that all the foregoing could be established without a variance and without the customary safeguards for the protection of adjoining property owners; that the proposed buildings, being set back more than 23 feet from Jerome Avenue building line, will insure greater traffic safety by giving clear visibility to traffic at the intersection, where as a conforming use structure could theoretically be built flush to the building lines at the corner, partially obscuring the intersection and thereby endangering traffic; that the proposed gas station would not create any additional traffic but would be supported by the heavy automobile traffic which now exists and therefore would neither create nor add to traffic or parking congestion in the area; that the use of a gas station necessarily requires the crossing of the sidewalk by automobiles in order to reach the service area; that the proposed use, however, would have no greater effect upon the safety of pedestrians using the crosswalk in front of the premises than now exists, or if the property were to be devoted to any number of conforming uses which would be unconditionally established and which would likewise involve vehicles crossing the sidewalk, and which involve precisely the same, or even greater inconvenience to the neighborhood; and

WHEREAS, the applicant contends that the proposed uses of the premises would provide more light and ventilation to adjoining properties than if the premises were to be developed with a conforming use, as the proposed building is limited to one story, 14 feet in height and 1706 square feet in area; that a conforming use structure could theoretically be erected to occupy the entire area of the lot—one story in height—approximately 10,000 square feet, whereas the proposed building will occupy only approximately 17% of the total area of the plot, leaving a total unbuilt upon area of approximately 83% of the plot; that a conforming use structure could theoretically be erected to a height of 125 feet along the Jerome Avenue Building line, where as the proposed structure is limited to only one story, 14 feet in height; that a grant of this application would do substantial justice in that it would permit the property to be developed for the only beneficial manner for which there exists an economic demand, without adversely affecting anyone and without altering the essential character of the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since March 1, 1944 and that the assessed valuation of land is \$25,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7 f, for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto, substantially as proposed and indicated on plans filed with this application, marked "Received May 27, 1958", 5 sheets, and "November 10, 1958", 2 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the site shall be graded substantially to the grade of Jerome Avenue, and constructed and arranged as indicated on such plans; that the accessory building shall be of the design and arrangement shown; that there shall be no cellar; that in all other respects the building shall comply with the requirements of the Building Code; that it shall be faced with face brick on all sides; that from the accessory building along the rear lot line to Clarke Place there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; that curb cuts shall be restricted to one to Clarke Place not over 30 feet in width and four to Jerome Avenue of the size as shown; that no portion of any curb cut shall be nearer than 5 feet to a lot line as prolonged; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line, as indicated on revised plan marked "Received November 10, 1958"; that the number of gasoline storage tanks shall not exceed twelve 550 gallon tanks; that the plot where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that the wall of the adjoining building shall be faced or stuccoed, with that owner's permission, so as to eliminate all signs thereon; that signs shall be limited to a permanent sign attached to the facade of the accessory building, facing Jerome Avenue and the illuminated globes of the pumps, excluding all roof and temporary signs and advertising devices, but permitting the erection of a post standard within the intersection of Clark Place and Jerome Avenue for supporting a fixed sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend not more than 4 feet beyond the building line; that under Section 7i for a similar term there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that under Section 7h for a similar term there may be parking and storage of more than five motor vehicles awaiting service, provided such parking is maintained where it will not interfere with the servicing of the station; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

367-58-BZ

APPLICANT—Henry Nordheim, for Michal Paniewski, owner.

SUBJECT—Application June 10, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a residence use district, the continuance of a recently erected one family dwelling without the required accessory parking space.

PREMISES AFFECTED—1548 Dwight Place, east side, 200 feet east of Ampere Avenue, Block 5411, Lot 279, Borough of The Bronx.

MINUTES

Absent: Vice Chairman Keating and Commissioner
Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Dwight Place, Ampere Avenue, Griswald Avenue and Robertson Place are in a residence use, E-1 area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 5, 1958 acting on amendment to N.B. Applic. No. 660-55, reads:

"1. Show facility for parking of one car on premises in accordance with Sec. 19-B(d)(2) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 100 feet in depth; that the site in question is one of but four lots that were laid out at a 25 foot frontage of the total of 14 plots that are 37 to 50 feet in this entire block front, and from all appearances no one wanted such a narrow plot until this owner purchased it on March 28, 1955; that the surface was and still is over eight feet below the filed grade of 19.02 at curb; and

WHEREAS, the applicant states that on April 13, 1955 the owner had plans filed for a one story frame dwelling 18 by 35 feet and 11 feet high, four rooms and bath; that in order to construct this building it was necessary to erect foundations four feet in the ground, plus nine feet, a total of 13 feet, in order that the first floor level might be at least four inches above the filled grade; that the owner personally constructed the foundation walls and all the frame walls and general carpentry—in fact, all work except the plumbing; that in reading the plan he assumed the house must be 28 feet back of the curb, and being short of funds he did not get a survey, and therefore his front yard is of insufficient depth to park a car between the building line and the front wall of his building; that he also assumed that he was not making any mistake for the reason that the two adjoining residences on either side of his building are on the same line with his; and

WHEREAS, the applicant states that the present owner has held title to the property since March 28, 1955; that the assessed valuation of land is \$400 and of the building \$6,600 making a total of \$7,000; that the building was erected in 1956; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, it appears that the dwelling was erected under plans approved under N.B. Applic. 660/55 on the statement that the premises were at that time within an E zone; and

WHEREAS, the record indicates that the premises were actually changed in 1953 to an E-1 zone but the Department may not have been so informed; and

WHEREAS, the requirement of the Zoning Resolution is for a garage or parking facility for a dwelling under Section 19B which was adopted in March 1954.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under section 19 subdivision d to permit the omission of the one car parking requirement on condition that the building in all other respects complies with all laws, rules and regulations applicable thereto and

as approved when constructed under N.B. Applic. 660/55; that this action is taken by the Board as permitted under Section 19d; that all permits shall be obtained and all work completed and a Certificate of Occupancy obtained within six months from the date of this resolution.

380-58-BZ

APPLICANT—Robert Gottlieb, for Jacob Zeisler, owner.
SUBJECT—Application June 17, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a business and local retail use district, the use of the local retail in conjunction with the business portion for a parking lot for the parking and storage of more than five (5) motor vehicles for a stated term of five (5) years.

PREMISES AFFECTED—720 Astor Avenue, south west corner of Cruger Avenue, Block 4343, Lot 36, Borough of The Bronx.

APPEARANCES—

For Applicant: Benjamin Zlochowier.
For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 18, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Astor Avenue are in business and local retail use, C area, class 1¼ height district; White Plains Road is in a business use, C area, class 1¼ height district; Cruger Avenue is in local retail and residence use, C area, class 1¼ height districts; Pelham Parkway is in residence use, C area, class 1¼ height districts; that the plot is located primarily in a local retail use zone, with a very small portion—northwest—in the business zone; that the entire plot had been business until changed to local retail in May, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated May 26, 1958 acting on Alt. Applic. No. 414-58, reads:

"1. Parking and storage for more than 5 motor vehicles partly in a local retail use district is contrary to Art. II Sect. 4-c of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 100 feet in depth, presently vacant; that it is proposed to level off the plot, fence it in and operate it as a parking lot on an assigned space basis, with monthly rentals; and

WHEREAS, the applicant states that the plot adjoins a gas station to the west and two new six-story apartment houses to the south; that both houses have off street parking facilities, but not enough to take care of all cars; that also, one block to the east, on Holland Avenue, are five large six-story apartment houses, all without off street parking; that the present and the newly erected stores on Astor Avenue and the proximity of a large shopping center on White Plains Road in Block 4343, Lot 5, provide sufficient stores for the immediate population, so that the owners do not contemplate erection of stores on this property; that the owner hopes to obtain some revenue from this expensive plot and also to fill a need for off street parking in the neighborhood; and

WHEREAS, the applicant contends that the proposed parking lot would not adversely affect any of the properties in the vicinity and would help fill an urgent need for off street parking; and

WHEREAS, the applicant states that the present owner has held title to the property since January 15, 1957 and that the assessed valuation of land is \$15,000; and

MINUTES

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the plot to be occupied for the parking and storage of motor vehicles of the pleasure car type only substantially as proposed and indicated on plans filed with this application marked "Received June 17, 1958," 3 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the plot shall be leveled substantially to the grade of Astor Avenue and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on all lot lines where walls of adjoining buildings do not occur or where existing woven wire fences or fence walls do not occur on the lot line, a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches with no openings therein except one to Astor Avenue not over 12 feet in width with a curb cut opposite of similar width; that such opening in the fence shall be equipped with a gate of similar material and kept closed and locked at all times when the parking lot is not in operation; that the spaces in the parking lot shall be assigned to car owners, who shall be furnished with a key to the lock in the gate; that signs shall be restricted to one sign attached to the fence advertising the storage use, rate charged and other information required by the Commissioner of Licenses; that such sign shall not exceed five square feet and shall be attached to the fence and shall not be illuminated nor extend beyond the building line; that such appliance for firefighting shall be maintained as the Fire Commissioner shall require; that during the term of variance the premises shall be occupied for no other use and no building shall be erected thereon; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

388-58-BZ

APPLICANT—Max Siegel Associates, for Unimer Realty Corp., owner.

SUBJECT—Application June 23, 1958—decision of the Borough Superintendent, under sections 7b, 7h, 7A and 21 of the Zoning Resolution, to permit in a retail and residence use, C and D-1 area district, the erection of a one story extension to the existing building occupying more than the permitted area in a C area district and extending the use from the retail portion to the residence portion of the plot and accessory parking extending into the residence use portion with curb cuts within 75 feet of the residence use district.

PREMISES AFFECTED—3480-3488 Boston Road and 3370 Corsa Avenue, northeast corner, Block 4743, Lot No. 1, Borough of The Bronx.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-

ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 18, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Corsa Avenue and Eastchester Road are in retail and residence use, C and D-1

area, class 1 and class ½ height districts; Boston Road is in a retail use, C area, class 1 height district; Givan Avenue is in a residence use, D-1 area, class ½ height district; that the existing tax lot was originally zoned for business and residence use, C area, class 1 height; that the use, height and area were changed from time to time, as follows: from business and residence to retail and residence—January 25, 1957; from class 1 height to class 1 and class ½ height—August 26, 1954; from C area to C and DD area—August 26, 1954; from C and DD area to C and D-1 area—March 27, 1958; and

WHEREAS, the decision of the Borough Superintendent, dated June 20, 1958 acting on Alt. Applic. No. 520-58, reads:

"1. Proposed extension for commercial use located in the residence use district portion of lot is contrary to Sec. 3, Z.R.

2. Proposed extension exceeds building area permitted in C area portion of retail use portion of lot and is therefore contrary to Sec. 13(b) Z.R.

3. Proposed extension of motor vehicle parking accessory to commercial use from retail use into residence use portion of lot is contrary to Sec. 3, Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.01 feet frontage by 121.06 feet in depth, irregular, now developed with a one story, class 3 building occupied as a bank and offices with accessory parking in the retail use portion of the lot; that the existing building has a frontage of 90 feet on Boston Road and 75 feet on Corsa Avenue, irregular in shape, and with open spaces around the building; that it is proposed to extend the existing commercial building, in part, at the rear of the lot for additional offices for the existing tenant, and to use the open space of the entire lot at the rear for their off street parking facilities; that this parking will be limited to tenants, employees and patrons; and

WHEREAS, the applicant states that this building was erected in 1950 under N.B. Applic. No. 1477-50 and later extended in 1954 under Alt. Applic. No. 658-54; that upon completion of this alteration, Certificate of Occupancy No. 20845 was issued for the uses as now exist; that the subject premises is a single tax lot since the original Zoning Resolution and is now located in a retail and residence use district, the retail portion being in a C area, class 1 height district and the residence portion in a D-1 area, class ½ height district; and

WHEREAS, the applicant contends that the proposed extension is on a lot qualifying for a variance under the specific provisions of Section 7(b); that the additional building area requested is solely within the retail C area of the plot and is so located as not to affect anyone; that limiting the area to the strict letter of the law will serve no useful purpose and cause practical difficulties to the owner; that part of the area of the proposed extension within the residence D-1 area conforms to the strict letter of the Zoning Resolution; that permitting additional accessory parking will tend to benefit the surrounding neighborhood by relieving the street parking and at the same time permit a practical use of a lot for a much needed and recognized accessory off street facility, common to all use districts; that a grant of this application will permit the owner to make a logical and beneficial use of its property, without in any way being detrimental to or adversely affecting the character of the existing neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since 1948; that the assessed valuation of land is \$35,000 and of the building \$65,000 making a total of \$100,000; that the building was erected in 1950; and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions b, h and A of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to

MINUTES

warrant exercise of discretion to grant under Sections 21, and is therefore entitled to relief, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of twenty years, to permit the construction of the proposed parking lot, as indicated on plans filed with this application, marked "Received June 23, 1958", 5 sheets, *on condition* that such portion of the premises shall be graded substantially to the level of Corsa Avenue and paved with concrete; that there shall be erected on the building line a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches and a similar fence shall be erected along the rear line for the full depth of 100 feet, as shown; that there may be an opening in the fence to Corsa Avenue, which shall be fitted with gates and which shall be closed when the Bank is not in operation; that opposite such opening there may be a curb cut not more than 15 feet in width; that the sidewalks and curbing abutting Corsa Avenue shall be constructed or repaired to the satisfaction of the Borough President; that under Section 21 as to area and Section 7b as to extension of building, there may be an extension of the building behind such parking lot, as shown, complying in all respects with the Building Code and any excavation that may be necessary in connection with the construction of such building shall have its material which has been removed therefrom placed on the adjoining lot under the approval of the Department of Real Estate of the City of New York; and that in all other respects the building, occupancy and use shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

391-58-BZ

APPLICANT—Lama, Proskauer & Prober, for Ann Syracuse, owner.

SUBJECT—Application June 25, 1958—decision of the Borough Superintendent, under sections 7c and 7h of the Zoning Resolution, to permit in a retail and residence use district, the extension into the residence portion of the plot of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—1312-1318 Taylor Avenue, east side, 97.27 feet north of Westchester Avenue, Block 3878, Lots 12, 13, 14, and 15, Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 18, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Taylor Avenue and Theriot Avenue are in retail and residence use, D area, class 1 height districts; Westchester Avenue is in a retail use, D area, class 1 height district; McGraw Avenue is in a residence use, D area, class 1 height district; that part of the premises within 100 feet of Westchester Avenue is in a retail use district and the balance of the premises is in a residence use district; that as of July 25, 1916 that part of the premises within 100 feet of Westchester Avenue was in a business use district and the entire premises were in a class B area district and a class 1¼ height district; that the present area designation,

height designation and use designation for that part of the premises within 100 feet of Westchester Avenue became effective April 26, 1943; and

WHEREAS, the decision of the Borough Superintendent, dated June 18, 1958 acting on Alt. Applic. No. 342-58, reads:

"1. Proposed use of parking & storage of more than five motor vehicles partly in a residence use district is contrary to Art. II Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 95 feet in depth, presently vacant; that it is proposed to extend the permitted use of parking and storage of more than five motor vehicles, for a temporary period of five years, from the retail use district portion of the plot into the residence use district portion of the plot; and

WHEREAS, the applicant contends that the extension of the said permitted use of parking and storage of more than five motor vehicles into the residence use portion of the plot is for a temporary period of five years only and will not affect any of the adjoining property owners any more than the two non-conforming garages on lots 17 and 18 in the same block; that the land is high in assessed value, so that it is mandatory for the owner to put this land to some use that will give him an equitable return on his investment and help him to pay the high City taxes; that the property in question was lost to the City for tax reasons, which proves conclusively that this property cannot be used for a conforming use at this time; and

WHEREAS, the applicant states that the present owner has held title to the property since June 3, 1957 and that the assessed valuation of land is \$11,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the proposed parking use in the retail and residence zone substantially as proposed and indicated on plans filed with this application marked, "Received June 25, 1958," 4 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Taylor Avenue and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches with no openings therein except two to Taylor Avenue for entrance and exit, each not over 15 feet in width with curb cut opposite of similar width; that such fence may be omitted where masonry walls of adjoining buildings or retaining walls above the height of the fence herein required exist; that the sidewalk and curbing in front of the premises shall be constructed or restored to the satisfaction of the Borough President; that the openings for exit and entrance shall be fitted with gates of similar construction as the fence and which will normally be kept closed when the parking lot is not in operation; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that during the term of this variance no other use and no building shall be erected thereon; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

423-58-BZ

APPLICANT—Leonard F. Rothkrug, for Brooklyn Physicians and Surgeons Telephone Service, Inc., owner.

SUBJECT—Application July 15, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit on a plot partly in a business and partly in a residence use district, the change in use from multi-

MINUTES

ple dwelling for four (4) families to a telephone answering service on the basement story and multiple dwelling for three (3) families, for a term of ten (10) years.

PREMISES AFFECTED—483 Clinton Avenue, east side, 92.08 feet north of Fulton Street, Block 1977, Lot 5, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 18, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Clinton Avenue and Gates Avenue are in business and residence use, B area, class 1½ height districts; Fulton Street and Waverly Avenue are in a business use, B area, class 1½ height district; that there has been no change in zoning since July 25, 1916 and no change is pending at the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated June 17, 1958 acting on Alt. Applic. No. 3526-57, reads:

"3. Proposed business use in basement is contrary to Article 2 Section 3 of the Zoning Resolution in that building is partly in business and residence use."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 feet frontage by 120 feet in depth, on which is located a basement and three story building, 46 feet in height, 20 feet by 58 feet, 2 inches in area, erected under N.B. Applic. No. 212-1883 as a one family dwelling, and altered under Alt. Applic. No. 5100-41 and occupied in accordance with Certificate of Occupancy No. 10466, issued March 5, 1942, as a class A converted dwelling for four families; that it is proposed to occupy the basement story only, as a telephone answering service office, and maintain the upper three stories as a multiple dwelling for three families; and

WHEREAS, the applicant states that the owner presently operates a telephone answering service on the basement story; that the business use is limited to several switchboard operators; that no external alteration of the building is necessary or proposed in this application; and

WHEREAS, the applicant contends that the proposed use is in the nature of a conforming professional office use in a residence use district; that the telephone answering service is a necessary accessory use to the professional office uses permitted in a residence district; that the owner provides the service principally to doctors, dentists and similar professionals; that if the service was located within each physician's office, it would be a permitted use; and

WHEREAS, the applicant further contends that the use is a permitted use in the business use district portion of the premises; that the location of a telephone answering service office is limited by the facilities of the telephone company; that because the area served is customarily a residential area, the location of the answering service must be in the residence zone; that a grant of the variance will not adversely affect any surrounding property owners; that the office is conducted without any show windows or other evidence of a business office; that there are no visitors or customers and all business is conducted by telephone; and

WHEREAS, the applicant states that the present owner has held title to the property since July 28, 1948; that the assessed valuation of land is \$5,200 and of the building \$14,800 making a total of \$20,000; that the building was erected prior to 1883; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee

recommends that the use of the basement as a telephone exchange should be permitted for a term of years; and

WHEREAS, the building is partly in a business use district and partly in a residence use district; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7 e for a term of ten years, to permit the basement of the existing multiple dwelling to be occupied as a telephone answering service as proposed and indicated on plans filed with this application marked, "Received July 15, 1958," 4 sheets; that the multiple dwelling occupy above the basement shall be maintained in accordance with the requirements thereof; and that all permits shall be obtained and all work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—Nathan Lubroth, for Albert I. Cohan, owner. John Farmakides, lessee, doing business as; J. and J. Co.

SUBJECT—Application July 23, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit the change in classification of a storage building to a garage and repairs of more than five (5) motor vehicles.

PREMISES AFFECTED—37-08 24th Street, west side, 52.12 feet, south of 37th Avenue, Block 366, Lot 32, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Nathan Lubroth.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper... 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a business use, B area, Class 1¼ height district; 37th Avenue and 24th Street are in business and unrestricted use, B area, class 1¼ height districts; 23rd Street and 38th Avenue are in unrestricted use, B area, class 1¼ height district; that the entire area within the 500 foot radius was designated as an unrestricted use, B area and 1½ height zone in 1916; that on July 28, 1924 approximately 40% use was changed to business and manufacturing, the balance remaining as unrestricted; that the entire block on which the premises in question is located still remains unrestricted, except for the 100 foot by 100 foot southeast corner, including the premises in question; and

WHEREAS, the decision of the Borough Superintendent, dated June 23, 1958 acting on Alt. Applic. No. 1135-58, reads:

"1. Proposed change in use from storage to garage for more than 5 cars and repairs of motor vehicles of a building located in a business use district is contrary to Art. 2, Sec. 4(a), items 15 and 29 of the Z.R." and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 92 feet 8 inches in depth, on which is located a one story masonry building of the same size, of class 3 construction, erected under N.B. Applic. No. 8420-27, for which Certificate of Occupancy No. 34675 was issued on January 25, 1928 as storage; and

WHEREAS, the applicant states that on October 17, 1927,

MINUTES

before the Certificate of Occupancy was issued, Fire Department Plan No. 2524/27 was approved and permit issued for the installation of a 550 gallon gasoline storage tank and gasoline pump to Burkes Tank Service, Inc., owners up to 1954, to be used as private storage and repair of five oil trucks; that the last Fire Department Permit expired January 5, 1954 when premises was sold to present owner; and

WHEREAS, the applicant contends that there is a truck body repair shop located in the business area directly across 24th Street, previously granted by the Board under Cal. No. 187-56-BZ; that when the present owner took title, he relied on the existing physical occupancy and Fire Department permits and assumed it constituted a motor vehicle repair shop and operated it as such; that however, he had no use for the gasoline pump and storage tank and therefore sealed same on February 28, 1957; that a motor vehicle repair shop has actually been operating since 1927 and has been kept in clean and orderly fashion without inconvenience to the neighborhood; that the granting of this appeal will in no way adversely affect the surrounding properties; and

WHEREAS, the applicant states that the present owner has held title to the property since October 26, 1954; that the assessed valuation of land is \$3,700 and of the building \$12,300 making a total of \$16,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years, to permit the premises to be occupied for motor vehicle repairing substantially as proposed and indicated on plans filed with this application marked, "Received July 23, 1958," 4 sheets, *on condition* that the building shall not be increased in height or area; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the existing curb cut, 12 feet in width to 24th Street, may be continued; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the work shall be generally with hand tools and light-hand machine tools with restriction against repairing of heavy motor vehicle such as collision work and fender work; and that all permits shall be obtained and all work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

555-58-BZ

APPLICANT—H. M. Cole, of Skidmore, Owings and Merrill, for Equitable Life Assurance Society of U. S., owner.
SUBJECT—Application September 22, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a class 2 height district, the erection of a forty-one story building with the dormer structure greater than that permitted.

PREMISES AFFECTED—1281-1297 Avenue of the Americas, west side, from West 51st to West 52nd Streets, 101-129 West 51st Street and 100-126 West 52nd Street, Block 1004, Lot 29, Borough of Manhattan.

APPEARANCES—

For Applicant: William G. Graham, H. M. Cole, Albert Kennerley, Robert Cutler and G. Robert Spatafara.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and business-1 use, B area, class 2 height district; West 51st Street and West 52nd Street is in retail, retail-1 and business-1 use, B area, class 2 height districts; 7th Avenue is in a retail-1 use, B area, class 2 height district; Avenue of the Americas is in a retail use, B area, class 2 height district; that the zoning on July 25, 1916 for the site in question was business use, two times height and B area; that on June 12, 1931 the business use zoning was changed to retail on Avenue of the Americas to a point 100 feet west on West 51st Street and West 52nd Street; that on November 30, 1940 the business use zoning for this site was changed to business-1; and

WHEREAS, the decision of the Borough Superintendent, dated September 11, 1958 acting on N.B. Applic. No. 52-58, reads:

"1. Envelope of building (dormer) exceeds use permitted by Art. III Para. 9(c) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet 10 inches frontage by 500 feet in depth; that it is proposed to continue the permitted dormer to the western extremity of the building in order to integrate the architectural shape and form of the building on both the West 51st Street and West 52nd Street facades; and

WHEREAS, the applicant states that the building in question is a 41 story building of class 1 fireproof construction, with an area of 62,222 square feet at the street level and a tower of 24,471 square feet, situated at the easterly end of the site; that it is a one tenant building, owned and occupied throughout as a Home Office building for the Equitable Life Assurance Society of the United States, except for a bank in part of the street floor; that the occupants of all upper floors will be employees of the company; and

WHEREAS, the applicant requests that the Board permit the additional dormer volume indicated on diagram D—10,000 cubic feet facing West 51st Street and 10,000 cubic feet facing West 52nd Street; that diagram C indicates the additional volume which could be utilized if the maximum envelope were developed for the proposed building—2,843,000 cubic feet; that the additional dormer volume requested is less than one percent of the additional building volume which can be built under the Zoning Resolution; and

WHEREAS, the applicant contends that the proposed additional dormer would not be detrimental to the general welfare or public health and safety and it is therefore requested that the Board grant this appeal; and

WHEREAS, the applicant states that the present owner has held title to the property since April 13, 1955 and November 14, 1957 and that the assessed valuation of land is \$5,000,000; and

WHEREAS, it appears that the cubic contents of the building are materially below that as permitted; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 as to height and to permit the excess setback coverage as proposed and indicated on plans filed with application marked, "Received September 22, 1958," 14 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, other than as modified this day under Calendar No. 556-58-A; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

For Applicant: H. M. Cole.

For Opposition: None.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper... 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 9, 1958 on N.B. Applic. 52/58, reads:

“2—Escalator from cellar to 2nd floor should be enclosed in 3 hr. material and $\frac{3}{4}$ hr. F.P.S.C. doors. Sections C26-638.0 b.1(a) C26-663.0 d. A.C.”

and

WHEREAS, the applicant states that the premises consist of a lot 200 feet by 500 feet, located in retail and business 1 use, B area, class 2 height district, which at present is vacant; that the proposed use of this land is a 41 story building of class 1 construction, to be used and occupied as follows: Sub-cellar—mechanical equipment and storage, 50 persons; cellar—electrical equipment and storage, 240 persons; 1st floor—lobby, banks and loading, 400 persons; 2nd floor—employee's cafeteria and lounge, 2276 persons; 3rd floor—kitchen and office, 540 persons; 4 to 15th floors—offices, 540 persons each floor; 16th to 38th floors—offices, 210 persons each floor; 39th to 41st floors—mechanical equipment, 50 persons each floor; and

WHEREAS, the applicant proposes to install an escalator from cellar to 2nd floor, without a 3 hour enclosure; that the enclosure at cellar will be of 3 hours with $1\frac{1}{2}$ hour fireproof self-closing roll-up shuttle; that at the 1st floor the escalator opens upon street lobby and is protected at this floor by sprinkler curtain around entire opening with heads 4 feet on center maximum; that at the 2nd floor the escalator lands in an employee's lounge, separated from the remaining portion of the floor with 3 hour partitions and fireproof self closing doors except the two doors along east wall, which are metal and glass self-closing; that the 2nd floor opening is further protected with a sprinkler system whose heads are 4 feet on center; that the building is owned and will be occupied by Equitable Life Assurance Society of the United States, except for bank space on the 1st floor; that the main function of these escalators is to provide additional service during peak morning and afternoon periods when the elevators will be saturated with employee traffic to and from the adjacent subway concourse and other transportation facilities; that it is also intended that the escalators will facilitate the handling of employees using the employee's cafeteria on the 2nd floor during the lunch hour period; that it is expected by this means to reduce congestion in the main lobby of the building during these periods; that the building is provided with one fire tower, 4 feet 8 inches in width and five interior stairs, 3 feet 8 inches and 5 feet 6 inches wide, extending from the roof to the street; that it is equipped with an automatic fire alarm system with signals on all floors, and connected to a central office; that regular monthly fire drills will be held; that it is proposed to install pushbuttons and lighted indicators at the escalator locations which will ring gongs on the cellar, first and second floors, and actuate simultaneously the entire fire alarm system throughout the building; that

in view of the above, and the fact that the installation of the escalators as proposed, will not be detrimental to the general welfare, public health and safety, it is respectfully requested that the Board grant this appeal; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated September 9, 1958, acting on N.B. Applic. 52/58, Obj. 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the installation of an escalator from cellar to second floor as proposed and indicated on plans filed with this appeal marked, “Received November 7, 1958,” 1 sheet, and “December 3, 1958,” 4 sheets, *on condition* that the construction and arrangement of the escalator shall be in accordance with the proposal in all respects; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations other than as granted under Calendar No. 555-56-BZ.

Adjourned: 5:00 P.M.

Joseph J. Doyle, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, DECEMBER 9, 1958, 2 P. M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

789-55-A—Vol. II

APPLICANT—Columbia Pictures Realty Corp., lessee, Prentice Development Corp. (formerly Frezard Corp.), owner.

SUBJECT—Application reopened November 5, 1958—Appeal from a decision of the Borough Superintendent, re editing and storage of films, removal of Sprinkler System.

PREMISES AFFECTED—711 5th Avenue, northeast corner of East 55th Street, Block 1291, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Lawrence C. Gibbs and Garrison King.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 29, 1958, on amendment to Alt. Applic. 1660/57, reads:

“(3) Under B.S.&A. Cal. 789-55-A the sprinkler system was permitted to be removed on certain floors only because of editing and storage of films in the bldg. Reinstatement of film editing and storage and with the sprinkler system removed beyond that permitted by the Bd. of S.&A. requires that application be referred to the Bd. of S.&A.”

and

WHEREAS, the applicant states that the building is 16 stories, 220 feet in height, 120 feet 5 inches by 150 feet in area, class 1 construction, erected 1927, located in restricted retail use, B area, class $1\frac{1}{4}$ and class $1\frac{1}{2}$ height districts, and used and occupied since 1956 as follows: Cellar—stores and storage, 40 persons; 1st floor—stores, 720 persons; 2nd floor—offices, 120 persons; 3rd floor—offices, lunch room, editing and storage of film, 200 persons; 4th floor—offices, 120 persons; 5th floor—offices, 120 persons; 6th floor—offices, 100 persons; 7th to 16th floors—offices, 120 persons each; 17th floor—offices, 75 persons; 18th floor—offices, 75 persons; that it is proposed to be used and occupied without change except that the 3rd floor will be used for offices,

MINUTES

lunchroom and editing and storage of safety film with an occupancy of 200 persons; that the 4th floor will be used for retail sales with accessory manufacturing and for the editing and storage of safety film with a total occupancy of 120 persons; that the 6th floor will be used for offices and projection room with an occupancy of 120 persons; that the 11th floor will be used for offices and projection room with an occupancy of 120 persons; that the 15th floor will be used for retail sales with accessory manufacturing with an occupancy of 120 persons; and

WHEREAS, Certificate of Occupancy #47470 issued June 4, 1957, against Alt. Applic. 1049/55, permitting the following use and occupancy; basement—stores and storage, 40 persons; ground floor—stores, 720 persons; 1st floor—offices, 120 persons; 2nd floor—offices, lunchroom, editing and storage of files, 200 persons; 3rd to 10th floors inclusive—offices, 120 persons each; 11th to 16th floors inclusive,—offices, 120 persons each; that this certificate contains a note that not more than 5 persons are to be employed at factory work on the 2nd story; that no factory work is permitted on any other stories of the building; and

WHEREAS, the applicant states that under Calendar Number 789-55-A, Volume I, the Board permitted the lessee to omit the sprinkler system on and below the 10th floor (now 11th floor) except for space on the 2nd floor (now 3rd floor) in which there is film storage and cutting of safety film; that the tenant complied with the conditions of the Board's resolution and certificate of occupancy was issued June 4, 1957; that subsequent thereto, the tenant dispensed with the editing and storage of films in this building, thus removing the building from the jurisdiction of the Board; that the sprinkler system was removed on the 15th, 16th and 17th floors of the building; that under Alt. Applic. 1660/57, application was made for re-instatement of the right to edit and store safety film on the 3rd and 4th floors, thus necessitating this appeal, for amendment of the Board's prior resolution; and

WHEREAS, the applicant therefore requests that the Board permit editing and storage of safety film on a portion of the 3rd and on the entire 4th floor, which portions of the building will be fully equipped with sprinklers and will have 3 hour fire walls, equipped with fireproof self-closing doors, separating it from the balance of the building; that these portions will be equipped with vapor proof electrical fixtures; and

WHEREAS, the applicant contends that all film to be stored or edited will be standard safety film which will not sustain flame; that during normal editing operation at no time will there be more than 1 reel of film exposed, approximating 400 to 500 lineal feet; that the balance of the film being edited will be kept in 30 gauge metal containers in separate storage rooms pending its removal for editing purposes; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 13, 1955 by adding thereto the requirement of an approved type sprinkler system on the entire fourth floor only and in that portion of the third floor used for storage and editing of motion picture film, and in all cooking areas on that floor; that the existing voluntary sprinkler system may be removed from all other floors; as passed on by the Borough Superintendent under Alt. App. 1660-57, Objection No. 3, dated September 29, 1958, as indicated on plans filed with this request for amendment marked "Received October 10, 1958", 2 sheets, *on condition* that the only film stored, used or edited shall be of the safety type; and that the sprinkler system, as proposed, shall be maintained to the satisfaction of the Fire Commissioner.

166-58-A

APPLICANT—Robert Teichman, for E and A Building Corp., owner; Fisher Scientific Co., lessee.

SUBJECT—Application March 19, 1958—Appeal from an order and a decision of the Fire Commissioner re pack-

aging of volatile and inflammable oils in Glass Bottles; capacity of bottles not in accordance with Administrative Code Requirements.

PREMISES AFFECTED—75-89 Morton Street, 633-635 Greenwich Street, northeast corner and 99-101 Barrow Street, Block 603, Lot 49, Borough of Manhattan.

APPEARANCES—

For Applicant: Robert Liechman.

For Administration: Lieut. J. Manfredi Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, from an order of the Fire Commissioner, dated January 9, 1958, reads:

"You are directed to comply with Sec. 19.53.0 of the Administrative Code as to the storage of all V.I.O. volatile inflammable oils on premises.

This Re: To P.3.2.

Glass bottles of a capacity not exceeding four ounces each labeled dangerous—keep from flame."

and

WHEREAS, the applicant states that the premises consist of a plot 175 feet 6 inches by 200 feet 3 inches irregular, located in a unrestricted use, A area, class 2 height district, upon which there exists a 7 story, 112 feet high, class 1 building, 172 feet by 200 feet 5¾ inches irregular, built in 1920, used and occupied since 1942: Cellar—boiler room and storage, 25 persons; 1st floor—store, factory, shipping and packing, 80 persons; 2nd floor—factory and storage, 25 persons; 3rd floor—factory and storage, 25 persons; 4th floor—factory, laboratory and glass blowing, 75 persons; 5th floor—factory and storage, 50 persons; 6th floor—factory and storage, 60 persons; 7th floor—factory and general offices, 250 persons; for which Certificate of Occupancy #29494 was issued against Alt. Applic. 1109/42; and

WHEREAS, the applicant states that the lessee, The Fisher Scientific Corporation, leases and occupies the greater portion of the fireproof sprinklered building for the conduct of their business, namely, wholesale drug and chemical supplies; that the building is adequately ventilated; that in the operation of their business, The Fisher Scientific Corporation receives, sells and transships various volatile oils, among which is "Hexane" having on hand as of March 10, 1958, approximately 67 gallons in glass containers, as follows: 17 Pints, 36 Quarts and 56 Gallons; that this chemical "Hexane" is bottled in pint and "up" sizes outside of New York City by large drug and chemical houses, and is shipped to The Fisher Scientific Corporation and others elsewhere, in stamped approved containers under Interstate Commerce Commission regulations; that this method of delivery is a universal and established custom in the trade; that all volatile oil upon sale is transshipped in the original containers; that it is not used in the further manufacture of any other chemical on the premises; that very little or any of this oil "Hexane" is carried in four (4) ounce glass containers, unless specifically ordered; that the flash point of this oil "Hexane" is minus 7° Fahrenheit in a closed cup test, with the boiling point 69° Fahrenheit; that the use of this oil "Hexane" in glass containers is requested by Doctors, Hospitals and Medical Institutions, and is important to the professions for testing and analytical purposes, also research work especially for blood tests, etc., and is sold universally in pint, quart and gallon sizes; that should this oil "Hexane" come in contact with metal, it becomes contaminated and can then only be used for detergent purposes; that this oil "Hexane" when delivered to the Fisher Scientific Corporation, is immediately stored in an approved Fire Department fireproof ventilated vault, located in the cellar of this building, and when sold, is delivered in the original

MINUTES

containers as approved by the Interstate Commerce Commission; that appeal is therefore made to the Board for a variance of Section 19.53.0 Administrative Code, to permit the storage of this chemical "Hexane" in pint, quart and gallon glass containers in such quantity as the Board may approve; and

WHEREAS, this was laid over for applicant to file a sample of the bottle and packing, and such has been done.

Resolved, that the Order of the Fire Commissioner dated January 9, 1958, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the glass bottles, as proposed, in pints, quarts and gallons, as submitted, shall be of the Boston Round Type for packaging chemical hexane, as proposed and as permitted by the Fire Department, *on condition* that when the bottle closure cap is removed the contents of the bottle shall be entirely used and the cap not restored; and that the shipment of the bottles shall be in cartons of the type as submitted consisting of 200 lb., double thickness of ICC corrugated board.

229-58-A

APPLICANT—J. M. Berlinger, for Viro Realty Corp., owner.

SUBJECT—Application April 15, 1958—Appeal from a decision of the Borough Superintendent, re Class 3 construction—business use on 5th floor, tabular height of 50 feet exceeded.

PREMISES AFFECTED—53 East 54th Street, north side, 122 feet east of Madison Avenue, Block 1290, Lot 26, Borough of Manhattan.

APPEARANCES—

For Applicant: J. M. Berlinger.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 10, 1958, on Alt. Applic. 1648/57, reads:

"Objection C2 of 12/30/57, repeated:

C2—Proposed business use on 5th floor of class 3 building is contrary to 4.2.1 B.C. since the tabular height limits of 4 stories or 50 feet are exceeded."

and

WHEREAS, the applicant states that the premises consist of a lot 22 feet by 100 feet 5 inches, located in restricted retail use, B area, class 1½ height district, upon which there exists a 5 story, 55 feet high, class 3 building, 22 feet by 96 feet 6 inches at the 1st floor and 22 feet by 60 feet at all other floors, erected prior to 1877, used and occupied since 1939: Cellar—kitchen, boiler room and storage, 4 persons; 1st floor—restaurant, 75 persons; 2nd to 5th floors—class A apartments for which Certificate of Occupancy #24399 was issued against Alt. Applic. 1953-38; and

WHEREAS, the applicant proposes to change the present use; that the cellar and 1st floor—there are no changes; 2nd floor—office, 15 persons; 3rd floor—office, 15 persons; 4th floor—office, 10 persons; 5th floor—office, 10 persons; and

WHEREAS, the applicant states that the stairs have steel stringers and risers with marble treads and platforms; that the stair enclosure is of wood studs with cement plaster over metal lath and fireproof self-closing doors; that the stair and public hall have an approved sprinkler system; that all the ceilings have plaster on metal lath; and

WHEREAS, the applicant contends that the 5th floor contains less than 1000 square feet of 8276 square feet of total usable area of the building; that the volume above 50 feet height is only 3800 cubic feet of the total 102,936 cubic

feet in the entire building; that the occupancy will be 10 persons on the 5th floor; and

WHEREAS, the premises was inspected by a committee of the Board; and

Resolved, that the decision of the Borough Superintendent, dated April 10, 1958, acting on Alt. Applic. 1648/57, Obj. C2 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit as proposed the use of the fifth floor in the existing building to be occupied for business in conjunction with the four stories below as permitted by the Borough Superintendent as shown on plans filed with this appeal marked, "Received April 15, 1958," 6 sheets, *on condition* that the building shall not be increased in height or area; in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

283-58-A—Vol. II

APPLICANT—Abraham Grossman, for Grenalt Co., Inc., owner.

SUBJECT—Application reopened October 7, 1958 as Vol. II—Appeals from a decision of the Borough Superintendent, re provide legal hood and chimney.

PREMISES AFFECTED—79-83 Pine Street, 128-132 Water Street, southwest corner and 164-168 Pearl Street, 1st floor, Block 39, Lots 8, 9, 10 and 36, Borough of Manhattan.

APPEARANCES—

For Applicant: Abraham Grossman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 6, 1958 on B.N. Applic. 3760/57, reads:

"3—Provide legal hood and chimney for range as per 11.3.12 B.C."

and

WHEREAS, the applicant states that the building is 12 stories, 131 feet in height, 174 feet front by 63 feet in depth, class 1 construction, erected 1957, located in an unrestricted use, A area, class 2 and 2½ height district, and used and occupied: Cellar—garage for more than 5 cars for tenants' use and storage, 5 persons; 1st floor—stores, 50 persons; mezzanine—offices and mechanical equipment, 50 persons; 2nd floor—trading floor and offices, 180 persons; 3rd floor—offices, 60 persons; 4th to 12th floors—offices, 100 persons each; that no change in use or occupancy is proposed except that a restaurant use will be installed on the 1st floor with an occupancy of 75 person; and

WHEREAS, temporary Certificate of Occupancy #48958 was issued April 25, 1958 against N.B. Applic. 50/55, permitting the present use and occupancy for a period of 90 days from April 25, 1958; and

WHEREAS, Violation Number 1795 was issued by the Borough Superintendent, February 20, 1958, for having installed a luncheonette in the corner store and the cooking ranges for same, without obtaining a permit; and

WHEREAS, the applicant states that in addition to a fire tower and two fireproof stairs, the building is provided with an approved standpipe system and the garage and entrance thereto is protected with a sprinkler system; that a restaurant seating less than 75 persons was opened in the corner store with a small kitchen in the cellar; that plans filed indicated a horizontal duct running from the ventilating hood to the street line on the store ceiling; that the Department had accepted this method of ventilating the hood over the range in the past and under the present Building Code which was adopted in 1938, but however, the Department changed its policy and now interprets the Code to

MINUTES

require that all ranges be provided with a masonry chimney terminating at the roof; and

WHEREAS, the applicant contends to be required to construct a chimney running vertically to the roof would be impossible as the building covers the entire plot and no provision was made for a flue or chimney to run vertically; that the building was erected and designed in accordance with the previous interpretation of the Department; that there is no other means than the means proposed to provide ventilation for the ranges in question; and

WHEREAS, the applicant states that the bottom edge of the proposed 14 inch by 60 inch louver exhaust from the duct will be located 18 feet above street level on the Water Street elevation; that there should be no complaints of kitchen odors from pedestrians and tenants of the building, as the building is completely air conditioned and there is no need to open the windows; and

WHEREAS, the applicant states that it is proposed to install approved greased filters over kitchen ranges, to install carbon filters where noted on plans, to provide a two position automatic valve steam smothering line in the duct attached to a tempering sensing element; that this new automatic valve will be connected to New York Steam Corporation supply line and will therefore always have a sufficient supply of live steam to extinguish any fire; that all ducts will be encased in two layers of one inch vermiculite plaster on wire lath; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that that appeal should be granted to permit the venting of the device through louvres in the front of the building, as shown; the louvres turned upwardly and with a protecting hood and drain.

Resolved, that the decision of the Borough Superintendent, dated August 6, 1958, acting on B.N. App. 3760-57, Objection No. 3 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the required grease filter shall be installed and that the ventilation for the range shall be as proposed, consisting of a duct to the exterior of the building through the front wall, as shown on plans filed with this appeal marked "Received August 8, 1958", 8 sheets, and "November 6, 1958", 4 sheets, and "December 2, 1958", one sheet; and that in all other respects the requirements shall be complied with as proposed.

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 17, 1957, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 17, 1957, only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, *all permits shall be obtained, all work shall be completed and that a new certificate of occupancy, shall be obtained within the requirements of Section 22-A of the Zoning Resolution from the date of this amended resolution*" (N.B. 2521/56)

*Correction—Resolution corrected in relation to time being granted to obtain all permits and to complete the work, all as indicated in italics.

RULES

Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

Rule 5. Duties of Street Alarm Box Runner.

The STREET-ALARM-BOX-RUNNER shall be familiar with the location of the nearest city fire alarm box and know how it is operated.

In ordinary practice fire drills the STREET-ALARM-BOX-RUNNER shall report to the Foreman for orders, and if his services are not required he shall promptly file out of the premises with the other occupants.

Only when a fire actually occurs on his floor, or when ordered to do so by the Foreman, shall the STREET-ALARM-BOX-RUNNER proceed to the street alarm box and send in the fire alarm.

RULES

Rule 6. Duties of Fire Brigade.

The fire brigade shall have full charge of the operation of all auxiliary fire fighting apparatus and shall endeavor to extinguish, or at least hold in check until the arrival of the Fire Department, any fire that may occur. When it is necessary for the fire brigade to respond to different floors in the building they shall not use the stairways or fire escapes while the occupants are escaping from the premises.

Rule 7. Duties of Exit Guards.

The EXIT GUARDS shall station themselves at all exit doors leading to fire escapes, stairways, and other means of escape immediately upon the sounding of the alarm. There shall be two guards for each exit, if practicable; one to stand in the hallway holding back the door and the other directly inside on the floor. They are to keep the exit doors open and direct the movements of the persons using these exits and prevent congestion.

EXIT GUARDS shall remain at their stations until all of the occupants of the building have passed their station. Then close their doors and pass out of the building. Upon signal for the occupants to return, EXIT GUARDS shall take their designated stations and remain there until all persons have returned to their respective floors.

Rule 8. Duties of Squad Monitors.

The SQUAD MONITORS, as soon as the alarm is sounded, shall see that the employees under their charge quickly form into line, two abreast, and numbering not more than thirty to each squad. They shall see that all aisles and passageways are cleared of obstructions.

Note: Chairs, stools, baskets, etc., should be pushed under or placed on top of work benches.

MONITORS shall proceed at the head of their respective squads to the exit assigned, and then march up or down the stairs or to other exits as directed by the EXIT GUARDS.

On reaching the sidewalk MONITORS shall keep their squads in order and lead them a reasonable distance from the building, so as not to cause congestion and interference with fire apparatus. When the proper signal is given they shall return to their respective floors at head of their squads.

MONITORS will at all times see that those under their charge conduct themselves in a respectable and orderly manner.

Rule 9. Holding of Drills.

FIRE DRILLS shall be held at least once each month at varied hours of the day, and all of the occupants shall participate therein simultaneously. Such drills shall conduct all occupants to a place of safety.

Where dual operation interior fire alarm systems are installed as permitted under Rule 11 of the interior fire alarm rules of the Board of Standards and Appeals, the fire drill conducted each month shall include all of the

persons on the premises engaged at work for a factory, and drills shall be conducted at least twice, each year in which all of the persons on the premises shall participate simultaneously.

Rule 10. Duties of Owner.

It shall be the duty of the OWNER, LESSEE OR TENANT OF THE BUILDING or his authorized agent or their representatives to personally observe that the "Fire Drill" is held simultaneously on every floor of the building and the participation therein of every occupant of such building. Any FIRE DRILL in which all of the occupants do not participate shall not be considered as complying with the LAW, except as otherwise provided in these rules.

The person or persons representing the OWNERS, LESSEE OR TENANT, who supervises the FIRE DRILL at the building shall submit to an examination by the Division of Fire Prevention as to their experience and general fitness for such duties, and shall be so certified in writing by the FIRE COMMISSIONER.

It shall be the duty of the ENGINEER, SUPERINTENDENT or other PERSON IN CHARGE of a building having an interior fire alarm system to test such system daily immediately after the beginning of business, and to see that all apparatus operated by springs, requiring winding are rewound after each alarm and kept in normal condition for operation.

Rule 11. Duties of Engineer.

Whenever it is necessary to test the fire alarm system at any other time of the day, owing to repairs, etc., being made, the PERSON IN CHARGE OF BUILDING will first notify all Foremen of the several floors of the intended test and likewise notify them when the repairs, etc. are completed. This precaution is taken to prevent confusion and excitement, also misunderstanding of the alarm signals.

It shall also be the duty of the PERSON IN CHARGE OF BUILDING to sound the interior alarm system at irregular intervals, but not less than once each calendar month, for the purpose of holding practice fire drills. He shall keep on the premises a record of such drills, showing the date when held and the required time for all occupants to reach the street or a point of safety outside the building.

The PERSON IN CHARGE OF BUILDING must immediately acquaint new tenants of the existence of the "Fire Drill" Organization and its purport.

Rule 12. Registration.

The name and address of every person, corporation or co-partnership, that will, under professional service, carry on the trade, business or calling of establishing, maintaining or supervising the "Fire Drill" shall be registered in the Fire Department, which Department shall, upon evidence of fitness, grant a certificate to that effect.

NOTICE

Applicants, under the zoning resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such

copies at the office of the Board of Standards and Appeals, at 80 Lafayette Street, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

JAN 21 1959

LOCAL LAW—72 OF 1958

Effective December 19, 1958

A Local Law to amend the administrative code of the City of New York in relation to the payment of fees in connection with the filing of applications with the Board of Standards and Appeals.

Be it enacted by the Council as follows:

Section 1.—Section 669-1.0 of the administrative code of the city of New York as amended by local law ninety-four for the year nineteen hundred fifty-seven is hereby amended to read as follows:

Sec. 669-1.0 Fees—The following fees shall be charged for the following applications, appeals and reviews:

1. a. Application for approval of materials, (and) appliances and methods or variances of construction \$100.00
b. Application for amendment of prior approval of materials, appliances and methods or variances of construction 25.00
2. a. Application to vary the application of the zoning resolution, except as provided in subdivision b 100.00
b. Where such application is for conversion of a one-family dwelling to a two family dwelling 25.00
c. Application for an extension of the term of years of zoning variance previously granted. 50.00
d. Application for a change in use, height or area of premises in connection with a zoning variance previously granted 50.00
3. Appeal from or application for review of any order, requirement, decision or determination of the commissioner of buildings or of any superintendent of buildings or of the fire commissioner or any rule or regulation or amendment or repeal thereof made by the fire commissioner 10.00
4. Application for an extension of time in which to comply with conditions imposed in the resolution of the Board of Standards and Appeals 10.00
5. Exemptions—
 - a. The provisions of this section shall not apply if the owner of the premises affected by the application, appeal or review be a corporation or association organized and operated exclusively for religious, charitable or educational purposes, or for one or more such purposes, no part of the net earnings of which inures to the benefit of any private individual, and provided that the premises affected are to be used exclusively by such corporation or association for one or more of such purposes.
 - b. The provisions of this section shall not apply if a municipal department or agency of the city is the applicant before the Board of Standards and Appeals.

Sec. 2—This local law shall take effect immediately.

458-16-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for West 9th Street Realty Corporation, owner.

SUBJECT—Application reopened June 3, 1958 as Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a retail use district, the change in use of the present three buildings from garage and stable to offices, storage, shipping and crating of non-combustibles, manufacture of wood crates for packing on premises, loading and unloading, gasoline storage tank for owners use, two table saws and parking and storage of motor vehicles on the unbuilt upon portion of the plot and a sign on front of building.

PREMISES AFFECTED—17-35 West 9th Street, north side, 163.6 feet east of Columbia Street, Block 534, Lots 35, 36, and 37, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: C. J. Cammarata, N. Y. C. Housing Authority.

ACTION OF BOARD—Laid over to January 13, 1959, at 10 A.M. to permit the applicant to report to the Board what he proposes to do to make conditions safe; hearing closed; the premises were inspected by a Committee of

the Board, which reported that the one-story building in three sections contains gasoline equipment and storage of trucks used in the storage business, has a cross cut and rip bench saws and piles of lumber for crates with no mechanical means of removal of sawdust and cuttings; stores large quantities of imported peat moss and carnauba wax and crated material, creating a dangerous condition. The open area proposed for parking is now unused.

200-24-BZ—Vol. III

APPLICANT—Leonard F. Rothkrug, Herbst and Rusciano, for Jerome Estates, Inc., owner.

SUBJECT—Application reopened January 14, 1958 as Vol. III—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business and residence use district, the change in use from public garage, previously granted by the Board, to the storage and manufacturing of metal products.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on
October 21, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on
November 25, 1958 after due notice by publication in the
Bulletin, and laid over to December 9, 1958 and again laid
over for decision to December 16, 1958; and

WHEREAS, the district maps accompanying the Zoning
Resolution show that the site, Prospect Place and Park Place
are in business and residence use, B area, class 1½ height
districts; Washington Avenue is in a business use, B area,
class 1½ height district; Underhill Avenue is in a residence
use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent,
dated September 10, 1958 acting on Alt. Applic. No. 1126-58,
reads:

"1. In a building located partly in a residence use dis-
trict and partly in a business use district the proposed
change in occupancy from 'Theatre' to 'Self-service mar-
ket and Dance Hall' and the extension of the building is
contrary to Art. II Sec. 3 of the Zoning Resolution.

"Note: These premises were the subject of a condi-
tional variance under Cal. 793-20-BZ."

and

WHEREAS, the decision of the Borough Superintendent,
dated December 2, 1958 acting on amendment to Alt. Applic.
No. 1126-58, reads:

"1. In a building located partly in a residence use dis-
trict and partly in a business use district the proposed
change in occupancy from 'Theatre' to 'Self-service mar-
ket and Bowling Alleys' and the extension of the build-
ing is contrary to Art. II Sec. 3 of the Zoning Resolu-
tion.

"Note: These premises were the subject of a condi-
tional variance under Cal. 793-20-BZ."

and

WHEREAS, the applicant states that the premises consist
of a plot, 100 feet frontage by 137 feet 9 inches in depth;
that it is proposed to change the use from theatre to self
service market and to excavate and underpin and create a
cellar storage area of approximately 6,000 square feet for
the use of the market; that it is also proposed to demolish
the balcony and erect a new second floor for offices and
bowling alleys; that it is further proposed to erect a one
story extension at the southerly side of the building, with a

two story portion to house a new required stairway and
storeroom; and

WHEREAS, the applicant states that plans were approved
on condition that the existing portion of the building within
the residential area be separated by a fire wall and that no
alteration shall be performed within this residential area and
that this area shall remain vacant and unoccupied; that an
amendment was filed after approval to include the entire
business and residential portions in this proposed alteration,
which amendment was denied on September 10, 1958 and as
amended on December 2, 1958; and

WHEREAS, the applicant further states that under N.B.
Applic. No. 1645 of 1921 and under Cal. No. 793-20-BZ, Vol-
ume I a theatre was erected on this site, extending into the
triangular residential portion of the property and Certificate
of Occupancy No. 15042 was issued, reading as follows:
"Stores and Theatre—seating 1264 people" dated September
25/22; and

WHEREAS, the applicant contends that the proposed one
story extension will project into the residence area in a
triangular shape of under 33 square feet in area, and will
square out the building, avoiding an inaccessible area from
this property which, if unbuilt upon, could become a catch-all
for debris; that the present area built upon in the residence
area is approximately 2,000 square feet and represents ap-
proximately 20% of the present building area which, if not
made available for the proposed use, would create a reduced
rental value and an unprofitable return for this costly altera-
tion and in addition, the proposed lessee of the cellar and
first floor would not find the property suitable for their needs
and cancel their commitment, which is contingent upon use
of the property as shown on plan, which includes the build-
ing of a cellar area and which is a major part of this altera-
tion; that the present building within the residence area has
a small extension at the rear, formerly used for the sound
equipment in back of the screen; that this is to be removed
and the opening in the masonry wall closed up; that the en-
tire alteration within this area will be entirely within the
present enclosing walls and there will be no new openings
created in the residence area from either the first or second
floors; that the present theatre has been vacant for the past
one and one-half years and has been a burden upon the
former owners; that the general character of the neighbor-
hood has not changed since the Board granted a variance in
1920 and the use, height and area designation has not
changed since 1916; and

WHEREAS, the applicant further contends that the improve-
ment in the appearance of the site by the removal of the
marquee and boarded-up front will be very beneficial to the
area; that the entire front of the building will be completely
renovated; that the providing of a well equipped a self-
service market by a national organization, needed office space
and bowling alleys will revitalize this business block and
benefit adjoining properties; that the plot is uniquely situ-
ated, in that the rear triangle fits between other properties
that have been built upon prior to the erection of this build-
ing in 1921, and the new use would in no way change the
appearance of the rear of this property and would in no way
be detrimental to adjoining properties; that discontinuance
of the use in the residence area would serve no purpose that
could be beneficial to surrounding properties; and

WHEREAS, the applicant states that the present owner has
held title to the property since December 1957; that the as-
sessed valuation of land is \$35,000 and of the building \$25,-
000 making a total of \$60,000; that the building was erected
in 1921; and

WHEREAS, the premises and surrounding area were in-
spected by a committee of the Board, which recommended
that the application be granted on condition that there be a
substitution of a bowling alley on the second floor in place
of the dancelhall as previously submitted; and

WHEREAS, the Board found that this was an appropriate
case in which to exercise discretion to grant under Section
7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does
hereby *make a variation* in the application of the use district

MINUTES

regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit a cellar area; a rear extension and change of use of the building to a self-service market, office and bowling alleys substantially as proposed in place of the dancehall previously submitted on the new second floor, *on condition* that the marquee formerly over the theatre entrance shall be removed and the front renovated as proposed; that there shall be no windows in the rear walls on the second floor, as shown on plans filed with this application marked "Received September 22, 1958", 9 sheets, and revised plan "December 3, 1958", one sheet; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; other than as modified on November 20, 1923 under Calendar Number 126-22-A; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and a new certificate of occupancy shall be obtained.

624-38-BZ—Vol. II

APPLICANT—Henry Nordheim, for Beca Realty Corp., owner.

SUBJECT—Application reopened May 20, 1958 as Vol. II—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district on a plot presently occupied with a two story dwelling and two car garage, the use of the unbuilt upon portion for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—3335 Hull Avenue, west side, 224.67 feet north of East 209th Street, Block 3348, Lots 66 and 70, Borough of The Bronx.

APPEARANCES—

For Applicant: Joseph Omara.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 20, 1958 subject to regular procedure, to consider parking and storage; and

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and East 209th Street is in a residence use, C area, class 1¼ height district; Perry Avenue and Hull Avenue are in residence and business use, C area, class 1¼ height districts; Gunhill Road is in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 16, 1958 acting on Alt. Applic. No. 296-58, reads:

"1. Proposed parking and storage of motor vehicles on unbuilt portion of lot in a residence use district is contrary to Art. II Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 92.38 feet frontage by 100 feet in depth, approximately on street grade and entirely enclosed by a seven-foot high iron fence and the walls of adjoining buildings; that it is proposed to surface the parking area with steam cinders, spray it with oil and roll it level, to be used as a parking area which at most can accommodate about 13 cars; and

WHEREAS, the applicant states that on the northerly side of the plot there exists a two family dwelling occupied by the owner, who has his private garage at the rear of the plot; that this leaves a considerable area of unoccupied land; and

WHEREAS, the applicant contends that on both sides of

Hull Avenue, between East 209th Street and Gunhill Road, there are seven 5 and 6-story apartment houses, with many of the tenants owning cars; that this street is subject to alternate curb side parking; that this is a hardship on the owners of the smaller dwellings without garages; that while the photographs submitted with this application are of necessity day time pictures, the night scene of parked cars would show a solid line of cars at both curbs; that with the owner residing on the same plot, it will be conducted in a clean and orderly fashion, since he will be the operator; and

WHEREAS, the applicant states that the present owner has held title to the property since December 15, 1951; that the assessed valuation of land is \$13,000 and of the building \$5,000 making a total of \$18,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the unbuilt upon portion of the plot to be occupied for the parking and storage of motor vehicles of the pleasure car type only, substantially as proposed and indicated on plans filed with this application, marked "Received April 24, 1958", 2 sheets, *on condition* that during the term of this variance the premises shall be used for no other use than the parking herein permitted and for the private dwelling; that signs shall be restricted to one sign attached to the fence near the entrance, advertising the parking and storage use, the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed five square feet in area, shall not be illuminated nor extend beyond the building line; that there may be a curb cut opposite such entrance not exceeding 12 feet in width which shall have a gate; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

1180-38-BZ—Vol. II

APPLICANT—Fred C. Dahlem and Victor E. Block, for A. M. Associates, owner.

SUBJECT—Application reopened July 23, 1957 as Vol. II—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the reconstruction of three adjoining brick buildings formerly used as stores, factory, church and dwelling, to a gasoline service station with accessory uses including minor repairs with hand tools only to be used in conjunction with a parking area located at the rear of the premises.

PREMISES AFFECTED—1215-1223 Prospect Avenue, west side, 156.43 feet south of Home Street, Block 2680, Lots 45, 50 and 54, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem and Victor E. Block.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 23, 1957 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the

MINUTES

Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Home Street, Union Avenue, Prospect Avenue and East 167th Street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 21, 1957 acting on Alt. Applic. No. 535-57, reads:

"1. Proposed use of gasoline service station, lubricatorium, car wash, sale of accessories, minor repairs with hand tools only, parking & storage of more than five motor vehicles in a business use district is contrary to Art. II Sect. 4 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.65 feet frontage by 220 feet in depth, irregular; that it is proposed to alter the entire structure, remove the fronts and create a new gasoline service station with a remodeled modern building; that the present buildings are not very desirable and really present an eyesore; that a new gas station in conjunction with the present large parking are will be advantageous to the neighborhood as this area is thickly populated; that the cellars will be filled in and new face brick structure will replace the old metal front of the moving picture house and the height will be reduced; and

WHEREAS, the applicant states that the present portion of the site known as lot 45 is occupied by three brick buildings, of class 3 construction, all one story in height; that the southerly building contains stores; that the center building was formerly erected as a motion picture theatre and changed into a factory and stores, under Certificate of Occupancy No. 18685 issued April 18, 1956; that the northerly building known as 1223 Prospect Avenue was altered into a church and one family apartment under Certificate of Occupancy No. 19700 issued September 5, 1956; that these buildings were originally erected under N.B. Applic. No. 418-1912; that lots 50 and 54 have been changed to a parking and storage of more than five motor vehicles, with a driveway to Prospect Avenue as permitted under Volume I; and

WHEREAS, the applicant states that the present owner has held title to the property since August 15, 1956; that the assessed valuation of land is \$35,000 and of the buildings \$8,000 making a total of \$43,000; that the buildings were erected in 1910; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the existing buildings to be reconstructed substantially as proposed and as indicated on plans filed with this application marked "Received July 3, 1957", 7 sheets, to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line of Prospect Avenue; that the number of gasoline storage tanks shall not exceed eight 550 gallon approved tanks; that the premises where not occupied by buildings shall be paved with concrete or asphaltic pavement; that the sidewalk and curbing in front of the premises shall be repaired to the satisfaction of the Borough President; that curb cuts shall be restricted to one 30 feet in width and one 25 feet in width, where shown; that the parking lot and the entrance thereto shall be in accordance with the requirements of the Board as previously adopted under Vol. I and in accordance with the Certificate of Occupancy issued by the Department of Buildings; that signs shall be restricted to permanent signs

attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall require; that under Section 7i, for a similar term, there may be minor repairs, with hand tools only, maintained solely within the accessory building; that such repairs may also be in conjunction with the parking area provided that all repairing is within the accessory building as herein required; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

628-39-BZ—Vol. III

APPLICANT—Leonard F. Rothkrug and Herbst and Rusciana, for Irving Haas, Emil Mosbacher, Jr., Gertrude and Robert Mosbacher and Barbara Smullyan, owners.

SUBJECT—Application reopened March 25, 1958 as Vol. III—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the construction and maintenance of a parking lot for more than five (5) cars for a stated term of five (5) years.

PREMISES AFFECTED—1531-1541 Plimpton Avenue, 140-150 Featherbed Lane, southwest corner and 1550-1564 University Avenue, Block 2875, Lots 51 and 56, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: C. J. Cammai ala N.Y.C. Housing Authority and Herbert A. Norton.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley 3

Negative: Commissioner Sleeper 1

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on March 25, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on November 12, 1958 after due notice by publication in the Bulletin; laid over to December 2, 1958, for inspection and decision; hearing closed; then to December 16, 1958, for further inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, University Avenue, Plimpton Avenue, Cross Bronx Expressway and Featherbed Lane are in a residence use, B area, class 1¼ height district; that on July 25, 1916 the premises was in a business and residence use district and was rezoned to its present designation on May 2, 1949; and

WHEREAS, the decision of the Borough Superintendent, dated February 27, 1958 acting on Alt. Applic. No. 1083-58, reads:

"1. The proposed parking & storage for more than five motor vehicles, non commercial and non transient, on premises located in a residence use district is contrary to Art. II Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 158.7 feet frontage by 141.78 feet, irregular in depth; that it is proposed to construct and maintain the premises for use as a parking lot for a term of five years; and

WHEREAS, the applicant further states that the Board first considered these premises under Cal. No. 628-39-BZ when the northerly portion of the plot was improved with a one story structure occupied as stores, and the southerly portion, facing on Featherbed Lane, was occupied by a small gasoline service station; that on February 6, 1940

MINUTES

the Board, under Cal. No. 628-39-BZ, denied an application under Section 21 to permit in a business use district the extension of an existing gasoline service station; that according to Fire Department records filed with this previous application the premises, No. 1554 University Avenue was occupied as a gas station prior to July 21, 1924 and that a permit was then in force; that Building Department records showed that stores and garages were erected in 1922 under N.B. Applic. No. 1627-22; that numerous violations were then in effect, principally noting the unsafe condition of the then existing buildings, and that violation No. 2172-38 had been placed for the storage and parking of cars contrary to law; that the Board subsequently denied an application under Section 7h to permit the use of the premises as a parking lot; that at the time of this second application, the premises was vacant—the buildings having been reported as demolished because they were in a dilapidated condition; that the premises have remained vacant since 1940, and in the meantime the surrounding area has been undergoing considerable change; that at the time the previous applications were considered, the tax block opposite the premises on University Avenue was occupied by the Sacred Heart Convent; that the Convent has since been demolished and at its location, Sedgewick Houses, consisting of five 14-story multiple dwelling units, have been erected; that in addition, the Cross Bronx Expressway is presently under construction to the southwest of the premises and many of the buildings within the subject tax block and the adjoining ones, are being demolished; that University Avenue and Featherbed Lane were in a business use district until May 2, 1949 and at that time proposed parking lot use would have been a conforming use in the major portion of the premises; that Featherbed Lane to the east was rezoned to local retail; that these premises appear on the Zoning Map as part of the mapping of the Cross Bronx Expressway because of its proximity to the overpasses and traffic flow, but nevertheless, there is no condemnation of these premises proposed, and the tax block at this location is proposed to be maintained; and

WHEREAS, the applicant contends that there is an urgent need for off street parking facilities within this neighborhood; that University Avenue is one of the most heavily trafficked thoroughfares in the City, often carrying bumper to bumper traffic across Washington Bridge; that the surrounding area is densely developed and there are no vacant plots within the area and there are no off street parking facilities within the affected area, nor within the neighborhood in general; that Sedgewick Houses, which has 786 apartments, does not have off street parking, and similarly, there are over a dozen five and six story apartment buildings within the area that have no parking facilities; that as a result, there is bumper to bumper street parking on West 174th Street, Montgomery Avenue, University Avenue, Featherbed Lane, Plimpton Avenue and on all the streets within the neighborhood; that the resulting parking problem creates a pressing demand and urgent need for the proposed use; and

WHEREAS, the applicant states that the present owners have held title to the property since November 27, 1931 and May 13, 1947 and that the assessed valuation of land is \$38,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the plot to be occupied for the parking and storage of motor vehicles substantially as proposed and as indicated on plans filed with this application marked "Received March 4, 1958" 2 sheets, and

"October 9, 1958", one sheet, *on condition* that on the existing former foundation along University Avenue and Featherbed Lane there shall be erected a woven wire fence of the chain link type not less than five feet six inches in height; that there shall be a similar fence erected along the building line of Plimpton Avenue and on the interior lot line from Plimpton Avenue to University Avenue with no openings therein except one to Plimpton Avenue within fifty feet of the building line of Featherbed Lane with gates instead of as shown on plans above cited; that the existing former foundation referred to as a retaining wall shall be repaired so as to make same safe; that the plot shall be leveled substantially to the grade of Plimpton Avenue and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that each tenant of a space in this parking lot shall be on a monthly basis and shall be furnished with a key to the gate that the gate shall normally be closed and locked; that signs shall be restricted to one sign attached to the fence near the entrance on Plimpton Avenue stating the parking use and such other information as may be required by the Commissioner of Licenses; that the sidewalks abutting the premises on University Avenue, Featherbed Lane and Plimpton Avenue shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that during the term of this variance the premises shall be used for no other use and no building shall be erected thereon; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

593-41-BZ—Vol. III

APPLICANT—William B. Lichtner for Farock Theater Corporation, owner, Lee Service Center, Lessee.

SUBJECT—Application reopened July 22, 1958 as Vol. III—decision of the Borough Superintendent under section 7i of the Zoning Resolution to permit in a business use district at an existing gasoline service station, the erection of a one bay extension to the existing accessory building and to extend the uses to include minor auto repairs with hand tools only.

PREMISES AFFECTED—10-25 Beach 19th Street, west side, 97.1 feet north of Cornaga Avenue, Block 49, Lot 46, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: William B. Lichtner.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on July 22, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Beach 19th Street, Mott Avenue, Cornaga Avenue and Beach 20th Street are in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 19, 1958 acting on Alt. Applic. No. 1294-55, reads:

"1. Proposed extension of gasoline service station, auto laundry, office salesroom, parking and storage of more than 5 motor vehicles by the addition of one bay is contrary to the resolution under Cal. #593-41-BZ and contrary to Art. 2 Sec. 4 of the Zone Law.

"2. The change in the Certificate of Occupancy to read gasoline service station, auto laundry, office, salesroom, minor auto repairs, parking and storage of more than five motor vehicles is also contrary to Cal. #593-41-BZ

MINUTES

insomuch that the Resolution did not include minor auto repairs." and

WHEREAS, the applicant states that the premises consist of a plot, 225 feet frontage by 150 feet in depth; that it is proposed to add to the existing gasoline service building, originally approved by the Board on April 29, 1952 under Cal. No. 593-41-BZ, Vol. II and erected in March 27, 1953, a one-bay extension 16 feet wide by 29 feet 4 inches in depth; that this bay will be constructed in place of the carport roof granted by the Board on June 29, 1955, but never erected; that permission is also requested to amend the resolution under Cal. No. 593-41-BZ, Vol. II, to permit minor auto repairs with hand tools only; and

WHEREAS, the applicant contends that this gas service station, while offering parking to a great percentage of shoppers in the village of Far Rockaway, offers the extra convenience to these shoppers of other services such as car washing, auto repairs, etc.; that the lessee was completely unaware that the present Certificate of Occupancy did not include minor auto repairs until Violation No. 5-58 was issued for this operation; that these repairs constitute the major part of the business conducted at this site; that his client, or for that matter, any occupant would be forced to give up this gas station at a terrific loss of capital investment if the service called minor auto repairs remains prohibited; and

WHEREAS, the applicant states that the present owner has held title to the property since July, 1946; that the assessed valuation of land is \$54,500 and of the buildings \$9,500 making a total of \$64,000; that the building was erected July 13, 1953; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 19, 1952, as thereafter amended by resolutions adopted through February 7, 1956, by adding thereto:

"that in the event the owner desires to extend the accessory building by an addition, as indicated on plans filed with this application, marked 'Received November 13, 1958', 6 sheets, such addition as shown thereon may be permitted; and under Section 7i for the term specified by resolution adopted on April 19, 1952, minor repairs with hands tools only may be permitted for adjustments maintained solely within the accessory building, on condition that in all other respects the building, occupancy and use shall comply with the resolutions above cited where not inconsistent with this resolution; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

596-42-BZ—Vol. V

APPLICANT—Irving P. Marks, for Heller Roberts Manufacturing Corp., owner.

SUBJECT—Application reopened March 4, 1958 as Vol. V—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business and residence use district, on the residence portion of the premises, the change in use of that portion of the existing factory use for loading and unloading to an assembly area and to continue the use of the metal dust collector.

PREMISES AFFECTED—692-710 Jamaica Avenue, south side, 54 feet west of Richmond Street, Block 4102, Lots 19 and 35, Borough of Brooklyn.

APPEARANCES—

For Applicant: Irving P. Marks and Wayne Fulton.

For Opposition: Edward P. Kelly and Nancy Corsi.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. V on March 4, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; laid over to November 25, 1958, for inspection and decision; hearing closed; then to December 16, 1958, for inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Logan Street and Richmond Street are in business and residence use, C area, class 1 height districts; Etna Street is in a residence use, C area, class 1 height district; Jamaica Avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 9, 1958 acting on Alt. Applic. No. 3558-57, reads:

"2. Loading and unloading space now changed to assembly area which is contrary to plans approved by Board of Standards & Appeals under 596-42-BZ. Note—assembly area located in a residence use district.

3. Proposed installation of a dust collector located in residential portion of lot is contrary to Art. 2 Sect. 3 of the Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 186 feet 1½ inches frontage by 227 feet and 125 feet 11¼ inches in depth, irregular; that it is proposed to change the use of the loading area to assembly work, and to obtain approval for the erection of a metal dust collector; and

WHEREAS, the applicant states that recently, because of production requirements, a metal dust collector was erected and approved by the Department of Labor, and the small area used for loading, as previously approved by the Board, was changed to assembly work as part of the factory; that on November 6, 1957 Violation No. 4800-57 was placed on the premises as follows: "At rear of above premises, a metal dust collector has been erected"; that on November 7, 1957, Violation No. 4836-57 was placed on the premises by the Department of Buildings as follows: "The following changes have been made on these premises contrary to the Resolution adopted by the Board of Standards and Appeals, acting on Cal. No. 596-42-BZ, in that one-story extension approved for loading zone has been changed to factory, assembly work; and

WHEREAS, the applicant contends that except for the erection of the metal dust collector, at the rear of the existing building, there is no change in the size or shape of the present buildings, other than the use of the loading area, to assembly area; that the changes made were necessary to the proper operation of the existing factory within the limits of the buildings already approved, and in no way changed the character of the businesses being conducted within the premises; that the yard area in back of the existing building has always been, and is still being maintained as a garden area, and has suitable fencing surrounding the area and is also beautifully landscaped; that a garden area is directly in back of and between adjoining residential properties and has not been changed in any way, except for the small area directly in back of the building where the metal dust collector has been erected; that the entire property, including the driveways and loading areas, have been kept in tip-top shape; that the owners have always tried to keep the residential character of the rear portion of the property, which has created additional expense to them without any benefit to their business whatsoever; and

WHEREAS, the applicant states that the present owner has held title to the property since 1908; that the assessed valuation of land is \$33,200 and of the building \$71,300 making a total of \$104,500; that the building was erected in 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 20, 1942, and as thereafter amended by resolutions amended through

MINUTES

December 6, 1955, by adding thereto:

"that the building previously permitted by the Board as an unloading space may be used as a portion of the factory as proposed and shown on plans filed with this application marked, 'Received February 6, 1958' 5 sheets, and 'July 3, 1958,' 1 sheet *on condition* that the extension shall comply with all laws, rules and regulations applicable thereto; that the exhaust equipment attached to the building at the rear in the residential district as required by the State Labor Department shall be enclosed with concrete blocks not less than 6 inches in thickness and other construction as may be needed effectually to deaden the noise; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and resolutions as above cited where not inconsistent with the resolution; that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within six months."

312-51-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Flash Holding Corp., owner.

SUBJECT—Application reopened May 6, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7c and 7A of the Zoning Resolution, to permit in a business use district, to alter and rearrange the present gasoline service station and auto accessories and extend the uses to include lubritorium, office and sales, motor vehicle repair shop, stores for sale of accessories and storage room.

PREMISES AFFECTED—2041-2049 Flatbush Avenue and 2-14 Baughman Place, southeast corner, Block 7868, Lot 18, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper... 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 6, 1958 subject to regular procedure, to consider extension and change of use; and

WHEREAS, a public hearing was held on this application on November 25, 1958 after due notice by publication in the Bulletin; laid over to December 2, 1958, at the request of an objector; then to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Flatbush Avenue are in a business use, D area, class $\frac{1}{2}$ height district; Baughman Place and Troy Avenue are in business and residence use, D area, class $\frac{1}{2}$ height districts; that as of July 25, 1916 the premises were in a class one height district and received the present use designation August 25, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated March 19, 1958 acting on Alt. Applic. No. 35-58, reads:

"1. The proposed extension and change of use from oil selling station, auto accessory stores and 4 car garage to gasoline service station, office & sales, lubritorium, storage, auto accessory stores and motor vehicle repair shop on a lot located in a Business use district is contrary to Art. II, PP. 4a subsection 29 & 46 of the Zoning Resolution.

2. Show windows located with 75'-0" of a Residence use district is contrary to Art. II, PP. 7A of the Zoning Resolution.

(Note: These premises were the subject of a Board

of Standards and Appeals variance under Cal. No. 312-51BZ.)"

and

WHEREAS, the applicant states that the premises consist of a plot, 87.70 feet frontage by 100 feet in depth, presently developed with a gasoline service station consisting of six 550 gallon gasoline tanks, six dispensing pumps and two open grease pits; that the premises are also developed with a one-story building of class 3 construction, having a frontage of 46 feet 9 inches, an irregular depth of 61 feet $8\frac{3}{4}$ inches and now occupied as a motor vehicle repair shop and stores for accessory sales; that the cellar is being used for storage; that it is proposed to rearrange the gasoline station pump layout by setting four new approved type gasoline dispensing pumps ten feet in back of the Flatbush Avenue building line; that it is also proposed to erect a new extension of class 3 construction, having a frontage of 24 feet 6 inches, a depth of 24 feet, for use as a lubritorium, office and sales; that it is further proposed to maintain the present motor vehicle repair shop, stores for sale of accessories and storage room; and

WHEREAS, the applicant states that the present gas station was established under Applic. No. 4581-1924 and Certificate of Occupancy No. 26683 was issued on June 25, 1924 for use as oil station, auto accessories, no repair shop; that the present motor vehicle repair shop was originally erected as a four car garage under N.B. Applic. No. 8501-1926; that the present store for accessory sales was originally erected as stores under Applic. No. 11338-1927; that no Certificates of Occupancy were ever issued for the stores and the four car garage; that the premises were also subject to Cal. No. 312-51-BZ and Alt. no. 544-1951; that no work was done under this approval; and

WHEREAS, the applicant contends that the rehabilitation of this gas station, which has been in constant operation since 1924, will provide better service to the people of this community and will not have an adverse effect upon any of the adjoining property owners; that setting the pumps 10 feet in back of the Flatbush Avenue building line will provide better protection for passing pedestrians and keep the cars being serviced off the sidewalk; that the reduction of the curb cuts to two 30 feet cuts on Flatbush Avenue and one 30 foot cut on Baughman Place will also protect the passing pedestrians; that the show window is located within 75 feet of the residence zone area and was erected before Section 7A was added to the Building Zone Resolution; that the 30 foot curb cut on Baughman Place is necessary for the proper operation of this service station; and

WHEREAS, the applicant states that the present owner has held title to the property since December 1, 1953; that the assessed valuation of land is \$30,000 and of the building \$7,000 making a total of \$37,000; that the building was erected in 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted as it will be a material improvement over the present arrangement, with pumps away from the building line and the proposed occupancy of vacant stores in the rear.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 18, 1952, by adding thereto:

"that in the event the owner desires to alter the present gasoline service station to improve and extend the facilities, as proposed and indicated on plans filed with this application, marked 'Received April 16, 1958,' 8 sheets, such changes may be made, provided the construction shown shall be carried out and the use of the existing stores on Baughman Place shall be maintained for the uses thereon shown and no other uses; that the curb cuts as existing shall be reduced as shown; that gasoline pumps may be relocated as shown on plans above cited; that there may be minor automobile repairing with hand tools only for adjustments maintained solely within the accessory building; that the closure of the space for the greasing pits, replacing the outdoor lifts

MINUTES

shall meet the requirements of the Building Code; that under Section 7A any show windows considered contrary thereto may be permitted, provided the requirements of this resolution are met; that in all other respects the resolution above cited shall be complied with; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

35-52-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Stapleton and Schneider Motor Sales, Inc., owner.

SUBJECT—Application reopened October 7, 1958—as Vol. II—decision of the Borough Superintendent, under sections 7e, 7h and 21 of the Zoning Resolution, to permit in a residence use, D area district, the erection of a one story building occupying more than the permitted area for use as a bowling alley, restaurant, bar and lounge with parking of patrons' cars—no fee to be charged.

PREMISES AFFECTED—32-45 75th Street, east side, 100 feet north of Northern Boulevard, Block 1171, Lots 46 and 62, Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 7, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 32nd Avenue are in a residence use, D area, class 1½ height district; 75th Street and 76th Street are in residence and business use, B and D area, class 1½ height districts; Northern Boulevard is in a business use, B area, class 1½ height district; that as of July 25, 1916 the premises were in an unrestricted use district and a class B area district; that the present use and area designations became effective July 31, 1947; and

WHEREAS, the decision of the Borough Superintendent, dated August 19, 1958 acting on N.B. Applic. No. 1924-58, reads:

"1. The proposed erection of a structure for use as bowling alleys, restaurant, bar and lounge, parking of patrons' cars (no fee to be charged), business signs and curb cut on a lot in a residence district is contrary to art 2, Sec. 3 of the Z.R.

"2. Provide a rear yard as per Sec. 14(a) of the Z.R.

Note: These premises were the subject of a variance by the Board under Cal. #35-52-BZ.

"3. Area coverage is in excess of that permitted by Sec. 14(c) of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 325.45 feet frontage by 100 feet in depth, presently being used for the parking of customers' cars and cars awaiting service; that it is proposed to remove all the present uses and erect a modern, one story building of class 1 construction, having a frontage of 262 feet, a depth of 83.54 feet for use as bowling alley, restaurant, bar and lounge; that the open area is proposed for parking of patrons' cars—no fee to be charged; and

WHEREAS, the applicant states that in 1947, under Alt. Applic. No. 755-47, permission was granted to use that part of the premises having a frontage of 198 feet on 75th Street, starting 100 feet north of Northern Boulevard and for a depth of 100 feet, for parking and storage of more than

five cars, sales of used cars, open auto repairing, gasoline station and lubrication work and for which Certificate of Occupancy No. 43572 was issued; that under Alt. Applic. No. 2950-51 and Cal. No. 35-52-BZ the uses were changed to gasoline station, parking of customers cars and storage of cars waiting to be serviced, for which Certificate of Occupancy No. 92192 was issued; and

WHEREAS, the applicant contends that although the area north of Northern Boulevard has been changed from an unrestricted use district to a residence use district, this particular street where the site is situated has not developed in conformity with the use change; that therefore the change of use from one legal non-conforming use to another non-conforming use on this site cannot possibly affect any of the adjoining properties; that there is within the same block, on lot No. 36, a non-conforming use of gas station, and another non-conforming use, across from the site in block 1170, lot 38, of motor vehicle repair shop; that the land is high in assessed value so that it is mandatory for the owner to develop this site as proposed in order to receive an equitable return on his investment; that the building will be modern in design and an asset to the community; that there are no windows proposed in the bowling alley portion of the building, so that any noise that may emanate from the building will be strictly confined; and

WHEREAS, the applicant further contends that the rear yard as proposed for the first 249.96 feet of the rear lot line is 15.96 feet, for the next 11.04 feet the rear yard has an average depth of 20.48 feet, for the balance of 65 feet the rear yard is 25 feet and complies with Section 14(a) of the Zoning Resolution; that the 15.96 foot rear yard is adjoined by a 10 foot driveway that is used for egress and ingress to the adjoining garages on lots 19 to 31; that the distance between the garages on the proposal is 25.96 feet; that therefore, inasmuch as there are two permanent easements of 10 feet each, making a total of 20 feet plus an additional 5.96 feet making a total of 25.96 feet between the proposal and the adjoining garages; that the reduction of the rear yard for a portion of this site cannot materially effect any of the adjoining properties; that the area of the lot is 33,137 square feet, the area of the proposed building is 20,217 square feet, and since the permitted coverage is 18,225 square feet, the proposal is 1992 square feet in excess; that the excess area is a very small percentage of the total building and is required in order to provide the proper facilities to operate this large bowling alley; and

WHEREAS, the applicant states that the present owner has held title to the property since October 5, 1951 and that the assessed valuation of land is \$33,800; that the building was erected in 1947; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on September 30, 1952, by adding thereto:

"that in the event the owner desires to omit the use as permitted by the resolution above cited and in place to construct a building for a bowling alley and to provide space for the parking of cars substantially as proposed and shown on plans filed with this application marked "Received Aug. 22, 1958", 4 sheets and "November 6, 1958", 1 sheet, such use may be permitted provided that the proposed building shall be constructed northerly to the lot line and the parking area located against the southerly lot line; that the equipment of the alleys, and other bowling equipment, shall be of a type that is as noiseless as possible; that the toilet rooms shall be vented through the roof and not by windows, as shown; that the exit doors indicated may be permitted to the rear yard as proposed provided such doors are not used except for exit purposes and are kept closed; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such fire fighting appliances shall be maintained as the Fire Commissioner shall require; that the parking lot toward the south, as relocated, shall be surfaced with clean gravel or steam cinders

MINUTES

and treated with a binder and properly rolled and shall be enclosed with a woven wire fence of the chain link type on a masonry base not less than five feet six inches in total height; that the rear yard shall be maintained across the property for its full length; that entrance to the parking lot shall consist of one opening in the fence which shall be fitted with gates which shall be normally kept closed when the bowling alley building is not in operation, and with a curb cut opposite not over 14 feet in width; that the sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that along the rear yard where existing fences do not occur on the building line there shall be erected a similar woven wire fence of the height as specified; that signs shall be restricted to signs as would be permitted if the lot were in a local retail district; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

202-54-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug, Herbst and Rusciano, for Fannie Di Lello and Steven Letizia, owners.

SUBJECT—Application reopened January 21, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7c and 7e of the Zoning Resolution, to permit in a local retail use district, a three-bay extension to the existing gasoline service station building, with accessory uses of lubritorium, car wash, motor vehicle repairs and office, the plot also contains a two-story dwelling.

PREMISES AFFECTED—3020 Eastchester Road, east side, 100.06 feet north of Adee Avenue, Block 4766, Lots 41 and 43, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Volume II on January 28, 1957, subject to regular procedure, to consider extension; and

WHEREAS, a public hearing was held on this application on November 25, 1958, after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Eastchester Road are in a local retail use, D area, and class ½ height district; Hammersley and Adee Avenues are in a local retail and residence use, D and D-1 Area and class ½ height district; Mickle Avenue is in a residence use, D-1 area and class ½ height district; that on July 25, 1916 Eastchester Road, for a depth of 100 feet, was zoned business and the balance of the plot was residence; Eastchester Road was changed to residence on October 18, 1949; that the entire premises and Eastchester Road was rezoned into local retail on August 26, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated October 20, 1958, acting on Alt. Applic. 1166-57, reads:

"1—Proposed extension of gasoline service, office, lubritorium, non-automatic car wash and auto repair shop (previously granted by the Board) is contrary to Art. II Sect. 4-c of the Z.R. and Cal. #202-54-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot 150.05 feet frontage, by 139.81 feet in depth, irregular; that it is proposed to extend the existing gasoline service station; auto repair shop, office, lubritorium and car wash (non-automatic); that the Board considered the previous history affecting these premises under Calendar Num-

ber 202-54-BZ, Volume I and granted a variance to permit the rebuilding and addition of accessory uses on October 5, 1954; that the application was subsequently amended when the zone was changed from residence to local retail; and

WHEREAS, the applicant contends that Certificate of Occupancy #522-28 was issued April 10, 1928 upon completion of N.B. Applic. #82-28 for the construction of a one story cement block garage with a two family dwelling on the same lot; that said plans and application called for the demolition of an existing store; that Certificate of Occupancy #94-28, issued upon completion of Alt. Applic. 39-28 called for a store and auto supplies; that Certificate of Occupancy #295-30 was issued November 20, 1930 upon completion of Alt. Applic. 423-30 for automobile accessory store, the family dwelling and private garage; that the records of the Fire Department show that Plan and Application #1002-22 was approved October 2, 1922 for the installation of a gasoline storage tank of 550 gallon capacity at this location; that Permit #84535-23 was issued May 1, 1923 following this approval for an oil selling station; that these records show that in subsequent years the number of tanks were increased from one in 1923 to five in 1951, with a capacity of 2750 gallons; that in 1938, for instance, the location was approved for three tanks with a capacity of 550 gallons of gasoline each; that one tank of 120 gallons for kerosene and 100 gallons of lubricating oil; and

WHEREAS, the applicant states that the present owner has held title to the property since March 4, 1952 and June 4, 1955; that the assessed valuation of the land is \$36,500 and of the building \$19,500 making a total of \$56,000; that the building was erected in 1955; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the committee recommended that the application should be granted to permit the accessory building of the existing gasoline station to be constructed on an additional lot adjoining the premises.

Resolved, that the Board of Standards and Appeals does hereby amend under section 7c the resolution adopted on October 5, 1954, as thereafter amended by resolutions adopted through May 21, 1957, by adding thereto:

"that in the event the owner desires to increase the area of the premises by the addition of Lot No. 41, such extension may be permitted and the extension of the accessory building may be constructed as proposed and as indicated on plans filed with this application marked "Received December 23, 1957", 5 sheets, and "April 25, 1958", one sheet, on condition that the accessory building addition shall comply with all the requirements of the Building Code therefor, and shall be used as proposed and shall agree in design with the present existing building; that the premises shall be paved in front of such extension, and alongside, with concrete or asphaltic pavement; that the space in the rear shall be leveled and surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that woven wire fence of the chain link type shall be constructed on the new lot lines where masonry buildings on adjoining property do not occur on the lot lines and fences may be removed on the present lot line; that such fences shall be not less than 5 feet 6 inches in height and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

634-54-BZ—Vol. II

APPLICANT—Paul Friedman for 102 West End Avenue Corp., owner.

SUBJECT—Application reopened July 8, 1958 as Vol. II—decision of the Borough Superintendent under sections 7e and 7h of the Zoning Resolution to permit in a retail use district for a term of fifteen (15) years, the erection and maintenance of a gasoline service station, car wash non-automatic, minor repairs with hand tools only, office and sale of auto accessories, parking and storage of more than five motor vehicles with a ground sign in the local retail use district.

MINUTES

PREMISES AFFECTED—219-02/12 Hempstead Avenue (219-06 Hempstead Avenue, official) and 103-01 219th Street, southeast corner, Block 11154, Lot 22, Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 8, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on November 25, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Hempstead Turnpike are in a local retail use, D area, class $\frac{1}{2}$ height district; 219th Street and 220th Street are in local retail and residence use, D and E-1 area, class $\frac{1}{2}$ height districts; 104th Avenue is in a residence use, E-1 area, class $\frac{1}{2}$ height district; that as of July 25, 1916 the property was zoned as a business use district, a one time height district and a D area district; that the use district designations was changed from business to local retail on January 21, 1947; that the height district designation was changed from class 1 to class $\frac{1}{2}$ on June 30, 1952; that the area district has not been changed; and

WHEREAS, the decision of the Borough Superintendent, dated June 4, 1958 acting on N.B. Applic. No. 435-58, reads:

"1. Proposed gasoline service station, car wash (non-automatic) minor repairs (with hand tools only), office and sale of auto accessories, parking and storage of more than 5 cars on a lot in a local retail district is contrary to Sec. 4-c of the Z.R.

2. Proposed ground sign on a lot in a local retail district is contrary to Sec. 4-c of the Z.R."

and
WHEREAS, the applicant states that the premises consist of a plot, 126.38 feet frontage by 100 feet in depth; that it is proposed to erect and maintain for a stated term of fifteen years, a parkway-type gasoline service station, non-automatic car wash, minor repairs with hand tools only, office and sales of auto accessories, parking and storage of more than five cars, with a ground sign in the local retail use district; and

WHEREAS, the applicant states that on June 28, 1955 the Board denied an application under Cal. No. 634-54-BZ under Sections 7e, 7i, 7h and 7A, to permit the demolition of existing frame structures and the erection and maintenance, in the local retail use district portion of a plot located in a residence and local retail district, of a gas station, lubricatorium, auto laundry, motor vehicle repairs, storage and sale of accessories and office, with a curb cut nearer the residence district than is permitted; and to permit the parking and storage of motor vehicles, with a curb cut in the residence use district portion of the plot, at premises 219-02 to 219-12 Hempstead Avenue and 103-01 to 103-19 219th Street, southeast corner, Block 11154, Lot 18, Queens Village; that said premises consisted of a plot 126.55 feet and 191.80 feet frontage by 126.38 feet in depth, irregular; that previous to the decision, application and plans were amended so as to confine it to the local retail use district portion of the premises, omitting the proposed non-conforming use in the residence use district (see plan of proposed conditions marked "Received April 21, 1955"), so that the denial related to the same premises that is the subject of this new application; and

WHEREAS, the applicant further states that the architecture of the proposed building is different; that the previous application was for a flat-roofed building faced with

porcelain enamel and the present application is for a parkway-type building, faced with face brick, and having an asphalt-shingled roof; that false dormers and an attractive cupola, ornament the front facade, and shutters, bordering false windows, ornament the unpierced southerly wall; that the previous application showed the south wall of the building and the south fence wall to be located at the use district boundary line, which is 100 feet perpendicularly south of the Hempstead Avenue building line; that the present application relocates the south wall of the building and the south fence wall so as to create a seeded and landscaped area, 10 feet wide and 115 feet deep, between the southerly walls and the use district boundary line; that an ornamental ranch type fence is additionally proposed to enclose the landscaped and seeded area on the south, east and west; and

WHEREAS, the applicant also states that increased automobile traffic now warrants an additional gasoline service station in the area; that in denying the previous application, the Board set forth in its determining resolution that there appeared to be a sufficient number of gas stations within the general area; that since the denial, automobile traffic on Hempstead Avenue has increased substantially due in part to the tremendous development of access roads to and parking facilities at Belmont Park Race Track, in part to the development of outlying areas whose residents drive on Hempstead Avenue and in part to the general increase in the number of cars on the road; that it is significant that this heavy automobile traffic exists and will increase even if the plot in question should remain undeveloped; that the proposed gas station would not increase automobile traffic—it would merely service it; that diligent efforts to sell, lease or develop the premises for a conforming use, subsequent to the denial of the previous application, have been made and have proved fruitless; that at this moment there are four vacant stores on Hempstead Avenue between 220th Street and 221st Street—three on the south side and one on the north; that this pattern of frequent vacancies fluctuates from time to time, of course, but the pattern is indicative of lack of support for existing stores, much less for new ones; and

WHEREAS, the applicant contends that there is no economic demand for development of the site for conforming uses, such as stores or residences, but there is an economic demand for development as a gasoline service station; that a grant of this application would be a benefit, rather than a detriment, to the area deemed by the Board to be affected by this application; that a grant of the instant application would reduce, rather than increase traffic hazards and parking congestion in the area; that it would provide more light and ventilation to nearby properties than if the premises were to be developed with a conforming building; that a grant of the instant application would do substantial justice in that it would permit the property to be developed in the only feasible manner for which there is an economic demand, without adversely affecting anyone; and

WHEREAS, the applicant states that the present owner has held title to the property since September 23, 1955 and that the assessed valuation of land is \$27,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and lawful accessory uses substantially as proposed and indicated on plans filed with this application marked, "Received June 17, 1958," 4 sheets, *on condition* that any uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Hempstead Avenue and shall be developed as indicated on plans above cited; that the accessory building

MINUTES

shall be of the location, design and arrangement as indicated and shall comply with the Building Code in all other respects; that there shall be no cellar under such building; that on the lot line to the east there shall be a masonry wall not less than 5 feet, 6 inches in height, faced with face brick and properly coped and with suitable terminal post at the building line of Hempstead Avenue; that a similar wall shall be continued in line with the rear of the accessory building and where the wall of the accessory building does not occur, to 219th Street; that at the rear of such wall for a depth of 10 feet, the plot shall be seeded and landscaped for the full width and protected with a ranch type wooden fence on the lot lines not less than 4 feet, 6 inches in height; that curb cuts shall be restricted to 2 curb cuts, each 30 feet in width to Hempstead Avenue, and one within the first 25 feet from the intersection on 219th Street and not over 20 feet in width; that the gasoline pumps shall be of a low approved type erected not nearer than 15 feet to the street building line; that gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that planting, as shown, shall be of suitable planting material and shall be protected with a curbing not less than 8 inches in height and 6 inches in width; that the balance of the premises where not occupied by the accessory building, planting and pumps, shall be paved with concrete or asphaltic paving; that sidewalks abutting the premises on Hempstead Avenue and 219th Street shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7h there may be for a similar term, parking and storage of motor vehicles on such portion of the premises as will not interfere with the servicing of the station; that under Section 7i for a similar term, there may be minor repairs with hand tools for adjustments only, maintained solely within the accessory building; that signs shall be restricted to permanent signs attached to the facade of the building facing Hempstead Avenue and the illuminated globes of the pumps excluding all roof and temporary signs and advertising devices, but permitting the erection at the intersection of Hempstead Avenue 219th Street, of one post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line at right angles to Hempstead Avenue for a distance of not more than 4 feet; that at this point at the intersection there shall be erected a block of concrete extending for a distance of 5 feet from the intersection along both streets and not less than 12 inches in height; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

714-56-BZ—Vol. II

APPLICANT—Frederick A. Ketcher, for Louis Fayne, owner.

SUBJECT—Application reopened May 27, 1958 as Vol. II—decision of the Borough Superintendent, under section 7f of the Zoning Resolution, to permit in a business use district, the enlargement in the open area of a proposed gasoline service station, previously granted by the Board, to provide safer facilities for cars entering and leaving by adding two new curb cuts.

PREMISES AFFECTED—1346 Edward L. Grant Highway, east side, 369 feet north of West 169th Street, Block 2871, Lots 81, 83 and part of Lot 77, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on

May 27, 1958 subject to regular procedure, to consider extension of area; and

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the dictist maps accompanying the Zoning Resolution show that the site and Edward L. Grant Highway are in a business use, B area, class 1¼ height district; Cromwell Avenue and West 170th Street are in business and unrestricted use, B area, class 1¼ height districts; West 169th Street is in a business use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 24, 1958 acting on N.B. Applic. No. 16-18-56, reads:

"1. Extension of yard area of gasoline station is contrary to Bd. of S. & A. Cal. #714-56-BZ." and

WHEREAS, the applicant states that the premises consist of a plot, 181.14 feet frontage by 56.64 feet in depth, irregular; that it is proposed to add the apportioned part of lot 77 to the present lots 81 and 83, thus increasing the area of the gasoline station by some 1320 square feet; that this area will be covered with a concrete arch of similar construction, as previously shown for the approved station, and the reinforced concrete lot line wall will be continued around the additional perimeter in the lot; that the entire sidewalk will be properly graded and rebuilt of reinforced concrete; and

WHEREAS, the applicant states that this small parcel was purchased from the City of New York on January 29, 1958 expressly for the purpose of insuring better and safer drive-in conditions for the approved station; that the only request in this appeal is to include this parcel as yard area; that there will be no other change in the occupancy; that there is an easement by the City of New York, which is quoted verbatim:

1. Easement shall be retained for the passage, maintenance and repair of the fuel line to garage at premises 1331 Cromwell Ave.

2. The fuel fill box shall be protected and/or relocated if drop curbs are to be installed.

3. The rear wall and the roof of the garage shall be fully protected if filling or construction is to be done on subject plot.

that all of these provisions, terms and conditions are duly noted and clearly shown on the drawings; and

WHEREAS, the applicant contends that the present drive-in approach can only be accomplished by making a sharp curve towards the pump island; that the irregular shape and limited depth of the plot, the curve of the street, which faces all incoming traffic, and the up-grade of the highway would cramp station circulation and operation; that the proposed additional area would enable all station traffic to drive directly to the pump island in practically a straight line, thus eliminating any curves in the yard area and insuring the safest possible drive-in for both the attendants and the public; that request is also made for two additional 30 foot curb cuts; that the proposed additional area for drive-in purposes only, would result in a decided improvement in the general appearance of the premises and definitely contribute to the safety of station operation and to the convenience and safety of the public; and

WHEREAS, the applicant states that the present owner has held title to the property since January 29, 1958 and that the assessed valuation of land is \$13,400; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board; and

WHEREAS, the applicant stated that the work permitted by the resolution adopted on December 17, 1957, is now under way.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 17, 1957, by adding thereto:

"that in the event the owner desires to enlarge the premises by the addition of the lot adjoining on the

MINUTES

south, No. 77, as now proposed and shown on plans filed with this application, marked 'Received May 2, 1958', 3 sheets and November 5, 1958, 1 sheet' such extension may be permitted *on condition* that the structural conditions and safeguards as required in resolution adopted January 17, 1957, shall apply only to this lot and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and the requirements as to the easement across the property shall be fully complied with.

479-57-BZ

APPLICANT—Fred C. Dahlem and Victor E. Block, for Dora Leventhal, owner.

SUBJECT—Application June 25, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—2668 Marion Avenue, east side, 100 feet south of East 195th Street, Block 3282, Lot 22, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem and Victor E. Block.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1¼ height district; Marion Avenue and East 195th Street are in residence and business use, B area, class 1¼ height districts; Decatur Avenue and East 194th Street are in a business use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 27, 1957 acting on Alt. Applic. No. 424-57, reads:

"1. In a residence district the proposed 'Parking & storage of motor vehicles' is contrary to Sect. 3, Art. II Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 160.34 feet in depth; that it is proposed to use the vacant space for the storage of more than five motor vehicles of the passenger type, in addition to the five car motor vehicle garage, for which a Certificate of Occupancy has been issued; that the curb is already cut; and

WHEREAS, the applicant states that on the front of the plot is a two story and basement frame multiple dwelling, which was erected a long time ago as a one family residence; that the record of its erection is unknown; that the building was altered under Alt. Applic. No. 951 of 1892, but was still classified as a one family dwelling; that Fuel Oil Applic. No. 360 of 1934 was approved for installation of a 550 gallon oil tank and the occupancy was given as a two family dwelling; that under approved N.B. Applic. No. 2357 of 1928 a Certificate of Occupancy for a five car brick garage was issued December 26, 1929; that the front building was changed to a three family multiple dwelling under B.N. Applic. No. 230 of 1943; that the owner at that time was Mrs. A. R. Maclerio; and

WHEREAS, the applicant contends that the present owner has had many requests by people in the neighborhood for car space in the lot; that she rented out space for additional cars and received a summons from the License Department; that the Court fined her \$15 and she has removed the excess cars; that with the enforcement of alternate parking, the people in this area have a very difficult problem finding parking space for their cars; and

WHEREAS, the applicant states that the present owner has held title to the property since August 1, 1949; that the assessed valuation of land is \$13,000 and of the building \$3,000 making a total of \$16,000; that the building was erected prior to 1892; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises where unbuilt upon to be occupied for the parking of motor vehicles, as indicated on plans filed with this application, marked "Received June 25, 1957", 3 sheets and "November 3, 1958", 1 sheet, including the permissible use of the five existing garages at the rear, *on condition* that the fences shall be maintained on the lot lines and a metal gate at the building line shall be maintained; that all persons parking cars shall be furnished with a key to the gate so that the gate can be kept closed and locked; that signs shall be restricted to one sign attached to the fence at the entrance, advertising the parking and storage use, rates charged and such other information as the Commissioner of Licenses may require; that during the term of this variance the premises shall be used for no other use than the residence purposes now existing and the parking herein permitted; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and that a new Certificate of Occupancy shall be obtained.

633-57-BZ

APPLICANT—Fred C. Dahlem, and Victor E. Block, for Morice Haymes, owner.

SUBJECT—Application August 5, 1957—decision of the Borough Superintendent under section 7h of the Zoning Resolution, to permit in a residence and business use district, the extension of the existing parking lot for the storage of more than five (5) motor vehicles located on the business use portion of the premises into the residence use portion.

PREMISES AFFECTED—4435-4439 Broadway and 201-207 Bennett Avenue, northwest corner, Block 2180, Lots 500, 502 and 503, Borough of Manhattan.

APPEARANCES—

For Applicant: Fred C. Dahlem and Victor E. Block.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958, after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and West 190th and West 192nd Streets are in a residence and business use, B area and class 1½ height district; Bennett Avenue is in a residence use, B area and class 1½ height district; Broadway is in a business use, B area and class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 11, 1957, acting on Alt. Applic. 602/57, reads:

"(1) The parking & storage of more than 5 motor vehicles, located partly in a business use district and

MINUTES

partly in a residence use district, is contrary to Art. II Sec. 3, Zoning Resolution."

WHEREAS, the applicant states that the premises consist of a plot, 93.93 feet frontage by 200 feet in depth, and is occupied as parking and storage of more than five motor vehicles and also contains five one car metal garages and one metal frame building for the attendant on the Broadway front; that this portion of the premises, in a business district, was approved by the Department of Buildings Alt. 1848/50, C. of O. No. 38430; that the rear of these premises consist of another plot located in a residence district; that the land in this plot is protected by a retaining wall at West 190th Street and Bennett Avenue and are lower and cannot be entered except from Broadway; that it is proposed to use the rear residence portion for parking and storage of more than five (5) motor vehicles; and

WHEREAS, the applicant contends that there is a great demand for off street parking in this area and the entire place is occupied; that the Department of Buildings filed a violation for using the residence portion—see Violation 28-57 attached to the papers; that the owner requests that the Board grant this variance to permit parking and storage in the residence portion to continue lawfully for a period of years; and

WHEREAS, the applicant states that the present owner has held title to the property since July 31, 1956; that the assessed valuation of the land is \$41,000 and of the building \$1,500, making a total of \$42,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the existing approved parking lot to be extended into the more restricted area, as proposed and shown on plans filed with this application, marked "Received August 5, 1957", 3 sheets and "November 5, 1958", 2 sheets, *on condition* that all buildings and uses now on the entire premises shall be removed and the premises leveled substantially to the grade of Broadway and arranged as indicated on such plans; that there shall be erected on all lot lines where masonry walls of existing buildings do not occur, a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches with no openings therein except one to Broadway, not over 15 feet in width with curb cut opposite of similar width; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon, except there may be a building complying with the requirements, erected near the entrance, not exceeding 100 square feet in area one story in height, to be occupied solely as an office and shelter for the attendant; that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that there may be a curb cut opposite the entrance on Broadway, not exceeding 15 feet in width; that against such fences and walls there shall be suitable bumpers maintained at all times for protection thereof; that the plot shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that signs shall be restricted to one sign attached to the fence at the entrance advertising the parking and storage use and such other information as may be required by the Commission of Licenses; that such sign shall not exceed 10 square feet, shall not be illuminated nor extend beyond the building line; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

979-57-BZ

APPLICANT—Ruth H. Jaffe, owner.

SUBJECT—Application December 27, 1957—decision of the

Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a residence use, F-1 area district, the maintenance of a one family dwelling within the required setbacks.

PREMISES AFFECTED—7320 Avenue X, southwest corner of East 74th Street, Block 8460, Lot 30, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ruth H. Jaffe.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 12, 1958 after due notice by publication in the Bulletin; laid over to November 18, 1958, applicant failed to give full notice to property owners; then to December 16, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Avenue X, East 73rd Street, East 74th Street and Bergen Avenue are in a residence use, F-1 area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 5, 1957 acting on N.B. Applic. No. 240-54, reads:

"3. Survey shows bldg. encroaching upon required 15 ft. setback on each street within an F-1 area district, and violates Art. 4 Sect. 16A & 16a of zone resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage by 100 feet in depth; that it is proposed to permit in an F-1 area district, the maintenance of a one family dwelling within the required setbacks; and

WHEREAS, the applicant states that the building is set back 13 feet 2¼ inches from East 74th Street, so that it encroaches one foot, 9¾ inches into the required setback, and it is set back ten feet, 3¼ inches from Avenue X, so that it encroaches four feet 8¾ inches into the required setback; that the building is erected irregularly on the plot, thereby said encroachments exist only partially and not the full run of the building in length and width; and

WHEREAS, the applicant contends that an amendment dated July 22, 1954 changed this area from F to F-1, whereby setbacks were changed from ten foot to fifteen foot requirements; that she paid a five dollar fine for not having an approved survey, because of setbacks; that she pleads a hardship case because a Certificate of Occupancy cannot be obtained because of "No approved survey"; that banks refuse to give a mortgage without a Certificate of Occupancy; that at present, she is in drastic debt because of many personal loans to complete her home and is totally unable to pay taxes of \$735 per year and a "Notice of Possible Foreclosure" has already been sent if taxes are not paid by June 30, 1958; and

WHEREAS, the applicant states that she has held title to the property since January 8, 1952; that the assessed valuation of land is \$6,400 and of the building \$11,600 making a total of \$18,000; that the building was erected in 1955; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee noted that the location of the house on the plot is what causes the narrowness of the yard at two points but the average widths are more than what the law requires, and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty;

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the reduction of the yards at two points, where shown, on plans filed with this application marked "Received December 27, 1957, 4 sheets," on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

68-58-BZ

APPLICANT—William C. Kane, for James Lynch and Samuel Hirsch, owners.

SUBJECT—Application February 20, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, for a term of five years, the parking and storage of more than five passenger type, motor vehicles.

PREMISES AFFECTED—3051 Decatur Avenue, north side, 150 feet east of Mosholu Parkway North, Block 3332, Lot 78, Borough of The Bronx.

APPEARANCES—

For Applicant: William C. Kane.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper... 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 25, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and East Mosholu Parkway North are in a residence use, C area, class 1¼ height district; Hill Avenue and Decatur Avenue are in residence and business use, C area, class 1¼ height districts; East 204th Street is in a business use, C area class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 22, 1958 acting on Alt. Applic. No. 1069-57, reads:

"1. The proposed use of the lot as a parking lot for more than 5 motor vehicles in a residence use district is contrary to Article II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 500 feet frontage by 110 feet in depth; that it is proposed to level off the plot and surface it throughout with cinders, treated with a binder; that a woven wire fence, 5 feet 6 inches high will be erected on the lot lines, with a single entrance consisting of two 6 foot wide gates and a single curb cut 10 feet wide, with 2 foot splays; and

WHEREAS, the applicant states that the site is surrounded by multi-story apartment houses, none of which have parking facilities; that a check of the affected area was made and disclosed that there are more than 1000 families in that area; that there are private garages for 31 motor vehicles; that a public garage and parking lots on the southern portion of the affected area can take care of less than 265 motor vehicles; that day and night, the public streets of the entire area are lined with motor vehicles; and

WHEREAS, the applicant contends that additional parking facilities are vitally necessary in the area and the proposed use of the site for the parking and storage of passenger type motor vehicles will help to alleviate the serious condition that exists; and

WHEREAS, the applicant states that the present owners have held title to the property since September 17, 1957 and that the assessed valuation of land is \$9,000. and ...

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for the parking and storage of motor vehicles of the pleasure-car type only, substantially as proposed and indicated on plans filed with this application marked, "Received February 20, 1958," 1 sheet, and "Received August 13, 1958," 3 sheets, on condition that all uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Decatur Avenue and surfaced with clean gravel or steam cinders and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches, except for opening to Decatur Avenue; that such fence may be omitted where walls of adjoining buildings occur on the lot line; that curb cuts shall be restricted to one curb cut for entrance and exit to Decatur Avenue not over 10 feet in width; that the opening to Decatur Avenue for entrance and exit shall be fitted with gates; that sidewalks and curbing abutting the premises shall be reconstructed and repaired to the satisfaction of the Borough President; that bumpers shall be maintained against the fence for protection thereto; that signs shall be restricted to a single sign attached to the fence at the entrance, advertising the parking and storage use and the rates charged and other information as may be required; that such sign shall not be illuminated and shall not extend beyond the building line and shall not exceed 5 square feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 27, 1958 for inspection and decision; hearing closed; laid over, date for decision to be determined; now set for July 29, 1958; then to September 23, 1958, for further consideration by the Board; each side may file a reply by briefs only; then to October 7, 1958, for decision; applicant permitted to file reply brief by October 2, 1958; then to October 15, 1958, at the joint request of the applicant and objector and to permit filing of additional brief and for decision; then to October 21, 1958, at request of the applicant, for possible amendment of application after discussion with objectors; hearing previously closed; no further adjournments; then on October 22, 1958, the Board accepted revised plans for continuation of the hearing in connection with said revised plans, subject to regular procedure, waiving

MINUTES

all requirements, except a new decision of the Borough Superintendent, new plans and corrected list of owners, if necessary, and notice in accordance with regular procedure, registered mail, to affected property owners; hearing date to be set by the Examiner after the material has been properly submitted; and

WHEREAS, a public hearing was held on this application on November 25, 1958 after due notice by publication in the Bulletin; laid over to December 2, 1958, at the request of an objector; then to December 16, 1958, for applicant to file statement of area coverage with property in the bed of street included, and similar statement with property in bed of street excluded, and for further consideration and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, West 248th Street, Arlington Avenue, Henry Hudson Parkway and West 249th Street are in a residence use, F-1 area, Class 1 height district; that on January 25, 1916 the premises was in an E area district; that it was rezoned from an E to an F area district on March 28, 1924, and it was rezoned from an F to an F-1 area district on January 14, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated October 23, 1958 acting on amendment to N.B. Applic. No. 1248-53, reads:

"A-2. Proposed 1—10 story & cellar fireproof Class 'A' Multiple Dwellings will exceed the floor area ratio permissible in an F-1 area district and contrary to Sec. 16-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 368.82 feet frontage by 454.17 feet in depth, irregular in area, presently vacant; that it is proposed to erect one 10-story apartment house occupying a greater floor area than permitted in an F-1 area district; and

WHEREAS, the applicant states that the premises is in a residence use district; that the use district provisions of the Zoning Resolution permit the proposed apartment house occupancy; that similarly, the premises is in a class 1 height district, and the height district provisions of the Zoning Resolution permit the erection of structures of the height herein proposed; that the only question before the Board is that the floor area proposed herein is in excess of that permitted in an F-1 area district, as follows:

Area of Plot	191,324 square feet
Permitted Floor Area	
Coverage (0.75 x Area)	98,493 square feet
Proposed Floor Area Coverage	
(One 10-story building	110,098 square feet
@ 11,009.8 sq. ft. per floor)	
Excess Floor Area	11,605 square feet
Floor Area Coverage	
Permitted in F zone (Former	
Zone)	213,718 square feet
Proposed Floor Area Less	
Than Area Previously Per-	
mitted	103,620 square feet

and

WHEREAS, the applicant further states that the owner is not a speculative builder; that Alfred Kaskel, the principal stockholder, is one of the leading investment builders of apartment houses in New York City; that these premises were studied carefully by his organization for many years, and costs were minutely analyzed by a staff of architects, engineers and accountants; that the area district zoning was an integral part of the analysis and careful inquiries were made at the City Planning Commission at all times when this study was being made; that there was no pending zone change at the time of purchase of these premises; and

WHEREAS, the applicant also states that the owner became the equitable owner of these premises by contract to purchase on October 26, 1953 and acquired title on February 5, 1954; that Ronor Realty Corporation is an affiliate of the present owner; that on October 26, 1953 Ronor entered into a contract for the purchase of these premises for the sum of \$240,000; that the contract was a firm contract and it

contained no provision for cancellation; that \$10,000 was paid on the signing of contract and the contract was assigned to the present owner; that on October 27, 1953 application was made to the FHA for site acceptance in connection with the proposed construction of apartment houses; that on October 20, 1953 Warren George, a Soil Engineer, was engaged to make tests and borings; that in October, 1953 Albert Wheeler, a Soil Engineer, made a topographical survey; that however, in August or September, 1953 he had commenced to study the sewer system; that plans for the sewer system were completed on December 23, 1953, by L. Gray, P.E.; that on October 27, 1953 Philip Birnbaum, R.A., commenced preparation of plans and Jacob Spoon, a Site and Land Planning Architect, was engaged in connection with the proposed construction; that on October 9, 1953 Dr. Jacob Feld, a Structural Engineer, was retained and Charles Wurmfeld, a Mechanical Engineer, was retained; that on November 18, 1953 the owner filed with the Department of Buildings; that an Excavation Permit was obtained on December 16, 1953 and Foundation Plans were filed on January 5, 1954 and approved on January 8, 1954; and

WHEREAS, the applicant further states that on January 25, 1916, when the Zoning Resolution became effective, the premises was in an E area district; that the proposed floor area is considerably less than would be permitted in an E area district; that the area district zone was changed to F on March 28, 1924; that the proposed floor area is less than would be permitted in an F area district; that the area district zone was changed to F-1 on January 14, 1954; that this application for a variance is filed under Section 21 of the Zoning Resolution, since this Section is the only basis under which the Board is empowered to vary the area district provisions of the Zoning Resolution; that there are practical difficulties and unnecessary hardships in the way of carrying out the strict letter of the provisions of the Zoning Resolution; and

WHEREAS, the applicant states that the history of the last area district change played an integral part of the previous Court action and is briefly set forth as follows: that on November 13, 1953 notice of public hearing before the City Planning Commission was first published in the City Record; that on January 6, 1954 the City Planning Commission adopted the change, and on January 14, 1954 the area zone was changed from F to F-1; that Riverdale Community Planning Association, Inc. v. Crinnion was an action affecting these premises, commenced to enjoin the owner from proceeding with the construction of certain apartment buildings on the ground that the buildings would not conform to the area district zoning regulations; that the principal question before the Court was whether the owner obtained vested rights by reason of excavation and foundation permits obtained before the change of zone from F to F-1 became effective; that this application is not based on the question of vested rights under the permits previously issued to the owner; that if the owner had clearly defined vested rights, then the permits and approvals it had obtained would be sufficient and there would be no need for this application to the Board for an exercise of its power to vary the provisions of the Zoning Resolution; that the Board has the power to vary the area district regulations under Section 21 of the Zoning Resolution; that if the Board did not have the power to vary under Section 21, then the area district provisions of the Zoning Resolution would be unconstitutional; that the decision of Mr. Justice Nathan in the aforementioned Supreme Court action states that it was the opinion of the Court that the owner herein "is held to have been the owner for all the purposes of this action"; that in the prior Supreme Court action it was conceded by all the parties that at the time the owner became the equitable owner of these premises, it did in fact intend to build large F apartment houses, and did in fact believe it would be permitted to build such buildings; that it was also conceded that prior to November 13, 1953, when the first notice of the pending change appeared in the City Record, the owner, or its affiliates, had engaged surveyors, architect and engineers to make surveys, prepare plans, make test borings and the like; that it was conceded as a fact that all of the work so undertaken before

MINUTES

November 13, 1953 was undertaken in the confident expectation that the property would retain its F zoning and the proposed buildings could be completed; and

WHEREAS, the applicant further states that the owner was unsuccessful in the previous Court action; that the decision of the Court, based on all of the proof offered by the litigants, leads to the conclusion that the owner failed to obtain sufficient vested rights to enable him to complete construction as planned; that it becomes obvious, after a study of the facts and testimony, that the owner failed to establish these rights by a very few days; that the time factor was so close that even the Borough Superintendent of the Department of Buildings believed that the owner had obtained these vested rights, and stated in his letter of January 25, 1954, as follows:

"Since the earliest date on which the resolution of the Board of Estimate can be considered effective is January 14, 1954, and the operations on the erection of the proposed building started prior to the change in zone, the erection of the building complies with the provisions of Section 22-B of the Zoning Resolution.

"In the action brought by the Riverdale Community Planning Assoc. Inc. v. Crinnion and Riverdale Realty Company, Justice Brisach granted the motion to dismiss the complaint requested by the Riverdale Realty Company and in his decision stated the permits were issued 'in accordance with the law' and 'in good faith.'

"I understood Supreme Court Justice Brisach to say in court January 15, 1954, during the oral argument concerning your action for a temporary injunction that anyone with a contract for the purchase of real estate with possession had all the rights and privileges of an owner in fee; also, I feel that the affidavit of Harry J. Haback shows the Riverdale Realty Company to be a vendee in possession and within the definition of 'owner' as defined in Section C26-103.0 of the Administrative Code;"

and

WHEREAS, the applicant states that based on these facts, which all are conceded and admitted in the records of the previous Court action, the owner's hardship becomes obvious; that the owner now may construct buildings of one-half of the floor area previously permitted; and

WHEREAS, applicant states that the present owner has held title to the property since February 5, 1954; that the assessed valuation of land is \$86,500 and of the building \$3,500 making a total of \$90,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board has considered this application solely as a matter of variance; and

WHEREAS, joint hearings were held as to 188-58-BZ and 189-58-BZ; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on amendment to NB 1248/53, objection No. A-2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

189-58-BZ

APPLICANT—Leonard F. Rothkrug, for Riverdale Realty Co., Inc., owner.

SUBJECT—Application March 26, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in an F-1 area district, the erection of two ten-story apartment houses occupying a greater floor area than permitted.

PREMISES AFFECTED—4675-4705 Henry Hudson Parkway, northwest corner of West 247th Street, Block 3419, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Gilbert Kerlin.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 27, 1958 for inspection and decision; hearing closed; laid over, date for decision to be determined; now set for July 29, 1958; then to September 23, 1958, for further consideration by the Board; each side may file a reply by briefs only; then to October 7, 1958, for decision; applicant permitted to file reply brief by October 2, 1958; then to October 15, 1958, at the joint request of the applicant and objector and to permit filing of additional brief; and for decision; then to October 21, 1958, at request of the applicant, for possible amendment of application after discussion with objectors; hearing previously closed; no further adjournments; then on October 22, 1958, the Board accepted revised plans for continuation of the hearing in connection with said revised plans, subject to regular procedure, waiving all requirements, except a new decision of the Borough Superintendent, new plans and corrected list of owners, if necessary, and notice in accordance with regular procedure, registered mail, to affected property owners; hearing date to be set by the Examiner after the material has been properly submitted; and

WHEREAS, a public hearing was held on this application on November 25, 1958 after due notice by publication in the Bulletin; laid over to December 2, 1958, at the request of an objector; then to December 16, 1958, for applicant to file revised statement of area coverage with property in the bed of street included, and similar statement with property in bed of street excluded, and for further consideration and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, West 247th Street, Arlington Avenue, Henry Hudson Parkway and West 248th Street are in a residence use, F-1 area, class 1 height district; that on January 25, 1916 the premises was in an E area district; that it was rezoned from E to F area district on March 28, 1924, and rezoned from F to F-1 area district on January 14, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated October 23, 1958 acting on amendment to N.B. Applic. No. 1247-53, reads:

"A-2. Proposed 2-10 story & cellar Fireproof Class 'A' Multiple Dwellings will exceed the floor area ratio permissible in an F-1 area district and contrary to Sec. 16-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 472 feet frontage by 364.77 feet in depth, irregular in area, presently vacant; that it is proposed to erect two 10-story apartment houses occupying a greater floor area than permitted in an F-1 area district; and

WHEREAS, the applicant states that the premises is in a residence use district, and the use district provisions of the Zoning Resolution permit the proposed apartment house occupancy; that similarly, the premises is in a class 1 height district and the height district provisions of the Zoning Resolution permit the erection of structures of the height herein proposed; that the only question before the Board is

MINUTES

that the floor area proposed herein is in excess of that permitted in an F-1 area district, as follows:

Area of Plot	186,636 square feet
Permitted Floor Area Coverage (0.75 X Area)	139,977 square feet
Proposed Floor Area Coverage (Two-10 story buildings at 11,009.5 Sq. Ft. per floor)	220,190 square feet
Excess Floor Area	80,213 square feet
Floor Area Permitted in F district (Former Zone)	305,817 square feet
Proposed Floor Area Less Than Area Previously Permitted	85,627 square feet

and

WHEREAS, the applicant states that the owner is not a speculative builder; that Alfred Kaskel, the principal stockholder, is one of the leading investment builders of apartment houses in New York City; that these premises was studied carefully by his organization for many years and costs were minutely analyzed by a staff of architects, engineers and accountants; that the area district zoning was an integral part of the analysis and careful inquiries were made at the City Planning Commission at all times when this study was being made; that there was no pending zone change at the time of purchase of these premises; and

WHEREAS, the applicant further states that Alfred Kaskel is the principal stockholder of the present corporate owner; that on November 25, 1952, almost one year before the first notice of a zone change appeared in any public record, Kaskel entered into a contract with Walter E. Kelley for the purchase of these premises for the sum of \$210,000, and in accordance with the usual custom and practice of realty developers, the present corporation was incorporated on February 4, 1953 and the contract to purchase was assigned to the corporation by Kaskel; that on February 15, 1953 title to Lot No. 1 was conveyed to the corporation; that the premises was carefully studied by the owner and its engineers and on August 13, 1953 application was made to the FHA for site acceptance in connection with the proposed construction of two 10-story apartment houses; that on September 27, 1953 Warren George, a Soil Engineer, was engaged to make tests and borings in connection with the apartment house construction; that on February 4, 1953 Albert Wheeler, a Civil Engineer, was engaged to make a topographical survey and in August or September of 1953, he was engaged to study the sewer system; that plans for the sewer system were completed on December 23, 1953 by L. Gray, P.E.; that on October 5, 1953 Philip Birnbaum, R.A., commenced preparation of plans, and Jacob Spoon, a Site and Land Planning Architect, was hired; that on October 27, Dr. Jacob Feld, a Structural Engineer, was engaged, and Charles Wurmfeld, a Mechanical Engineer, was also hired; that on November 18, 1953 the owner filed with the Department of Buildings, and an Excavation Permit was obtained on December 16, 1953; that foundation plans were filed on December 29, 1953 and were approved on January 5, 1954; that a Foundation Permit was issued on January 5, 1954; that the site was cleared and excavations were started on December 28, 1953; that on January 11, 1954 an Order to Show Cause was served in the Supreme Court action; that more than 50 percent of the required excavation work was completed, large amounts of rock were removed by blasting and a greenhouse and portions of a dwelling on Lot No. 1 had been demolished; that the earth forms, for the pouring of concrete on the excavated portion of the plot, were ready for pouring and the concrete sub-contractor had his equipment on the lot; that also on the plot were bulldozers, rock breakers, steam shovels, cranes, compressors and numerous other pieces of equipment; and

WHEREAS, the applicant states that on January 25, 1916, when the Zoning Resolution became effective, the premises was in an E area district; that the proposed floor area is considerably less than would be permitted in an E area district; that the area district zone was changed to F on March 28, 1924; that the proposed floor area is less than would be

permitted in an F area district; that the area district zone was changed to F-1 on January 14, 1954; that this application for a variance is filed under Section 21 of the Zoning Resolution, this Section being the only basis under which the Board is empowered to vary the area district provisions of the Zoning Resolution; that there are practical difficulties and unnecessary hardships in the way of carrying out the strict letter of the provisions of the Zoning Resolution; and

WHEREAS, the applicant further states that the history of the last area district change played an integral part of the previous Court action and is briefly set forth as follows: that on November 13, 1953 notice of public hearing before the City Planning Commission was first published in the City Record; that on January 6, 1954 the City Planning Commission adopted the change, and on January 14, 1954 the area zone was changed from F to F-1; that Riverdale Community Planning Association, Inc. v. Crinnion was an action affecting these premises, commenced to enjoin the owner from proceeding with the construction of certain apartment buildings on the ground that the buildings would not conform to the area district zoning regulations; that the principal question before the Court was whether the owner obtained vested rights by reason of Excavation and Foundation Permits obtained before the change of zone from F to F-1 became effective; that this application is not based on the question of vested rights under the permits previously issued to the owner; that if the owner had clear, defined vested rights, then the permits and approvals it had obtained would be sufficient and there would be no need for this application to the Board for an exercise of its power to vary the provisions of the Zoning Resolution; that the Board has the power to vary the area district regulations under Section 21 of the Zoning Resolution; that if the Board did not have the power to vary under Section 21, then the area district provisions of the Zoning Resolution would be unconstitutional; that the decision of Mr. Justice Nathan in the aforementioned Supreme Court action states that it was the opinion of the Court that the owner herein "is held to have been the owner for all the purposes of this action"; that in the prior Supreme Court action it was conceded by all the parties that at the time the owner became the equitable owner of these premises, it did in fact believe it would be permitted to build such buildings; that it was also conceded that prior to November 13, 1953, when the first notice of the pending change appeared in the City Record, the owner, or its affiliates, had engaged surveyors, architects and engineers to make surveys, prepare plans, make test borings and the like; that it was conceded as a fact that all of the work so undertaken before November 13, 1953 was undertaken in the confident expectation that the property would retain its F zoning and the proposed buildings could be completed; and

WHEREAS, the applicant states that the owner was unsuccessful in the previous Court action; that the decision of the Court, based on all of the proof offered by the litigants, leads to the conclusion that the owner failed to obtain sufficient vested rights to enable him to complete construction as planned; that it becomes obvious, after a study of the facts and testimony, that the owner failed to establish these rights by a very few days; that the time factor was so close that even the Borough Superintendent of the Department of Buildings believed that the owner had obtained these vested rights and stated in his letter of January 25, 1954, as follows:

"Since the earliest date on which the resolution of the Board of Estimate can be considered effective is January 14, 1954, and the operations on the erection of the proposed building started prior to the change in zone, the erection of the building complies with the provisions of Section 22-B of the Zoning Resolution.

"In the action brought by the Riverdale Community Planning Assoc. Inc. v. Crinnion and Riverdale Realty Company, Justice Brisach granted the motion to dismiss the complaint requested by the Riverdale Realty Company and in his decision stated the permits were issued 'in accordance with the law' and 'in good faith'."

and

MINUTES

WHEREAS, the applicant contends that based on these facts, which all are conceded and admitted in the Court records of the previous Court action, the owner's hardship becomes obvious; that the owner now may construct buildings of one-half of the floor area previously permitted; and

WHEREAS, the applicant states that the present owner has held title to the property since February 13, 1953; that the assessed valuation of land is \$112,000 and of the building \$8,000 making a total of \$120,000; and

193-58-BZ

APPLICANT—Leonard F. Rothkrug and Herbst and Rusciano, for Bessie Samuelson, doing business as Eldorado Furniture Store, owner.

SUBJECT—Application April 2, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit on a lot located partly in a business and partly in a residence use district, the extension of an existing retail store.

PREMISES AFFECTED—860 Longwood Avenue, south side, 147.26 feet east of Prospect Avenue, Block 2688, Lot 50, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Hewitt Place and Macy Place are in business and residence use, B area, class 1½ height districts; Prospect Avenue and Longwood Avenue are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 19, 1958 acting on Alt. Applic. No. 1128-57, reads:

"2. Proposed extension of the one story retail store building into the residence portion of the lot is contrary to Art. 2, Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 76.16 feet frontage by 150 feet in depth, irregular, on which is located a one story building erected prior to 1919, the earliest record being Existing Building 1919 dated November 10, 1919 for a factory for 25 employees and occupied under Certificate of Occupancy No. 22783 issued November 22, 1957 after completion of work under Alt. Applic. No. 1111-56 as stores; that it is proposed to extend the existing building by a rear, one story extension, into the residence use district portion of the plot; and

WHEREAS, the applicant states that the plot has *not* been increased in area and is the same shape and dimensions

since prior to 1916, when the Zoning Resolution became effective; that when the Zoning Resolution became effective, it divided the plot so that the front 100 feet is in a business use district and the rear 100 feet is in a residence use district; that the subject tax block is greater than 200 feet in width, the average width of a tax block, and the entire tax block is fully developed; and

WHEREAS, the applicant contends that a grant of this application will not adversely affect any of the surrounding property owners; that the only portion of the premises in the residence zone is at the rear of the plot; that there are concrete block and stone walls along the side and rear lot lines; that the rear portion of the plot can best be improved as proposed, thereby eliminating an unsupervised area where trash and debris is easily accumulated; that no openings or business entrances, signs or other evidence of the retail use will be in the residence zone; that the proposed extension conforms with the area district requirements; that no portion of the lot located in the residence use district shall be used for any commercial purposes; and

WHEREAS, the applicant states that the present owner has held title to the property since December 27, 1957; that the assessed valuation of land is \$34,000 and of the building \$31,000 making a total of \$65,000; that the building was erected prior to 1919; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the building as proposed into the more restricted district, as indicated on plans filed with this application, marked "Received April 2, 1958", 4 sheets, and "December 11, 1958," 1 sheet, *on condition* that the proposed extension shall not exceed one story in height; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

208-58-BZ

APPLICANT—Henry Nordheim, for John Broderick, owner.

SUBJECT—Application April 8, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles for a stated term of five (5) years.

PREMISES AFFECTED—26-30 Marble Hill Avenue, east side, 231 feet, 8½ inches north of West 225th Street, Block 2215, Lot 540, Borough of Manhattan.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, D area,

MINUTES

class 1 height district; Marble Hill Avenue and Marble Hill Lane are in residence and business use, D area, class 1 height districts; Broadway and West 225th Street are in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 28, 1958 acting on Alt. Applic. No. 310-58, reads:

"1. Proposed parking and storage of motor vehicles in a residence use district is contrary to Article II, Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 63.5 feet frontage by 100 feet in depth; that it is proposed to fill to a level as shown on plan showing retaining walls at rear and on both side lot lines; that after filling the lot it will be surfaced with steam cinders, rolled and oiled; and

WHEREAS, the applicant contends that photographs two and three bear adequate proof why a parking lot is needed in this street and as a matter of fact any argument why a parking lot should be permitted seems almost superfluous in view of street conditions, and these conditions are worse in residential streets where it is common for some cars not to move from Sunday night until the following Saturday morning; and

WHEREAS, the applicant states that the present owner has held title to the property since November 23, 1957 and that the assessed valuation of land is \$10,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 310-58, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

"1. Proposed bldg. exceeds area for a 'D' area dis-

trict and violates Art. 4 Sect. 14c of Zone Resolutions."

and

WHEREAS, the applicant states that the premises consists of a plot, 48 feet frontage by 133 feet in depth, irregular, presently vacant; that it is proposed to erect a one story and basement building, 23 feet high, of class 3 construction, to be used as a Boys' Club; and

WHEREAS, the applicant states that the area of the plot is 6384 square feet, the proposed building area is 5880 square feet and the excess area is 1619 square feet; that it is a hardship for the owner to construct this building in strict accordance with the Zoning Resolution; that at the time this plot was purchased in 1949, for the construction of modern and attractive accommodations for teen-age boys, the site was considered adequate for the program of activities then in use; that however, with the increase in population in the neighborhood and the tremendous demands put on Boys' Clubs in this City, the board of directors feel that the drawings as submitted will meet the minimum requirements of the neighborhood; and

WHEREAS, the applicant contends that the building is to be constructed and owned by the Sheepshead Bay Boys' Club, Inc., a non-profit New York (incorporated) organization for training of boys in the crafts, and providing supervised recreation facilities for the boys of the neighborhood; that the present quarters of the club at 2812 East 28th Street, Sheepshead Bay, an old converted barn, is now too small to take care of the hundreds of boys who need, and want the club's facilities; that the proposed clean, modern building is urgently needed to carry on the work of the Club; and

WHEREAS, the applicant states that the present owner has held title to the property since 1949 and that the assessed valuation of land is \$4,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the application be granted as to extension of area; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 as to area, to permit the construction of the building as proposed and as indicated on plans filed with this application, marked "Received April 16, 1958," 5 sheets and "November 7, 1958," 1 sheet, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that this variance shall continue only so long as the building is occupied for the use proposed; that the unbuilt upon space shall be suitably landscaped and fences provided on all interior lot lines; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

251-58-BZ

APPLICANT—Michael Alfano, for Beaumont Parking, Inc., owner.

SUBJECT—Application April 23, 1958—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the use of vacant plot for a parking lot for the parking and storage of more than five (5) motor vehicles, pleasure type, for a stated term of five (5) years.

PREMISES AFFECTED—2446-2450 Beaumont Avenue, east side, 238.57 feet south of East 189th Street and 2445-2449 Crotona Avenue, Block 3105, Lot 17, Borough of The Bronx.

APPEARANCES—

For Applicant: Frank Damiano.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and East 187th Street are in a residence use, B area, class 1¼ height district; Beaumont Avenue and Crotona Avenue are in retail and residence use, B area, class 1¼ height districts; East 189th Street is in a retail use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 21, 1958 acting on Alt. Applic. No. 236-58, reads:

"1. In a residence district the proposed parking of motor vehicles is contrary to Sec. 3 Art. II Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 66.75 feet frontage by 154.83 feet and 170 feet in depth, irregular, presently vacant; that it is proposed to surface the lot with gravel or steam cinders and provide access to plot over a proposed curb cut on Beaumont Avenue side; that no access will be provided from Crotona Avenue side; that all lot lines of plot will be fenced in by a chain link fence 4 feet in height, with a 12 foot wide opening provided with gates on the Beaumont Avenue side; and

WHEREAS, the applicant states that the need of a parking lot in this neighborhood to relieve the congested street parking is an urgent one; that the existing street parking not only prevents the proper cleaning along the curb, but is also a fire hazard; that the plot is located in an apartment house neighborhood, where week long parking is prevalent; that many cars are parked from Sunday night to Saturday morning; that a sign, advertising the parking and storage use and rates charged, will not exceed 10 square feet; and

WHEREAS, the applicant contends that the limitation of the term of use to five years will serve as a protection to the future of the neighborhood in the event its present character should change; and

WHEREAS, the applicant states that the present owner has held title to the property since February 20, 1958 and that the assessed valuation of land is \$16,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7h for a term of five years to permit the premises to be occupied for the parking and storage of motor vehicles limited to those of the pleasure car type as proposed and as indicated on plans filed with this application marked "Received April 23, 1958", 3 sheets, on condition that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Beaumont Avenue and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that on all lot lines there shall be a woven wire fence of the chain link type on a concrete base, not less than five feet six inches in total height with no openings therein except one to Beaumont Avenue for entrance and exit not exceeding ten feet in width with curb cut opposite of similar width; that during the term of this variance the premises shall be occupied for no other use; that parking spaces shall be assigned

to tenants, who shall be furnished with a key for locking and unlocking the gate in the fence; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that suitable bumpers shall be maintained for protection against the fences; that such fences may be omitted where masonry walls of adjoining buildings occur on the lot lines; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 25, 1958, after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Avenue N are in a business use, D area, class ½ height district; East 51st Street and East 52nd Street are in business and residence use, D and E-1 area, class ½ height districts; Avenue O is in a residence use, E-1 area, class ½ height district; that the use and area district designations have not been changed since July 25, 1916; that as of July 25, 1916 the site was zoned as a one times height district and on August 25, 1955 the present height designation became effective; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated April 24, 1958 acting on Alt. Applic. No. 1290-58, reads:

"1. The area of the structure as proposed exceeds that permitted by Sect. 14, Art. IV of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 100 feet in depth, presently occupied with a class 3 building, two story and cellar in height, occupied as follows: first floor—restaurant; second floor—one family—owner's apartment; cellar—storage and boiler room; that it is proposed to construct a one story extension, 13 feet 4 inches in height, occupying area in excess of that which is permitted for a D area district; and

WHEREAS, the applicant states that the area of the plot is 4,000 square feet; area of present building is 1,330 square feet; area of proposed extension is 2,670 square feet; excess area is 1,202 square feet; and

WHEREAS, the applicant contends that it is a hardship for the owner to adhere to the requirements of the Zoning Resolution; that he has conducted a restaurant in the existing building continuously since 1944, and he now finds it necessary to expand his business in order to meet competition and stay in business; that in order to accomplish this he purchased the easterly 20 feet of site and lot No. 51, at the rear of site, in 1957 at great expense; that the construction of the proposed extension will not obstruct the light and air of any property on the block; that lots 45 and 48,

MINUTES

contiguous with the site on the west and east respectively, are built to the lot lines and have no windows facing the site; that lot 51, at the rear of the site, is owned by the same owner; that lots 40 and 43 in block 7896, on the same block with the site, are built the full depth; and

WHEREAS, the applicant states that the present owner has held title to the property since September 5, 1944 and June 20, 1957; that the assessed valuation of land is \$4,000 and of the building \$7,500 making a total of \$11,500; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; that the lot adjoining Lot 51 is owned by the same owner; the committee recommends that the building should not go to the full depth of the lot; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the construction of a building on Lot 46 as an addition to the existing building and for conjunctive use provided such proposed building is not constructed within 5 feet of the rear lot line; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that suitable fencing shall be maintained at the rear lot and side lines to the proposed building; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin, laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 57th Street are in a residence use, C area, class 1 height district; Clover Place is in residence and retail use, C area, class 1 height districts; Cypress Avenue is in a retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 29, 1958 acting on Alt. Applic. No. 2300-56, reads:

"1. The proposed change of use of existing 3 car garage as accessory to an existing dwelling to a 2 car garage, for business use of 2 trucks and one pleasure car which is not an accessory use to the dwelling in a resi-

dence zone is contrary to Art. II, Sec. 3 & Sec. IV Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth; that it is proposed to store two trucks and one pleasure car inside of said garage; that all three vehicles belong to the owner of premises; that owner will keep the doors closed at all times, including Sundays and holidays, change the clear glass in the overhead doors to opaque glass so the trucks will not be visible to anyone and keep garage heated in winter; and

WHEREAS, the applicant states that to the north said garage adjoins the Cypress Avenue business use district, and on Cypress Avenue a two-car garage abuts the side of said garage; that to the east there is a six-car, 1½ story frame garage and loft which abuts the rear of said garage; that to the west, across the street at the southwest corner of Cypress Avenue and Clover Place, there is a plot for the sale of used trucks; that to the south the brick residence of the owner, which is at a higher elevation and is on the same plot as said garage, blocks off the view of the garage entrance; that said garage has two separate overhead doors, one for the two trucks and the other for the owner's car; and

WHEREAS, the applicant contends that this request is *not* being made for a permanent change of use for the entire building, but is merely a request for a two year temporary use for part of a garage, which use would involve no physical changes whatsoever; that the used trucks which are parked on the used car sales lot across the street are in constant view of the public, whereas the owner's two trucks would pass only twice a day—once going in and once coming out—and will not be visible at other times; that the owner lives on the premises and he stores his pleasure car in the same garage; that his own home had just been completed at a cost of \$20,000; that there would be no physical changes to the existing garage and hence, the residential appearance of the premises would not be changed and the character of the neighborhood would not be affected in any manner; and

WHEREAS, the applicant states that the present owner has held title to the property since November 10, 1953; that the assessed valuation of land is \$3,000 and of the building \$12,500 making a total of \$15,500; that the building was erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. #2300/56, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

288-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Frank Puglisi, owner.

SUBJECT—Application May 8, 1958—decision of the Borough Superintendent, under sections 7e and 7A of the Zoning Resolution, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, car-washing, store and utility room and parking of cars awaiting service for a stated term of fifteen (15) years with show windows and curb cuts within 75 feet of a residence use district.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Story Avenue and Hermany Avenue are in local retail and residence use, D area, class ½ height districts; Castle Hill Avenue is in a local retail use, D area, class ½ height district; Havemeyer Avenue is in a residence use, D area, class ½ height district; that as of July 25, 1916 the premises were in a class C area district and a class 1¼ height district and that part of the premises within 100 feet of Castle Hill Avenue was in a business use district; that on April 26, 1945 the present height district came into effect and the area district changed to a D-1 area district; that the present area designation became effective September 23, 1954 and the present use designation became effective on December 28, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated May 7, 1958 acting on N.B. Applic. No. 82-58, reads:

"1. Proposed use gasoline service station, lubrication, minor auto repairs, car washing, store, utility room and parking of cars awaiting service in a lot partly within a local retail use district and partly within residence use district is contrary to Article II Sec. 4c & Sec. 3 of the Z.R.

2. Entrance to service station, show window and sign within 75 ft. of residence use district is contrary to Sec. 7A of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 103.07 feet frontage by 100 feet in depth, presently vacant; that it is proposed to erect a modern gasoline service station consisting of twelve approved type buried gasoline tanks and four dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction having a frontage of 44 feet and a depth of 27 feet 8 inches and will contain the conjunctive uses of lubritorium, minor auto repairs, car washing, store and utility room; that a portion of the open site, not required for the gasoline service station, will be reserved for parking of cars awaiting service; and

WHEREAS, the applicant contends that Castle Hill Avenue is a heavily trafficked auto lane and as such the proposal is entirely within keeping at this point; that the development of this site with a modern gas station will provide this area with a much needed and required automotive service; that there are sufficient stores within the area to meet the needs of the people in this neighborhood; that the stores in block 3685, lots 40, 41 and 43 are non-conforming uses within the affected area; that lot No. 11, to the east, is under the same ownership so that adjoining properties cannot be affected; and

WHEREAS, the applicant further contends that the show window and signs within 75 feet of the residence use district cannot possibly affect the residence use district, as the building is set 44 feet in from the Hermany Avenue building line; that 30 foot curb cut is required for proper operation of the service station; and

WHEREAS, the applicant states that the present owner has held title to the property since September 2, 1954 and April 25, 1955 and that the assessed valuation of land is \$11,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received May 8, 1958", 4 sheets, on condition that all buildings and uses now on the premises shall be removed and the plot shall be leveled substantially to the grade of Castle Hill Avenue and Hermany Avenue and shall be constructed and arranged as indicated on plans above cited; that the accessory building shall have no cellar and shall be faced on all sides with face brick and shall comply in all other respects with the requirements of the Building Code; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that where not built upon, the balance of the premises shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to two curb cuts to Castle Hill Avenue each 30 feet in width and one to Hermany Avenue of similar width; that along the interior lot line there shall be erected a woven wire fence of the chain link type not less than five feet six inches in height including a masonry base and with suitable terminating posts at the building lines; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7A any use considered contrary thereto may be permitted provided the requirements of this resolution are complied with; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and advertising devices but permitting the erection within the intersection, where shown, of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet, at right angles to Castle Hill Avenue; that at such intersection there shall be erected a block of concrete extending for a distance of five feet along either street building line from the intersection and not less than twelve inches in height; that under Section 7e for a similar term there may be parking of cars provided such parking is maintained so as not to interfere with the servicing of the station; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 25, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; applicant to submit list of dwellings occupied by two families, whether legally or il-

MINUTES

legally, within 150 feet of the subject site; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Laburnum Avenue, 161st Street, 162nd Street and Oak Avenue are in a residence use, G-1 area, class 1 height district; that there has been no change in the use and height district since 1916; that the area district was D from 1916 to May 13, 1954 at which time it was changed to G-1; and

WHEREAS, the decision of the Borough Superintendent, dated October 23, 1958 acting on Alt. Applic. No. 485-57, reads:

2. The proposed conversion of a one family dwelling into a two family dwelling on a lot in a G-1 area district is contrary to Sec. 16-c of the Z.R." and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 100 feet in depth, occupied by a two and one half story building, occupied as a one family dwelling; that it is proposed to occupy the building for two families, with one family on the first floor and one family on the second floor; that the existing toilet on the first floor will be converted to a bath room, and a kitchen will be installed on the second floor; that the cellar stair enclosure will be fire retarded; and

WHEREAS, the applicant states that the plot is 4,000 square feet; that the first floor covers 25% and the second floor covers 16% of the plot; that 13 feet of side yards and 78 feet of rear yards separate the adjoining buildings; that there will be a five room apartment on the first floor and a three room apartment on the second floor; that there will be no change in the cellar occupancy, which is used for boiler room and storage, and there will be no change in attic occupancy which is used for ordinary storage; that there will be no change to the exterior of the building; and

WHEREAS, the applicant contends that the house is located in the panhandle of the Flushing area zoned G-1; that this small G-1 area is completely surrounded by area districts zoned for two families; that the new houses which were erected in 1957 along Laburnum Avenue are all two families; that it was obvious to the builders that it would be impossible to sell a one family house because local conditions dictated that some income had to be obtained from the new houses to help defray operating expenses; that the same principle applies to the subject premises; that the present owner realizes that in order to carry his home, some operating income is necessary as rising maintenance costs and taxes have placed a severe financial burden on him; that his carrying expenditures tally \$1,500 annually; that in the face of the newly constructed brick, two family houses across the street, and after carrying his home for thirty years, if he were compelled to sell this old-fashioned dwelling, it would be at an auction price; and

WHEREAS, the applicant further contends that although the building exudes the charm and slow tempo of the past generation, in today's market, this type of frame one family dwelling is considered by realtors to be outmoded, inefficient and obsolete; that there is no ready market for it among today's buyers; that however, the additional rent from the proposed three room apartment, would enable the owner to keep his home, maintain it and pay the taxes; that the granting of this application for this unobtrusive use would enable the owner to make reasonable and just use of his property; that the residential appearance of the premises and neighborhood will be retained and it would in no manner whatsoever affect any property owner adversely; and

WHEREAS, the applicant states that the present owner has held title to the property since April 2, 1927; that the assessed valuation of land is \$2,000 and of the building \$6,500 making a total of \$8,500; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the applicant, as requested, furnished the Board with a plan showing houses in the area that are used for 2-family dwellings; and

WHEREAS, the Board found that the applicant had sub-

stantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the occupancy of the existing dwelling as two families, *on condition* that the building shall be altered so as to meet all the requirements for a two-family dwelling, as shown on plans filed with this application marked, "Received May 26, 1958," 9 sheets; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THS RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Myrtle Avenue are a business use, D area, class 1 height district; 88th Lane and 89th Avenue are in a business and residence use, D and E area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated May 6, 1958 acting on Alt. Applic. No. 744-58, reads:

"1. The proposed change in use from gasoline service station, misc. service, lubricatory and Garages in a Bus. use district to a gasoline service station lubricatory, minor repairs with hand tools only and garages is contrary to Art. II Sec. 4(a) (29) Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 100 feet in depth, upon which is located a building erected under N.B. Applic. No. 10940-23, and Certificate of Occupancy No. 6567 was issued permitting the building to be used as a garage; that in the same year, the Fire Department issued a permit allowing the installation of one 550 gallon gasoline tank; that similar permits were issued in succeeding years for the storage and sale of gasoline and oil; that in 1929 the building was improved under Slip Applic. No. 142-29 by replacing the existing frame walls with masonry construction, and the use was changed to gasoline station, two-car garage and accessory store; that the masonry garages at the rear of the lot were erected under N.B. Applic. No. 14587-24 and retain their original use; and

WHEREAS, the applicant states that the owner has had title to the premises since 1945 and assumed the premises with the established use of gas station, miscellaneous service, lubricatory and garages and has operated the gas station since then, performing minor repairs incidental to the normal use

MINUTES

as a service building; that the owner's livelihood depends upon his being able to render such services to his customers, and to restrict him at this time from performing such minor repairs with hand tools only, would cause him to suffer undue hardship and render him unable to earn a living; and

WHEREAS, the applicant contends that such an extension of the permitted use would not adversely affect the neighborhood or adjoining property owners, as all work will be performed entirely within the service building, and there are no openings in the walls of the building onto any adjoining property; and

WHEREAS, the applicant states that the present owner has held title to the property since October 23, 1945; that the assessed valuation of land is \$5,300 and of the building \$5,200 making a total of \$10,500; that the building was erected in 1923; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7i, for a term of five years, to permit the addition of minor repairs with hand tools only for adjustments maintained solely within the accessory building, as shown on plans filed with this application, marked "Received June 4, 1958," 3 sheets, *on condition* that in all other respects the present arrangement shall be continued; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

376-58-BZ

APPLICANT—Charles Pheffer, for Charles Pheffer, Sam Weinhouse, and Samuel Fishman, owner.

SUBJECT—Application June 13, 1958—decision of the Borough Superintendent, under sections 7e, 7f, 7h and 7i of the Zoning Resolution, to permit in a business use district, the change in use from used car lot to a gasoline service station, lubritorium, automatic laundry, New York State inspection station, minor automobile repairs and parking and storage of more than five (5) motor vehicles for a term of fifteen (15) years.

PREMISES AFFECTED—1925 White Plains Road, west side, 130.20 feet south of Sagamore Street, Block 4254, Lots 32 and 37, Borough of The Bronx.

APPEARANCES—

For Applicant: Theresa Goldsmith.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, White Plains Road, Rhineland Avenue, Amethyst Street and Sagamore Street are in a business use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 14, 1958 acting on N.B. Applic. 397-58, reads:

"1. In a business district the proposed 'Gasoline service station, office & accessory store, Lubritorium, N. Y. State Auto inspection station, auto laundry, Parking and storage of more than five motor vehicles' is contrary to Sect. 4 Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist

of a plot, 167.23 feet frontage by 174.52 feet in depth, irregular, consisting of two lots used and occupied in accordance with Certificates of Occupancy No. 579 and No. 8654, as a used car sales lot; that the property, at present, has a one story frame office and a frame shed and a one story metal garage; that it is proposed to change the occupancy to a gasoline service station, lubritorium, automatic laundry, auto inspection station, minor automobile repairs and parking and storage of more than five vehicles; that gas pumps will be set on two islands; that the presently existing buildings will be demolished; and

WHEREAS, the applicant states that the owners are experienced gas station operators, having been in the business for 25 years, and they intend to build and operate a first class station, which will enhance the appearance of the neighborhood; that the proposed use, like the existing legal use, deals with automobiles; that the area immediate to the premises contains at least two parking lots and two gas stations and one garage; that there is a substantial amount of vacant land around the premises; that the Dyre Avenue spur of the subways abuts the property on the north, while a commercial pizza bakery abuts on the south; and

WHEREAS, the applicant contends that a grant of the variance will not adversely affect the neighborhood property owners; that the proposed use is, in part, in keeping with the nature of the use which has existed on these premises for at least 16 years; and

WHEREAS, the applicant states that the present owners have held title to the property since October 18, 1957; that the assessed valuation of land is \$15,800 and of the building \$200 making a total of \$16,000; that the building was erected in 1942; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, f, h and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e and 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station, accessory building and mechanical motor vehicle laundry, substantially as proposed and indicated on plans filed with this application, marked "Received June 13, 1958", 5 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the site arranged and constructed substantially as proposed; that the accessory building shall comply with the requirements of the Building Code and shall have no cellar and shall be faced on all sides with face brick; that pumps shall be of an approved low type, erected not nearer than 15 feet to the street building line of White Plains Road; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the balance of the site where not built upon shall be paved with concrete or asphalt; that curb cuts shall be restricted to three to White Plains Road, each 30 feet in width including splays; that the sidewalk and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that along the lot line to the south, the adjoining masonry wall shall be finished with face brick or stuccoed for the full height with the consent of the owner of adjoining premises; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building and laundry, excluding all roof and temporary signs, but permitting the erection within the building line of one post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend not more than 4 feet beyond the building line; that under Section 7h for a similar term there may be parking and storage of motor vehicles, provided such parking is maintained where it will not interfere with the servicing of the station; that under Section 7i for a similar term there may be minor motor vehicle repairs

MINUTES

with hand tools only for adjustments maintained solely within the accessory building; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

379-58-BZ

APPLICANT—Bernard Sommer, for Mount Calvary United American Baptist Church, Inc., owner.

SUBJECT—Application June 17, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—647 Madison Street, north side, 305 feet east of Reid Avenue, Block 1641, Lot 59, Borough of Brooklyn.

APPEARANCES—

For Applicant: Bernard Sommer.

For Opposition: Edna Kelly, Morris Gordon.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Stuyvesant Avenue are in a residence use, C area, class 1 height district; Madison Street and Monroe Street are in residence and local retail use, C area, class 1 height districts; Reid Avenue is in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 10, 1958 acting on Alt. Applic. No. 4121-58, reads:

"1. Day & night parking & storage lot for more than 5 motor vehicles in the residence use district is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 65 feet frontage by 100 feet in depth; that it is proposed to maintain day and night parking for more than five motor vehicles; and

WHEREAS, the applicant contends that there are multi-family buildings located in the immediate vicinity of the area requested to be permitted to be used for the storage of motor vehicles; that a grant of this application will help lighten the parking situation which now prevails in the vicinity; and

WHEREAS, the applicant states that the present owner has held title to the property since April 6, 1956 and that the assessed valuation of land is \$7,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 4121/58, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

407-58-BZ

APPLICANT—Leonard F. Rothkrug, for Filmont Associates Inc., owner, Esso Standard Oil Company, lessee.

SUBJECT—Application July 3rd, 1958—decision of the Borough Superintendent, under sections 7e, 7f, 7i and 7A of the Zoning Resolution, to permit in a business use

district, the erection and maintenance of a gasoline service station, lubritorium, parking of cars awaiting service, motor vehicle repair shop with hand tools only, car washing—non-automatic, office and sales, with show windows within 75 feet of a residence use district for a term of fifteen (15) years.

PREMISES AFFECTED—5713-5723 20th Avenue and 2001-2011 58th Street, northeast corner, Block 5500, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, for hearing at request of objector; then to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 20th Avenue are in a business use, C area, class 1 height district; 57th Street and 58th Street are in business and residence use, C area, class 1 height district; 21st Avenue is in a residence use, C area, class 1 height district; that there has been no change in use, area or height district designations, and no change in zone is pending; and

WHEREAS, the decision of the Borough Superintendent, dated June 27, 1958 acting on N.B. Applic. No. 930-58, reads:

"1. Proposed building and premises located on a lot, which is in a Business Zone, to be used for Gasoline Service Station, Auto Laundry (non-automatic), Auto Repair shop (hand tools only) and Lubritorium is contrary to Article II, PP. 4a, subsections 29 and 46 of the Zoning Resolution.

"2. Proposed show windows, with 75' of a Residence Zone is contrary to Article II, PP. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet 2½ inches in depth, presently vacant; that it is proposed to erect and maintain a gasoline service station, lubritorium, motor vehicle repair shop using hand tools only, non-automatic car washing, office and sales, with show windows within 75 feet of a residence district, and parking of cars awaiting service; and

WHEREAS, the applicant contends that the premises cannot be economically developed with a conforming use; that almost 100% of the property to the southeast and southwest is developed for many square miles; that this intersection has the only vacant corners almost all the way to the Belt Parkway and forms the boundary between the fully developed areas to the southeast and southwest, and the cemetery to the northeast and northwest; and

WHEREAS, the applicant further contends that there is no need for additional retail facilities; that 20th Avenue is a main retail shopping area to the southwest, and the existing retail facilities more than adequately serve the needs of the community; and

WHEREAS, the applicant states that the present owner has held title to the property since January 12, 1957 and that the assessed valuation of land is \$5,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e, f, i and 7A of the Zoning Resolution.

MINUTES

Resolved, that the decision of the Borough Superintendent, acting on NB App. 930-58, Objection No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 25, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and manufacturing use, C area, class 1 height districts; Ralph Avenue is in a retail use, C area, class 1 height district; Foster Avenue is in a manufacturing use, C area, class 1 height district; East 79th Street is in retail and residence use, C area, Class 1 height districts; East 80th Street is in manufacturing and residence use, C area, class 1 height districts; that part of the premises within 100 feet of East 80th Street is in a manufacturing use district and the balance of the plot is in a retail use district; that as of July 25, 1916 part of the premises within 100 feet of East 80th Street was in an unrestricted use district and the balance of the premises was in an undetermined use district; that as of July 25, 1916 the entire premises were in a class 1½ height district; that on May 6, 1932 that part of the premises beyond 100 feet of East 80th Street and within 100 feet of Foster Avenue was changed to an unrestricted use district and the balance of the premises was changed to a business use district; that on August 14, 1943 that part of the premises within 100 feet of East 80th Street was changed to a manufacturing use district and the balance of the premises to a business use district; that on March 7, 1949 part of the premises beyond 100 feet of East 80th Street was changed to a retail use district; that on June 22, 1954 the present class 1 height designation became effective; and

WHEREAS, the decision of the Borough Superintendent, dated June 23, 1958 acting on N.B. Applic. No. 928-58, reads:

"1. Proposed building and premises, located on a plot which is partly in a Manufacturing and partly in a Retail zone, to be used for gasoline service station, lubritorium, car washing, storage, office and sales room and minor auto repairs and Parking and storage of motor vehicles in open area, is contrary to Article II, PP. 4-A of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 118 feet 11¼ inches frontage by 125 feet ¾ inches in depth, irregular, presently developed with a gasoline serv-

ice station consisting of four 550 gallon buried gasoline tanks, four dispensing pumps, 3 open grease pits and a one story accessory building of class 3 construction, having a frontage of 25 feet, 11 inches, a depth of 29 feet 10 inches and now used for office and sales; that it is proposed to re-develop the existing legal gasoline service station; that the redevelopment will consist of installing twelve 550 gallon gasoline tanks in addition to the four present 550 gallon gasoline tanks, making a total of 16 tanks; that it is also proposed to erect a new accessory building, one story in height of class 3 construction, having a frontage of 61 feet, a depth of 30 feet, which will contain conjunctive uses of car wash, lubritorium, minor auto repairs, storage room, office and sales room; that the open area, not used by the gasoline service station, is proposed for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the present gas station has been in continuous operation since 1934, which proves conclusively that this station has rendered a required service to this community; that the redevelopment of this gas station will improve the appearance of this corner and lead the way to any new development in the area; that the major portion of this site is in a manufacturing use district where gasoline service stations are permitted; and

WHEREAS, the applicant states that the present owner has held title to the property since April 25, 1946; that the assessed valuation of land is \$20,500 and of the building \$6,000 making a total of \$26,500; that the building was erected in 1932; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the reconstruction of the existing gasoline service station substantially as proposed and indicated on plans filed with this application marked, "Received July 8, 1958," 6 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be constructed and arranged as indicated on such revised plans; that the accessory building shall be constructed and arranged as indicated on such plans and shall be faced on all sides with face brick and shall be, as shown, without cellar; that the doors to the toilet rooms shall not be contiguous; that pumps shall be erected not nearer than 15 feet to the street building line of Foster Avenue; that gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that curb cuts shall be restricted to 2 curb cuts to Foster Avenue, each 30 feet in width, and one to East 80th Street and one to Ralph Avenue each of similar width; that no portion of any curb cut shall be nearer than 5 feet to a lot line as prolonged; that at the intersection of Ralph Avenue and Foster Avenue there shall be a block of concrete extending for a distance of 5 feet along the building line, not less than 12 inches in height; that at the rear lot lines to the south there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches, with suitable terminating posts; that the sidewalk and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting equipment shall be maintained as the Fire Commissioner may require; that under Section 7i minor repairs may be permitted with hand tools only for adjustment and maintained solely within the accessory building; that the portion of the premises unbuilt upon may be used for parking and storage of motor vehicles provided such parking does not interfere with the servicing of the station; that signs shall be restricted to permanent signs attached to the facade of the building and the illuminated globes

MINUTES

of the pumps excluding all roof and temporary signs and advertising devices, but permitting the erection at the intersection of Ralph Avenue and Foster Avenue, one post standard for supporting a sign, which may be illuminated, and advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 feet; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

427-58-BZ

APPLICANT—Aaron Halpern, for Joseph F. Lynch, owner.

SUBJECT—Application July 16, 1958—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection of a one story and cellar structure for use as two retail stores.

PREMISES AFFECTED—22-02 to 22-04 154th Street, 151-81 to 151-89 Willets Point Boulevard, northwest corner and 151-76 to 151-84 22nd Avenue, Block 4710, Lot 43, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Charles J. Stidolph.

For Opposition: Victor J. Ambrose.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 25, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 154th Street, Willets Point Boulevard, 22nd Avenue and Murray Street are in a residence use, E-1 area, class ½ height district; that as of July 25, 1916 the property was zoned as a business use district, class 1 height district and D area district; that the present residence use district and class ½ height district designations became effective July 17, 1952; that the E-1 area district designation became effective September 18, 1952; that no change in zoning relating to this property is pending at this time; and

WHEREAS, the decision of the Borough Superintendent, dated June 23, 1958 acting on N.B. Applic. No. 41-58, reads:

"1. Proposed erection of retail stores with storage in a residential use district is contrary to Article II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 67.93 feet frontage by 85 feet in depth, irregular, presently vacant; that it is proposed to erect a modern one story and cellar taxpayer on this site; that this would consist of two retail stores on the first floor and storage, in conjunction with the retail use, on the cellar floor; that the building would be constructed of class 3 construction, non-fireproof, having a poured concrete foundation, brick faced masonry exterior walls, the first floor and roof being of wood construction; that the stores and business entrances would front on 154th Street; that a show window, not exceeding 25 feet in length, would be erected at the corner, facing Willets Point Boulevard and the retail stores across the street; that the only openings on 22nd Avenue and on Willets Point Boulevard would be the required exits not exceeding three feet in width; that the area in the required setbacks on 22nd Avenue and Willets Point Boulevard will have a landscaped border three feet wide and the remaining area adjoining the sidewalks will be paved; and

WHEREAS, the applicant contends that the property could have been developed for the proposed use, or any other permitted in a business use district, any time prior to July

17, 1952; that the proposed use was permitted on this site from 1916 to 1952, nine months prior to acquisition by the present owner; that it has not been feasible to develop this site for any permitted use since that time; that Willets Point Boulevard and 154th Street are both wide, well traveled local thoroughfares; that there is an existing neighborhood shopping center directly across the street on the southwest corner of 154th Street and Willets Point Boulevard; that the proposed improvement would provide additional local shopping facilities and would not be out of character with the development of the area, or the way it was originally planned, and would not adversely affect the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since April 4, 1953 and that the assessed valuation of land is \$3,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on NB App 41-58, Objection No. One be and it hereby is affirmed and that the application be and it hereby is denied.

441-58-BZ

APPLICANT—John H. Thatcher, for Henry Spinelli, owner.

SUBJECT—Application July 18, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business and residence use district, the extension of the storage of building materials in an existing one-story building and in the open area into the residence use district, with a curb cut located in the residence portion of the premises.

PREMISES AFFECTED—2002-2010 Neptune Avenue and 2802-2820 West 20th Street, southwest corner, Block 7018, Lot 9, Borough of Brooklyn.

APPEARANCES—

For Applicant: John H. Thatcher.

For Opposition: Margaret Snidersich, Clara Coppola, Carolyn Ruggiero, George Osbourn and James Ruggiero.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 25, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in business and residence use, C area, class 1 height district; West 20th Street and West 21st Street is in business, residence and local retail use, C area, class 1 height districts; Neptune Avenue is in a business use, C area, class 1 height district; Mermaid Avenue is in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 7, 1958 acting on amendment to Alt. Applic. No. 3439-57, reads:

"1. The construction in a residence use district of an extension to a storage building which is in a business use district is contrary to the Zoning Resolution, Art. II, Sect. 3.

MINUTES

2. The use of the open yard partially within a residence use district for storage of building materials is contrary to the Zoning Resolution, Art. II, Sect. 3.

3. The use of the dropped curb within the residence use district is contrary to the Zoning Resolution, Art. II, Sect. 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 feet frontage by 175 feet in depth, upon which is located one building 93 feet by 30 feet, under construction, and one illegally erected building 125 feet by 22 feet 4 inches, of which approximately 44 feet extends into the residence zone; that the buildings and yard are used for the storage of building materials, principally masonry; that there is a curb cut on Neptune Avenue which is being enlarged, and an existing curb cut on West 20th Street; that it is proposed to use the open yard for the storage of building materials and to allow the present building to remain for the same purpose, subject to the reconstruction of the walls, as called for on plans; and

WHEREAS, the applicant states that the adjacent property to the west, lot 1, block 7018, which also extends into the residential zone, is occupied by a one story brick building, formerly an ice manufacturing plant, but now used as a garage and motor vehicle repair shop for Department of Sanitation trucks, permit for which was granted by the Board under Cal. No. 626-29-BZ; that the adjacent property to the south, lot 18, block 7018, lying in the residential zone and extending from West 20th Street to West 21st Street, is used as a parking lot, permit for which was granted for five years by the Board under Cal. No. 800-50-BZ and extended in 1955 for another five years; that there are other nonconforming uses in the affected area, both on Neptune Avenue, and on the side streets in either direction from West 20th Street; that the north side of Neptune Avenue in the vicinity of West 20th Street, is developed with coal pockets and motor vehicle repair shops; and

WHEREAS, the applicant further states that available records indicate that this property has been used for business since 1899, starting with an Edison Company plant; that at the time the area was zoned for residence, the site was occupied by a factory, 96 feet by 71 feet, owned by the Brooklyn Edison Company, and in 1931 when the present zoning boundary line went into effect, there was a frame extension on the factory which extended about 20 feet inside the residential zone; that this structure was demolished about 1938; and

WHEREAS, the applicant contends that it would be a hardship for the owner to have to consider as residential, a part of his property which he needs for his business and which is patently undesirable for residential use, situated as it is with a business use to the north, a parking lot to the south and a truck garage to the west; that under these circumstances, the use of this 75 feet on West 20th Street, in conjunction with the 100 feet of business use permitted by the Zoning Resolution, will not detract from the character of the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since September, 1947; that the assessed valuation of land is \$19,000 and of the building \$7,000 making a total of \$26,000; that the building was erected in 1947; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, it appears that the plot has been used for the present use for many years; and the committee recommended approval provided there is no vehicular entrance to West 20th Street; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the ap-

plication be and it hereby is granted under Section 7c to permit the extension of the existing building along the westerly lot line substantially as proposed and for the use as proposed and indicated on plans filed with this application marked, "Received July 18, 1958," 3 sheets, on condition that the building shall not be increased in height or area and that fencing shall be maintained around the premises; that the existing gate to East 20th Street shall be effectively barred so as not to be used; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

464-58-BZ

APPLICANT—Robert Gordon, for Parsons Realty Co. of Queens Co. Inc., owner, Parsons Sanitarium, Inc., known as Parsons Hospital, Lessee.

SUBJECT—Application July 30, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five motor vehicles for use by the doctors and staff of Parsons Hospital opposite the subject site.

PREMISES AFFECTED—139-91 35th Avenue, north side, 150 feet, west of Parsons Boulevard, Block 4994, Lot 68, Flushing, Borough of Queens.

APPEARANCES—

For Applicant Robert Gordon

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-

ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 25, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; applicant to furnish Board plans showing the parking rear of the hospital and copy of the Certificate of Occupancy; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Parsons Boulevard are in a residence use, D area, class 1 height district; 34th Avenue and 35th Avenue are in residence and retail use, D area, class 1 height districts; Union Street is in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 23, 1958 acting on Alt, Applic. No. 437-58, reads:

"1. The proposed parking of motor vehicles in a residence use district and not on the same lot with the hospital is contrary to the Zoning Resolution. (Article II Section 3 (9))."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 167 feet in depth, presently occupied by a two story frame dwelling; that adjoining properties to the west, north and east are similarly developed; that it is proposed to demolish the old frame structure and to develop the site as a parking lot to be used by the doctors and staff of the Parsons Hospital; and

WHEREAS, the applicant states that Parsons Hospital is situated directly opposite the site in question; that the hospital now maintains a parking area on the same lot as the hospital building; that this space is presently used by the doctors and staff of the hospital, as well as by trucks delivering food and supplies to it; and

WHEREAS, the applicant contends that this area has proven to be presently inadequate and as a result doctors are forced to park in the abutting streets; that these abutting streets, in addition to being heavily parked by cars of the people in the neighborhood and by the cars of people visiting patients in the hospital, contain a steady flow of traffic; that the use

MINUTES

of the site in question, which is directly opposite the hospital, will not adversely affect the surrounding area, would provide needed spaces and would alleviate congestion in the abutting streets; and

WHEREAS, the applicant states that the present owner has held title to the property since January 1, 1958; that the assessed valuation of land is \$4,800 and of the building \$5,200 making a total of \$10,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the plot to be occupied as proposed for parking of motor vehicles belonging solely to the employees, staff, patients and guests of the hospital located on Lot 57 opposite, *on condition* that all the buildings and uses now on the premises shall be removed and the lot shall be surfaced with clean gravel or steam cinders treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches, with no openings therein except one at 35th Avenue for entrance and exit; that such entrance shall be fitted with gates of construction similar to the fence which shall be kept closed except when entrance is being used; that there may be a curb cut opposite the entrance, not over 12 feet in width; that suitable bumpers shall be maintained against the fence for protection thereto; that signs shall be restricted to one sign attached to the fence, advertising the private use of the premises provided that such signs shall not exceed 5 square feet, shall not be illuminated nor extend beyond the lot line; that during the term of this variance the premises shall be occupied for no other use than as herein permitted; and that all permits shall be obtained and all work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

467-58-BZ

APPLICANT—Paul Friedman, for Alphonse and Rosalie Pomilla, owners.

SUBJECT—Application July 31, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit on a plot partly in a local retail and partly in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, car washing—non-automatic, minor repairs with hand tools only, office, storage and sale of accessories, parking and storage of more than five (5) cars with a ground sign in a local retail use district for a stated term of fifteen (15) years.

PREMISES AFFECTED—172-01 to 172-19 (172-11 official) Northern Boulevard, north side from Utopia Parkway to 172nd Street; 42-34 to 42-42 Utopia Parkway and 42-33 to 42-41 172nd Street, Block 5363, Lots 1, 5 and 37, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 172nd Street and Utopia Park-

way are in local retail and residence use, D and DD area, class I height districts; Northern Boulevard is in a local retail use, D area, class I height district; 42nd Avenue is in a residence use, DD area, class I height district; that as of July 25, 1916 the portion of the property within 100 feet of Northern Boulevard was zoned as a business use district and the remainder was zoned as a residence use district; that on November 16, 1923 the residence district was expanded to include the entire property; that on May 13, 1926 the portion of the property within 100 feet of Northern Boulevard was placed in a business district and on September 18, 1947 the business portion was changed to its present local retail designation; that as of July 25, 1916 the property was entirely zoned as a C area district and the present area zoning became effective on March 24, 1955; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated July 11, 1958 acting on N.B. Applic. No. 1567-58, reads:

"1. Proposed gasoline service station, lubritorium, car washing (non-automatic), minor repairs (with hand tools only), office, storage and sale of accessories, parking and storage of more than five (5) cars on a lot which is partly in a local retail district and partly in a residence district is contrary to Art. 2, Sec. 3 and Sec. 4-c of the Z.R.

"2. The proposed ground sign on the local retail portion of the lot is contrary to Art. 2, Sec. 4-c of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 196.09 feet frontage by 111.98 feet and 109.33 feet in depth, consisting of a vacant plot; that it is proposed to erect a face brick, peaked-roof, parkway type gasoline service station, lubritorium, non-automatic car wash, minor repairs with hand tools only, office, storage and sale of accessories, parking and storage of more than five cars, with ground sign in the local retail portion of the plot; that almost all of the residence use district portion of the premises, fronting along 172nd Street, is proposed to be excluded from the gasoline service station area; and

WHEREAS, the applicant states that 172nd Street between 42nd Avenue and Northern Boulevard is indicated at a width 60 feet on the Final Map of the Borough of Queens and the old road, about 50 feet wide, is dedicated to the use of the public according to an opinion of the Corporation Counsel dated June 8, 1924; that there is an indicated widening of about five feet on the easterly and westerly sides of the dedicated area which is in private ownership; that there is no proceeding pending to acquire the proposed widening; and

WHEREAS, it is proposed to erect a 5 foot 6 inch high solid brick fence wall, extending from the unpierced rear wall of the accessory building to Utopia Parkway and 172nd Street, and continuing along 172nd Street for a distance of approximately 38 feet, and to install landscaping along the fence walls; that the portion of the subject premises outside of the fence walls, consisting of approximately 1,000 square feet, is excluded from the gas station area and is to remain seeded and landscaped; and

WHEREAS, the applicant states that the present owners have held title to the property since May 23, 1956 and that the assessed valuation of land is \$24,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and uses legally accessory thereto,

MINUTES

substantially as proposed and indicated on plans filed with this application, marked "Received July 31, 1958," 4 sheets and "September 4, 1958," 1 sheet, *on condition* that all buildings and uses now on the premises shall be removed and the site leveled substantially to the grade of Northern Boulevard and arranged and constructed substantially as indicated on such plans; that the accessory building shall be of the design, location and arrangement indicated on such plans; that the building shall be faced on all sides with face brick and shall have no cellar; that there shall be no windows opening on the rear lot line; that there shall be erected along the rear, where shown, a face brick wall to a total height of not less than 5 feet 6 inches with masonry terminal posts to the east, and similarly to the west; that at the rear to the north of such wall there shall be a landscaped area, planted with suitable material and protected with a curbing 8 inches in height, which shall be maintained by this owner; that walls and planting protected by curbing shall be constructed as proposed and shown to the west and east; that under Section 7h for a similar term parking may be extended where shown, along the line of 172nd Street; that pumps shall be of an approved low type, erected not nearer than 15 feet to the street building line of Northern Boulevard; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that where not covered by accessory buildings and tanks the premises shall be paved with concrete or asphalt; that sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that the new curb cuts may be as shown, consisting of four 25 feet in width each to Northern Boulevard, one 30 feet in width to 172nd Street and two of similar width to Utopia Parkway; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building, facing Northern Boulevard and the illuminated globes of the pumps, excluding all roof signs, temporary signs and advertising devices, but permitting the erection within the building line of one post standard for supporting a sign, which may be illuminated, which may have two leaves, one at right angles to Northern Boulevard and one at right angles to Utopia Parkway, advertising only the brand of gasoline on sale; that such signs shall extend not more than 4 feet beyond the building line; that under Section 7e for a similar term there may be minor repairs with hand tools only, for adjustments maintained solely within the accessory building; that in all other respects the premises shall comply with all laws, rules and regulations applicable thereto other than as modified this day by resolution adopted under Cal. No. 468-58-A; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

468-58-A

APPLICANT—Paul Friedman, for Alphonse and Rosalie Pomilla, owner.

SUBJECT—Application July 31, 1958—filed pursuant to section 35 General City Law re premises partly in bed of mapped street—re proposed widening of 172nd Street.

PREMISES AFFECTED—172-01 to 172-19 (172-11 official) Northern Boulevard, north side from Utopia Parkway to 172nd Street; 42-34 to 42-42 Utopia Parkway and 42-33 to 42-41 172nd Street, Block 5363, Lots 1, 5 and 37, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 11, 1958 on N.B. Applic. 1567/58, reads:

"3. The proposed utilization of that portion of the

lot which is in the bed of a mapped street is contrary to Art. 3, Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consist of a vacant lot, 196.09 feet by 111.98 feet irregular, located in local retail and residence use, D and DD area, class 1 height district; and

WHEREAS, the applicant proposes to construct on these premises a gasoline service station, lubritorium, minor repairs, car wash, office, storage and sale of auto accessories, parking and storage of more than 5 motor vehicles; and

WHEREAS, the applicant states that there is an indicated widening of almost 5 feet of the easterly side of 172nd Street; that the plan shows that the proposed building will be confined to that portion of the property which does not lie within the bed of the mapped street except for a landscape area, a Revere light pole and an entrance to the gasoline station on 172nd Street; that in the event that the City does acquire the property in condemnation for street purposes, the landscaped area now in the bed of the mapped street will become a part of the street and it will be a simple matter to relocate the Revere light pole within the new building line at no cost to the City; that no damages will be claimed by the owner against the City of New York by reason of condemnation of the portion of the plot in the bed of the mapped street arising out of the establishment of the proposed use or by reason of compliance with any conditions which the Board may impose in connection with the regulation of the proposed use; and

WHEREAS, the Board has been advised by the Office of the President of the Borough of Queens; that 172nd Street is indicated at a width of 60 feet on the Final Maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on February 19, 1926; that the old road, about 50 feet in width, is dedicated to public use; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 1567/58, Objection No. 3, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit that portion of 172nd Street to be occupied as part of the gasoline service station, provided no buildings are erected thereon and that such space is used only as an apron for entering and leaving the gasoline station; that in the event this portion of the premises is acquired by the City for street widening no claim shall be made except for the land so taken; compensation therefor shall be as determined by the Court.

472-58-BZ

APPLICANT—Leonard F. Rothkrug, for 14th Street Garage, Inc., owner, Tamarkin Collision Service, Lessee.

SUBJECT—Application Aug. 1, 1958—decision of the Borough Superintendent, under sections 7e and 7i of the Zoning Resolution, to permit in a business use district, the change in occupancy from garage for more than five (5) cars to motor vehicle repair shop with collision repairs, acetylene welding, auto painting and spraying, and parking of cars awaiting service all for a temporary term of ten (10) years.

PREMISES AFFECTED—2773 East 14th Street, east side, 155 feet, 11½ inches north of Emmons Avenue, Block 7488, Lot 58, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application

MINUTES

on December 9, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Emmons Avenue are in a business use, A area, class 1 height district; East 14th Street and East 15th Street are in business and residence use, A area, class 1 height districts; Shore Parkway is in a residence use, A area, class 1 height district; that on July 25, 1916 the premises was in an unrestricted use district and was rezoned to its present designation on October 10, 1930; that no petition is pending at the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated July 31, 1958 acting on Alt. Applic. No. 2637-58, reads:

"1. Proposed change of occupancy from garage for more than (5) cars to motor vehicle repair shop, auto painting & spraying, auto collision repairs with acetylene welding in a business use district is contrary to Art. 2 Sect. 4a, 29 & Art. 2 Sect. 4(a)4 of zone resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 65 feet $3\frac{1}{4}$ inches frontage by 128 feet $9\frac{1}{4}$ inches in depth, irregular in area, on which is located a one story building 18 feet 6 inches in height, 65 feet $3\frac{1}{4}$ inches front by 106 feet 8 inches in depth, erected under N.B. Applic. No. 2753-26 and occupied under Certificate of Occupancy No. 40057 issued August 5, 1926 as a garage for more than five cars—three buildings—the subject premises being the middle building; that it is proposed to occupy the premises as a motor vehicle repair shop with collision repairs, acetylene welding, auto painting and spraying and parking of cars awaiting service on the unbuilt upon portion of the premises; and

WHEREAS, the applicant states that the building is presently occupied substantially as proposed herein by the owner, doing business as Tamarkin Collision Works; that Violation No. 93-58 was issued by the Department of Buildings on May 5, 1958 in that premises being located in a business use district, said premises is being unlawfully used as a motor vehicle repair shop and body and fender repairs and spraying; that the present owners have conducted this same business on these premises since 1946 and the premises had been occupied as a repair shop prior to that time; and

WHEREAS, the applicant further contends that it is not proposed to alter the exterior of the building or extend the building in height or area; that the tax lot is greater in depth than the two adjoining lots; that the three buildings designated as 2767-87 were erected at the same time and when the zone was unrestricted and there was only one lot number, lot 55, assigned; that the lots were subdivided and the subject premises, in the center, was assigned lot 58; that a vacant area in back of the building, 24 feet by 65 feet in area, was associated with these premises for the purpose of subsequently obtaining an easement onto lot 35 and out to East 15th Street; that there is no such easement presently existing and it is proposed to use the vacant portion at the back of the subject building for parking of cars awaiting service; that no repairs will be conducted in this open area; that the existing curb cuts will satisfy the needs of the proposed uses; that since both sides of the street are developed principally with motor vehicle uses, there is an absence of pedestrian traffic; that the building is a considerable distance from any residence development and therefore will be no adverse effect on such development; that the proposed use could have been legalized at the time the building was erected, since it was in an unrestricted use district; that the two other buildings are presently used for factory uses; and

WHEREAS, the applicant states that the present owner has held title to the property since October 19, 1954; that the assessed valuation of land is \$11,500 and of the buildings \$20,500 making a total of \$32,000; that the buildings were erected in 1926; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee found that the existing garage was doing repair work and

had done so for many years and recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e and i for a term of five years to permit the existing garage to be occupied also for the repairing of motor vehicles substantially as proposed and as indicated on plans filed with this application marked "Received August 1, 1958", 6 sheets, including parking of motor vehicles awaiting service on the unbuilt area of the lot, *on condition* that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

489-58-BZ

APPLICANT—New York Telephone Company, owner.
Mr. Harold V. Dixon, General Solicitor.

SUBJECT—Application August 18th, 1958—decision of the Borough Superintendent, under section 7d of the Zoning Resolution, to permit in a residence use district, the erection of a one story and cellar structure for use as a telephone exchange.

PREMISES AFFECTED—164 Schofield Street, south side, 190.8 feet, east of City Island Avenue, Block 5641, Lot 315, Borough of the Bronx.

APPEARANCES—

For Applicant: Marion E. Horsburgh, John M. Dietz, C. B. Donaldson and Joseph B. Klein.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice-Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 height district; that as of July 25, 1916 the property was zoned as an unrestricted use district and was rezoned as a residence use district on July 28, 1952; that the present area and height designations have not been changed since July 25, 1916; that there is no petition pending before the City Planning Commission to change any of these designations; and

WHEREAS, the decision of the Borough Superintendent, dated August 13, 1958 acting on N.B. Applic. No. 482-58, reads:

"1. The proposed telephone exchange building in a residence use district is contrary to Article II Sec. 3 of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet in depth, presently vacant; that it is proposed to construct, in a residence use district, a one story central telephone exchange building, with basement, in order to provide a new dial center to serve the City Island section of The Bronx; and

WHEREAS, the applicant states that in selecting a site for the new dial center to serve this area, it was necessary to locate a site as close to the wire center of the area as possible, and in close proximity to the existing cable plant of the Company; that the premises involved herein are the best available to meet these requirements and to the interest of all concerned in the furnishing of this essential public service; and

WHEREAS, the applicant contends that at present, the City

MINUTES

Island area is served by a manual exchange housed in a residence building of wood frame construction, which is located approximately 38 feet east of the proposed site for the new building on the south side of Schofield Avenue; that due to new housing construction in the area, which has accelerated the demand for telephone facilities, this exchange, on the basis of current estimates, will soon reach its capacity, and it is therefore necessary for the Company to increase its central office facilities in order to meet this estimated demand for telephone service; that in order to provide the most modern and efficient telephone service to the residents of City Island, the Company plans to replace the present manual central office with the latest type dial equipment; that since the existing building was not designed to house dial equipment, it is necessary to build a new dial exchange building; and

WHEREAS, the applicant contends that the proposed exchange building will be architecturally and structurally in keeping with the residential buildings in its vicinity; that it will be constructed of concrete block with the front of the building brick veneered; that present schedules contemplate the completion of the proposed building by November 1, 1959 and completion of the installation of the new dial equipment by June 1, 1960, provided that the Company is permitted to proceed with the proposed construction promptly; that it is estimated that the proposed exchange building will be adequate to meet the service demands of this area at the time of such completion and will provide a reasonable reserve for future growth; and

WHEREAS, the applicant states that the present owner has held title to the property since February 29, 1940 and that the assessed valuation of land is \$2,400; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision d of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7d to permit the proposed site to be developed with the building for telephone use as proposed and indicated on plans filed with this application marked, "Received August 18, 1958," 9 sheets, *on condition* that the building shall be faced with face brick with limestone or marble trimmings, and in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

536-58-BZ

APPLICANT—Samuel Rosenblum, for Uris 320 Park Corp., owner of building and lessee of land.

SUBJECT—Application September 11, 1958—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit partly in a Class 2 and partly in a class 1½ height district, the erection of a 30 story office building that exceeds the permitted height for that portion in the class 1½ height district.

PREMISES AFFECTED—320-336 Park Avenue, west side, from East 50th to East 51st Streets; 39-51 East 50th Street and 38-50 East 51st Street, Block 1286, Lots 31, 35, 41, 142 and 42, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum and Julian Roth.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the

Bulletin; laid over to December 16, 1958, for decision; and for applicant to file revised plans showing areas as proposed and as permitted by the Zoning Resolution; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 51st Street, Park Avenue, East 50th Street and Madison Avenue are in a restricted retail use, B area, class 1½ and class 2 height district; that the following changes have taken place in the zoning designations since July 25, 1916; that on that date the south half of Park Avenue between East 50th Street and East 51st Street was zoned for business, and East 50th Street was zoned for business; that the northerly half of Park Avenue and East 51st Street were zoned for residence; that on November 21, 1929 the Park Avenue frontage, for a distance of 100 feet west, was changed to retail use and on June 6, 1930 the property west of 100 feet on Park Avenue, was changed to retail use; that on June 4, 1937 the Park Avenue frontage was changed to restricted retail use, which is the present designation; that on January 13, 1955 the property on the side streets was changed from retail to restricted retail, which is the present designation; and

WHEREAS, the decision of the Borough Superintendent, dated August 13, 1958 acting on amendment to N.B. Applic. No. 42-58, reads:

"1. Envelope of building does not conform to the height district as specified on Zoning Map and Resolution for portion of proposed building for Park Ave. and 51 Street corner. Art. III Sect. 8(f) of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet 10 inches frontage by 150 feet and 155 feet in depth; that on the Park Avenue frontage there is an existing 12-story multiple dwelling, rising to a height of 161 feet 6 inches and covering the entire block front between East 50th Street and East 51st Street; that on the side streets there are some 4 and 5 story multiple dwellings; that it is proposed to demolish all these buildings for the erection of the new 30-story office building; and

WHEREAS, the applicant states that the height restrictions divide this Park Avenue frontage into two; that the southerly section, including East 50th Street, is in a two times district, while the northerly half is in a 1½ times district; that on June 28, 1940 the Zoning Resolution was amended so that in a two times district the permissible height is 1½ times the width of the street, while in a 1½ times district the height is 1¼ times the width of the street; that as a result of these restrictions, the southerly half can go 1½ times the width of the street before setbacks, while the northerly half can go only 1¼ before setbacks; that Park Avenue is actually 140 feet wide, but is limited to a 100 foot width in computing the height restrictions; and

WHEREAS, the applicant contends that in order to have a building which will be pleasing and practical, it is desired to have the northerly half of the same height as that permitted on the southerly section; that in order to obtain an architectural layout that will be harmonious, the entire parcel should be treated as one unit; that the present restriction splitting the parcel into two sections, is really spot zoning; that making the northerly half of small setbacks will create a distorted front with crags and precipices, almost akin to a view of the Swiss Alps; that Park Avenue actually is 140 feet wide and if the height limits were actually based on the actual width of the street, the building could be 280 feet high at the southerly end before setbacks, and 210 feet high at the northerly end; that the actual height proposed, 1½ times 100 feet limit, gives a frontage height of 150 feet before setbacks; that actually the setbacks start at the 14th floor, which is less than the existing front wall height of over 161 feet; that directly opposite, on the easterly side of Park Avenue, there is a permanent improvement, the St. Bartholomew Church, set back from the street level; that the proposed height requested can have no adverse effect in relation to this property; that when it is con-

MINUTES

sidered that the present Park Avenue structure exceeds the permissible height, and that the southerly half conforms to the 2 times district, it is a great hardship to split this lot in two and say the north half must be designed on a 1½ basis, giving the distorted effect above referred to; and

WHEREAS, the applicant states that the present owner has held title to the property since July 16, 1958; that the assessed valuation of land is \$2,560,000 and of the building \$1,075,000 making a total of \$3,635,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the proposed equalization of setback heights to permit a symmetrical building does not increase the total square footage of the floors of the building but results in a reduction of about 10,000 square feet; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to height on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the height district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 as to height, to permit the equalization of the setbacks on Park Avenue and on the side streets, as proposed and indicated on plans filed with this application, marked "Received September 11, 1958", 8 sheets, as amended by revised plans marked "Received December 12, 1958", 6 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

543-58-BZ

APPLICANT—Boris W. Dorfman, for Big Bow Wow Corp., owner.

SUBJECT—Application September 19, 1958—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence and business use district, the parking and storage of more than five (5) motor vehicles for patrons and employees of an adjoining restaurant.

PREMISES AFFECTED—92-05 163rd Avenue, northeast corner of 92nd Street, Block 14066, Lot 32 and 41, Howard Beach, Borough of Queens.

APPEARANCES—

For Applicant: Boris W. Dorfman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 162nd Avenue and 163rd Avenue are in residence and business use, D and G-1 area, class 1 height district; 92nd Street is in a residence use, G-1 area, class 1 height district; Cross Bay Boulevard is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 17, 1958 acting on Alt. Applic. No. 2236-58, reads:

"1. The parking storage of motor vehicles in a residence use district and extending into a business use dis-

trict is contrary to the Zoning Resolution. Article II Sections #3(9) & 4(15)."

and

WHEREAS, the applicant states that the premises consist of a plot, 76.26 feet frontage by 293.98 feet in depth; and

WHEREAS, the applicant states that parking of cars on Cross Bay Boulevard is not permitted, and the restaurant, having an official seating capacity for 154 people, located on an important highway and having no local clientele, requires considerable area for parking of its travelling patronage; and

WHEREAS, the applicant contends that due to failure to provide parking accommodations, this restaurant is subjected to great hardship; and

WHEREAS, the applicant states that the present owner has held title to the property since February 26, 1956 and that the assessed valuation of land is \$5,250; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which found that the street was not open, but felt that the application should be granted under certain conditions, to permit more parking facilities for the restaurant; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking of motor vehicles solely for the employees and patrons of the adjoining restaurant on Lot No. 28, as proposed and indicated on plans filed with this application, marked "Received September 19, 1958", 2 sheets, *on condition* that the plot shall be leveled substantially to the grade of 163rd Avenue; surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on the street line of the proposed 92nd Street a woven wire fence of the chain link type, not less than 5 feet, 6 inches in height, and continuing on the lot line between Lots 38 and 41 and a curbing in lieu of a fence along the lot line of Lot 28 for the full length to 163rd Avenue and returning on 163rd Avenue, with no entrance therein except from the restaurant yard to the parking area and a gate from the parking area to 163rd Avenue of similar construction as the fence and shall be kept closed when the parking lot is not in operation; that there may be a curb cut to 163d Avenue not over 15 feet in width, as shown; that during the term of this variance the premises shall be occupied for no other use; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

582-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Sigal Realty Company, owner.

SUBJECT—Application October 8, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, for a temporary period of five (5) years in order to use the premises for parking of patrons' cars for Riccardo's Restaurant on Block No. 876, Lot No. 15, fee to be charged.

PREMISES AFFECTED—21-12 to 21-20 (21-16 official) 24th Avenue, south side, 87.95 feet west of 23rd Street and 24-09 21st Street and 21-07 24th Road, Block 874, Lot 70, Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Richard Corliesiero.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 24th Avenue and 23rd Street are in a residence use, D and E area, class 1 height district; 21st Street and 24th Road are in an E area, class 1 height district; that as of July 25, 1916 that part of the premises within 100 feet of 24th Avenue was in a business use district and at that same time the entire plot was in a 1¼ height district and class B area district; that the present use, height and area designations became effective December 14, 1934; and

WHEREAS, the decision of the Borough Superintendent, dated September 19, 1958 acting on Alt. Applic. No. 2042-58, reads:

"1. Proposed use of premises for parking of patrons cars for Riccardo's Restaurant on Block 876 Lot 12 (fee to be charged) and proposed business entrances (curb cuts) and sign on a lot located in a residence use district is contrary to Article II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 111.90 feet frontage by 81.17 feet in depth, irregular, presently vacant; that it is proposed to use the premises for parking of patrons' cars for Riccardo's Restaurant on Block No. 876, Lot No. 12—fee to be charged; and

WHEREAS, the applicant states that within the affected area there are the following non-conforming uses, block 876, lot 12—restaurant; lot 1—store; lot 15—dry cleaners; block 890, lot 1—factory; and

WHEREAS, the applicant contends that the site and entire block 874 is under one ownership, except lots 81, 82, 83, 173 and 180, and the open area in question could legally be used for parking of cars for the dwellings on the same block under the same ownership; and

WHEREAS, the applicant states that the present owner has held title to the property since September 20, 1944 and that the assessed valuation of land is \$10,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied as a parking lot solely for the employees and patrons of the restaurant located in Block 876, Lot 12, opposite, *on condition* that all buildings and uses now on the premises shall be removed and the plot shall be leveled substantially to the grade of 21st Street and 24th Avenue and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that on all lot lines there shall be erected a woven wire fence of the chain link type not less than five feet six inches in height; that openings shall be permitted, where shown, consisting of two to 24th Avenue and one to 24th Road and one to 21st Street, of the width as shown; that such openings shall be equipped with gates of similar construction, with curb cuts opposite of the width as shown on such plans marked "Received October 8, 1958," 3 sheets and revised area plan marked received "December 15, 1958"; that proper bumpers shall be maintained at a suitable distance from such fences for protection thereto;

that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that at the entrance at 24th Avenue there may be a sign, as shown, advertising the restricted parking and storage use for Riccardo's Restaurant; that such signs shall not exceed ten square feet in area and shall not be illuminated nor extend beyond the building line; that during the term of this variance the premises shall be used for no other use than the parking as herein permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 283-50-SA Vol. II

Subject: Amendment to resolution as to additional models of oil burners and permission to market under additional trade names.

Automatic Burner Corp., Chicago Illinois, requested by letter dated August 25, 1958 that the resolution adopted October 17, 1950 and amended at various times through May 22, 1956 under Calendar Number 283-50-SA be amended so as to include additional models of oil burners and permission to market under additional trade names. The application was reopened by vote of the Board, November 12, 1958.

Description

The requested models 66 and 69 are similar to the models previously approved. The requested models have been approved by the Underwriters' Laboratory under M.P.1160.

Recommendation

The Committee on Test recommends that the resolution adopted October 17, 1950 and amended at various times through May 22, 1956 be amended so as to include the additional models 66 and 69 and permission to market the approved ABC Oil Burners, Models 62, 64, 66 and 69 under the trade names of John Wood Company, Fluid Heat Oil Burner, Models 62, 64, 66 and 69 on condition that the requirements

MINUTES

of the resolution adopted October 17, 1950 under Calendar Number 283-50-SA be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,

Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 121-51-SM

Subject: 1-B Master Anti-Siphonic Ballcock.

Coast Foundry & Mfg. Co., Los Angeles, California, filed January 13, 1951 an application with the Board of Standards and Appeals for approval of the 1-B Master Anti-Siphonic Ballcock under the provisions of C28-1277.0 Administrative Building Code and the Submerged Inlet Rules of the Board.

Purpose

To prevent back siphonage on a water supply line.

Description

The 1-B Master Anti-Siphonic Ballcock is a piston type valve in which neoprene washers are used to prevent air mixing with water. The valve is designed with a silencer chamber in which is installed a large neoprene washer to close off the vent holes in the top of the ballcock. A small neoprene washer acts as a back siphoning check on top of the silencer chamber.

The ballcock is to be so installed that the overflow pipe in the water closet tank will be at least 1 inch below the water feed opening of the ballcock.

Inspection and Test

The details of the valve were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test and Mr. E. Bauman and Mr. J. Finnerty of the Department of W.S.G. & E. The ballcock was tested at Kent Avenue, Brooklyn, N. Y.

A letter from the Commissioner of W.S.G. & E. recommending approval of this device is on file and is part of this record.

Recommendation

On the basis of the examination and the data filed by the applicant, The Committee on Test recommends the approval of the 1-B Master Anti-Siphonic Ballcock for use in New York City when installed in accordance with this report and the requirements of the Administrative Code and the Submerged Inlet Rules of the Board, provided that the device shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 121-51-SM" or in lieu thereof within a circle around the periphery at the top the word "Approved" and below "B.S. & A.", in the center on

one side the letters "N.Y.C." and on the other side "121-51-SM".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

568-51-SM

APPLICANT—Holmann & Barnard, Inc., owner.
SUBJECT—Application reopened October 15, 1958 for amendment of resolution as to additional design of wall tie—re Eraydo Alloy Zinc Cavity Wall Tie, Model 148-A; previously approved.

APPEARANCES—

For Applicant: Bernard Storch.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley
and Commissioner Sleeper 3
Negative: 0
Absent: Vice Chairman Keating and Commissioner
Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 568-51-SM.

Subject: Amendment to resolution as to additional design of wall tie.

Holmann and Barnard, Inc., New York, requested by letter dated September 29, 1958, that the resolution adopted November 20, 1951 under Calendar Number 568-51-SM be amended so as to include an additional design of wall tie. The application was reopened by a vote of the Board October 15, 1958.

Purpose

The material is to be used as a wall tie for anchoring hollow wall withes together.

Description

The new design tie is made of the same material as the previously approved tie. The difference being that the cross section is rectangular in shape. The cross-sectional area is 0.051 square inches; the same as those previously approved.

Inspection and Test

Comparative tests in compression, tension and bond were conducted on the requested design and those previously approved and in all instances the requested design carried greater loads. The complete test report of Pittsburgh Testing Lab. is on file with and is part of the record.

Recommendation

The Committee on Test recommends that the resolution adopted November 20, 1951 under Calendar Number 568-51-SM be amended so as to include the rectangular design of wall tie known as 148-EA as herein described, on condition that the requirements of the resolution adopted November 20, 1951 under Calendar Number 568-51-SM be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of November 20, 1951 in accordance with the above report.

108-52-SM

APPLICANT—Melvin G. Quayle, for Zonolite Company, owner.

SUBJECT—Application January 2, 1952—Zonolite Vermiculite Gypsum Plaster, approval of.

APPEARANCES—

For Applicant: George E. Strehan and M. G. Quayle.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Vice Chairman Keating and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 108-52-SM.

Subject: Zonolite Vermiculite Gypsum Plaster.

M. G. Quayle for Zonolite Co., Chicago, Illinois, filed January 2, 1952 an application with the Board of Standards and Appeals for approval of the material known as Zonolite Vermiculite Gypsum Plaster under the provisions of C26-239.0, C26-600 through C26-603.0 and C26-615.0 Administrative Building Code.

Purpose

The material is to be used as a short span fire resistive ceiling.

Description

The vermiculite, itself, has been approved by the Board under Calendar Number 581-48-SM and the use of this vermiculite, with gypsum, and in conjunction with metal lath forms a three hour short span fire resistive ceiling.

The lath, 3.4 pound diamond mesh rib lath, is attached directly to the lower flanges of the supporting joists or beams which are spaced at a maximum of 30 inches on centers. The plaster is then applied in three coats to the lath. The scratch coat is of a mix of 100 pounds of gypsum to 2 cubic feet of Zonolite vermiculite; the brown coat is a mix of 3 cubic feet of Zonolite vermiculite to 100 pounds of gypsum, and the finish is a hard coat finish plaster. The overall thickness being one inch.

Inspection and Test

A ceiling, constructed as described, attached to the lower flange of a junior beam was tested in accordance with the requirements of C26-600.0 through C26-603.0 Administrative Building Code; at Finks Laboratory, Brooklyn, N. Y., in the presence of Asst. Engr. J. A. Darts, Committee on Test.

The average starting temperature was 77° F. and at 3 hours, the average temperature reading on the back of the lath was 877°F. or a rise of 800°F. The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the Zonolite Vermiculite Gypsum Plaster of a mix as herein described for use as a short span fire resistive ceiling when the plaster is applied to 3.4 pound diamond mesh rib lath, which is attached directly to the lower flanges of the supporting joists or beams. The Committee further recommends that the spacing of joists, beams or girders shall not be spaced more than thirty (30) inches on centers and the use of this type of construction shall be limited in Class I construction, to the provisions of C26-615.0 Administrative Building Code, Namely that this ceiling may be used in areas of twenty five hundred (2500) square feet or less provided such areas are completely firestopped and further that all plans submitted to the Department of Buildings showing the proposed use of such construction shall be marked "Approved by the Board of Standards and Appeals

for use in New York City under Calendar Number 108-52-SM".

(Sgd.) SAMUEL L. BECKER,

Director,

JOHN A. DARTS,

Ass't. Engr.,

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

358-52-SA

APPLICANT—National Airoil Burner Company, owner.

SUBJECT—Application May 7, 1952—National Airoil Rotary Oil Burner, Model D, Direct Driven and Model B, Belt Driven, approval of.

APPEARANCES—

For Applicant: Lawrence C. Schanne.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3

Negative 0

Absent: Vice Chairman Keating and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 358-52-SA.

Subject: National Airtoil Rotary Oil Burners, Models D—Direct Driven—and Model B—Belt Driven.

National Airoil Burner Company, Philadelphia, Pa., filed May 7, 1952 an application with the Board of Standards and Appeals for approval of the National Airoil Rotary Oil Burners, Models DR & BR for use in New York City under the provisions of C26-191.0 Administrative Code and the Oil Burner Rules of the Board.

Purpose

Oil burners for firing heating and process boilers.

Description

The National Airoil Burner is a mechanical draft, horizontal, direct or belt driven rotary atomizing oil burner. It consists of a totally enclosed motor, hollow shaft through which the oil is fed to the atomizing cup and on which shaft is mounted a blower, a worm driven slow speed rotary fuel pump (optional) and other parts such as oil pressure regulating valve, pressure gauge, indicating oil regulating valve, air control door and fuel oil strainer.

The oil fed through the hollow shaft to the inside surface of the rotating atomizing cup is drawn to a thin film, sprayed off the edge of the cup by centrifugal force and projected into the furnace by a blast of air from the blower. This primary or atomizing air is drawn through the double casing of the motor and is discharged through an air nozzle concentric with and surrounding the rotating cup. Secondary combustion air enters the furnace through an air duct beneath the burner and regulated by means of a cast iron door.

The burner is designed to burn No. 4, 5 and 6 oil. When residual fuel is to be used, a Wells electric preheater is made part of the burner assembly.

The Model DR or BR burners are available with the following operating characteristics.

1. Manual operation requiring manual ignition of the oil and manual variation of flame size. A no-voltage release switch is provided with each pump type burner to prevent discharge of fuel in the event of power failure.

2. Semi-Automatic also requires manual ignition but automatically varies the flame size to meet a fluctuating steam

MINUTES

or heat demand. Electronic safety controls—Minneapolis Honeywell or Fireye are used to guard against flame failure, also controls are installed to check low water, excess pressure or temperature.

3. Automatic operation—ignition is by electric spark and gas pilot of 50 second duration until the flame has been established after which the flow of gas and spark are shut off. Electronic safety controls are also used as in the semi-automatic models.

Low flame start is available on automatic models. It limits the initial oil delivery to approximately $\frac{1}{4}$ the maximum capacity of the burner during the starting period.

The burners are made in the following capacities:

Burner Size	Gallons/hour	H.P.
2	2½ to 10	30
3	5 to 15	50
4	10 to 30	100
5	15 to 50	165
6	20 to 70	230
7	30 to 90	300

Inspection and Test

A typical burner installation was inspected at 5702 Avenue U, Brooklyn, by Ass't. Engr. G. F. Sklenarik and Ass't. Arch't. T. W. Farricker, Committee on Test, also Mr. Schanne representing the applicant. The burner functioned properly on No. 6 fuel oil.

The Model DR burner has been tested and approved by the Underwriters' Laboratories MP 703, 704.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends approval of the National Airoil Rotary Oil Burner, Models DR and BR for use in New York City when installed and operated in accordance with the Oil Burner Rules of the Board provided that each burner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 358-52-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

39-56-SA

APPLICANT—National Foam System Inc., owner.
SUBJECT—National Aer-O-Foam System (fire protection), approval of.

APPEARANCES—

For Applicant: R. M. Homer.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Vice Chairman Keating and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 39-56-SA.

Subject: Aer-O-Foam System (fire extinguishing system).

R. M. Homer for National Foam System, Inc., Westchester, Pa., filed January 20, 1956 an application with the Board of Standards and Appeals for approval of the Aer-

O-Foam System under the provisions of C19-161.0 Administrative Code.

Purpose

The appliance is a foam system for extinguishing flammable liquid fires.

Description

The system consists of Foam Chambers, Foam Makers, Foam Nozzles, Overhead Spray Deflectors and Pump Proportioners.

The MCS Foam Chambers and Foam Makers are devices designed to operate together as a paired unit in the production of mechanical (air) foam for application to flammable liquids. They are manufactured in four sizes, MCS-9, MCS-17, MCS-33 and MCS-55, for installation at the top of storage tanks containing flammable liquids. When fed with a solution of AER-O-FOAM Liquid in water, proportioned to 3% of AER-O-FOAM Liquid and 97% water, the foam maker aspirates air and the foam chamber mixes the air and solution so that the paired unit produces fire extinguishing foam. This foam is applied to the surface of the flammable liquid without undue agitation by the spreading of the foam along the tank shell horizontally through the action of the deflector, and then by flowing it down the shell.

The construction of the foam maker-foam chamber and deflector assembly is based on the necessity of having explosion resisting strength in the event of the roof blowing off, and on the necessity of containing the product vapors during storage, as well as being based on the production of foam.

The deflector is installed on the inside of the storage tank and over the discharge nozzle of the foam chamber.

The foam maker is a fabricated steel section with a standard pipe flange on the lower end, and a male tapered pipe thread on the upper end to attach the foam maker to the foam chamber. Each foam maker is furnished with an orifice plate of brass or stainless steel 1/16" thick which is placed between two flange gaskets. The orifice opening in the plate is properly sized to pass the correct amount of mechanical foam solution to meet the requirements of the National Board of Fire Underwriters' Pamphlet No. 11, dated September 1950 and amended August 1951. The turbulence necessary for the air aspiration of the foam maker is accomplished by stainless steel cross bars securely fitted into the foam maker at a distance from the orifice plate. To keep foreign matter and insects from entering the air inlet of the foam maker, a conical screen is secured to the air inlet boss.

The foam chamber body is fabricated entirely of steel except for a glass diaphragm which is mounted inside the housing and on top of the riser pipe, and except for a brass cone mounted inside the riser pipe on steel cross bars.

The function of the diaphragm is to contain the products' vapor and yet shatter to clear opening of the riser when foam pressure is applied. The function of the cone is to produce additional mixing of the air and foam liquid solution, and this in turn has produced a much smaller foam chamber at a considerable saving in weight. The top of the chamber is provided with an inspection hatch. On the inside of the tank opposite to the foam chamber is the deflector which is a composite of the four sizes of assemblies and the various methods of attaching the chamber to the flammables tank. The position on the tank is such that the diaphragm is just above the uppermost liquid level in the tank.

The weights of the MCS assemblies are:

MCS-9	68 lbs.
MCS-17	97 lbs.
MCS-33	142 lbs.
MCS-55	260 lbs.

The Type PW AER-O-FOAM Nozzle is a device designed to produce large quantities of mechanical (air) foam through a high capacity foam maker, and to project the foam through a long foam range. The solution of 3% AER-O-FOAM liquid and 97% water must be proportioned by separate means. The use of the nozzle is principally in large

MINUTES

areas such as spills, dike areas, and dock areas, but it could also be used on storage tank fires.

The nozzles are manufactured in two sizes which are internally identical except for dimensions, but which differ considerably externally. The PW-50, capacity 500 gpm of solution at 150 psi inlet, is primarily a monitor nozzle with a spray device. The PW-31, capacity 310 gpm solution at 150 psi inlet is primarily a hand line nozzle and is therefore equipped with handles. The material is all non-corroding; castings are of red brass, studs and fasteners of bronze, rivets of copper, and steel where used is stainless. The directional tube is heat treated after spinning.

This nozzle consists of four main parts. These parts are:

1. The foam Maker is a device for creating turbulence in the stream, without external means, for the purpose of breaking up the stream and thereby allowing air to be entrapped in the Directional Tube. This foam maker consists of an enlarged sharp edge orifice surrounding a turbulator tube held by a cast in spider in the inlet body. A 2½" swivel connects the nozzle to the monitor or source of solution;

2. an Air Inlet Casting serves the purpose of holding the Directional Tube, holding the operating handle and locking mechanism of the spray deflector, and providing the opening for the admission of the air required for foam production;

3. the Directional Tube provides the mixing chamber of the nozzle and reassembles the dispersed stream in order to project the foam in a straight stream for the long range operation;

4. the Spray Deflector is a mechanical device consisting of five deflector castings which have a deflector on the inner end (inside of nozzle) and a cam slot arrangement on the other or housing end. One side of the cam bears on the end retaining ring, the other the operating pin ring which rotates in the housing. This partial rotation is produced by a mechanical linkage from the inlet end of the nozzle. By moving the operating lever, the pin ring rotates, the pins slide in the cam slot while pushing the vane casting around its bearing. By moving the lever an infinite variety of spray from the 60-degree cone to straight stream can be obtained, if desired the lever can be locked in 10 different settings.

The AER-O-FOAM Nozzle also consists of four major parts, the foam maker, air inlet casting, and directional tube are similar to, and serve the same purpose as the PW-50 Nozzle. The major difference is the fourth part which in this nozzle comprises the handles for hand-line operation. At the foam maker is located a dual heavy handle, for the entire thrust is taken at the foam maker. This handle is swiveled to permit adjustment to the hose strain. The handle at the discharge tip is a fixed ring of lighter construction since it is used for guiding the stream only.

The Type SD-B Overhead Spray Deflector when combined with the SS Type of Foam Maker is a paired unit device which is designed to produce mechanical (air) foam and distribute it in an even gentle blanket. It is designed to be used with a solution proportioned separately, or to pickup 3% of AER-O-FOAM Liquid through a venturi action in the proportion of 3% AER-O-FOAM Liquid to 97% water. The unit is normally located near the ceiling to make use of the spreading and blanketing effect of the deflector and the gentle application of the evenly dispersed foam. Such areas as pump wells, spray equipment, small flammables containers, and oily floors can be protected.

The units are made in three sizes with (1) the SS-1½ Foam Maker combined with the SD-1½B Overhead Deflector, (2) the SS-3 with the SD-3B, and (3) the SS-6 with the SD-6B. The action of this type unit is as follows: the water stream enters through an orifice or jet and around the cone holder into the venturi section; at the venturi a vacuum is created which draws in the AER-O-FOAM Liquid from the container via the connector tube; the water and liquid are mixed by the cone which breaks up the jet stream and which also causes the turbulence necessary for the mixing of the solution and the air; the air is drawn into the discharge tube through the foam maker air inlet and further mixed by the discharge strainer in the tube; the

resulting foam is spread gently and evenly by the dispersion casting to give the spray effect of the foam.

The materials used in the construction of the unit are: for the inlet screen, perforated sheet brass; for the foam maker body, cast red brass; for the cone and support bar, hard brass rod; for the discharge tube-deflector tube combination, standard iron pipe welded together via a carbon steel ring; for the discharge screen, perforated steel sheet; for the deflector casting, cast red brass; for the dispersion casting, cast aluminum bronze.

The Pump Proportioner is a device designed to deliver AER-O-FOAM Liquid into the suction side of a pump in the correct proportion of 3% AER-O-FOAM Liquid and 97% of water. It consists of a small proportioner venturi connected between the suction side of the pump and the discharge side so that a small portion of the water from the discharge passes through the venturi, creating a vacuum which picks up the proper amount of AER-O-FOAM Liquid. The resultant solution passes through the pump and is discharged at the desired pressure for the foam making devices being employed. Since the pump discharge is solution, some of this solution returns through the pump proportioner venturi; but the design has taken this into consideration in the metering of the liquid. In this type of proportioning it is desirable to maintain the suction pressure of the pump at approximately 0 psi gauge to ensure a constant AER-O-FOAM Liquid input. If the water supply is under pressure, a valve should be installed on the suction side of the pump, but upstream of the proportioner discharge to regulate this pressure. Pressures below 0 psi gauge will not materially effect the proportioning.

The E-60NA Proportioner "A" for 3% metering consists of three main parts. The body casing orifice contains the orifice or jet, and a chamber into which the AER-O-FOAM Liquid is drawn when a vacuum is created by the venturi in the body casting receiver. The orifice, in the form of a jet, meters the water (solution) from the pump discharge. The venturi in the receiver draws the liquid from the chamber into the discharge and then delivers it to the suction side of the pump. In order to meter the flow of AER-O-FOAM Liquid for the various solution flows of 60, 120, 240, 360, and 480 gpm, the metering valve is orificed with corresponding holes which will correctly proportion 3% of AER-O-FOAM Liquid to 97% of water. The E-60N Pump Proportioner is brass throughout.

Inspection and Test

A fire test was conducted at Paulsboro, New Jersey in the presence of Ass't. Engrs. J. A. Darts and G. F. Sklenarik, Committee on Test.

The fire was in a pit, 40 feet by 20 feet and the fuel was 5½ inches of No. 2 fuel oil ignited with gasoline and the area covered was 750 square feet. The application rate was one gallon solution per 10 square feet. The equipment used in the test was a chamber and foam maker with .725 inch orifice and 61 p.s.i. at the orifice. The preburn time was 1 minute 9 seconds from ignition to foam generation; the coverage time was 1 minute 50 seconds, the control time was 2 minutes and extinguishment was 2 minutes 10 seconds. The amount of foam used was 7 gallons, 3% regular. There were no slip planes and the blanket thickness was 3½ inches.

The system has been approved by the Underwriters' Laboratories, the report being on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the AER-O-FOAM System as manufactured by National Foam System, Inc., for use under the provisions of C19-161.0 Administrative Code, on condition that the systems are installed in accordance with this report, the requirements of the Underwriters' Laboratory and the Factory Mutual reports and provided further that the foam shall be introduced or flowed on the top surface of the

MINUTES

flammable liquid, and not impinge on the surface so as to submerge the foam below the surface of the flammable liquid; and that sufficient air foam liquid shall be provided at each installation to comply with all rules, laws, etc., having application.

The Committee further recommends that plans submitted to the Department of Housing and Buildings and the Fire Department showing the installation shall be marked or stamped: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 39-56-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

596-56-SA

APPLICANT—Vega Industries, Inc., owner.

SUBJECT—Application reopened November 25, 1958 for amendment of resolution—re Comforteer Gas-fired room or Space Heater, Unvented, Models 1125-S, 118-S, 1225-S, 135-S, 1112-W and C; previously approved.

APPEARANCES—

For Applicant: J. A. Arnao.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 596-56-SA

Subject: Amendment to resolution.

Vega Industries, Inc., Chattanooga, Tenn., requested by letter dated November 3, 1958 that the resolution adopted April 15, 1958 under Calendar Number 596-56-SA be amended so as to include the Comforteer Gas Fired Unvented Room or Space Heaters, Models 150 and 150A and that these heaters and those previously approved under Calendar Number 596-56-SA also be approved for use in concrete and plaster construction drying and the heating of construction field offices in accordance with the requirements of the Fire Commissioner. The application was reopened by a vote of the Board, November 25, 1958.

Description

The Comforteer, Model 150 and 150A heaters are similar to the models previously approved except that they are rated at 50,000 Btu per hour. The 150A Model is equipped with a safety pilot and automatic gas valve, the 150 Model is not.

Recommendation

The Committee on Test recommends that the resolution adopted April 15, 1958 be amended so as to include the Comforteer Gas Fired Unvented Space Heater, Models 150 and 150A and that such heaters and those previously approved under Calendar Number 596-56-SA also be permitted for use as unvented salamanders in the drying of concrete and plaster construction or for heating construction field offices when equipped with safety pilots and automatic gas valves and when installed in accordance with the requirements of the Fire Commissioner and Rule 2.7 of the Rules of the Board for the Erection, Alteration, Repair, Excavation for and Demolition of Buildings and further that the require-

ments of the resolution adopted April 15, 1958 under Calendar Number 596-56-SA be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of April 15, 1958 in accordance with the above report.

860-56-SM

APPLICANT—United States Gypsum Co., owner.

SUBJECT—Application December 9, 1956—USG Fire Rated Structo-Lite Basecoat Plaster (fireproofing), approval of.

APPEARANCES—

For Applicant: William W. Bainbridge.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Vice Chairman Keating and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 860-56-SM

Subject: U.S.G. RED TOP Fire Rated Structo-Lite Basecoat Plaster.

The United States Gypsum Company, Chicago, Illinois, filed an application with the Board on December 9, 1956 for approval of their mill mixed gypsum plaster and Perlite aggregate to be used as a Fire Rated Basecoat plaster for protection of steel beams, floors, open web joists and columns.

Purpose

The material is to be used for 4 Hr. fire resistive structural steel columns and also as a 3 Hr. fire resistive floor and ceiling construction and 4 Hr. fire resistive construction for beams.

Description

The Perlite aggregate mined and expanded by U. S. Gypsum Company has been previously approved under Calendar Number 782-52-SM. The Gypsum plaster used has been previously approved under Calendar Number 800-39-SM. The Mill mixed U.S.G. Perlite and U.S.G. gypsum plaster has been previously approved under Calendar Number 800-39-SM.

The United States Gypsum Company Red Top Fire Rated Structo-Lite, approval of which is now requested, differs from previously approved material in that it bears Underwriters' Laboratory labels and is under re-examination and label service.

Inspection and Test

A steel column was fireproofed with metal lath and U.S.G. RED TOP Fire Rated Structo-Lite plaster and tested at the Underwriters' Laboratory in accordance with ASTM E119-47 as required by section C26-6090 of the Administrative Building Code of the City of New York. The details of the construction were as follows:

The vertical column consisted of a 10", 49 lbs. per foot, square H. Beam. 3.4 lb. per square yard expanded metal lath was shaped and wired around the column over metal lath spacers. The spacers consisted of cut pieces of 3/4" cold rolled channels 3 1/2" long, bent into angles with 1 3/4" legs. These spacers were wire tied to the inside of the shaped metal lath at each outside corner of the column, at top and bottom and 36" to 48" on centers vertically along these

MINUTES

outside corners. Corner beads were fastened to each outside corner vertically to give $1\frac{7}{8}$ " plaster grounds over the face of the metal lath.

The column was then plastered with 2 coats of U.S.G. RED TOP Fire Rated Structo-Lite base-coat plaster and finished with $1/16$ " thick gauged lime putty white coat finish, the total thickness being $1\frac{7}{8}$ " from the face of the lath. At the flanges, the plaster was forced thru the lath to fill up the $\frac{1}{2}$ " space behind the lath, so that the total thickness of plaster on the flanges only, from flange to outside of finish white coat was $2\frac{1}{2}$ ".

At 4 hours in the standard fire test, the maximum average temperature was 999 degrees F. and the maximum individual temperature was 1008 degrees F. The limitations for qualification are 1000 degrees F. average at any section or 1200 degree F at any point.

The U.S.G. RED TOP Fire Rated Structo-Lite base coat plaster will be listed as Type R by the Underwriters for a 4 hour column and carry Underwriters' Labels. Retardant 3574-11, dated September 15, 1958 is in the file and is part of the record.

An additional fire test on a Milcor cellular steel floor, with steel beam, ventilating ducts and electrical outlets all protected by a hung metal lath ceiling plastered with U.S.G. RED TOP Fire Rated Structo-Lite basecoat plaster conducted at the Underwriters' Laboratory. The test procedure was in accordance with ASTM E119 as required by section C26-609.0 of the Administrative Building Code of the City of New York.

The details of the test assembly were as follows:

The cellular steel floor was Milcor and is listed by the Underwriters' Laboratories. The top sheet was 18 and the bottom sheet 16 U.S.G. gauge steel. The concrete was sand and gravel and applied to a depth of 2" over the top of the cells. The beam was 12" 27 lbs. per ft. wide flange structural steel member. The ventilating ducts were 24 U.S.G. gauge galvanized iron supported by 1" by $\frac{1}{8}$ " hangars.

The ceiling hangars were #8 gauge galvanized wire spaced 36" on centers along $1\frac{1}{2}$ " cold rolled runner channels which were spaced 48" centers. The cross furring was $\frac{3}{4}$ " cold rolled channels spaced 12" on center. The metal lath attached to this grillage was $\frac{3}{8}$ " diamond mesh weighing 3.4 pounds per square yard. The 4" octagonal galvanized electrical outlet boxes and cover plates are listed by the Underwriters. Two each were used.

The 6" by 14" branch air ducts terminated in 12" inside diameter air grilles. Each branch duct had a 13" by 13" 14 gauge steel damper held open by a 160 degree F. fusible link, listed by Underwriters. The face of the metal lath was $3\frac{1}{2}$ " below the flange of the beam.

The metal lath was plastered with a scratch and brown coat of U.S.G. RED TOP Fire Rated Structo-Lite gypsum basecoat plaster to a total thickness of $\frac{3}{4}$ " from the face of the lath including $1/16$ " gauged lime putty coat.

The test assembly was loaded to a total live and dead load of 106 pounds per square foot calculated to give a deflection of $1/360$ of the span. Live load was 61 lbs. The furnace was heated in accordance with E119 for four hours and five minutes. The maximum limiting temperature of the top side of the steel deck and concrete assembly was reached at 3 hours and 48 minutes.

This was immediately followed by the hose stream test consisting of a 45 pound per square inch water stream with a $1\frac{1}{8}$ " nozzle applied for 7 minutes and 45 seconds at a distance of 20 feet and at an angle of 70 degrees from the normal. The hose stream did not penetrate the assembly.

The test assembly was allowed to cool and then within the required 24 hour limit was subjected to an additional live load of 61 pounds per square foot. The additional deflection, due to the double loading was .26 inches. The maximum temperature on the beam at 4 hours and five minutes was 950 degrees F.

Based on the test conducted on the assembly as described above, the Underwriters list the floor as a 3 hour floor and ceiling design and the beam as a 4 hour beam providing that there is not more than one electrical outlet in each 90 square

feet of ceiling area, and providing the duct opening does not exceed 113 square inches in each 100 square feet of ceiling area, and providing U.S.G. RED TOP Structo-Lite Fire Rated gypsum base coat plaster is used.

Underwriters' Laboratory report Retardant 3574-6 dated July 25, 1957 is in the file and is part of the record.

Recommendation

Based on the test conducted at the Underwriters' Laboratories for the applicant and the data submitted and previous data and tests submitted and approval there of by the Board, The Committee on Tests recommends, that a steel column enclosed in 3.4 pound lath spaced $\frac{1}{2}$ " from the flanges of the column, and plastered with U.S.G. RED TOP Fire Rated Structo-Lite Basecoat plaster and $1/16$ " gauged lime putty finish, to a total thickness of $1\frac{7}{8}$ " with the $\frac{1}{2}$ " space behind the lath at the flanges filled with the same U.S.G. RED TOP Fire Rated Structo-Lite basecoat plaster, so that the total thickness at the flanges is $2\frac{1}{2}$ " from the face of the flange, be approved as a four hour column for use in all classes of construction under sections C26-88; C26-178; C26-191 and C-26-239.0 of the Administrative Building Code.

The Committee on Test further recommends that an assembly of Milcor cellular floor, with a topping of 2" of stone concrete above the cells and a suspended furred and lathed metal lath plastered ceiling the face of the metal lath being not less than $3\frac{1}{2}$ " below the beam flange, and the metal lath plastered to a total thickness of $\frac{7}{8}$ " with U.S.G. RED TOP Fire Rated Structo-Lite basecoat plaster which includes the $1/16$ " gauged lime putty finish, providing there is not more than $\frac{1}{4}$ inch electrical outlet box per 90 square feet of ceiling area and providing the air duct openings are not greater than 113 square inches for each 100 square feet of ceiling area, protected with a 14 USS gauge steel damper held open by a 160 degree F fusible link listed by the Underwriters' Laboratory, be approved as a 3 hour floor and ceiling construction with the beam rated 4 hours, for use in all classes of construction under sections C26-88; C26-178; C26-191 and C26-239.0 of the Administrative Building Code.

The Committee on Test further recommends that the approval for the 4 hour column, the 3 hour cellular floor and its 4 hour supporting beam are on condition that the methods of assembly are in accordance with the test assembly described in Inspection and Test above, and that each bag of U.S.G. RED TOP Fire Rated Structo-Lite Basecoat plaster is stamped, tagged, labeled or printed, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 860-56-SM".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 144-57-SM.

Subject: Masonite Peg-Board.

Masonite Corporation, Chicago, Illinois, filed January 30, 1957, an application with the Board of Standards and Appeals for approval of Masonite Peg-Board for use in New York City under the provisions of C26-191 of the Administrative Building Code.

Purpose

For voluntary use in schools to display maps, graphs, books, etc.

Description

Peg-Board panels to be applied in accordance with manufacturer's recommendations as shown in Masonite Corporation Technical Bulletin No. A-239-4, except that glass-wool batts shall be installed behind all Peg-Board panels.

The following Masonite Peg-Board products submitted for approval:

THICKNESS	Type of MATERIAL
1/8"	Standard Presdwood
1/8"	Tempered Duolux
1/8"	Leatherwood
1/8"	Black Tempered Presdwood
1/8"	Primecote Standard Presdwood
1/8"	Primecote Tempered Duolux
3/16"	Tempered Duolux
1/4"	Tempered Duolux
1/4"	Black Tempered Presdwood
1/4"	Primecote Tempered Duolux

Perforations: All 1/8" and 3/16" thick material has 3/16" diameter holes, 1" on center. All 1/4" material has 9/32" holes, 1" on center.

The Primecote surface is not a final finish. Paint, enamel or other types of finish should be applied after installing the panels. The composition and color of the finishing material used and the final results desired will determine the number of coats required. With most common types of finishes, a one-coat application will be adequate.

Lacquers, enamels, flat and semi-gloss oil base paints and emulsion paints can be applied no previous preparation of the Primecote surface is required other than to remove any dirt or foreign material which may have adhered to the surface due to handling. When necessary, light washing with water or with a mild soap and water will usually clean the surface satisfactorily.

Panels should be fastened to wood framing members or furring strips spaced not more than 16" o.c. Furring strips should be of sufficient thickness to provide adequate hanger clearance. Fasten panels at the center and work toward the edges. Do not butt panels tightly together, but bring to moderate contact. Brads and nails should penetrate 1" into the nailing base whenever possible. To conceal brads countersink and fill with putty after priming. When fastening with screws pre-drill or use existing holes in Peg-Board panels.

Small panels may be fastened to a solid backing such as a door, etc., with round head wood screws and fiber spacers.

Panel Thickness	Fastener	Spacing Intermediate Supports	Around Edges
1/8" & 1/4"	Spread woodworking glue over framing members and fasten with 16 gauge Brads	6"	4"
1/8"	5/8" Round Head Wood Screws	12"	6"
1/4"	3/4" Round Head Wood Screws	12"	6"
1/8" & 1/4"	4d Cement Coated Sinker Nails	6"	4"
	1 1/4" Drive Screws	6"	4"
	1 1/4" Ring Grooved Nails	6"	4"

Fiber spacers shall be a minimum of 3/8".

Furring strips shall be a minimum of 3/4" x 3/4".
Corner construction for bevel edge shall be 5/8" x 5/8".
Corners having metal corner moulding shall be 3/4" x 3/4".
Hooks, Brackets, Easels, Hanger Bars, Literature, Racks and Miscellaneous, shall be of the size recommended by the manufacturer for 1/8" & 1/4" Masonite "Peg-Board" Panels.

Inspection and Test

Masonite "Peg-Board" Panel was examined at the Board of Standards and Appeals by Ass't. Engineer John A. Darts.

Recommendation

On the basis of the inspection and data filed by the applicant, the Committee on Test recommends the approval of Masonite Peg-Board for voluntary use in schools in New York City under the provisions of C26-191.0 of the Administrative Building Code, on condition that the "Peg-Board" be backed up by an incombustible backing. All cartons or bills of lading shall be marked or stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 144-57-SM".

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

996-57-SM

APPLICANT—Borden Chemical Company, owner.

SUBJECT—Application reopened November 5, 1958 for amendment of resolution as change in trade name—re Vitro-Bond self curing portland cement mortar for setting ceramic tile; previously approved.

APPEARANCES—

For Applicant: Joseph F. Kiernan and A. J. Cousens.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Vice Chairman Keating and Commissioner Kleinert 2

THE RESOLUTION—

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 996-57-SM

Subject: Amendment to resolution as to change in trade name.

Borden Chemical Company, Middlesex, New Jersey, requested by letter dated September 2, 1958 that the resolution adopted June 24, 1958 under Calendar 996-57-SM be amended so as to show a change of trade name. The application was reopened by a vote of the Board November 5, 1958.

Recommendation

The Committee on Test recommends that the resolution adopted June 24, 1958 under Calendar Number 996-57-SM be amended so that the approved self curing portland cement mortar for setting ceramic tile may be marketed under the trade name of PLACCO 400 Series Thin-Bed Mortars for Real Clay Tile on condition that the requirements of the resolution adopted June 24, 1958 under Calendar Number 996-57-SM be complied with.

Re: Calendar Number 37-58-SM.

Subject: Perimsul Perimeter Insulation, with additional trade name Gold Bond Thermo-Bloc Perimeter Insulation.

The National Gypsum Company, Buffalo, New York, filed January 27, 1958 an application with the Board of Standards and Appeals for approval of Perimsul Perimeter Insulation also marketed under the additional trade name Gold Bond Thermo-Bloc Perimeter Insulation, manufactured by the Baldwin-Hill Company, Trenton, New Jersey under the provisions of C26-191.0, C26-535.0, and C26-688.0 Administrative Building Code.

Purpose

The material is to be used as thermal insulation and as a fire stopping material.

Description

The material is a semi-rigid incombustible material composed of spun mineral wool fibers processed from a molten state to form a semi-rigid felt. It has no surface membranes and does not rot, decay, nor is it affected by moisture. It is used for thermal insulation, above or below ground, and for fire stopping.

It is manufactured in thicknesses of $\frac{3}{4}$ inch, $1\frac{1}{2}$ inches and 2 inches; widths of 12 inches, 18 inches and 24 inches; and 48 inches in length.

Inspection and Test

Samples of the material were examined by Ass't. Engr. J. A. Darts, Committee on Test and found to comply with the requirements of C26-88.0 and to be of the sizes and thickness herein described.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends that Perimsul Perimeter Insulation, also marketed under the trade name Gold Bond Thermo-Bloc Perimeter Insulation, as having met the requirements of C26-88.0 be approved for use as thermal insulation and fire stopping material under the provisions of C26-191.0, C26-535.0 and C26-688.0 Administrative Building Code on condition that each bag or carton in which the material is marketed shall be tagged, stamped, or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 37-58-SM".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

228-58-SA

APPLICANT—John J. Nesbitt, Inc., owner.

SUBJECT—Application April 10, 1958—Nesbitt Suspended Gas-fired Unit Heater, (various models and trade names), approval of.

APPEARANCES—

For Applicant: John C. Bordee and Thomas F. Byrne.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Vice Chairman Keating and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 228-58-SA.

Subject: Nesbitt Suspended Gas-fired Unit Heater, Models K-25-F, K-35-F, K-50-F, K-75-F, K-100-F, K-125-F, K-150-F, K-175-F, K-200-F, K-250-F, K-50-B, K-75-B, K-100-B, K-125-B, K-150-B, K-175-B, K-200-B, K-250-B to be marketed also as ILG, Models 25-M, 35-M, 50-M, 75-M, 100-M, 125-M, 150-M, 175-M, 200-M and 250-M; Webster, Models WK-25, WK-35, WK-50, WK-75, WK-100, WK-125, WK-150, WK-175, WK-200 and WK-250; Grinnell, Models P-25, P-35, P-50, P-75, P-100, P-125, P-150, P-175, P-200 and P-250; Sunyaire, Models CK-25-F, CK-35-F, CK-50-F, CK-75-F, CK-100-F, CK-125-F, CK-150-F, CK-175-F, CK-200-F, CK-250-F, CK-25-B, CK-35-B, CK-50-B, CK-75-B, CK-100-B, CK-125-B, CK-150-B, CK-175-B, CK-200-B and CK-250-B; Gordon, Models GUF-25, GUF-35, GUF-50, GUF-75, GUF-100, GUF-125, GUF-150, GUF-175, GUF-200, GUF-250, GUB-25, GUB-35, GUB-50, GUB-75, GUB-100, GUB-125, GUB-150, GUB-175, GUB-200 and GUB-250; Westinghouse "Space Heater", Models W-25-FA, W-35-FA, W-50-FA, W-75-FA, W-100-FA, W-125-FA, W-150-FA, W-175-FA, W-200-FA, W-250-FA, W-25-BA, W-35-BA, W-50-BA, W-75-BA, W-100-BA, W-125-BA, W-150-BA, W-175-BA, W-200-BA and W-250-BA.

John J. Nesbitt, Inc., Phila., Pa., filed April 10, 1958 an application with the Board of Standards and Appeals for approval of Nesbitt Suspended Gas-fired Unit Heaters, Models K-25-F, K-35-F, K-50-F, K-75-F, K-100-F, K-125-F, K-150-F, K-175-F, K-200-F, K-250-F, K-50-B, K-75-B, K-100-B, K-125-B, K-150-B, K-175-B, K-200-B and K-250-B, and to be also marketed as ILG, Webster, Grinnell, Sunyaire, Gordon, Westinghouse, various models for use in New York City under the provisions of Article 12, Chapter 26 of the Administrative Building Code.

Purpose

The appliance is a Suspended Gas-Fired Unit Heater.

Description

The Nesbitt Series K Gas-Fired Unit Heater consists of a burner box heat exchanger tubes and draft diverter. These components are electric arc welded together forming a gas-tight assembly. The burner box is a welded box which is constructed of 16 gauge cold rolled steel. The die-formed heat exchanger tubes are made of 20 gauge aluminized steel, with seam welded joints. The draft diverter is a spot welded assembly constructed of 20 gauge aluminized steel. Heat exchanger support sheets, made of 20 gauge cold rolled steel, connect the draft hood and burner box at either side of the unit and serve to channel the air stream for maximum contact with the surface of the heat exchanger tubes.

MINUTES

All components in the heat exchanger are finished with a high temperature, aluminum paint.

The burner assembly consists of burners, venturi mixing tubes and gas supply manifold.

The burners are raised, drilled port, heavy close grained, cast-iron, mounted on cast-iron venturi mixing tubes. Machined brass orifices are held by wrought iron pipe nipples which are in turn welded to a wrought iron gas manifold. Close grained cast-iron air shutters are used to control the quality of primary air.

The burner and venturi mixing tubes are easily removed from the unit when the bottom pan is lowered. This is accomplished without moving any screws or fasteners other than those which hold the bottom pan in place.

The outside casing is constructed of 18 gauge or heavier, cold rolled steel. The hanger assembly supports both the casing and the heat exchanger and include two $\frac{3}{4}$ inch threaded pipe fittings. The bottom pan is hinged so that it can be lowered to permit lighting of the pilot and cleaning of the interior of the unit. All casing members are die-formed. Casing finish is baked on, hammerstone, gray-green enamel. The casing interior and all interior parts are finished in a high temperature baked aluminum.

Adjustable air deflection louvers are provided as standard equipment to permit vertical direction control of the air stream. Deflection louvers to provide horizontal direction control of the air stream are available as optional equipment.

Gas burner controls consist of a manual main control valve, a manual pilot shutoff valve, pilot burner, safety pilot, automatic control valve, electric limit switch and fan switch. In addition, a gas pressure regulator is provided except where the unit is to be used on liquefied petroleum gases.

The standard control arrangements are for line voltage and employ standard line voltage room thermostats.

Low voltage controls are available as optional equipment.

Electrical assembly includes a quiet low speed motor and fan assembly (all motors are equipped with thermal overload protection), a summer-winter switch to provide for summer ventilation, a combination wire fan guard and motor mount and wiring protected by heavy flexible metal conduit. The motor and controls are completely wired at the factory with the line connection continued to a junction box on the back of the unit.

Wiring diagram Nos. 1 and 2 give the wiring connections for line voltage controls and reduced voltage controls respectively.

The Series B Nesbitt Gas-Fired Unit Heaters are identical to propeller fan unit heaters, except for the type of fan employed.

Inspection and Test

These heaters have been tested and approved by the American Gas Association, Inc. The complete report is on file with and is part of the record.

Recommendation

On the basis of the data filed by the applicant, The Committee on Test recommends the approval of the appliance known as Nesbitt Suspended Gas-Fired Unit Heater, Models K-25-F, K-35-F, K-50-F, K-75-F, K-100-F, K-125-F, K-150-F, K-175-F, K-200-F, K-250-F, K-50-B, K-75-B, K-100-B, K-125-B, K-150-B, K-175-B, K-200-B and K-250-B. The Committee further recommends the heaters will be marketed under the following trade names ILG, Models 25-M, 35-M, 50-M, 75-M, 100-M, 125-M, 150-M, 175-M, 200-M and 250-M; Webster, Models WK-25, WK-35, WK-50, WK-75, WK-100, WK-125, WK-150, WK-175, WK-200 and WK-250; Grinnell, Models P-25, P-35, P-50, P-75, P-100, P-125, P-150, P-175, P-200 and P-250; Sunnysaire, Models CK-25-F, CK-35-F, CK-50-F, CK-75-F, CK-100-F, CK-125-F, CK-150-F, CK-175-F, CK-200-F, CK-250-F, CK-25-B, CK-35-B, CK-50-B, CK-75-B, CK-100-B, CK-125-B, CK-150-B, CK-175-B, CK-200-B and CK-250-B; Gordon, Models GUF-25, GUF-35, GUF-50, GUF-75, GUF-100, GUF-125, GUF-150, GUF-175, GUF-200, GUF-250, GUB-25, GUB-35, GUB-50, GUB-75, GUB-100, GUB-125, GUB-150, GUB-175, GUB-200 and GUB-250; Westinghouse "Speed Heater", Models W-25-FA, W-35-FA, W-50-FA,

W-75-FA, W-100-FA, W-125-FA, W-150-FA, W-175-FA, W-200-FA, W-250-FA, W-25-BA, W-35-BA, W-50-BA, W-75-BA, W-100-BA, W-125-BA, W-150-BA, W-175-BA, W-200-BA and W-250-BA for use in New York City when installed in accordance with Article 12, Chapter 26, of the Administrative Building Code on condition that each unit shall be installed so that its base is at least 8 feet 0 inches above the floor level, and a 40-40 mesh bronze screen will be installed in the unit bottom pan in such a manner as to entirely cover the combustion air intake and further that the appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 228-58-SA".

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,

Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 294-58-SA

Subject: Ro-An Domestic Heat Reclaimer, Model 400.

Ro-An Heat Reclaimer Corp., Farmingdale, N.Y., filed May 13, 1958 an application with the Board of Standards and Appeals for approval of the Ro-An Domestic Heat Reclaimer, Model 400 for use in New York City under provisions of C26-191.0 Administrative Building Code and the Oil Burner Rules of the Board.

Purpose

A device to recover part of the heat from flue gases. (voluntary)

Description

The model 400 heat reclaimer is intended to be installed in the flue pipe of electrically operated oil fired appliances with a firing rate not over 2 gallons per hour. It is located between the oil burning appliance and the chimney but in back of any primary safety control mounted in the flue pipe.

The reclaimer is made up of a number of heat exchanger tubes installed within a steel casing. The hot flue gases pass over the tubes and heat is transferred to air which is circulated through the tubes by a motor operated fan. This heated air is then conveyed by a suitable duct to the space to be heated. Operation of the circulating fan is automatic by means of a temperature actuated switch which is installed in the flue pipe downstream from the heat reclaimer.

A motor driven sweeper plate acts to prevent soot accumulation on the exchanger tubes. The motor is energized during the entire firing period of the oil burner and the sweeper plate makes a complete pass over the tubes every 13 minutes.

MINUTES

A sweeper plate interlock is employed which consists of a clock motor, switch, cam and linkage installed adjacent to the sweeper motor. Every 26 minutes of operation the sweeper plate resets the clock motor permitting continued operation. In the event of failure to reset the clock motor, the interlock switch will open to shut down the reclaimer motors and burner motor. Failure of the clock motor will also cause the interlock switch to open. The heat reclaimer casing is made of 18 gauge steel or heavier, painted on all surfaces. The casing encloses 36 steel heat exchanger tubes 12 1/16 inches long, .840 inch outside diameter and 3/32 inch wall thickness.

The sweeper plate is made of 12 gauge steel, 7 1/2 inches wide and 10 inches high. It is provided with 36 stainless steel wire mesh cleaning rings 1/8 inch thick secured between two 20 gauge steel cover plates.

Inspection and Test

An installation of the heat reclaimer was inspected by Ass't. Engr. G. F. Sklenarik, Committee on Test. The device functioned as designed.

The Ro-An heat reclaimer was tested and approved by the Underwriters' Laboratories, file MH 6702. The report is on file and is part of the record.

Recommendation

On the basis of the inspection and the data filed by the applicant the Committee on Test recommends the approval of the Ro-An Domestic Heat Reclaimer, Model 400, for voluntary use when installed in accordance with this report and the Oil Burner Rules of the Board, provided that each installation will be made by a licensed oil burner installer and further that each such device shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 294-58-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Ass't. Engr.,
GEORGE F. SKLENARIK,
Ass't. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance for voluntary use in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 344-58-SA.

Subject: Vega Inc., Comforteer Gas Heaters, Models 340, 340A, 330, 330A, 320, 320A, 316, 316A, 312, 312A.

J. A. Arnao for Vega Inc., Chattanooga, Tenn., owner-manufacturer filed May 29, 1958 an application for approval of the Comforteer Gas Heaters, Models 340, 340A, 330, 330A, 320, 320A, 316, 316A, 312, 312A for use in New York City under the provisions of Article 12, Administrative Building Code and the requirements of the Fire Commissioner.

Purpose

Gas fired vented space heaters for domestic or commercial use.

Description

The Comforteer Gas Heaters, Models 340, 340A, 330, 330A, 320, 320A, 316, 316A, 312, 312A are all floor type cabinet heaters with the outer cabinet formed of end panels and body sheet of 20 gauge steel with lock-seamed joints. The inner combustion chambers are made of 20 gauge steel, preformed and baffled and then seam welded. Provision is made for connecting the heaters to flues.

The burners used are of cast iron and have raised slotted ports. Primary air openings are equipped with cadmium plated steel air shutters.

Each heater is provided with a brass angle type shut off valve and ignition is manual.

The input ratings in BTU per hour are as follows:

Models:

340, 340A	40,000
330, 330A	30,000
320, 320A	20,000
316, 316A	16,000
312, 312A	12,000

The letter "A" in the model designation indicates that the heater is equipped with a safety pilot and automatic gas shut off valve.

Inspection and Test

All details of construction were examined by Assistant Engineer G. F. Sklenarik, Committee on Test.

The Comforteer Gas Heaters, Models 340, 330, 320, 316 and 312 were tested and approved by the American Gas Association for natural, manufactured, and liquefied petroleum gases.

Recommendation

On the basis of the examination and the data filed by the applicant the Committee on Test recommends the approval of the Vega Inc., Comforteer Gas Heaters, Models 340, 340A, 330, 330A, 316, 316A, 312, 312A for use in New York City in accordance with this report and the provisions of Article 12, Administrative Building Code and in addition the "A" Models when used with liquefied petroleum gas and when installed in accordance with the requirements of the Fire Commissioner relative to the use of such heaters in field office, trailers or similar units on construction sites, provided that each heater shall bear a label, permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 344-58-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 377-58-SA.

Subject: Coleman Gas-Fired Room Heater, Models 2111, 2112, 2113, 2115, 2116, 2117, and 2118.

The Coleman Company, Inc., Philadelphia, Pa., filed June 12, 1958, an application with the Board of Standards and Appeals for approval of Coleman Gas-Fired Room Heater, Models 2111, 2112, 2113, 2115, 2116, 2117 and 2118 for use in New York City under the provision of Article 12, of the Administrative Building Code.

Purpose

The appliance is a Gas-Fired Space Heater.

Description

These are gas burning space heaters, designed for BTU input ranging from 30,000 to 70,000 BTU per hour.

The heater is an assembly of parts, namely a chassis, cabinet, burner, heat exchanger, draft diverter and controls.

Heater cabinets are a console type, free standing room heater. The casing is a 22 gauge steel, insulated with ½ inch thick glass fiber, insulation foil face.

The combustion chamber and heat exchanger is constructed of 20 gauge sheet steel, and is of the radiator type.

The burner is of cast iron with raised sawed slots.

Each model has a built in draft diverter which forms an integral part of the heat exchanger.

The heater is supplied in two styles. A circulator model having a one-piece top grille and front grille, Shadowed Mahogany finish. A Radiant Circulator Model having a one-piece top grille and radiants behind a Pyrex glass front, chrome-trim, Golden Glow or Shadowed Mahogany finish.

All models have a service door in the right hand side only, for accessibility of control.

The controls are optional, the heater may be supplied with Robert Shaw Grayson Unitrol, A17, has a 100% shut off with pilot failure, temperature is controlled by employing the use of the capillary, exposed to room temperature. The heater may also be supplied with General Controls, MR 5 Valve, which is 100% shut off with pilot failure, however, this must be operated manually for main burner control. In conjunction with this control, an electric package can be supplied, which contains a 24 volt transformer, a wall type thermostat, and a solenoid valve. The third type control available with these heaters is for room temperature control.

Type of Cabinet and Vent Pipe Size:

Open Grille Models	BTU per hour Input Rating	Vent Pipe Size
2111	30,000	4"
2112	40,000	4"
2113	55,000	4"
Pyrex Radiant Front Models	BTU per hour Input Rating	Vent Pipe Size
2115 L & D	30,000	4"
2116 L & D	40,000	4"
2117 L & D	55,000	4"
2118 L & D	70,000	4"

When Models 2111 and 2115 are used with Propane, input rating is 25,000; output rating is 17,500. L=Golden Glow finish. D=Shadowed Mahogany finish.

Blower, optional on all Models. Pressure regulator, standard on all Models (except LPG).

Inspection and Test

The heaters have been approved by the American Gas Association. The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed

by the applicant, the Committee on Test recommends the approval of the appliance known as Coleman Gas-Fired Room Heaters, Models 2111, 2112, 2113, 2115, 2116, 2117 and 2118 for use in New York City when installed in accordance with Article 12, of the Administrative Building Code on condition that the units shall not be installed in garages or places of explosive atmosphere and further that the appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 377-58-SA".

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 439-58-SA.

Subject: Empire Gas Room Heaters, Models E-154-6, E-204-6, E-304-6, and E-404-6, G-508-M, F-508-M, G-708-M and F-708-M.

Empire Stove Company, Belleville, Ill., filed July 21, 1958, an application with the Board of Standards and Appeals for approval of Empire Gas Room Heaters, Models E154-6, E204-6, E304-6 and E404-6, G508-M, F508-M, G708-M and F708-M for use in New York City under the provisions of C26-191.0 and Article 12, Chapter 26 of the Administrative Building Code.

Purpose

The appliance is a Gas Fired Space Heater.

Description

These are gas burning space heaters, designed for BTU input ranging from 15,000 to 70,000 BTU per hour.

The heater is an assembly of parts; namely a chassis, cabinet, burner, heat exchanger, draft diverter and controls.

Models E154-6, E204-6, E304-6, and E404-6 heater cabinets, are of 20 gauge steel. Porcelain finish, have a closed top and 22 gauge expanded metal front. Built in floor pan of 20 gauge steel, black, to prevent scorching floor. Heat is forced up through front and sides of heater. These heaters have a service door for access on the side to permit slide out of burners, cast iron drilled port type; mounted on a platform permitting removal of burners which slides free from the heater. The combustion chamber and heat exchanger is constructed of 20 gauge steel. Each model has a built in draft diverter which forms an integral part of the heat exchanger.

Models G508-M, F508-M, G708-M and F708-M, heater cabinets are of heavy gauge steel; brown enamel finish, louver openings at the top and expanded metal and louvered

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 447-58-SA

Subject: Thompson Vented Circulator Type Room Heater, Gas-Fired, Models Acme and Heatflo, Series 515V, 520V, 530V, 540V, 550V, and 570V.

Vandewater Associates, Inc., Long Island City, New York,

filed July 23, 1958, an application with the Board of Standards and Appeals for approval of Thompson Vented Circulator Type Room Heater, Gas-Fired Models Acme and Heatflo, Series 515V, 520V, 530V, 540V, 550V, and 570V for use in New York City under the provisions of Article 12, of the Administrative Building Code.

Purpose

The appliance is a Gas Fired Space Heater.

Description

These are gas burning space heaters designed for BTU input ranging from 15,000 to 70,000 BTU per hour.

The heater is an assembly of parts; namely a chassis, cabinet, burner, heat exchanger, draft diverter and controls.

The heater cabinet is a console type, free standing room heater, cabinet has a porcelain-enamel finish, either Mahogany or Grey. The casing, combustion chamber and heat exchanger are constructed of 20 gauge steel. Each model has a built-in draft diverter which forms an integral part of the heat exchanger. The burner is of cast iron raised drilled ports, and a built in floor pan to prevent scorching floor. An optional blower assembly completely wired and self-contained which mounts at the rear of the unit for the purpose of distributing warm air within the area in which the unit is located. The blower assembly switch also incorporates a summer switch to turn the blower on for summer use when no heat is being used. Blower is available in all models (except 515V) as optional equipment.

Type of Cabinet and Vent Pipe Size.

Louvered Front Models	BTU per hour Input Rating	Vent Pipe Size
515V	15,000	3"
520V	20,000	3"
530V	30,000	4"
540V	40,000	4"
550V	50,000	4"
570V	70,000	5"

The controls consist of a manual shut-off valve, pilot adjusting valve, automatic pilot valve to close off the main supply of gas in the event the pilot flame is in some manner extinguished, a gas pressure regulator to maintain a constant flow of gas at a predetermined pressure setting, and a thermostatic or automatic main control valve to provide means for turning the gas on and off through the medium of a self-contained thermostat or a remote thermostat.

Inspection and Test

The heaters have been approved by the American Gas Association. The complete report is on file with and is part of the record.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as Thompson Vented Circulator Type Room Heater, Gas-Fired, Models Acme and Heatflo, Series 515V, 520V, 530V, 540V, 550V, and 570V for use in New York City when installed in accordance with Article 12 of the Administrative Building Code on condition that the units shall not be installed in garages or places of explosive atmosphere and further that the appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 447-58-SA".

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 507-58-SA.

Subject: Brilliant Fire, Ohio Radiant, Sunburst Model 15-LOW, 20-LOT, 30-LOT, 35-LOT, 50-LOT, 65-LOT, 65 LTW, 3500-A, 5000-A, 7000-A.

The Ohio Foundry & Manufacturing Co., Steubenville, Ohio, filed August 26, 1958, an application with the Board of Standards and Appeals for approval Brilliant Fire, Ohio Radiant, Sunburst, Model Nos. 15-Low, 20-Lot, 30-Lot, 35-Lot, 50-Lot, 65-Lot, 65 LTW, 3500-A, 5000-A, 7000-A, for use in New York City under the provisions of C-26-191.0 of Article 12, Chapter 26 of the Administrative Building Code.

Purpose

The appliance is a Gas Fired Space Heater.

Description

Brilliant Fire Room Heaters—(Vented Type)

No. 15-LOW	— 15,000	BTU per hour input
No. 20-LOT	— 20,000	BTU per hour input
No. 30-LOT	— 30,000	BTU per hour input
No. 35-LOT	— 35,000	BTU per hour input
No. 50-LOT	— 50,000	BTU per hour input
No. 65-LOT	— 65,000	BTU per hour input

The above "LOT" Vented Room Heaters are of the Gravity type with 100 percent welded steel combustion chambers, equipped with cast-iron burners (suitable for gas on which they are to be used) but approved for use with Natural, Mixed, Manufactured, and LP Gases.

They are equipped with built-in draft diverter, and large service door on the side. They are also equipped with Baso "lint-proof" pilot burner of the 2R style. All models are finished in high temperature baked enamels and have legs which support them above the floor. All models are equipped with draft diverters, and horizontal flue outlets.

All models of 35,000 BTU per hour or over are equipped with Gas Pressure Regulators, which have incorporated in them leak limiting devices.

The No. 2300 (-A or B) Blower is approved for use as an accessory on the "LOT" Models of 30,000 BTU per hour input or over. It is for 115 Volt A.C., 60 cycle current, has a 3-speed control Summer switch and Automatic fan switch.

The "LTW" Vented Room Heaters are equipped with fire clay radiants, providing therefore, both radiant and circulating gravity heat. All other features of these models are similar to those of the "LOW" or "LOT" Series as noted above. They are available in the following inputs:

No. 35-LTW	— 35,000	BTU per hour input
No. 50-LTW	— 50,000	BTU per hour input
No. 65-LTW	— 65,000	BTU per hour input

All three (3) Models of the "LTW" Series are equipped with Gas Pressure Regulators, and pilot burners or standard equipment.

The No. 2300 (-A or B) Blower is also available for use with the "LTW" Models.

VENTED FAN TYPE ROOM HEATERS

(Winter Air-Conditioners)

The following Deluxe Models of Vented Fan Type Heaters are equipped with large propeller type fans, automatically operated, heating sections of the tubular type.

These models are as follows:

No. 3500-A	— 35,000	BTU per hour input
No. 5000-A	— 50,000	BTU per hour input
No. 7000-A	— 70,000	BTU per hour input

The multi-tubed type heat exchanger is 100 percent welded and is provided with a combustion chamber header of cast iron. These models are equipped with built-in draft diverter, and all have cast iron burners.

The large fans and heavy duty motor are for 115 volt, A.C. current, and operate automatically through a fan switch which starts the fan on demand, and shuts it off before cold air is delivered to the room. There is a filter screw provided at the rear to provide lint and dust removal. The unit is also equipped with a 1 quart capacity humidifier, made of porcelain enamel; thus all features of winter air conditioning are provided in this completely automatic unit.

The burner chassis is attached to the cabinet section by four (4) wing nuts.

The entire baked enamel cabinet is insulated with fiberglass to maintain the cabinet.

The burner, pilot and controls are serviceable from a service door in the front of the heater, controls are mounted in this service compartment for easy accessibility.

All Brilliant Fire Vented Gravity or Fan Type Circulators of the "LOT", "LOW", LTW" or the Fan Type Models are available with various types of automatic controls, such as BLUE FLAME PILOT BURNER (M) with thermocouple (L), Baso Safety Pilot Valve, M-H Adatrol, Robert Shaw Unitrol, Honeywell Round complete electric package (115-V.A.C.) for remote control, 100 percent shutoff. The General Control is self-energizing, complete with valve, thermostat (8 foot cable attached) etc., and has a 100 percent shut-off. On the large fan models the automatic controls are standard equipment.

Inspection and Test

These heaters have been tested and approved by the American Gas Association, Inc. The complete report is on file with and is part of the record.

Recommendation.

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test, recommends the approval of Brilliant Fire, Ohio Radiant, Sunburst Models Nos. 15-LOW, 20-LOT, 30-LOT, 35-LOT, 50-LOT, 65-LOT, 65 LTW, 3500-A, 5000-A, 7000-A for use in New York City, when installed in accordance with Article 12, of the Administrative Building Code on condition that the units shall not be installed in garages or places of explosive atmosphere and further that the appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 507-58-SA".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 517-58-SA.

Subject: Premier Gas Room Heaters, Models 6-15V, 6-20V, 6-30V, 6-40V, (with Suffix A, T).

The Premier Stove Company, Belleville, Illinois, filed September 4, 1958, an application with the Board of Standards and Appeals for approval of Premier Gas Room Heaters, Models 6-15V, 6-20V, 6-30V, 6-40V (with suffix A, T) for use in New York City under the provisions of Article 12, of the Administrative Building Code.

Purpose

The appliance is a Gas-Fired Space Heater.

Description

These are gas burning space heaters, designed for BTU input ranging from 15,000 to 40,000 BTU per-hour.

The heater is an assembly of parts, namely a chassis, cabinet, burner, heat exchanger, draft diverter and controls.

Heater cabinet is a console type, free standing room heater. The casing is a 22 gauge steel. Heater is finished in a porcelain enamel.

The combustion chamber and heat exchanger is constructed of 20 gauge steel.

The burner is cast iron raised drilled ports, mounted on a platform which slides free from the heater. All models have a service door, for accessibility of controls.

Types of controls:

A gas pressure regulator is standard equipment for all 6-30V and 6-40V Heaters. It may be ordered as optional equipment for city gases for 6-15V and 6-20V heaters.

Robert Shaw Unitrol is a combination thermostat and safety Mini-Pilot with 100% cut-off feature.

Robert Shaw TS-11D Safety Pilot is universal for all gases with 100% cut-off of gas to burner when pilot flame is extinguished.

Inspection and Test

The heaters have been approved by the American Gas Association. The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant the Committee on Test recommends the approval of the appliance known as Premier Gas Room Heaters, Models 6-15V, 6-20V, 6-30V, 6-40V, (with suffix A, T.) for use in New York City when installed in accordance with Article 12, of the Administrative Building Code on condition that the units shall not be installed in garages or places of explosive atmosphere and further that the appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 517-58-SA".

THE RESOLUTION—

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 551-58-SA.

Subject: Siegler Gas Home Heaters, Models 220GI, 220UB, 330UB, 550UB, 775UB, 885UB, 230, 340, 560.

The Siegler Corporation, Chicago, Ill., filed September 19, 1958 an application with the Board of Standards and Appeals for approval of the Siegler Gas Home Heaters, Models 220GI, 220UB, 330UB, 550UB, 775UB, 885UB, 230, 340 and 560 for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Gas fired domestic and commercial space heaters.

Description

The Siegler Gas Home Heaters are floor type space heaters made of a cast iron atmospheric type ribbon port burner, cast iron tubular heat exchanger, a built in blower system for forced circulation except in the 220G-2 model which is a gravity flow, thermostatic control and safety pilot for automatic operation; safety pilot will give 100% shut off in case of flame failure.

The heater cabinets are finished in porcelain enamel. The 230, 340 and 560 Models have metal grid fronts, the other models are provided with ceramic radiants and pyrex glass fronts.

All models are designed for venting outdoors by connecting to a legal flue or chimney.

The heat input capacities of the various models are:

Model	Input BTU/Hr.	Model	Input BTU/Hr.
220 GI	20,000	775 UB	75,000
220 UB	20,000	885 UB	85,000
330 UB	30,000	230 UB, G	30,000
550 UB	50,000	340	40,000
		560	60,000

Inspection and Test

All details of construction were examined by Ass't Engr. G. F. Sklenarik, Committee on Test.

The above Siegler Gas Home Heaters have been tested and approved by the American Gas Association for natural, manufactured, mixed and liquefied petroleum gas.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Siegler Gas Home Heaters, Models 220GI, 220UB, 330UB, 550UB, 775UB, 885UB, 230, 340, and 560 for use in New York City when installed in accordance with this report and the requirements of Article 12, Administrative Building Code with a minimum clearance of 6 inches at the sides and back from any wall or partition and provided that each heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 551-58-SA".

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 16, 1958 on Alt. Applic. 1543/58, reads:

"1. Proposed increase in the number of beds in a nursing home of class III construction, more than 1 story high, is contrary to 4.2.1 of the Bldg. code and to the resolution of the Board under Cal. #536-44-A."

and

WHEREAS, the applicant states that the building is 2½ stories, 35 feet in height, 65 feet front by 63 feet in depth 1st floor, 47 feet front by 53 feet in depth at 2nd floor, of class 4 construction, erected prior to 1903, located on a lot 100 feet front by 125 feet in depth, in a residence use, F area, class 1 height district, and used and occupied since 1946 as follows: Cellar—boiler room, storage and laundry, no persons; 1st floor—living room, dining room, kitchen and 2 bedrooms, 3 persons; 2nd floor—chambers for nursing home, 15 persons; attic—dwelling for operator of nursing home, 5 persons, for which Certificate of Occupancy #Q122279 was issued April 28, 1958, against Alt. Applic. 189/44, pursuant to a variance granted by the Board, expiring March 18, 1968; that the building is now proposed to be used and occupied as follows: Cellar—boiler room, storage and laundry, no persons; 1st floor—kitchen, dining room, lounge and 3 bedrooms, 12 persons; 2nd floor—chambers for nursing home, 16 persons; attic—dwelling for operator of nursing home, 5 persons; that the building is provided with two interior wood stairs, 2 feet 7 inches and 4 feet 2 inches respectively in width, enclosed in plaster partitions, equipped with ¾ hour self-closing doors, leading direct to street but not to roof, and one fire escape on the rear extending to roof by ladder and to yard by Stair, with egress to street through open yard, window and door opens on the course of the fire escape, are fireproof self-closing; and

WHEREAS, the applicant states that on December 3, 1957, under Calendar Number 536-44-A, Volume II, the Board permitted rearrangement of partitions, creation of employee's dressing rooms in the cellar and the occupancy of the 1st floor by 12 beds, 2nd floor by 16 beds with the attic use as the operator's dwelling, under certain conditions including the requirement for the installation of a sprinkler system and an approved thermostatic fire-alarm system throughout the building; that on March 18, 1958, amended resolution to permit the reduction in the original occupancy of 18 beds; that it is now proposed to amend the resolution of March 18, 1958, and re-establish the resolution of December 3, 1957, allowing the increased number of beds, subject to the terms of such resolution; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 18, 1958, by substituting thereafter the resolution adopted by the Board on December 3, 1957, by adding thereto:

"that the work as proposed and shown on plans marked "Received November 18, 1958," 8 sheets, shall be done together with the recommendations of the Chief of the Division of Institutional Inspection of the Department of Hospitals as follows; (1) that all toilets are to be separated from bathtubs by partitions; (2) that two extra toilets are to be provided on the first floor; (3) that an extra bathtub is to be provided on the first floor; (4) that the square footage of morgue is to be set forth showing with floor area at least 80 square feet as required; (5) that the locations of nurses' stations and

MINUTES

nurses' work rooms on first and second floors are to be indicated; and that plans for this additional work, recommended by the Department of Hospitals, shall be filed with the Building Department on an amendment and the work shall be carried out to the satisfaction of the Commissioner of Hospitals."

277-54-A—Vol. IV

APPLICANT—The Procter & Gamble Mfg. Company, owner.

SUBJECT—Application reopened July 22, 1958 as Vol. IV—Appeal from a decision of the Fire Commissioner re: change in use of a 150,000 cubic feet gas storage container from water to hydrogen.

PREMISES AFFECTED—3666 Richmond Terrace, southwest corner of Western Avenue, Block 1400, Lot 1, Port Ivory, Borough of Richmond.

APPEARANCES—

For Applicant: Carl A. Pearson and Alphonse C. Bogaert.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Vice Chairman Keating and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated June 18, 1958, reads:

"This is to acknowledge receipt of your letter of June 12, 1958, regarding the change of use of a 150,000 cubic feet gas storage container from water gas to hydrogen, thereby increasing your hydrogen storage. As previously advised it will be necessary to obtain the approval of the Board of Standards and Appeals by amending the current resolution."

and

WHEREAS, the applicant states that the premises consists of a plot 800 feet front by 2500 feet in depth; that the existing water gas storage tank is 1 story, 50 feet in height, 64 feet in diameter, erected 1926, and proposed to be used for the storage of 150,000 cubic feet hydrogen; and

WHEREAS, the applicant requests that the Board amend its resolution adopted July 6, 1955, under Calendar Number 306-23-A, as amended May 25, 1954, under Calendar Number 277-54-A, as subsequently amended through April 10, 1956, under Calendar Number 277-54-A, Volume III, to permit the change over of the existing 150,000 cubic feet water gas holder to the storage of hydrogen and its incorporation in the hydrogen system, as indicated on plans marked "Received November 21, 1958," 2 sheets, on condition that in all other respects, where not inconsistent with this resolution, the resolutions above cited shall be complied with; and

WHEREAS, the applicant contends that the water gas holder in question, is located 1025 feet south of Richmond Terrace and 760 feet west of Western Avenue, between a 50,000 cubic feet hydrogen holder and a 100,000 cubic foot hydrogen holder; that the nearest building to the 150,000 cubic foot holder in question, occupied by our employees, is the Furnace House in which 8 or 9 persons are normally employed; that it is located 150 feet from the holder in question; that the water gas generator house and the water gas purifiers are now obsolete and the equipment therein is out of service; that the owner has been engaged in the manufacturing of soaps, glycerine and edible oils at this plant since 1907, which consists of a 135 acre plot occupied by numerous buildings which are protected by standpipe and sprinkler systems; that recent developments have eliminated water gas as a factor in the owner's business; that the conversion of the water gas holder to the storage of hydrogen will enable the owner to effect economies of operation and help maintain its competitive position within the industry; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 6, 1955, as *amended* through April 10, 1956, by adding thereto:

"to permit the use of the existing 150,000 cubic foot water gas holder for the storage of hydrogen and to permit the incorporation of this tank into the existing hydrogen installation, as shown on plans filed with appeal marked, "Received June 24, 1958," 2 sheets, and "November 12, 1958," 1 sheet, as disapproved in the decision of the Fire Commissioner dated June 18, 1958, *on condition* that the provisions of the above cited resolution be complied with to the satisfaction of the Fire Commissioner and that the tank in question and all pipe lines installed in connection with the change herein permitted, be tested to the satisfaction of the Fire Commissioner."

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Vice Chairman Keating and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, this application was granted by the Board on October 28, 1958, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 28, 1958, by adding thereto:

"that in addition to the proposal by the applicant that on the first floor the prospective tenant will engage in die cutting on leather belts so as to read, leather belts and cardboard and other materials."

975-57-A

APPLICANT—Fred C. Dahlem, for Bermuda Benevolent Association, owner.

SUBJECT—Application November 6, 1957—Appeal from a decision of the Borough Superintendent, re non-fireproof construction, stairs, live load, and zoning.

PREMISES AFFECTED—402 West 146th Street, south side, 100 feet, west of St. Nicholas Avenue, Block 2060, Lot 37, Borough of Manhattan.

APPEARANCES—

For Applicant: Fred C. Dahlem and Charles G. Butterfield.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Vice Chairman Keating and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 6, 1957, acting on Alt. Applic. 454-56, Objection 1 reads:

"1—File photostatic copy of recorded incorporation papers to show purpose of organization.

MINUTES

2—Use should comply with Article II, Section 3 of the Zoning Resolution.

3—Bldg. should be F.P., more than 2 stories high, Sect. C26-254 A.C.

4—Stairs should be enclosed in 3 hr. material and go from cellar to street and street to roof. Sect. C26-638.0 A.C.

5—Stairs should be 3 feet 8 inches wide and comply with Sect. C26-292 A.C.

6—Live load for dining and meeting rooms should be 100 per square foot." and

WHEREAS, the applicant states that the premises consist of a lot 20 feet front by 99 feet 11 inches in depth, located in a residence use, B area, class 1½ height district, upon which there exists a 3 story, 37 feet high, class 3 building, 20 feet by 73 feet on basement and 1st and 2nd floors and 20 feet by 55 feet on the 3rd floor, erected prior to 1890 as a one family dwelling and converted in 1920: Cellar—storage and heating plant; basement—dining room and kitchen, 20 persons; 1st floor—meeting room, 85 persons; 2nd floor—office, library and meeting room, 15 persons; 3rd floor—caretaker's apartment; that for which change in use a violation was issued and a fine of \$25.00 imposed in the Magistrate's Court; and

WHEREAS, the applicant proposes to legalize the above present illegal use; that the present occupants "The Bermuda Benevolent Association" is a philanthropic organization; that this organization is the sole occupant of the building since 1920; that the present exits consist of an interior 2 feet 10 inches wood stairs enclosed in wood stud partitions with plaster on wood lath; that the present exits from basement and 1st floor are direct to the street; and

WHEREAS, the applicant proposes to enclose the cellar stairs in a 4 inch cinder block partition with fireproof self-closing door; that the cellar will be protected with one-hour ceiling; that a stair will be provided at the rear of the 1st floor; that a gate will be provided in the fence of the rear yard; that a live load of 75 lbs. will be established for the basement and 1st floor, and 60 lbs. for the 2nd floor; that all swing doors to stair hall will be made self-closing; that the front doors will be rehung to swing out; and

WHEREAS, the applicant contends that the present use is a permissible use under Article II, Section 3 (2) and (5) of the Zoning Resolution; that the exits are adequate for the proposed occupancy; that the floor loads will not be exceeded; that the proposed sprinkler system will properly protect this building; and

WHEREAS, the premises was inspected by a committee of the board.

Resolved, that the decision of the Borough Superintendent, dated November 6, 1957, acting on Alt. Applic. 454-56, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the hallway shall be fire-retarded for its entire height and doors thereto fireproof, self-closing one-hour type construction; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that this variance shall continue only so long as the premises are occupied as herein proposed and as shown on plans filed with this appeal, marked "Received November 6, 1957", 9 sheets.

28-58-A

APPLICANT—Leonard F. Rothkrug, for Ginsberg Realty Corp., owner.

SUBJECT—Application January 28, 1958—Appeal from a decision of the Borough Superintendent, re egress.

PREMISES AFFECTED—1657-1663 Broadway, northwest corner of Schaeffer Street, Block 3420, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Vice Chairman Keating and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 27, 1958 on Alt. Applic. 4230/55, reads:

"8. Provide for all other floors two remote means of egress of incombustible materials enclosed in two hour partitions (second and third floors to be used, in part, for factory use."

and

WHEREAS, the applicant states that the building is 3 stories, 36 feet high, 75 feet by 100 feet in area, class 3 constructed, erected in 1925, used and occupied as follows: Cellar—boiler room and furniture showroom, 5 persons; 1st floor—furniture store, 100 persons; 2nd floor—furniture showroom, 50 persons; 3rd floor—furniture stockroom, 5 persons, for which Certificate of Occupancy No. 37052/25 was issued; and

WHEREAS, the applicant proposed to change the use to: 1st floor—furniture store and a retail store, 50 persons; 2nd floor—dress factory, 60 persons; 3rd floor—dress factory, 30 persons; and

WHEREAS, the applicant states that the exits will consist of two interior enclosed stairs at opposite corner of the building; that the Broadway or west stairs is of wood 3 foot 8 inch wide enclosed in 1 hour partitions, fireproof self-closing doors and leads to roof by a vertical ladder and a scuttle; that the Schaeffer Street or east stair is 3 foot 8 inch steel stair enclosed in 8 inch brick; that the vestibules on 1st, 2nd and 3rd floors are of 1 hour construction with fireproof self-closing doors; that the elevator openings into this stair are equipped with fireproof self-closing doors; that this stair leads to cellar and to roof through an 8 inch brick bulkhead; that it is proposed to have no more than one tenant on each of the upper stories; that the occupancy as dress factories does not involve use of any combustibles; that the building adjoining to the west is a 4 story building and is 8 feet above the roof of the subject building; that the building to the north is a 3 story frame building and its roof is 8 feet 6 inches below the roof parapet of the subject building; that neither of these adjoining buildings offer safe access from the roof of our building; and

WHEREAS, the applicant proposes to install a one-source sprinkler system throughout the building and to remove the dividing partitions on the 2nd and 3rd floors.

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 4230/55, Objection No. 1, and that the appeal be and it hereby is *granted, on condition* that as now proposed all subdividing partitions shall be removed from the various floors and none restored that will interfere with free access of any tenant to two means of exit, in accordance with the requirements of the Labor Law, and as indicated on plans filed with this appeal, marked "Received Nov. 7, 1958", 5 sheets, and "December 12, 1958", 1 sheet; that the building shall be protected with an approved one source sprinkler system throughout; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto.

530-58-A

APPLICANT—Leonard F. Rothkrug and Herbst and Rusciano for Ohav Sholem Center of The Bronx, owner.

SUBJECT—Application September 9, 1958—Appeal from a decision of the Borough Superintendent—re Class Rooms and Rabbinical Office on the 2nd floor of a 3 story non-fireproof, Class 3 building.

PREMISES AFFECTED—838 Gerard Avenue, east side,

MINUTES

236 feet, 5 inches south of East 161st Street, 2nd floor,
Block 2474, Lot 32, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley
and Commissioner Sleeper 3
Negative: 0
Absent: Vice Chairman Keating and Commissioner
Kleinert 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent,
dated September 3, 1958, on Alt. Applic. 846/57, reads:

"1. The proposed "Class Room and Rabinical Office"
on the 2nd floor of a 3 story non-fireproof class 3 bldg.
is contrary to Sect. 4.2.1 B.C."

and

WHEREAS, the applicant states that the building is 3
stories, 32 feet high, 31 feet 6 inches by 46 feet 4 inches
in area, class 3 construction, erected prior to 1901, located
in residence use, B area, class 1½ height district, used since
1958 as follows: Cellar—ordinary storage, no persons; 1st
floor—synagogue, 126 persons; 2nd and 3rd floors vacant;
that it is proposed to occupy the 2nd story as a school for
25 persons and offices all in conjunction with the 1st floor
synagogue; that the premises adjoins another lot to the north
owned by this same owner; that both lots have vacant rear
yards; that the subject building is equipped with a Multiple
Dwelling law-type fire escape at the rear whereby access
can be had from the 2nd story to the rear yard and out to
the street by means of a proposed fire passage in the cellar
of the adjoining building; that the stairs to the upper stories
which existed when the building was a Multiple Dwelling
have been removed; that it is proposed to construct a new
steel stair 3 foot 8 inch wide enclosed with 8 inch approved
solid type cinder blocks leading directly to the 1st story
exit to the street; that the classrooms will be used for part
time religious instruction; that at no time will the 2nd story
be used for school purposes; that when the synagogue is
occupied the teachers of the school and the students are
required to be on the 1st floor in the synagogue when
religious services are in progress; that the school is solely
supplemental to public education and is not substitutionary;
that the seats in the synagogue are fixed in place so that
aisles will be maintained as shown and the use will not vary
from the synagogue use presently in existence; that the
3rd story is proposed to be kept vacant, therefore in view of
the foregoing the applicant respectfully requests the grant-
ing of this application; and

WHEREAS, the premises was inspected by a committee of
the Board, which recommended the appeal be granted under
certain conditions.

Resolved, that the decision of the Borough Superintendent,
dated September 3, 1958 acting on Alt. Applic. 846/57, Ob-
jection 1, be and it hereby is *modified* and that the appeal be
and it hereby is *granted*, to permit the use of the second
floor, as proposed and as indicated on plans filed with this
appeal, marked "Received September 9, 1958", 7 sheets, and
"November 14, 1958", 5 sheets, *on condition* that the building
in all other respects shall comply with all laws, rules and
regulations applicable thereto and that a steel stair either
fixed or counterbalanced shall be installed at the lowest
run of the rear fire escape.

608-58-A

APPLICANT—Samuel Garnett, for 17 White Street Realty
Corporation, owner.

SUBJECT—Application October 22, 1958—Appeal from a
decision of the Borough Superintendent, re steps to Fire
Escape.

PREMISES AFFECTED—13-19 White Street, south side,
135.2 feet east of West Broadway, Block 176, Lot 25,
Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Garnett.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley
and Commissioner Sleeper 3
Negative: 0
Absent: Vice Chairman Keating and Commissioner
Kleinert 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent,
dated October 22, 1958, on Alt. Applic. 1560/55, reads:

"4. Proposed steps to F. E. are contrary to Sec.
273 of L.L. and F.E.R. of B.S.&A."

and

WHEREAS, the applicant states that the building is 6
stories, 84 feet in height, 88 feet 6 inches front by 86 feet
6 inches in depth, of class 3 construction, erected prior to
1913 located on a lot 88 feet 6 inches front by 100 feet 7
inches in depth, in manufacturing use, B area, class 2
height district, and used and occupied since 1945; cellar—
factory and storage, 7 persons; 1st floor—factory and
storage, 30 persons; 2nd to 6th floors—factory, 60 persons
each floor; that no change in use or occupancy is now pro-
posed; that the building is provided with two-source sprin-
kler system and an approved interior fire alarm system and
regular monthly fire drills are maintained; that there are two
interior 3 foot 8 inch wide wood stairs, enclosed in fire re-
tarded partitions, equipped with fireproof self-closing doors,
both stairs lead to street, one is provided with a ladder and
scuttle and the other extended to roof bulkhead; that in ad-
dition it is proposed to erect a fire escape on the front of
the building extending to street by ladder, with window and
door openings on the course of such fire escape, fireproof
self-closing; and

WHEREAS, plans filed with this appeal indicate that it is
proposed to erect a new Labor Law fire escape on the front
of the building, extending from top story to the 2nd story
with egress from the lower balcony to street by means of
counterbalance stairs; that it is proposed to provide a ladder
and scuttle to roof in the easterly stairhall, in compliance
with the Factory Exit Rules of the Board; that on the 2nd,
3rd, 4th and 6th floors have 2 tenants each, one on either
side of the firewall and a single tenant throughout the 5th
floor; and

WHEREAS, Certificate of Occupancy #32035 issued August
9, 1946, against Alt. Applic. #1741/44, permits the following
use and occupancy; cellar—mirror manufacturing and stor-
age, 7 persons; 1st floor—mirror manufacturing and store,
30 persons; 2nd to 6th floors inclusive—factory 60 persons
each floor; and

WHEREAS, Violation #4065 was issued June 30, 1955 by
the Department of Housings and Buildings, for failure to
provide proper egress as required by Section 271 of the
Labor Law; and

WHEREAS, the owner was convicted and fined in Muncipal
Term Magistrate's Court, October 20, 1958, on a charge of
violation of the Administrative Code; and

WHEREAS, the applicant contends that the purpose of
this appeal is to obtain permission to install the openings to
the fire escapes on the 2nd, 3rd, 4th, and 5th floors, 36 inches
above the floor, in lieu of the maximum of 6 inches as per-
mitted by Section 273 of the Labor Law; and

WHEREAS, the applicant contends that the masonry in the
line of the present openings and the proposed doors to the
fire escape, extends 36 inches above the floor and 24 inches
below the floor; that to be required to place the openings
within 6 inches of the floor, would require cutting at least
30 inches of the existing 60 inches of masonry, which con-
sists of brick and stone, 24 inches thick, built integral with
the piers on each side of the openings; that cutting out
such large percentage of the masonry would be expensive
and would seriously weaken the building walls; that it
would require complex bracing; and

WHEREAS, the applicant states that it is proposed to in-
stall 27 inch wide steel stairs with handrails to the fire sill
escape level; that the openings will be 2 feet wide by 6 feet

MINUTES

high, equipped with fire doors; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 1560/55, Objection No. 4 and that the appeal be and it hereby is granted, on condition that steel stairs at least 27 inches wide with hand rails on both sides shall be built from floor to sill level in front of each 2 feet wide by 6 feet high door leading to fire escape, wherever this sill is over 6 inches above the level of the floor; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area and that the work be substantially as shown on plans marked, "Received November 13, 1958," 8 sheets.

613-58-A

APPLICANT—The Frink Corporation, lessee, for Frinre, Inc., owner.

SUBJECT—Application October 23, 1958—appeal from a decision of the Fire Commissioner re use of Ransburg, 2, Electrostatic Spray Unit, not of approved type, in New York City.

PREMISES AFFECTED—217-283 63rd Street, northwest corner of 3rd Avenue, Block 5798, Lot 46, Borough of Brooklyn.

APPEARANCES—

For Applicant: Merwin Lewis and Kurt Reis.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Vice Chairman Keating and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated September 25, 1958, reads:

"In reply to your letter of September 25, 1958, requesting permission to install a Ransburg #2 Process Electrostatic Spray Unit, please be advised that this equipment has not been approved for general use in the City of New York. Your request must, therefore, be denied. Your plans have not been further examined.

May I advise you of your right to appeal this denial within 30 days to the New York City Board of Standards and Appeals, 80 Lafayette Street, New York 7, N. Y."

and

WHEREAS, the applicant states that the building is 2 stories, 26 feet high, 576 feet by 102.77 feet in area, class 1 construction, located in unrestricted use, A area district, used and occupied since 1949: 1st floor—manufacturing (metal products), 300 persons; 2nd floor—offices, 50 persons; that for which Certificate of Occupancy #122426/49 against N.B. Applic. 1184/47 was issued; that the building is presently vacant; that it is proposed to occupy the 1st floor for manufacturing of lighting equipment, 150 persons; 2nd floor—offices, 40 persons; that the building is equipped with an approved sprinkler system, standpipe system and an interior fire alarm system; and

WHEREAS, the applicant proposed to install the Ransburg #2 Process Electrostatic Spray System; that the proposed installation is the same installation referred to in 2 matters heretofore before the Board of Standards and Appeals as follows:

1. Case No. 567-57-A—Ruby Philite Corporation.
2. Case No. 4-58-A—Globe International, Inc.

that in both the above cases the Board granted the appeals and the decision of the Board appears in both cases in the Board of Standards and Appeals Bulletin of March 18, 1958;

and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Fire Commissioner dated September 25, 1958, acting on Folder No. 588932 be and it hereby is modified and that the appeal be and it hereby is granted to permit the use of the spraying equipment as proposed, on condition that the installation shall in all respects comply with the memorandum report of Committee on Test dated July 1, 1953 filed with Cal. 357-48-SA in connection with the general application for approval of the device; that the solvent used shall have a flash point of not less than 80 degrees F., open cup test; that the spray booth shall be provided with mechanical ventilation of sufficient capacity to insure an exhaust of 5600 cubic feet of air per minute within the booth; that such exhaust shall be so interconnected with the spraying equipment that such spraying equipment shall not operate unless the exhaust is in operation, and further, that the exhaust shall be so arranged as to continue in operation for not less than 3 minutes after the spraying equipment ceases to operate; and that drying and spraying equipment shall be to the satisfaction of the Fire Commissioner and the Commissioner of Buildings.

LOCAL LAW—72 OF 1958

Effective December 19, 1958

A Local Law to amend the administrative code of the City of New York in relation to the payment of fees in connection with the filing of applications with the Board of Standards and Appeals.

Be it enacted by the Council as follows:

Section 1.—Section 669-1.0 of the administrative code of the city of New York as amended by local law ninety-four for the year nineteen hundred fifty-seven is hereby amended to read as follows:

Sec. 669-1.0 Fees—The following fees shall be charged for the following applications, appeals and reviews:

1. a. Application for approval of materials, (and) appliances and methods or variances of construction \$100.00
b. Application for amendment of prior approval of materials, appliances and methods or variances of construction 25.00
2. a. Application to vary the application of the zoning resolution, except as provided in subdivision b 100.00
b. Where such application is for conversion of a one-family dwelling to a two family dwelling 25.00
c. Application for an extension of the term of years of zoning variance previously granted. 50.00
d. Application for a change in use, height or area of premises in connection with a zoning variance previously granted 50.00
3. Appeal from or application for review of any order, requirement, decision or determination of the commissioner of buildings or of any superintendent of buildings or of the fire commissioner or any rule or regulation or amendment or repeal thereof made by the fire commissioner 10.00
4. Application for an extension of time in which to comply with conditions imposed in the resolution of the Board of Standards and Appeals 10.00
5. Exemptions—
 - a. The provisions of this section shall not apply if the owner of the premises affected by the application, appeal or review be a corporation or association organized and operated exclusively for religious, charitable or educational purposes, or for one or more such purposes, no part of the net earnings of which enures to the benefit of any private individual, and provided that the premises affected are to be used exclusively by such corporation or association for one or more of such purposes.
 - b. The provisions of this section shall not apply if a municipal department or agency of the city is the applicant before the Board of Standards and Appeals.

Sec. 2—This local law shall take effect immediately...

COURT DECISIONS

PETITIONS AND ORDERS OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS

On December 4, 1958, Copy of Petition and Order of Certiorari was served on the Board by Raphael H. Weissman, attorney for Petitioners, John Lawrence Fopeano, Gloria Maria Fopeano, Nathan Rubin and Sam Rubin, objecting property owners, seeking a review of the Board's determination on October 28, 1958, granting a variance by a vote of 3 to 2 under Sections 7f, 7e and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, minor auto repairs, office, parking and storage of motor vehicles for a stated term of fifteen (15) years; Cal. No. 625-53-BZ, Vol. II; premises 1043-1059 McDonald Avenue and 101-111 Foster Avenue, northwest corner, Block 5426, Lots 1 and 5, Borough of Brooklyn.

* * * * *

On December 24, 1958, An Order of Certiorari and Petition was served on the Board by Levine & Gordon, attorneys for Jamo Builders, Inc., owner, seeking a review of the Board's denial on November 18, 1958 of their application, reopened June 3, 1958 as Volume III—based on a decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, and other accessory uses; Calendar Number 182-52-BZ—Vol. III; Premises 18-10 Utopia Parkway, 169-01 to 169-07 19th Avenue, northwest corner, 169-02 to 169-04 18th Avenue and 18-01 to 18-19 169th Street, Block 5743, Lot 75, Whitestone, Borough of Queens.

* * * * *

On December 18, 1958, Copy of Petition and Order to Show Cause was served on the Board by J. Wolfe Chassen, attorney for petitioners, Barnett Guthartz, et al., objecting property owners, seeking a review of the Board's determination of November 25, 1958, granting a variance 3 to 2 under Section 22A, subdivisions 7e, 7i and 7h of the Zoning Resolution for a term of 15 years to permit in a residence use, G-1 area district the erection and maintenance of a gasoline service station, parking and storage of motor vehicles and less than the required 15 feet from the street line; Calendar Number 863-48-BZ—Vol. II; Premises 259-16 Union Turnpike, south side, from 259th to 260th Streets, 259-11 to 259-21 79th Avenue and 77-02 to 77-06 260th Street, Block 8676, Lot 1, Glen Oaks, Borough of Queens.

* * * * *

On December 19, 1958, Copy of Order to Show Cause to Review A Determination was served on the Board by Robert J. Pallone and Harry H. Greis, attorneys for petitioner, Henry C. Baurley objecting property owner, seeking a review of the Board's determination of November 18, 1958, granting a variance under Sections 7f, 7i and 7A of the Zoning Resolution for a term of 15 years to permit in a retail use district, the erection and maintenance of a gasoline service station; Calendar Number 199-58-BZ; Premises 950-958 Morris Park Avenue and 1740-1748 Bogart Avenue, southeast corner, Block 4096, Lots 1-4 inclusive, Borough of The Bronx.

COURT DECISIONS

Matter of Montebello vs. Harris H. Murdock, et al:—On October 16, 1956, the Board granted a variance under Section 7e, for a term of fifteen years, to permit the premises, in a restricted retail use district, to be occupied for the erection and maintenance of a gasoline service station, lubritorium, auto washing, motor vehicle repairs, storage and sale of accessories, and to permit the parking and storage of motor vehicles on unbuilt-upon portion of a plot, with an accessory building in accordance with revised plan and amendment adopted on October 30, 1956; Cal. No. 636-54-BZ, Vol. II; Premises 9612-9624 Seaview Avenue, 2016-2024 Rockaway Parkway, Borough of Brooklyn.

At Special Term, Supreme Court, Kings County, Part I, Mr. Justice Baker, sustained the Board in its determination, in the following decision (N. Y. L. J. May 31, 1957, page 11):

Matter of Montebello (Board of Standards and Appeals of City of New York)—Motion to vacate an order of certiorari, dismiss the petition, and affirm the determination of respondents.

Petitioner brought a proceeding to annul a resolution of respondents which granted a variance of a zoning use to permit erection of a gasoline service station. Petitioner based his application on two grounds, first, that the published and mailed notice of hearing before the board was insufficient in law, in that it incorrectly described the site as the *southeast* corner of Seaview Avenue and Rockaway Parkway, whereas the correct location is the *southwest* corner; and, second, that the resolution granting the variance was an abuse of discretion.

With respect to the first objection (the incorrect compass description, later corrected by a resolution of the board), respondents allege that petitioner was not misled thereby since, on a previous application affecting the same site, which was withdrawn, the identical description was used, and petitioner, among others, attended the hearing and opposed the application. The notice of hearing on the first application, described the property as Nos. 9612-9624 Seaview Avenue and Nos. 2016-2024 Rockaway Parkway, *southeast* corner, block 8328, lot 25, Borough of Brooklyn, and the notice of the second hearing, which petitioner did not attend, contained the same description.

It seems to this court that the notice, as published, sufficiently described the site involved so as to identify it. The description included street numbers and the proper block and lot description of

the premises. An examination of the map indicates that neither Rockaway Parkway nor Seaview Avenue runs true north and south. Either might be designated as a north and southbound street. The site involved, except for the policy with respect to the area adopted by the Department of Buildings, might be considered the southeast or southwest corner with equal accuracy. The description of the site as *southeast* instead of *southwest* was not so erroneous and misleading as to render the notice jurisdictionally defective. No one was or could have been misled.

Petitioner has also failed to show that the granting of the variance will interfere with the enjoyment or use of his property or that it is detrimental to public health, safety or the general welfare.

The record indicates a reasonable basis and sufficient evidence for the exercise of respondents' powers and the determination is neither arbitrary, capricious nor contrary to law and therefore may not be set aside (*Matter of Douglaston Civic Ass'n v. Board of Standards and Appeals*, 278 App. Div., 659, 660, aff'd 302 N. Y. 920; *Matter of Sima v. Board of Standards and Appeals*, 278 App. Div., 785). The determination of respondents is affirmed and the petition dismissed.

Upon further review to the Appellate Division, Second Department, the decision of the court was, as follows: "Proceeding to review a determination of the Board of Standards and Appeals of the City of New York which granted an application under subdivisions (e) and (i) of section 7 of the Zoning Resolution of the City of New York for a variance to permit the erection and operation of a gasoline service station and accessory uses, in a restricted retail use district, for a period of fifteen years, subject to conditions and safeguards imposed by the board. The appeal is from an order vacating, on respondent's motion, an order of certiorari, dismissing the petition and confirming the determination. Order unanimously affirmed, with costs. No opinion. (N. Y. L. J. December 9, 1958, page 14).

* * * * *

Matter of Walsh vs. Murdock:—On May 28, 1957 the Board denied an application under Sections 7f, 7i, and 7h of the Zoning Resolution for a zoning variance, to permit in a business and restricted use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking and storage of motor vehicles on unbuilt upon portion of the plot, for a term of fifteen (15) years; Cal. No. 510-39-BZ—Vol. II; Premises 5821-5839 Broadway and 251-265 West 238th Street, northwest corner, Block 3414, Lots 334, 336 and 340, Borough of The Bronx. The plot is presently used for parking.

At Special Term, Supreme Court, Mr. Justice Hofstadter affirmed the decision of the Board. (N. Y. L. J., December 4, 1958, page 12).

* * * * *

Matter of Soldiers, Sailors & Airmen's Club, Inc. vs. Board:—On July 19, 1955 the Board granted a variance under Section 21 of the Zoning Resolution, to permit in a residence use, D area district the erection and maintenance of a medical office building for education, research, consultation, examination and therapy in connection with cancer and its allied diseases, using more than the area permitted; Cal. No. 293-52-BZ—Vol. II. Premises 277-279 Lexington Avenue, east side, 42½ feet north of East 36th Street, Block 892, Lot 22, Borough of Manhattan.

Upon court review, Mr. Justice Markowitz upheld the decision of the Board as to additional area of the building, citing the new decisions of the Appellate Division, (*Village of Bronxville v. Francis*, 1 App. Div. 2d 236) and as cited in the Law Journal of November 26, 1958, page 11, in the *Matter of Ryback v. Murdock*. (N. Y. Law Journal, December 9, 1958, page 13).

* * * * *

Matter of North American Holding Corporation vs. Board:—On January 31, 1956, the Board denied an application under Section 21 of the Zoning Resolution to permit in a residence and business use district a proposed change of use to stores in cellar, which is in the residence use district; Cal. No. 225-36-BZ—Vol. III; premises 1180-1188 Grand Concourse, 180-188 East 167th Street, southeast corner, Borough of The Bronx.

At Special Term, Supreme Court, Bronx County, Mr. Justice Flynn directed that the determination of the Board be set aside and the matter submitted to the Board for rehearing. (N. Y. Law Journal of July 16, 1957, p. 4.)

In view of the interpretation of the law as enunciated by the court, notice of appeal to the Appellate Division has been filed.

Upon further appeal to the Appellate Division of the First Department, (Proceeding No. 899), the appeal unanimously dismissed, as a matter of law, with \$20 costs and disbursements to petitioner-respondent. Opinion by Breitel, J. Order filed. (N. Y. Law Journal, December 10, 1958, page 11.)

Mr. Justice Breitel, speaking for the court, called attention to the order remitted by the court at Special Term for a rehearing in accordance with the views expressed and he discussed at length as to whether the order entered at Special Term is intermediate or final in character, stating in part:

"The judicial process here is not the petition; it is the order; or, in the traditional practice in certiorari, the writ. To the extent that the Administrative Code is not specific in its procedural directions, the procedure set up by Article 78 of the Civil Practice Act controls, since it is there provided that, whenever in any statute reference is made to a writ or order of certiorari . . . such reference shall, so far as applicable, be deemed to

COURT DECISIONS

refer to the proceeding authorized by the article' (Civil Practice Act, sec. 1283)" (p. 69). "Since Article 78 is applicable, the appeal must be dismissed if the order appealed from is intermediate rather than final. This would follow because of the failure by appellant board to first obtain leave to appeal, as required by Section 1304 of the Civil Practice Act." "Accordingly, the appeal should be dismissed as a matter of law. . . . All concur." (N. Y. Law Journal, December 10, 1958.)

In the Law Journal of December 19, 1958, page 1, the Appellate Division, First Department, discussed final and intermediate appeals from order remanding proceedings to the Board, stating as follows:

"A proceeding to review a determination of the Board of Standards and Appeals is not controlled exclusively by the provisions relating to such proceedings in the City Charter and the Administrative Code of the City of New York. The provisions in Article 78 of the Civil Practice Act apply, including the provision in section 1134 that, unless the court directs otherwise, an appeal from an intermediate order may be taken only in connection with an appeal from the final order. Whether an order reviewing a determination of an administrative agency, which annuls that determination and remits the matter to the agency for further action, is final or intermediate depends on whether the further action required is merely ministerial or involves the exercise of quasi-judicial responsibility. Since the Board of Standards and Appeals, under an order remanding a proceeding to it for a 'rehearing in accordance with the views set forth in the opinion' of the court, will be required to exercise judgment

and discretion with respect to the matters presented at the rehearing, the order is intermediate, and, leave not having been obtained, an appeal from the order must be dismissed."

* * * * *

Matter of Steelmaster vs. Murdock:—On March 26, 1957, the Board denied an application under Section 7c and 21 of the Zoning Resolution to permit in a business and residence use, B area district, the proposed 1 story extension of an existing 1 story warehouse building using more than the area permitted; Calendar Number 925-50-BZ—Vol. III; Premises 204-238 West 234th Street south side, from Broadway to Kingsbridge Avenue, 5695 Broadway and 3250-3254 Kingsbridge Avenue, Block 3405, Lots 31, 33 and 41, Borough of The Bronx.

Upon court review, Mr. Justice Loreto at Special Term, Supreme Court, remanded the matter to the Board for further action to make necessary findings of fact for the assistance of the court, stating: "In paragraph 38 of the return, 13 reasons are stated as justifying the Board in denying the variance. These are not stated as facts found by the Board." (N. Y. Law Journal, October 8, 1958, page 14.)

* * * * *

Matter of Preston, et al, vs. Murdock:—On February 25, 1958 the Board granted a zoning variance to permit a gasoline service station on certain conditions at 38-06 Greenpoint Avenue, S.W. Corner of 50th Avenue, Woodside, Borough of Queens; Cal. No. 313-33-BZ—Vol. III. Upon court review brought by the objectors, the decision of the Board was affirmed by Mr. Justice Groat. (N. Y. Law Journal, December 8, 1958, page 14).

NOTICE IS HEREBY GIVEN of a public hearing, Tuesday morning, January 6, 1959, at 10 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:

117-58-BZ

APPLICANT—John J. Lynch and James J. Lyons, Jr., for 60 Duane Street Corp., owner.

SUBJECT—Application February 21, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a business and residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles to extend into the residence portion of the premises.

PREMISES AFFECTED—928-932 Simpson Street, east side, 83.8 feet south of East 163rd Street, Block 2723, Lot 36, Borough of The Bronx.

Laid over from December 16, 1958, to January 6, 1959, at the request of an objector.

991-57-BZ

APPLICANT—Julius S. Rapson, for Rosedale Park Homes, Inc., owner.

SUBJECT—Application December 30, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a G-1 area district, the erection of a one family dwelling without the required front yard and within twenty feet of the rear lot line.

PREMISES AFFECTED—129-45 Brookville Boulevard, northeast corner of 130th Avenue, Block 12889, Lot 1, Rosedale, Borough of Queens.

323-58-BZ

APPLICANT—Charles M. Spindler, for 9201 Third Avenue Corp., owner.

SUBJECT—Application May 22, 1958—decision of the Borough Superintendent, under sections 7f, 7e, 7h, 7i, 7A and 21 of the Zoning Resolution, to permit in a retail and residence use district, the change in use from parking lot to a gasoline service station with accessory uses of lubritorium, car washing—non-automatic, office, sale of accessories, minor repairs with hand tools only, safety inspection station and parking and storage of motor vehicles with show windows and signs within 75 feet of a residence use district, the proposed building encroaches on the required rear yard.

PREMISES AFFECTED—92-01 to 92-13 3rd Avenue and 302-314 92nd Street, southeast corner, Block 6103, Lots 5, 7, 8, and 9, Borough of Brooklyn.

505-58-BZ

APPLICANT—Reginald S. Hardy, for Daniel J. Schaefer, owner.

SUBJECT—Application August 26th, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles for accessory use by patron of the funeral home and by parishioners of the church across Fourth Avenue—no fee to be charged.

PREMISES AFFECTED—416 42nd Street, south side, 100 feet, east of 4th Avenue, Block 724, Lot 11, Borough of Brooklyn.

1002-55-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Abraham Rosenberg, Rebecca Rosenberg, Sylvia Rosenberg and Shirley Firkser, Marion Friedman and Ruth Gold, owners.

SUBJECT—Application reopened May 20, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7f, 7e and 7i of the Zoning Resolution, to permit in a retail and residence use district, the erection and maintenance of a gasoline service station, lubritorium, minor

CALENDAR

auto repairs, car washing, office and sales, storage and parking of cars waiting to be serviced.

PREMISES AFFECTED—113-14 to 113-20 Rockaway Boulevard (113-16 official) and 114-24 to 114-30 114th Street, southwest corner, Block 11705, Lots 36, 37, 38, 39 and 40, Jamaica, Borough of Queens.

206-47-BZ—Vol. III

APPLICANT—Joshua Brown, for Anthony Coppola, owner.

SUBJECT—Application reopened April 8, 1958—as Vol. III—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail and residence use district, extension of the use of the present gasoline service station to include an authorized state auto inspection station, minor repairs and parking and storage of more than five cars awaiting service.

PREMISES AFFECTED—167 Olympia Boulevard and 265 Kensington Avenue, northeast corner, Block 3255, Lot 32, South Beach, Borough of Richmond.

625-58-A

APPLICANT—Joshua Brown, for Anthony Coppola, owner.

SUBJECT—Application October 30, 1958—filed pursuant to section 35, General City Law re proposed driveway and Curb Cuts in bed of a mapped street—proposed widening of Olympia Boulevard.

PREMISES AFFECTED—167 Olympia Boulevard, and 265 Kensington Avenue, northeast corner, Block 3255, Lot 32, South Beach, Borough of Richmond.

1187-24-BZ—Vol. III

APPLICANT—New York Telephone Company for same, owner, Harold V. Dixon, General Solicitor.

HARRIS H. MURDOCK, *Chairman*.

MINUTES

SPECIAL MEETING

FRIDAY MORNING, DECEMBER 19, 1958, 10 A.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

The minutes of the regular meetings of the Board held on Tuesday morning and afternoon, December 9, 1958, were approved as printed in the Bulletin of December 16, 1958, Vol. 43, No. 50.

302-41-BZ—Vol. III

APPLICANT—Joshua Brown, for Staten Island Oil Company, Inc., owner; Texaco Oil Company, lessee.

SUBJECT—Application reopened January 28, 1958 as Vol. III—decision of the Borough Superintendent, under sections 7c and 7i of the Zoning Resolution, to permit in a retail use district, at an existing gasoline service station, the erection of a one-story extension to the existing structure for use as a motor vehicle repair shop with hand tools only.

PREMISES AFFECTED—2505 Victory Boulevard, northeast corner of Willowbrook Road, Block 486, Lot 8, Willowbrook, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on January 28, 1958 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over for inspection and decision; date to be set; hearing closed; then set for December 19, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Victory Boulevard are in a retail use, D area, class 1 height district; Willowbrook Road and Stewart Avenue are in retail and residence use, D area, class 1 height districts; Auburn Avenue is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 10, 1957 acting on Alt. Applic. No. 422-57, reads:

"1. Proposed extension to an existing gasoline service station and lubritorium including office and supply storage room, lubricating and service room, auto laundry approved by the B.S.A. under Cal. #302-41-BZ, to further include minor auto repairs with hand tools only, located in a Retail Use District is contrary to Art. II, Sect. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 106.77 feet frontage by 93.54 feet and 56.13 feet

in depth, on which is located a gasoline service station; that it is proposed to erect an additional building 14.5 feet by 30 feet in depth, one story, 14 feet in height, of class 3 construction, to be used as a lubritorium; that the portion of additional land to be used shall consist of 20 feet front on Victory Boulevard and 100 feet in depth and to be enclosed by a fence of the same dimensions; and

WHEREAS, the applicant contends that since 1946, when the original service station was constructed, 400 families have moved into this part of the Island, many of them employees of the Willowbrook State Hospital, bringing in about the same number of additional cars into the neighborhood, creating traffic congestion and the business of car servicing has trebled as to what was anticipated in 1955; that this extension will help in the servicing of cars and keep them off the street; that it will also help transients, as this is a hospital area and the streets are widely used during the day, especially on week-ends, when traffic is exceedingly heavy; and

WHEREAS, the applicant states that the present owner has held title to the property since 1940 and 1955; that the assessed valuation of land is \$3,700 and of the building \$7,500 marking a total of \$11,200; that the building was erected in June, 1946; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 10, 1941, under Vols. 1 and 2 and as thereafter amended by resolutions adopted through May 1, 1945, by adding thereto:

"that in the event the owner desires to extend the accessory building by the addition of the extension to the rear as indicated on plans filed with this application marked, 'Received December 19, 1957,' 5 sheets, 'June 13, 1958,' 1 sheet, such extension may be permitted for use as a lubritorium *on condition* that there shall be no cellar erected under such addition; that the design of the addition shall comply with the general design of the main accessory building and to relocate the pumps, as shown, so that instead of one-pump island there may be two; a two-pump island with two pumps and with one such island within the bed of the proposed taking for the widening of Victory Boulevard; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and as amended this day under Calendar No. 383-58-A; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

383-58-A

APPLICANT—Joshua Brown, for Staten Island Oil Co., Inc., owner; Texaco Oil Co., lessee.

SUBJECT—Application June 13, 1958—filed pursuant to Section 35, General City Law re proposed curb cuts in bed of mapped street-proposed widening of Victory Boulevard.

PREMISES AFFECTED—2505 Victory Boulevard, northeast corner of Willowbrook Road, Block 486, Lot 8, Willowbrook, Borough of Richmond.

MINUTES

APPEARANCES—

For Applicant: Joshua Brown.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 12, 1958, on Alt. Applic. #422/57, reads:

"2. The proposed curb cuts located in the bed of mapped streets are contrary to Art. 3, Sect. 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consists of a lot 105.77 feet front by 93.54 and 56.13 feet in depth, located in a retail use, D area, class 1 height district, upon which there exists a 1 story, 14 feet high, class 3 constructed building, 41.17 feet front by 27.06 feet in depth, used and occupied since 1941 as a gasoline service station and non-automatic automobile laundry; that it is now proposed to increase the lot to 113.54 and 76.13 feet in depth and increase the building to 41.56 feet in depth and to occupy the premises upon completion of the alteration as a gasoline service station, lubricatorium, minor auto repairs, non-automatic car washing, office, service room and parking of more than 5 motor vehicles awaiting service, as described under application for a zoning variance filed under Calendar Number 302-41-BZ, Volume III; and

WHEREAS, the applicant states that there will be no construction within the bed of the mapped street widening and no claim will be made for damages in the event of the acquisition of the land necessary for such widening; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 442/57, Objection No. 2 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the portion of the premises now being used as a gasoline service station located within the bed of the mapped street, *on condition* that such space proposed for street widening shall be paved, with existing curb cuts and used as an apron for entrance and exit to and from the gasoline station and also to permit the location and use of a pump island with 2 pumps within such mapped area as shown and indicated on plans filed with Calendar No. 302-41-BZ, Vol. III; that in all other respects the premises shall comply with the requirements of the resolution as amended this day under such calendar number; and that in the event the premises are acquired by the City of New York for the widening of Victory Boulevard no claim shall be made except for the land itself and the compensation for such property as taken, shall be as determined by the Court.

146-45-BZ—Vol. II

APPLICANT—Joshua Brown for John Swedberg, owner.

SUBJECT—Application reopened June 3, 1958 as Vol. II—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a business use district the installation of gasoline selling facilities for marine use in conjunction with the existing boat yard and pier.

PREMISES AFFECTED—112 Mansion Avenue, southeast corner of McKee Avenue, Block 5202, Lot 10, Great Kills, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 3, 1958 subject to regular procedure, to consider extension of facilities; and

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; laid over for inspection and decision; date to be set; hearing closed; then set for December 19, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Mansion Avenue are in a business use, D area, class 1½ height district; McKee Avenue and Great Kills Road are in a residence use, D area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 9, 1958 acting on Alt. Applic. No. 158-58, reads:

"2. Proposed marine gasoline selling station located in a business use district is contrary to Art. II Sect. 4 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage by 516.09 feet and 510 feet in depth; that it is proposed to install three 1,500 gallon marine gasoline storage tanks and dispensing pump for the sale of marine gasoline, accessory to the conduct of the existing business of boat pier now conducted on these premises pursuant to approval of Department of Marine and Aviation under 1158-B approved May 23, 1956 and 1263-B approved October 24, 1957; and

WHEREAS, the applicant contends that the sale of gasoline is a necessary adjunct to the boat and maintenance business conducted on the premises; that no gasoline will be sold to passing motor vehicles; that the proposed gasoline installation will be in harmony with the general purpose and intent of the Zoning Resolution and will in no way have any deleterious effect on the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since March, 1956; that the assessed valuation of land is \$8,000 and of the building \$12,000 making a total of \$20,000; that the building was erected in 1956-57; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of ten years to permit the premises to be occupied as proposed as a gasoline service station limited to servicing of boats at the pier float substantially as proposed and as indicated on plans filed with this application marked "Received May 14, 1958," 2 sheets, "August 26, 1958," 1 sheet, and "December 11, 1958," 3 sheets, *on condition* that the sale of gasoline shall be limited solely to the boats at the pier float; that the gasoline storage tanks shall be located where shown and consisting of three 1,500 gallon storage tanks as permitted by the Code for marine use; that the installation shall be maintained at the end of the dock to the satisfaction of the Fire Commissioner; that in all other respects the occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

For Oppositor: Lewis Ginsberg.

ACTION OF BOARD—Application denied.

THE VOTE

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleincrt, Commissioner Foley and Commissioner Sleeper 4

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 11, 1958 after due notice by publication in the Bulletin; and laid over to March 25, 1958 at 10 A.M. for inspection and decision; hearing closed; and

WHEREAS, at a public hearing held on March 25, 1958 the application was withdrawn without prejudice at the suggestion of the Board, until houses in vicinity are sold; and

WHEREAS, a public hearing was held on this application on November 12, 1958 and application was reopened and restored to the docket; previously withdrawn; and

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Avenue U are in a retail use, D area, class ½ height district; East 60th Street and Mill Avenue are in retail and residence use, D and D-1 area, class ½ height districts; and

WHEREAS, the use district has undergone several changes; that the property was originally undetermined as to use; that on July 1, 1924 it was placed in a residence use district and continued as such until December 12, 1930 when the designation was changed to business use and then on the 22nd day of July, 1954 the property was placed in a retail district; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a Zoning variance under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 1592-57, Objection No. one be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

878-57-BZ

APPLICANT—Dominick Salvati and Son, for Beach Land Amusement Co., owner.

SUBJECT—Application December 9, 1957—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail and residence use district, the erection of a one-story extension to the existing one-story structure used as an amusement center.

PREMISES AFFECTED—11 Quincy Avenue, northwest corner of Sand Lane, Block 3405, Lot 30, South Beach, Borough of Richmond.

APPEARANCES—

For Applicant: Anthony M. Salvati.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleincrt, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; hearing continued to October 21, 1958, applicant to file corrected plans and record of permits in the Building Department; then to October 28, 1958, for inspection and decision; applicant to file corrected plans; hearing closed; then to December 19, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and residence use, D and E area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 12, 1957 acting on Alt. Applic., 341-57, reads:

"1. The proposed alteration intending to add a new building to be used as an amusement center for the playing of games and other devices, in retail and residence use district, is contrary to Article II Sec. 3, Sec. 4-A and Sec. 6 of the Zoning Resolution.

2. The proposed alteration is contrary to Article IV Sec. 12 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 281.07 feet frontage by 78.95 feet in depth, developed and used as an amusement center; that it is proposed to construct a one story extension, of class three construction, to the present building, and extend the use of the amusement center; that the proposed extension will have a frontage of 74 feet 4 inches on Quincy Avenue and a depth of approximately 86 feet; and

WHEREAS, the applicant states that the owner originally owned property at Seaside Boulevard at the waterfront; that this property was operated as an amusement center which consisted of a ferris wheel and whip, four stands and numerous games of skill; that the modernization program of the entire waterfront made it necessary for the City of New York to condemn all existing structures in the area, thereby eliminating the amusement center; that the owner owned some additional property at Quincy Avenue and Sand Lane, which is now before the Board for consideration; that he applied and received a permit for an amusement center on this property; and

WHEREAS, the applicant contends that the existing amusement center is now much reduced in size and therefore does not enable the same number of people to earn their livelihood; that he is now in possession of approximately \$18,000 worth of idle equipment and is therefore very desirous of putting it into operation; that the enlargement of the existing building will make it possible for him to extend his operation to again include the members of his family, now forced into other fields of endeavor, and to put to use his idle equipment; and

WHEREAS, the applicant states that the present owner has held title to the property since March, 1954; that the assessed valuation of land is \$1,900 and of the building \$13,100 making a total of \$15,000; that the building was erected in 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use dis-

MINUTES

strict regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit an additional building to the lawfully existing amusement center, and to alter the premises substantially as proposed and as indicated on plans filed with this application marked "Received December 9, 1957," one sheet, and "October 24, 1958," 4 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

927-57-BZ

APPLICANT—Melvin E. Kessler, for Brith Realty Co., owner; John Antolotti, lessee.

SUBJECT—Application December 18, 1957—decision of the Borough Superintendent, under Section 7a of the Zoning Resolution, to permit in a residence use district, the extension of the existing restaurant to enlarge the kitchen area.

PREMISES AFFECTED—337-339 East 49th Street, north side, 225 feet west of First Avenue, Block 1342, Lot 16, Borough of Manhattan.

APPEARANCES—

For Applicant: Melvin E. Kessler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to December 19, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; East 49th Street and East 50th Street are in retail, residence and local retail use, B area, class 1½ height districts; Second Avenue is in a retail use, B area, class 1½ height district; First Avenue is in a local retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 27, 1957 acting on Alt. Applic. No. 1328-57, reads:

"A1. Objection repeated. "The enlargement of existing business use (Restaurant) on the 1st story, by adding thereto the area of a 2-room apt. at rear of said restaurant, is prohibited in a Residence district by Section 6(a) of the Zoning Resolution and is contrary to Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 39 feet 2 inches frontage by 100 feet 5 inches in depth; and

WHEREAS, the applicant states that the owners have invested their life's savings into a business that they have personally developed and seen grow during the past four and one-half years, into one of the finest Italian-American restaurants in the City of New York; that it has been established that the area now being occupied by the Antolotti Restaurant has never changed in size since the building was erected; and

WHEREAS, the applicant contends that because of a zoning violation, the owners are now facing the prospect of having to lose all of their money and goodwill because of the possible loss of their kitchen; that their famous kitchen occupies the very area now in question; that the area involved is very small, but vital to the proper operation of the restaurant; and

WHEREAS, the applicant states that the present owners have held title to the property since January 18, 1944; that the assessed valuation of land is \$51,000 and of the building \$9,000 making a total of \$60,000; that the building was erected in 1907; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7a to permit the extension of the restaurant use to include the portion on the rear apartment as shown for a new kitchen as proposed and indicated on plans filed with this application marked, "Received December 18, 1957," 2 sheets, and "November 6, 1958," 2 sheets, *on condition* that the premises shall not be further extended; that in all other respects the premises relating to the restaurant and the addition herein permitted shall comply with all laws, rules and regulations applicable; and that all permits shall be obtained and all work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

1002-57-BZ

APPLICANT—Leonard F. Rothkrug, for Airmo Realty Corp., owner.

SUBJECT—Application December 24, 1957—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a retail use district, the extension of an existing two-story and cellar building to extend the manufacture of toys to the second floor, previously used for the manufacture of women's wear.

PREMISES AFFECTED—276 Nostrand Avenue, southwest corner of Kosciusko Street, Block 1783, Lot 49, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Nostrand Avenue are in a retail use, B area, class 1 height district; Kosciusko Street is in retail and manufacturing use, B area, class 1 height districts; Lafayette Avenue is in residence and retail use, B area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated December 18, 1957 acting on Alt. Applic. No. 1029-57, reads:

"1. In a retail use district the proposed increase in the size of the building and its use for manufacturing is contrary to Art. II Sec. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet and 100 feet frontage by 100 feet in depth, irregular, on which is located a two story building 23 feet in height, of class 3 construction, erected prior to 1888 and altered from time to time, 40 feet frontage on Nostrand Avenue, 92 feet 6 inches frontage on Kosciusko Street

MINUTES

by 54 feet in depth, on both floors, used as a factory for the manufacturing of toys; that it is proposed to extend the building with a two story extension, 7 feet 6 inches by 60 feet in depth, irregular in area, to be used for the manufacturing of toys; and

WHEREAS, the applicant states that the building was erected prior to 1888 and was considered by the Board under Cal. No. 259-47A when the premises was in a business use district; that Certificate of Occupancy No. 120664 was issued June 16, 1948 for factory occupancy on both floors after alteration in compliance with the Resolution of the Board adopted May 13, 1947; that since the manufacturing use was established prior to the change of zone, it constitutes a legal non-conforming use; that the natural business development requires additional working area as proposed herein; that the extension is small in area; that the premises are occupied by the owner on both floors; that a grant of the variance will not adversely affect any adjoining property owners; that this is one of the oldest areas in the City and was completely developed prior to the change from business to retail; that the proposed extension would have been permitted if the owner had erected it prior to the change of zone; and

WHEREAS, the applicant contends that no new tenant or new manufacturing use will be brought upon the premises or in the neighborhood; that a major portion of the small extension will be used for storage of the manufactured toys; that the storage use is a conforming use; that it is not proposed to increase the number of employees; that there will be no openings along the westerly side lot line; and

WHEREAS, the applicant further contends that there is no economic demand for alteration of this building for retail use as existing retail facilities within the neighborhood more than adequately provide for the needs of the community; that the owner, who purchased these premises when it was in a business zone and established its toy factory use when the premises was in a business zone, urgently requires additional space to maintain its business; and

WHEREAS, the applicant states that the present owner has held title to the property since October 26, 1944; that the assessed valuation of land is \$10,000 and of the building \$14,000 making a total of \$24,000; that the building was erected in 1888; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the building, as proposed and as indicated on plans filed with this application, marked "Received December 24, 1957", 5 sheets, "June 6, 1958", 1 sheet and "November 7, 1958", 1 sheet, *on condition* that the building shall not be further increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto for the use as now proposed; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

1003-57-A

APPLICANT—Leonard F. Rothkrug, for Airmo Realty Corp., owner.

SUBJECT—Application December 24, 1957—Appeal from a decision of the Borough Superintendent, re non-fireproof construction—increase in area—exits, etc.

PREMISES AFFECTED—276 Nostrand Avenue, southwest corner of Kosciusko Street, Block 1783, Lot 49, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 18, 1957, acting on Alt. App. 1029/57, reads

"2. The increase of the area of the building on the two floors and the size of the existing sub-standard exits is contrary to Sec. 270 of the Labor Law. Note: The exits of the existing bldg. were the subject of a conditional variance under Cal. No. 259-47-A."

and

WHEREAS, the applicant states that the building is 2 stories, 23 feet in height, 92 feet 6 inches by 54 feet irregular in area, of class 3 construction, erected prior to 1888, located in a retail use, B area, class 1½ height district, used and occupied as follows: cellar—boiler room and storage, no persons; 1st floor—manufacturing of toys, 10 persons; 2nd floor—manufacturing of toys, 29 persons; that it is proposed to increase the size of the building on both 1st and 2nd floors to 100 feet by 60 feet irregular; and

WHEREAS, the applicant states that the proposed 2nd floor exits will consist of two 3 foot 3 inch wide stairs, leading directly to the streets and a Labor Law type fire escape with a gooseneck ladder to roof and a counterbalance stair to the sidewalk; that the existing south west steel stair is now enclosed in 1 hour partitions and fireproof self-closing doors; that both stairs will lead to the roof by a vertical ladder and scuttle; that the first floor exits will remain as previously accepted by the Board and the Building Department; that the entire building will be occupied by one tenant; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1029/57, Objection No. 2, and that the appeal be and it hereby is *granted, on condition* that the building shall be as permitted by the Board under Cal. No. 1002-57-BZ and that the exits as shown shall be free and unimpeded from the floors to the street and any equipment therein for moving material shall be removed from the stairway and eliminated or placed elsewhere with the approval of the Department of Buildings; and that in all other respects the resolution as adopted by the Board under Cal. No. 1002-57-BZ shall be complied with.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; hearing postponed to November 12, 1958, at the request of the applicant to revise his plans; then laid over for inspection and decision; date to be set; applicant to file revised plan of existing conditions; hearing closed; then to December 19, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and residence use, D and E area, class 1 height districts; that as of July 25, 1916 the property bounded by Southside Boulevard (Hylan Boulevard) as then mapped, Oregon Avenue, Quintard Street, a line 100 feet south of Oregon Avenue, as then mapped, the bisector of the angle formed by the intersection of Oregon Avenue and Quintard Street, a line midway between Hurlbert Place and Southside Boulevard, the bisector of the angle formed by the intersection of Southside Boulevard and Underwood Street, as then mapped, a line 100 feet east of Southside Boulevard and Underwood Street, was zoned as a business district and the remainder, if any, was zoned as a residence district; that on January 15, 1937 the residence district was expanded to include all the property more than 100 feet from Hylan Boulevard; that on October 15, 1952 the present retail designation for the portion of the property within 200 feet of Hylan Boulevard became effective; that as of July 25, 1916 the property was zoned as a D area district and on August 2, 1943 the portion of the property more than 100 feet from Hylan Boulevard was changed to an E area district; that on October 15, 1952 the D area district was expanded to include the portion of the property within 200 feet of Hylan Boulevard; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated February 20, 1958 acting on Alt. Applic. No. 546-54, reads:

"1. The proposed erection of kiddie rides located partly in a residence and partly in a retail use district is contrary to Article II Section 3 and 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 405.78 feet frontage by 674 feet in depth, irregular; and

WHEREAS, the applicant states that the history and facts pertinent to this petition are both lengthy and complicated; that at the present time there is a one story restaurant and parking area which was approved and erected under N.B. Applic. No. 336-52; that said restaurant was enlarged under Alt. Applic. No. 449-54 to its present size and facilities; that this application, still open for approval for additional changes obtained under subsequent amendments, are still under construction; that on December 3, 1954 an application was filed under B.N. Applic. No. 389-54 to install kiddie rides on the premises; that upon examination of this application the Department rules that a B.N. application was not the proper form to file for this purpose and requested that an Altered Building form be filed and therefore, on December 29, 1954, Alt. Applic. No. 546-54 was filed replacing the building notice application, and approval was granted on January 7, 1955 for a restaurant, parking area and kiddie rides; that permit for this alteration was issued on January 7, 1955 and work was started on this project; that there was a subsequent amendment filed on March 21, 1956 for relocation of the kiddie rides, which was approved March 22, 1956; and

WHEREAS, the applicant further states that the owner proceeded with the construction, purchasing and installation of kiddie rides, totally unaware that on January 13, 1955 there was a revision under Section 4-A Retail Districts, Par. b, subd. 9 of the Zone Resolution, now prohibiting the kiddie ride occupancy which was approved and granted on January 7, 1955; that in the interim, the Building Department checked location of the now installed kiddie rides, found that they didn't quite agree with the locations indicated on approved plans and amendments and therefore placed a violation on the premises and a stop-order prohibiting any further work unless a new permit be obtained; that application for this new permit was refused; that this situation constituted many complications; that the owner obtained legal advice and an action was instituted in the Supreme Court, Richmond County, to review the actions of the Department in revoking the permit, and the opinion of the Court was that the Department had acted "in an arbitrary, capricious manner and without authority, had failed to correct the error in applications when submitted, and the facts were not presented in proper manner to Acting Commissioner Crinnion for his consideration", and as a result, influenced the Commissioner to revoke the permit for this project; and

WHEREAS, the applicant contends that the origin for this project goes back many years; that in 1948 the owner decided to seek a suitable site in order to establish a business venture in which all his children could be gainfully employed; that among many others, the present site was selected, considered ideally located, ample in area and complying with all Zoning requirements for their proposed project; that this plot was purchased in August, 1952; that the first stage of the master plan was to erect the restaurant with parking area and this building was erected under N.B. 336-52; that the kiddie ride portion was applied for under B.N. 389-54 and superseded by Alt. 546-54, with the results explained in preceding paragraphs; that in view of these facts as outlined and of the extenuating circumstances, financial hardships and obligations, the owner is now burdened with contract commitments; that this request does not involve the erection of any permanent building, and it is requested that this application be considered favorably by the Board; and

WHEREAS, the applicant states that the present owner has held title to the property since August, 1952; that the assessed valuation of land is \$10,000 and of the building \$16,000 making a total of \$26,000; that the building was erected in 1952; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition under section 7 subdivision c; and

WHEREAS, the revised plans submitted shows all equipment and parking solely in the retail use district; and

WHEREAS, the only basis for a variance is as to the extension of the type of equipment in a retail use district; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the installation and use of additional children's rides and other equipment, and parking, substantially as proposed and as indicated on plans filed with this application marked "Received March 13, 1958", 3 sheets, as amended by revised plans marked "Received November 25, 1958", one sheet, *on condition* that such additional equipment shall be restricted to the premises zoned as a retail district for a distance of 200 feet easterly from Hylan Boulevard and shall be suitably protected with woven wire fence of the chain link type on a masonry base not less than five feet six inches in height; that the parking area may be where permitted, as shown, on such revised plans, that the entrance

MINUTES

to the portion of the parking lot toward Old Town Road shall be entered only from Old Town Road; that suitable signs shall be maintained advertising such parking use for patrons of the restaurant and rides and not for the general parking; that an agreement as to the easement as to use of the portion of the corner lot shall be filed with the Department of Buildings; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 395-58-A; and that all permits shall be obtained and all work completed within the requirement of Section 22A of the Zoning Resolution, and a new certificate of occupancy obtained covering all uses.

395-58-A

APPLICANT—John J. Tricarico, for Cosmo's Drive-In, Inc.

SUBJECT—Application June 20, 1958—filed pursuant to section 35 General City Law re Relocation of rides 1, 3, 5, 7, 9, 11 and 13 in the bed of a mapped street—Quintard Street.

PREMISES AFFECTED—1300 Hylan Boulevard, east side, 181.76 feet north of Old Town Road, Block 3224, Lot 14, Grasmere, Borough of Richmond.

APPEARANCES—

For Applicant: John J. Tricarico.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 11, 1958 on Alt. Applic. 546/54 reads:

"1. The proposed erection of kiddie rides located partly in a residence and partly in a retail use contrary to Article II Section 3 and 4-A of the Zoning Resolution.

2. Relocation of rides #1, 3, 5, 7, 9, 11 and 13, in the bed of a mapped city street (Quintard Street), is contrary to General City Law #35."

and

WHEREAS, the applicant states that the premises consists of a lot 405.78 feet front by 674 feet irregular in area, located in a residence use and local retail use, D and E area, class 1 height district, and used and occupied since 1952 as a restaurant and parking area and proposed to be used as a restaurant, parking area and kiddie's rides, as fully described in application for zoning variance filed under Calendar Number 127-58-BZ; and

WHEREAS, the applicant states that there will be no permanent structures erected within the mapped street; that if the City does acquire the land necessary for Quintard Street, rides will be no problem to remove; that the owner has been paying taxes for the entire plot and is receiving no financial benefits; that since these rides will be only surface condition, easily removed, it is requested that this application be granted; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 546-54, Objection No. 1 and 2 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the location of equipment as permitted under Cal. No. 127-58-BZ, within the bed of a mapped street, Quintard Street, *on condition* that in the event a portion of the premises for such street is acquired by the City for street purposes the compensation for the

land so taken shall be as determined by the court and no claim shall be made for the equipment herein permitted as located on such portion.

158-58-BZ

APPLICANT—Joshua Brown, for Staten Island Oil Co., Inc., owner.

SUBJECT—Application March 25, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail use district, the reconstruction of a present gasoline service station and to continue the present uses of the gasoline service station including office, lubritorium, storage and sale of accessories, car washing (non-automatic), minor repairs with hand tools only, parking of more than five (5) motor vehicles awaiting service.

PREMISES AFFECTED—3102 Victory Boulevard and 1700 Richmond Avenue, southwest corner, Block 2159, Lot 1, Bulls Head, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over for inspection and decision; date to be set in November; hearing closed; then to December 19, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site Richmond Avenue, Victory Boulevard, Jones Street and Clifton Street are in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 4, 1958 acting on N.B. Applic. No. 79-58, reads:

"1. The proposed new building for gasoline service station, lubritorium, minor auto repair, auto laundry, office & service room located in a Retail, D District is contrary to Art. II Par. 4 & 4a (29) & (46) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot on the west side of Richmond Avenue between Victory Boulevard and Clifton Avenue and having a frontage of 128.58 feet on Richmond Avenue, 133.51 feet along Clifton Avenue and 136.16 feet along Victory Boulevard; that the dimensions as stated refer to the new street line of Richmond Avenue when widened to a width of 100 feet, as shown on the City map; that the site is presently developed with a gasoline service station, a 2½ story frame building with service station, a 2½ story frame building with a one story concrete block extension, a two story frame building and a frame shed and three gasoline pumps on a concrete island supported on a concrete mat; that it is proposed to demolish the existing buildings and shed, remove the three gasoline pumps and reconstruct the present gasoline service station; that the service building will be one story in height, with a frontage of 80 feet, and 33 feet in depth, class 3 construction and modern design and will provide for an office, store room, boiler room, toilets and two-bay lubritorium, minor auto repairs and a two-bay car wash area; that the present uses of gas station, lubritorium, sale of auto accessories, minor auto repairs with hand tools, non-automatic car wash and parking of more than five motor vehicles awaiting service, will be continued; that it is further proposed to install a total of ten 550 gallon buried gasoline tanks and six dispensing pumps, on two islands; that it is also proposed to

MINUTES

erect a colonial type fence, 4 feet in height, on a concrete base, one foot six inches in height, making a total of five feet six inches; that this fence will be erected along the west lot line for its full length and along the south lot line for a distance of 50 feet; that there will be a planted area five feet wide protected by a concrete curb six inches high and eight inches wide; that the open area will be paved with a suitable pavement; and

WHEREAS, the applicant states that the records of the Department of Buildings are incomplete for this property; that the record shows that in 1925 the premises were used for a garage and repair shop and later as a gasoline service station; that the Department of Buildings did not issue Certificates of Occupancy in Staten Island during this period; and

WHEREAS, the applicant contends that the widening of Richmond Avenue as shown on the City maps places the existing three gasoline pumps and the concrete mat supporting it, entirely within the mapped street; that the obsolete buildings and equipment that adds to the inefficiency of operation and the encroachment on the mapped street as noted, make it necessary to reconstruct this station; that the owner feels that as long as he is undertaking the expense of reconstruction and removal of the structure from the mapped street, he will modernize the station, which will tend to uplift the area; and

WHEREAS, the applicant states that the present owner has held title to the property since June 3, 1955; that the assessed valuation of land is \$15,500 and of the building \$9,500 making a total of \$25,000; that the building was erected October 29, 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommends that the application should be granted to permit rearrangement and construction of a new accessory building; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the rearrangement of the lawfully existing gasoline service station substantially as proposed and indicated on plans filed with this application marked, "Received March 25, 1958," 6 sheets, "April 2, 1958," 1 sheet, *on condition* that the accessory building shall be of the design, arrangement and location as indicated on such revised plans, without cellar; that the existing pumps on Richmond Avenue shall be removed and relocated, where shown, within the widening line; that until such widening is accomplished the curb cuts may continue and the space to be acquired by the City for the widening shall be paved and used as an apron for entrance and exit to the gasoline station, without any building thereon; that a new sidewalk and curbing shall be constructed as proposed, along Victory Boulevard; that all buildings and occupancy shall comply with all laws, rules and regulations other than as permitted this day under Calendar No. 347-58-A; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

347-58-A

APPLICANT—Joshua Brown for Staten Island Oil Comp., Inc., owner.

SUBJECT—Application May 28, 1958. Filed pursuant to Section 35, General City Law, re proposed new building in bed of proposed widening of Richmond Ave.

PREMISES AFFECTED—3102 Victory Boulevard and 1700 Richmond Avenue, southeast corner, Block 2159, Lot 1, Bulls Head, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

ACTION OF BOARD—Appeal granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1
THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 19, 1958, on N.B. Applic. 79/58, reads:

"1. The proposed new building is located contrary to Art. 3, Par. 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consist of a lot 136.16 feet front by 128.58 feet in depth, upon which there exists a 2½ story, 26 feet high, class 6 constructed building, 24.07 feet front by 50.10 feet in depth, used and occupied as gasoline service station; that it is proposed to demolish all of the buildings on the lot and to erect a 1 story, class 3 constructed building, 11 feet and 16 feet high, 80 feet front by 35 feet in depth, of class 3 construction, and to occupy the premises as a gasoline service station, lubritorium, minor auto repairs, non-automatic car washing, office, service room and parking area for more than 5 motor vehicles, as described in application for zoning variance filed under Calendar Number 158-58-BZ; and

WHEREAS, the applicant contends that there will be no construction within the bed of the mapped street widening, except the installation of new curbs and curb cuts; that no claims will be made against the City for damages in the event of the acquisition of land necessary for such street widening; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 79-58, Objection No. 1 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use of the portion of the premises within the proposed street widening area as indicated on plans filed with this appeal marked, "Received May 28, 1958," 2 sheets, "June 24, 1958," 4 sheets, *on condition* that the requirements of the resolution as adopted this day under Calendar No. 158-58-BZ, shall be complied with; that in the event a portion of the premises is acquired by the City of New York for street widening the payment therefore shall be in accordance with the determination of the Court; that during the use of this portion of the premises there shall be no building or equipment erected thereon; and that such portion shall be paved and used as an apron for entrance and exit from the gasoline service station.

243-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Abraham H. Spilky, owner.

SUBJECT—Application April 21, 1958—decision of the Borough Superintendent, under sections 7f, 7e, 7i, and 7A of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, minor auto repairs, storage, office and sales, parking of cars waiting to be serviced, with signs and show windows within 75 feet of a residence use district, for a stated term of fifteen (15) years.

PREMISES AFFECTED—870 Bay Street and 2-10 Townsend Avenue, southwest corner, Block 2840, Lot 85, St. George, Borough of Richmond.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; laid over date to be set for hearing and decision; hearing closed; then to December 19, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Bay Avenue are in a retail use, D area, class 1½ height district; Townsend Avenue is in retail and residence use, D and E area, class 1½ height districts; Greenfield Avenue is in a business use, D area, class 1½ height district; that as of July 25, 1916 the premises were in an unrestricted use district and a class B area district; that on June 14, 1935 the premises were changed to a business use district and a class D area district; that the present retail use classification became effective June 28, 1950; and

WHEREAS, the decision of the Borough Superintendent, dated April 18, 1958 acting on N.B. Applic. No. 99-58, reads:

"1. The proposed construction of this new building with uses: Gasoline service station, lubritorium, car washing, minor auto repairs, storage, office and sales, parking of cars waiting to be serviced, sign and show windows within 75 feet of a residence use district, all in a retail use district, is contrary to Article II Section 4 sub-sections 29 and 46, and Section 4A and Section 7A of the Zoning Resolutions of the City of New York."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth, presently vacant; that it is proposed to obtain a variance, for a temporary period of fifteen years, and to erect a modern gasoline service station consisting of ten 550 gallon gasoline tanks and four dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, having a frontage of 45 feet, a depth of 30 feet and will contain the conjunctive uses of lubritorium, car washing, minor auto repairs, storage, office and sales; that a portion of the open area, not used by the gas station, will be reserved for parking of cars awaiting service; that the size of the show window within 75 feet of the residence use district cannot possibly affect the residential aspect of Townsend Avenue as the building is not 40 feet back of the Townsend Avenue building line; and

WHEREAS, the applicant states that the east side of Bay Street is zoned unrestricted and is now developed with a noisy railroad, which tends to reduce the value of this property; that the residential area is sparsely developed, which still further reduces the value of this property for a conforming use; that directly across from the site in Block 2839, on Lot 115 there is now a non-conforming use of a garage, which makes the proposed use within keeping at this point; that the building as proposed will be modern in design; that adjoining lots 79 and 93 are under the same ownership, so that the erection of this gasoline service station cannot possibly affect any of the adjoining properties in this area; that the land is high in assessed value so that it is mandatory for the owner to develop this land as proposed in order to receive an equitable return on his investment; that this land has been in the same ownership since 1926; and

WHEREAS, the applicant contends that the upgrading of this site in 1935 from unrestricted to business and from business to retail in 1950 has further restricted the use of this site for a conforming use because this is a sparsely developed, low rental area; and

WHEREAS, the applicant states that the present owner has held title to the property since December 26, 1957 and that the assessed valuation of land is \$8,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received April 21, 1958," 3 sheets, on condition that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Bay Street and shall be constructed and arranged and designed as indicated on plans above cited; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line of Bay Street; that gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that curb cuts shall be restricted to two curb cuts each 30 feet in width to Bay Street and one within the first 25 feet from the intersection to Townsend Avenue; that on all lot lines there shall be, except on the frontage to Bay Street where shown, a woven wire fence of the chain link type not less than five feet six inches in height including a masonry base and with suitable terminating posts; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that the plot where not built upon shall be paved with concrete or asphaltic pavement; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the accessory building shall comply with the requirements of the Building Code in all respect and shall have no cellar and shall be faced with face brick on all sides; that any windows or curb cuts deemed not consistent with the requirements of Section 7A may be permitted provided the requirements of this resolution are complied with; that under Section 7i there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under Section 7e, for a similar term, there may be parking and storage of motor vehicles provided such motor vehicles are parked or stored in such portions of the premises as will not interfere with the servicing of the station; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing Bay Street and to the illuminated globes of the pumps excluding all roof signs and all temporary signs and advertising devices but permitting the erection within the intersection of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that at such intersection there shall be a block of concrete extending for a distance of not less than five feet along either street building line from the intersection, and not less than twelve inches in height; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

257-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Iandor Realty Corporation, owner.

SUBJECT—Application April 23, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for overflow parking of patrons cars attending the nightclub located across the street for a temporary term of ten (10) years.

MINUTES

PREMISES AFFECTED—4101-4123 Avenue V, 2236-2238 and 2246-2284 Hendrickson Street, northwest corner, 2231-2245 and 2251-2283 Coleman Street, Block 8558, Lots 1, 18, 22, 24 and 57, Borough of Brooklyn.

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to December 19, 1958 for inspection and decision, hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Avenue V are in a residence use, D-1 area, class ½ height district; Hendrickson Street and Coleman Street are in retail and residence use, D and D-1 area, class ½ height districts; Avenue U is in a retail use, D-1 area, class ½ height district; that as of July 25, 1916 the premises were in an undetermined use district, class one height district and class D area district; that the present use designation became effective July 19, 1940 and the present height and area designations became effective August 25, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated April 10, 1958 acting on Alt. Applic. No. 1042-58, reads:

"1. Proposed 'Parking of Patrons Cars' on a lot located in a Residence Use district is contrary to Art. II Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 340 feet and 40 feet in depth, irregular, presently vacant; that it is proposed to use the premises for overflow parking of patrons' cars—fee to be paid—in conjunction with the Town and Country Club Restaurant across Hendrickson Street in Block 8559, Lot 1, for a temporary period of ten years; and

WHEREAS, the applicant contends that the Town & Country Club Restaurant that will use the proposed parking lot has a total seating capacity of over 1500 people who cannot be properly accommodated on the present parking lot adjoining the restaurant; that the proposed parking lot will help to alleviate this condition and will also keep customers' cars off the street; that the affected area is for the most part undeveloped, so that the use of this land for a temporary period cannot possibly affect any of the adjoining property owners; that there is a non-conforming use of storage of materials in the same block on lot 55; and

WHEREAS, the applicant states that the present owner has held title to the property since November 4, 1957 and that the assessed valuation of land is \$32,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted for the parking use provided it is restricted to Lots 1 and 18 in Block 8558 with no parking on Lots 22, 24 and 57, and as a requirement thereto, that the split sapling fence as required under Cal. No. 939-53-BZ, Vol. 3 shall be immediately installed and to permit the curb cut from such lot to allow crossing of Hendrickson Street to the additional lot in Block 8558 herein permitted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7h to

permit parking use as proposed and indicated on plans filed with this application marked, "Received April 23, 1958," 3 sheets, except that the total area of the lot shall be restricted to Lots 1 and 18 in Block 8558 as shown excluding Lots 22, 24 and 57 as proposed; that such lots as herein permitted shall be levelled substantially to the grade of Hendrickson Street and shall be paved with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type not less than 5 feet, 6 inches in height with no openings thereto except one for entrance and exit opposite the curb cut to Hendrickson Street permitted this day under Cal. No. 939-53-BZ, Vol. 3; that no parking shall be permitted on the lot herein except the parking for patrons and employees of the restaurant premises on Block 9558; that a sign may be permitted and attached to the fence near the entrance provided such sign does not exceed 10 square feet and is not illuminated and does not extend beyond the building line; that there may be a curb cut opposite such entrance not over 15 feet in width; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

939-53-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Iandor Realty Corp., owner; Roadside Tavern, Inc., lessee.

SUBJECT—Application for consideration—reopening and amendment—re decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a residence and business use D1 area district, the erection of a two story extension and second floor addition to an existing one and two story building for use as waiters' dressing room and storage on the first floor, and storage, kitchen, dressing and reception, office and banquet room on the second floor, the proposed extension to encroach on the required setbacks and provide a 60 foot extension to the existing parking lot.

PREMISES AFFECTED—2544 Flatbush Avenue and 4201-4223 Avenue V, northwest corner and 2245-2283 Hendrickson Street, Block 8559, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was amended on June 17, 1958 and the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on January 25, 1954, as thereafter amended by resolutions adopted through June 17, 1958, by adding thereto:

"that there may be an entrance and exit to Hendrickson Street, located approximately 200 feet northerly from Avenue V, in the existing fence, which shall be fitted with gates which shall be kept closed when the restaurant is not in operation, and with curb cut opposite not exceeding 15 feet in width, for access to Hendrickson Street and to Block #8558, permitted for parking use in conjunction with the restaurant under Cal. No. 257-58-BZ as granted this day; that the two parking areas shall be operated in conjunction and only for parking cars of employees and patrons; that the requirements of the resolutions heretofore adopted shall be complied with and any work not done, except the extension of the building previously permitted, shall be completed, speci-

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to December 19, 1958; for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area class 1½ height district; East 56th Street is in retail, residence and local retail use, B area, class 1½ height districts; East 57th Street is in restricted retail, residence and local retail use, B area, class 1½ height districts; Second Avenue is in retail and restricted retail use, B area, class 1½ height district; First Avenue is in a local retail use, B area, class 1½ height district; that these buildings were in a business district from 1916 to August 22, 1956 when the zone was changed to retail; that in July 1958 the zone was changed again from retail to residence; and

WHEREAS, the decision of the Borough Superintendent, dated April 22, 1958 acting on Alt. Applic. No. 290-58, reads:

"1. Change from one non-conforming use to another non-conforming use in a Residence Use District is not permitted. Article II Para. 3 of the Zoning Resolution.

2. Volume and area may not be increased for business use in a Residence Use District. Section 6(a) of Article II of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 45 feet frontage by 100 feet 5 inches in depth; that it is proposed to build over the interior portions connecting the front and rear building with level floors from front to rear; that there will be no increase or extension beyond the present lot lines; and

WHEREAS, the applicant states that the owner bought this building in September 1955 for his business, which is known as the Tudor Art Galleries, Inc.; that they buy and sell, and have showrooms for the display of crystal chandeliers and very ornamental wall brackets; that they also maintain a shop to repair any broken parts or assembly of parts; that not more than five persons are engaged at any time for factory work; that there is nothing hazardous about the nature of the work, as the materials involved are entirely incombustible; and

WHEREAS, the applicant further states that the first and second floors cover nearly all of the lot; that the portion to be built upon is between front and rear and is hardly noticeable to anyone; that premises 309 East 56th Street is four stories, non-fireproof, 20 feet wide by 98 feet deep and was erected under N.B. Applic. No. 770 of 1892, and approved as a wine bottling establishment; floor computation No. 621 approved—see letter book 148 page 377; cellar on ground; first floor—shipping room in front—stable in rear—208 pounds and 250 pounds per square foot; second floor—wine bottling-store room; third floor—wine bottling-store room—office—150 pounds per square foot; fourth floor—store room; that premises 311 East 56th Street is four stories, non-fireproof, class 3, erected under Plan No. 772 of 1892 for wine bottling and dwelling for two families; that the building was converted to a tenement—see tenement house plan July 24, 1924—plan number 484—1924—also Alt. Plan 1798 of 1924; that this alteration was approved for a bakery in cellar and first floor, known as "Lusts Health Food Bakery"; that the buildings are connected in the cellar and first, second third and fourth floors; that there will be two fireproof enclosed stairways with fireproof, self-closing doors at all openings; that there is also a 60 degree fire escape on the front of the building with sliding drop ladder to street, which will be removed in order to enhance the front; that new windows will be installed to create a more modern front; and

WHEREAS, the applicant contends that the owner is at present under financial difficulties, but if this application is granted, he will have the opportunity to combine with a partner who is financially capable of completing the alteration and modernizing the entire building; that there is no nuisance connected with this business; that the premises will retain a residential aspect and have far less persons occupying it than a multiple dwelling; and

WHEREAS, the applicant states that the present owner has held title to the property since September 20, 1955; that the assessed valuation of land is \$41,500 and of the building \$23,500 making a total of \$65,000; that the building was erected in 1892; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 290-58, Objections Nos. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

277-58-BZ

APPLICANT—Leonard F. Rothkrug, for Frank and Leana Mezzacappa, owners; Michael Battista, lessee.

SUBJECT—Application May 2, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail and residence use district, the rebuilding of an accessory motor vehicle repair shop building to an existing gasoline service station and motor vehicle repair shop with parking of cars awaiting service.

PREMISES AFFECTED—175 Targee Street, southeast corner of Broad Street, Block 563, Lot 60, Stapleton, Borough of Richmond.

APPEARANCES—

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to December 19, 1958; for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Gordon Street and Targee Street are in retail and residence use, C and D area, class 1 height districts; Broad Street is in a retail use, D area, class 1 height district; that on July 25, 1916 the premises was in an unrestricted use, B area, class 1½ height district; that the premises was rezoned on November 17, 1922 to be partly in an unrestricted and partly in a residence use district; that the unrestricted district was rezoned into business and the area district was changed to C area on June 14, 1935; that on January 21, 1942 the business use district was changed to business-1 district and the area district was changed to C and E area district; that on June 28, 1956 the use district was changed from business-1 to retail; and

WHEREAS, the decision of the Borough Superintendent, dated April 21, 1958 acting on Alt. Applic. No. 401-57, reads:

"1. This proposed "alteration" consists very nearly, of the demolition of the existing frame building and erection of a new Class III building. This is contrary to Art. II Par. (6a) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 133.6 feet frontage by 80 feet in depth, irregular in area, on which is located two 2-story buildings fronting on Broad Street and not affected by this application, and a gasoline service station and a motor vehicle repair shop with parking of cars awaiting service under Certificate of Occupancy No. 2888 issued September 29, 1941; that it is proposed to reconstruct the accessory motor vehicle repair shop building by erecting a new cinder block wall around the interior perimeter of the existing frame wall, which was still standing; and

WHEREAS, the applicant states that the premises was originally zoned unrestricted and then was changed to business; that the gasoline service station and motor vehicle repair shop was not accepted by the Department of Buildings as an existing legal non-conforming use and the only basis for its objection is that the accessory frame building cannot be replaced under Article II Section 6(a) of the Zoning Resolution since it is in excess of the percentage of reconstruction permitted; that when the accessory building was erected, it was of frame construction and in the almost 40 years that this building has existed, it has been damaged from time to time in the ordinary wear and tear of business and by the elements; that the building was particularly substantially damaged by hurricanes in 1953 and 1954 to the point that it was in a dangerous and unsafe condition; and

WHEREAS, the applicant further states that it is not proposed to increase the area of the motor vehicle repair shop building, and it is not proposed to change the uses on the premises; that the proposed construction is only intended to replace the damaged shell of the building and would be a permitted alteration if the damage had been caused by fire rather than by hurricanes; and

WHEREAS, the applicant contends that a grant of the variance will benefit the property owners within the affected area, since it will permit the removal of an unsightly, dilapidated building that has long outlived its usefulness; that this beneficial effect is proved by the large number of consents which have been promised; and

WHEREAS, the applicant states that Violation No. 533-57 was issued May 31, 1957 for doing work without a permit; that the occupant of the premises explained to the Building Department that the work done was of an emergency nature and that the frame building was unsafe; that the work consisted of erecting cement block walls within the

interior perimeter of the frame building; that the exterior frame walls are still standing and will be demolished upon a grant of this variance; and

WHEREAS, the applicant contends that the spirit of the Zoning Resolution does not seek to prevent the repair or reconstruction of accessory buildings as proposed herein; that it becomes difficult to compute the value of the gasoline service station and accessory building in order to determine whether the reconstruction is greater than 50% as permitted in Article II Section 6 of the Zoning Resolution which appears to be designed to relate to buildings in which the principal use is within the building, whereas in the present application, the building occupies a very small percentage of the area of the lot, and is an accessory building to the principal use of the premises as a gasoline service station; and

WHEREAS, the applicant states that the present owners have held title to the property since October 9, 1953; that the assessed valuation of land is \$12,000 and of the building \$9,000 making a total of \$21,000; that the building was erected in 1957; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the records in the Building Department show approval in 1926 of substantially all of the present plot including that part at the corner now occupied by buildings not now occupied as part of the existing gasoline station; the total frontage of the premises were approved for a total of 105 feet instead of the frontage now shown; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution and to include extension of area.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the reconstruction of the existing accessory building as proposed and shown on plans filed with this application marked, "Received May 2, 1958," 4 sheets; that the reconstructed building shall comply in all respects with all laws, rules and regulations applicable thereto; that there shall be no cellar under such building; that the building shall be faced with stucco over the proposed cement block; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and limited to the size of plot as previously permitted by the Fire Department and Department of Buildings; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

275-58-BZ

APPLICANT—J. M. Berlinger, for Martin Brown and William Turner, owners.

SUBJECT—Application May 2, 1958—decision of the Borough Superintendent, under sections 7e, 9A and 21 of the Zoning Resolution, to permit in a residence use, Class 1 height district, the erection of a six (6) story multiple dwelling with a 70 car garage that exceeds the allowable height, is located within two miles of a designated airport and provides for three (3) retail stores on the first floor.

PREMISES AFFECTED—1261 Far Rockaway Boulevard, southwest corner of Beach 12th Street, Block 35, Lots 17-27 and Lot 31, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: J. M. Berlinger.

For Opposition: Irving Driansky.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley
and Commissioner Sleeper 3
Negative: Commissioner Kleinert 1
Absent: Vice Chairman Keating 1

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Beach 12th Street, Far Rockaway Boulevard, Channing Road and Neilson Street are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 2, 1958 acting on N.B. Applic. No. 4643-56, reads:

"3M. Portion of proposed multiple dwelling beyond 100 ft. from the corner of Far Rockaway Boulevard 12th St. exceeds the height limit permitted. Secs. 8(d) & 9A(a) of the Zoning Resolution.

4M. Portion of proposed multiple dwelling beyond 100 ft. from the wider street, Far Rockaway Blvd. (if it were not within two miles of an airport, exceeds the height limit for the narrower street. Sec. s. 8d) and 9(B) of the Zoning Resolution.

5M. Three (3) business stores as shown on cellar plan of proposed multiple dwelling are not permitted in a residential use district. Article II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 412 feet frontage by 150 feet in depth; that it is proposed to erect a six story multiple dwelling, with garage facilities for 70 cars; and

WHEREAS, the applicant states that the building for 100 feet on Beach 12th Street is six stories high, the same as it is for its entire length along Far Rockaway Boulevard; that if it were not within two miles of Idlewild Airport, that portion beyond 100 feet on Beach 12th Street could likewise be the same six stories in height—lacking 7 feet 6 inches only—according to 9(c) of the Zoning Resolution and Section 26-5 of the Multiple Dwelling Law; that if the height of the building was not restricted because of its location just within the two mile radius of Idlewild Airport, it could have been planned and carried considerably higher than six stories—according to law—which was the owners' original thought and intention; that as filed, no part of the building exceeds six stories in height, and thus by conforming to the safety measures prescribed in 9A(a) of the Resolution, it affords greater benefits to the surrounding properties than a building twice its height could, if the restrictions did not apply; that furthermore, 66.71 feet of the 249.35 foot frontage on Beach 12th Street—approximately one-quarter of its length—will remain vacant and unbuilt upon, which could be considered another benefit to the neighborhood; that the Board is requested to approve the Beach 12th Street front with the 6th story beyond 100 feet from Far Rockaway Boulevard, so that this front will be the same height as that of the general height of the building; that this is requested for the reason mentioned in the preceding paragraph and for the reason that it is not the full height of the 6th story that is lacking, but only 7 feet 6 inches that the owners seek in order to obtain that 6th story full height; that the center portion of the Beach 12th Street front is set back from the street line for the purpose of creating a break in the long facade of the building; and

WHEREAS, the applicant further states that the portion of proposed multiple dwelling beyond 100 feet from Far Rockaway Boulevard exceeds the height limit not by the height of a full story, but also to the extent of 7 feet 6 inches to accommodate a 6th story in said portion of the building; that only 6874 square feet of the entire area—where shaded on the plan of a typical floor—which is approximately only one-fifth of the entire coverage, requires the extra 7 feet 6 inches in height to complete the 6th story; that if the rear yard wall had been planned parallel to the rear lot line, it has been calculated that close to 11,000 square feet would be involved, instead of the 6874 square feet mentioned above by virtue of the serrated plan that was adopted for the building with its many advantages of fitting it to the irregu-

lar and long lot, best orientation, ventilation, light, vistas, etc.; that the serrated plan provides excess rear yard—as defined in Article 1 of the Zoning Resolution, which is to the building's advantage and that of the adjoining properties; that the serrated plan provides excess court space as defined in (K) of 1 Article 1 of the Zoning Resolution; that of the 3500 square feet, which is 70 percent of the 5000 square feet of the corner portion of the lot, only 2500 square feet can be utilized, because of the sharp angle at the east corner of the building; that because of the above mentioned angle, also the length of the plot, the allowable coverage of the interior part of the lot is 14 times greater than the coverage on the corner part of same, which seems to indicate that the tail is wagging the dog, rather than the reverse; that the plot is within two miles of an airport and happens to be a corner lot; that however, if the major part of it constituted a separate interior lot, then the height would be governed by the width of Far Rockaway Boulevard on which it fronts, and the height of the rear of the building governed by the legal width of the required yard along the rear lot line, besides the restriction for being within the two mile radius of Idlewild Airport—not higher than six stories; and

WHEREAS, the applicant states that the space used for three business stores totals 2626 square feet, which is less than one percent of the total area of the lowest level of the building amounting to 36,139 square feet; that of the street frontage on Far Rockaway and Beach 12th Street, totaling 647½ linear feet, only 48 linear feet are used for the three store fronts; that the stores virtually face the intersection of three streets and are not at right angles facing the street walls of the buildings on opposite sides of the streets on which the building will be erected; that there are no show windows in the enclosing masonry walls that face either Far Rockaway Boulevard or Beach 12th Street; that the fact is that the three stores front on, and are at the low level of a sunken plaza, 2 feet 6 inches below the sidewalk levels; that the nearest structure in close proximity to the building, including the three stores, is the Riverside Memorial Chapel and Funeral Parlor, which for its entire length of 112 feet 6 inches, faces the front of the building; that another funeral parlor, the Park West, at the corner of Far Rockaway Boulevard and Wheatly Street, faces the opposite end of the building; and

WHEREAS, the applicant states that the owners took title to the plot in 1951 and at that time 100 feet in depth was still zoned for business on both sides of Far Rockaway Boulevard, stretching from the corner of Beach 12th Street to the Long Island Railroad Station; that the zoning was changed from business to residence on December 2, 1952 with the land already in possession of the owners; and

WHEREAS, the applicant contends that before the owners took title in 1951 the width of Beach 12th Street was 40 feet, which it still is; that in 1922 it was decided to make it 50 feet wide; that after the owners took title to the site, Beach 12th Street was designated as a 60 foot street; that this meant that the street line of the building on Beach 12th Street had to be moved back 10 feet for its entire length of 249.33 feet, for which the owners declined compensation from the City; that this also means that the setback of 10 feet for 182.62 feet, the actual length of the building on Beach 12th Street, multiplied 7 times for 6 floors and a cellar, is an area loss of 12,783 square feet, about twice the area of 6874 square feet being sought within the 6th story only of the portion of the building beyond 100 feet measured back from Far Rockaway Boulevard; that the 6874 square feet would compensate the owners for approximately one-half of the area lost by them, due to the proposed widening of Beach 12th Street; that to omit these portions of the 6th story in the rear of the building would constitute practical and structural difficulties because of the serrated shape of the building, and also unnecessary hardship through the loss of rental area; that if the plot and building were not within two miles of an airport, which restricts its height to six stories, the owners would have planned to erect a taller building with considerably more rental area; that further-

MINUTES

more, a great deal of conscience and thought went into the planning of this building, whose open areas for light and air are far in excess of the required legal areas, that will obtain for it and its neighbors the best possible plot ventilation; that the very shape of the building and the location and sizes of its yards and courts assures the accomplishment of same; and

WHEREAS, the applicant states that the present owners have held title to the property since 1951 and that the assessed valuation of land is \$44,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted in certain respects under certain conditions including the elimination of business uses as proposed or elsewhere in the building; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution as to objections 3M and 4M and is therefore entitled to relief as to height on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the height district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 for a term of thirty-five years, as to Objection 3M, to permit the extra height of that portion of the building facing on Beach 12th Street, on condition that such of the building shall not be further increased in height or area beyond what is proposed and indicated on plans filed with this application, marked "Received May 2, 1958", 5 sheets and "November 7, 1958", 1 sheet; and as to Objection 4M, granted under Section 9A, paragraph c, on condition that this portion of the building shall not exceed the height proposed and indicated on plans above cited and as herein permitted and on the further condition that the cellar garage exit and entrance where shown to Far Rockaway Boulevard, as indicated on such plans shall be for regular use only and that the exit as shown to Beach 12th Street shall be for emergency use only; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and denied as to Objection 5M; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

365-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Dorlo Corporation, owner; Flatbush Chevrolet Co., Inc., lessee.

SUBJECT—Application May 27, 1958—decision of the Borough Superintendent, under sections 7e and 7i of the Zoning Resolution, to permit in a business use district, the change in use of an existing one story building from a garage for more than five (5) motor vehicles to an auto repair shop, lubritorium, servicing of cars, wheel alignment, body and fender work, incidental painting and spraying, storage of parts, parking and storage of motor vehicles waiting to be serviced, loading and unloading and welding.

PREMISES AFFECTED—224-240 Clarkson Avenue, south side, 135 feet 4½ inches east of Rogers Avenue, Block 5066, Lot 23, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to December 19, 1958; for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Clarkson Avenue are in a business use, C area, class 1¼ height district; Nostrand Avenue is in business and residence use, C area, class 1¼ height districts; Rogers Avenue is in business and local retail use, C area, class 1¼ height districts; Lenox Road is in local retail and residence use, C area, class 1¼ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated May 12, 1958 acting on Alt. Applic. No. 1152-58, reads:

"1. The proposed change of use of a "Garage for more than five cars to "Auto Repair Shop, Lubritorium, Servicing of Cars, Wheel Alignment, Body and Fender Work, Incidental Paint and Spray Work, Welding, Storage of Parts, Parking and Storage of Motor Vehicles waiting to be serviced, Loading and Unloading in a Business Use District is contrary to Art. II Section 4(a) (4) and (29) and (15) of the Zoning Resolution.

Note: These premises were the subject Board of Standards and Appeals Cal. No. 1420/23/BZ and must be referred back to the Board."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage by 200 feet in depth, presently developed with a one story building of class 3 construction, having a frontage of 150 feet, a depth of 160 feet and now being used for auto repair shop, lubritorium, servicing of cars, wheel alignment, body and fender work, incidental painting and spraying work, storage of parts, parking and storage of motor vehicles awaiting service, loading and unloading; that it is proposed to maintain and legalize all of the present uses as described above and to add the use of welding; and

WHEREAS, the applicant states that the present building was erected under N.B. Applic. No. 34628 of 1925 and Cal. No. 1420-23-BZ for use as a garage for more than five motor vehicles, for which use Certificate of Occupancy No. 34628 was issued; and

WHEREAS, the applicant contends that the change of use of the building in question from a garage for more than five cars to an auto repair shop, lubritorium, servicing of cars, wheel alignment, body and fender work, incidental paint and spray work, welding, storage of parts, parking and storage, cars awaiting service, loading and unloading is certainly within keeping at this point inasmuch as the site is adjoined on the west by a non-conforming use of gas station and garage, and on the east by a large parking lot; that there is also the non-conforming use of motor vehicle repair shop on lot 38, within the same block; that the lot and building are high in assessed value so that it is mandatory to change the uses as proposed in order for the owner to retain the property and continue to pay the high real estate tax; that the installation of the large parking lots within the same block has precluded the use of this building for a public garage; and

WHEREAS, the applicant states that the present owner has held title to the property since April 1, 1955; that the assessed valuation of land is \$55,000 and of the building \$60,000 making a total of \$115,000; that the building was erected in 1925; and

WHEREAS, this application should have been calendared as Calendar Number 142-33-BZ Vol. II; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7i in accordance with the terms of the resolution as amended this day under the previous application for these premises, namely 1420-23-BZ; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

1420-23-BZ

APPLICANT—Lama, Proskauer and Prober, for Dorlo Corporation, owner; Flatbush Chevrolet Co., Inc., lessee.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7e of the Zoning Resolution, permitting in a business use district, the erection and maintenance of a garage for the storage of more than five (5) motor vehicles.

PREMISES AFFECTED—224-240 Clarkson Avenue, south side, 135 feet, 4½ inches east of Rogers Avenue, Block 5066, Lot 21, Borough of Brooklyn.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958, after due notice by publication in the Bulletin; laid over to December 19, 1958; for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Gunther Avenue, Arnov Avenue, Barton Avenue and Tieman Avenue are in a residence use, D-1 area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 25, 1958 acting on Alt. Applic. No. 346-56, reads:

"1. In a D-1, Residence district the rear yard of 6 feet in depth does not comply with Sect. 14-A Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 foot frontage by 95 feet in depth, upon which there exists a one family, one story frame dwelling; that originally this was filed as a new building in 1933; that it is proposed to construct a one story frame extension to the rear of the present one family dwelling, and extend to the present garage; that the garage will then become part of the dwelling; and

WHEREAS, the applicant states that the original building was 12 feet 8 inches by 24 feet deep, with a separate one car garage on the side; that in 1943 the garage was made part of the house and the house itself was extended at the rear and front; that this work was done by previous owners without filing plans in the Building Department; that a Certificate of Occupancy was never issued; and

WHEREAS, the applicant further states that the present owners bought this property in November of 1956; that the search by owners' attorneys never revealed a violation, as work was done without knowledge of the Building Department; that recently, however, the Department issued a violation stating that the house was illegally altered and that the rear yard was only 5 feet 6 inches average, instead of the 10 foot minimum rear yard required for a D-1 zone; that when this house was built it was a C area zone; and

WHEREAS, the applicant contends that in order to remove this violation, it would be necessary to either move the house forward, remove the rear extension and add to the front, or buy from the adjoining property owner; that the latter was tried without success; that any one of these three methods would cost more than the house is worth; besides which, the property does not warrant such a large outlay of money; that the present owners, who are in the low income bracket, would be forced to sell; that the house in its present position does not affect the light or ventilation of any adjoining property owners, as no house is within 25 feet of this property; that the owners have invested all of their savings in this house and have spent additional monies improving it; that in view of the above, a variance is requested to permit this house to remain so that a Certificate of Occupancy can be issued; and

WHEREAS, the applicant states that the present owners have held title to the property since November, 1956; that the assessed valuation of land is \$1,400 and of the building \$5,000 making a total of \$6,400; that the building was erected in 1933; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore

MINUTES

entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the continuation of the existing building and single family residence as proposed and as shown on plans filed with this application marked, "Received August 13, 1958," 4 sheets, "November 14, 1958," 3 sheets *on condition* that the building shall not be further increased in height or area; that this variance shall be continued only so long as the premises comply with the requirements of this resolution for single family occupancy; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the

MINUTES

Bulletin; laid over to December 19, 1958; for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Cross Island Parkway, Willets Point Boulevard and 166th Street are in a residence use, F area, class ½ height district; that as of July 25, 1916 the premises was zoned as a business district, a one times height district and a D area district; that on December 19, 1938 the present zoning designation as a residence district, a class ½ height district and an F area district became effective; and

WHEREAS, the decision of the Borough Superintendent, dated August 25, 1958 acting on N.B. Applic. No. 2772-58, reads:

"1. The proposed erection of a gasoline service station, lubritorium, auto laundry, minor auto repairs with hand tools only, parking of motor vehicles awaiting to be serviced and the erection of a ground sign on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R.

2. Comply with the setback requirements in an F district as per Sec. 16 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 215.95 feet frontage by 160.50 feet in depth, presently vacant; that it is proposed to erect an accessory building 53 feet 4 inches wide by 28 feet 8 inches wide on the westerly lot line facing into the lot; that along said westerly lot line—166th Street—there will be constructed a masonry wall of face brick 5 feet 6 inches high; that it is also proposed to install twelve 550 gallon gasoline tanks to supply one set of three gasoline pumps set back 15 feet from the service road of Cross Island Parkway, and one set of three gasoline pumps set back 15 feet from Willets Point Boulevard; that the pumps will be of the approved low type; that two 30 foot curb cuts are proposed for the Cross Island Parkway frontage and three 30 foot curb cuts are proposed for the Willets Point Boulevard frontage; and

WHEREAS, the applicant states that this application is made under Section 7e as to use, and under Section 21 as to area; that the total area of the plot is 17,781 square feet; that the coverage proposed for the accessory building is approximately 1528 square feet, which is less than 9% of the area; that objection 2 reads—comply with the setback requirements in an F district, as per Section 16 of the Zoning Resolution; that in an F district no portion of any building shall be erected nearer than 15 feet to the street line of any street; that it is proposed to comply with all requirements of the F area district regulations, except that along the 166th Street frontage of 160 feet, it is proposed to place the rear wall of the accessory building on the lot line for a distance of 53 feet 4 inches; that this is necessitated by the irregular shape of the plot; that full compliance with the setback requirements would militate against an effective operation of the proposed gas station; and

WHEREAS, the applicant contends that Willets Point Boulevard is a heavily trafficked highway, intersecting the service road of Cross Island Parkway at the easterly end of the premises and intersecting Utopia Parkway some 300 feet further on, where Utopia Parkway crosses Cross Island Parkway; that the area is devoted primarily to private dwellings; that the nearest gas stations south of Cross Island Parkway are one, west of 150th Street and the Cross Island Parkway Service Road, one on Willets Point Boulevard and Clintonville Street and one at Francis Lewis Boulevard and 172nd Street; that it is felt that the proposed station will serve the needs of the neighborhood without adversely affecting the neighborhood; that the premises is, in fact, an isolated island with no occasion for any pedestrian traffic around any part of its periphery; and

WHEREAS, the applicant states that the present owner has held title to the property since August 12, 1953 and that the assessed valuation of land is \$9,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 2772-58, Objections No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

564-57-BZ

APPLICANT—Simon Cohen, for Ellis Zweier, owner.

SUBJECT—Application July 26, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a G-1 area district, the enlargement of the garage in a two family home that encroaches on the required side yard.

377-50-A—Vol. II

APPLICANT—Patrick D. Concagh, for 29 West 38th Street, Corp., owner.

SUBJECT—Application reopened November 27, 1956 as Vol. II—re Appeal from a decision of the Borough Superintendent.

MINUTES

PREMISES AFFECTED—29-33 West 38th Street, north side, 446 feet west of 5th Avenue, 4th, 7th, 9th, 10th, 11th, 12th, 14th, 15th, 16th and 17th floors, Block 840, Lot 23, Borough of Manhattan.

APPEARANCES—

For Applicant: Patrick D. Concagh.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 8, 1956, on Alt. Applic. 1378/56, reads:

“4—Means of egress should comply with Section 271 of the Labor Law for all floors including cellar.

5—All partitions in a fireproof class 1 bldg. should be incombustible. Sect. 10.9.2.5.B.C.”

and

WHEREAS, the applicant states that the building is 16 stories, 200 feet in height, 64 feet front by 98.75 feet in depth at 1st floor, 64 feet front by 88.75 feet at typical floor, of fireproof construction, erected 1912, located in a retail use, B area, class 2 height district, and used and occupied since 1912 as follows: Cellar—storage, utilities and boiler room; 1st floor—store, wholesale millinery supplies, 10 persons; 2nd floor—manufacturing dresses, 20 persons; 3rd—manufacturing jewelry, 6 persons; 4th floor—manufacturing hats and hat blocks, 16 persons; 5th floor—shipping linens, 15 persons; 6th floor—shipping perfumes and jewelry, 16 persons; 7th floor—manufacturing embroideries, 20 persons; 8th floor—manufacturing dresses, 30 persons; 9th floor—manufacturing hat frames and dresses, and shipping rhinestones, 35 persons; 10th floor—manufacturing hats, dresses and towels, 35 persons; 11th floor—manufacturing hats, gloves, buttons, etc., 35 persons; 12th floor—manufacturing jewelry, dresses and artificial feathers, 25 persons; 14th floor—manufacturing hat frames, belts and embroidery, 30 persons; 15th floor—manufacturing handkerchiefs and hats, 30 persons; 16th floor—manufacturing flowers and feathers, 35 persons; 17th floor—manufacturing hats and dresses, 35 persons; that no change in use or occupancy is proposed; and

WHEREAS, on October 3, 1950, under Calendar Number 377-50-A, Volume I, the Board modified Objections 1 and 2, issued by the Borough Superintendent on B.N. Applic. 810/50, requiring that all tenants have unobstructed access to at least two required means of egress and that all partitions be of incombustible material; that this application was granted as to Objection 1 relating to egress, on condition that whenever a floor is so arranged that the front tenant has access directly to only one means of exit, there shall be erected a fireproof passage on that floor from the cross corridor northerly to the exterior stairway on the east side of the building at rear, so that all tenants on the floor will have two lawful means of egress; that such partitions be constructed of fireproof materials with fireproof self-closing doors and constructed within the term of 2 years; and granted as to Objection 2 relating to incombustible partitions, on condition that all partitions, not complying with the Code, be removed and replaced with incombustible materials within two years; that the sprinkler system be maintained to the satisfaction of the Fire Commissioner; and

WHEREAS, the term of this variance was extended on October 7, 1952, for an additional period of two years; and

WHEREAS, Violation #827 was issued by the Department of Buildings, February 6, 1956, in that the 4th, 7th, 9th, 10th, 14th and 16th floors have been subdivided into offices, salesrooms and factory space; that gypsum block, wood and

glass, wood and sheetrock and steel floor to ceiling partitions have been erected without approved plans or permits; and

WHEREAS, the owner was convicted and fined in Municipal Term Magistrates Court, September 21, 1956, on charge of violation of the Administrative Code; and

WHEREAS, the applicant states that the building is provided with an approved standpipe system and an approved two-source sprinkler system throughout, an approved interior fire alarm system; that there is one 44 inch wide interior fireproof stairs, leading from roof bulkhead direct to street; that there are two fire escapes on the rear, extending to roof by stair and to street by stair with egress by fireproof passageway at east and west end direct to street, window and doors openings on the course of the fire escapes are fireproof self-closing; and

WHEREAS, the applicant states that the building was erected under N.B. Applic. 133/12, as a loft building; that under Alt. Applic. 2516/17 the occupancy was listed as stores and lofts; that the building is equipped with a two-source sprinkler system fed by two 75,000 gallon tanks, located on the roof, and equipped with an interior fire alarm system with central office connection; that in addition to the interior fireproof stairs, there are two 45 degree screened exterior stairways on the rear east and west sides, both extending to roof by stair with egress to the street by fireproof passage; that there is no manufacturing in the cellar, 1st and 5th floors; that the existing tenancies are the same as were in existence when the present owner took title in 1953; that the owner knew of the variance granted by the Board in 1950, but did not know that the variance had lapsed until served by the present violation; and

WHEREAS, the applicant states that it is proposed to replace the present combustible partitions on the 3rd, 7th, 10th, 11th, 12th, 15th, and 16th and 17th floors with incombustible materials, and to provide direct exits to the rear stairways for all tenants on the 4th, 9th, 10th, 11th, 12th, 13th (known as 14th) 15th and 17th floors by the erection of fireproof passageways, as shown on plans filed with this appeal; that all of these passageways will be constructed on the rear easterly side of the building with the single exception of the 13th (known as 14th) floor that in order to comply with the Board's Resolution of October 3, 1950; that with respect to the balance of the floors involved in the construction of fireproof passageways, the owner is unable to gain possession at the present time due to outstanding leases, which are protected by the Emergency Business and Commercial Rent Laws, which are still in effect; that however, should any of these spaces become vacant, the owner will promptly construct passageways and will notify the Board when this occurs; and

WHEREAS, the applicant therefore requests that the Board modify the requirements of the Labor Law and the Administrative Code and extend the time within which to construct the fireproof passageway for an additional term of two years; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 3, 1950, under Vol. I, as thereafter amended by resolutions adopted through October 7, 1952, by adding thereto:

“that the decision of the Borough Superintendent, on November 8, 1956, acting on Alt. Applic. 1378/56, No. 4 be and it hereby is *modified* and a variation in the requirements of the Labor Law is hereby granted and granted as to Objection 5 under the Building Code, *on condition* that there shall be no manufacturing in the cellar; that the second floor shall be occupied by a single tenant throughout; that on the third floor the existing 7 foot high wood and glass partitions forming offices and showroom at the front shall be replaced with block partitions and where equipped with doors, such

MINUTES

doors shall be fireproof, self-closing and that the existing wood partitions surfaced with plaster board to the ceiling, separating the factory portion from the reception desk and corridor be replaced with incombustible material; that on the fourth floor there shall be no manufacturing in the space at the southwest corner marked "Storage-Blocks for hats" or in the space at the southeast corner marked "office"; that a fireproof passage shall be constructed leading to the rear east fire escape; that the exit door in the partition leading to the easterly elevator corridor shall be arranged to swing outwardly; that the occupancy of the 4th floor shall be limited to two tenants; that the existing combustible partitions shall be removed and replaced with block partitions; that the 5th and 6th floors shall each be occupied by a single tenant; that on the 7th floor the wood and wood and glass partitions shall be replaced with block partitions; that the existing wood shelving may remain, provided an additional opening is provided in such shelving for egress from the front manufacturing area; that the occupancy of the 7th floor shall be limited to a single tenant throughout; that the occupancy of the 8th floor shall be limited to a single tenant throughout; that the occupancy of the 9th floor may be by two tenants, provided a fireproof passage is constructed leading to a rear easterly steel stairway; that on the 10th floor a fireproof passage shall be provided from the cross-corridor to the rear steel stairway, so that each of the three factory tenants shall have access to two means of exit at all times and all of the partitions throughout the floor shall be of incombustible material; that on the 11th floor, occupied by four tenants, all existing combustible partitions shall be replaced with incombustible materials and the fireproof passage provided from the cross-corridor to the rear fire escape, as proposed; that on the 12th floor, occupied by four tenants, all partitions separating tenants' spaces shall be constructed of block as proposed and a new fireproof passage constructed from the cross-corridor to the rear east exterior fire stair as proposed; that on the 13th floor, (No. 14), occupied by four tenants, all partitions subdividing tenants' spaces shall be constructed of blocks as proposed and there shall be provided a fireproof passage from the cross-corridor to the rear west fire escape to provide two means of egress from each factory space; that on the 15th floor, all partitions shall be constructed of blocks and a fireproof passage constructed from the cross passage to the rear east exterior steel stair, as proposed; that on the 16th floor, all existing wood and glass partitions shall be removed and replaced with block partitions as proposed and the occupancy of this floor shall be limited to one tenant; that on the 17th floor all partitions shall be block as proposed; that a new fireproof passage shall be provided as proposed from the cross-corridor to the rear east exterior steel fire stairway; and that the occupancy of this floor shall be limited to four tenants; that there shall be no manufacturing in the space marked "office" in the southeast corner of the building; that the occupancy per floor shall not exceed the capacity of the primary means of egress with due allowance for the sprinkler system; that the existing two source sprinkler system with approved connection to the Fire Department through an approved central office shall be maintained; that where tenant space includes more than one room, the rooms shall be connected with a door so that each part of a tenants' space used for manufacturing shall have access at all times to at least two means of exit; that the work shall be completed as shown on sheets attached hereto showing existing and proposed conditions, a total of 26 sheets, marked "Received October 20, 1958", unless otherwise required in this resolution; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

171-46-A—Vol. III

APPLICANT—Larry Meltzer, Kenneth & Gunhilde R. Carroad, for Trustees under Indentures of Trust Dated January 10, 1950; owners; Bell Container Corporation, lessee.

RULES

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.
